Independent Auditor's Report

The Plan Administrator
Delta Industries, Inc. 401(k) Profit Sharing Plan
Ridgeland, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Delta Industries, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Delta Industries, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor defined contribution profit sharing plan covering hourly and salary employees of Delta Industries, Inc. (the Company), who have completed one year of service, have been credited with at least 1,000 hours of service and are 21 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

The Plan permits eligible employees, through a salary deferral election, to make annual contributions of up to 50 percent of eligible compensation, subject to the limitations set forth in the Internal Revenue Code (the Code). Employees are automatically enrolled in the Plan on the first day of the first month following the date on which the employee meets the requirements for eligibility at 5 percent unless they opt out of the Plan. Participants may also transfer to the Plan certain vested account balances from other qualified plans, subject to regulatory requirements. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions.

The Company makes matching contributions equal to 100 percent of each participant's elective contributions up to 3 percent of a participant's eligible compensation and 50 percent of each participant's salary deferral amounts from 3 percent to 5 percent of participant's eligible compensation. The Company may elect to contribute a discretionary profit-sharing amount to each participant's account. Such discretionary contributions are allocated to eligible participants by applying a uniform percentage to their eligible compensation. Eligible participants with eligible compensation exceeding the Social Security base are allocated an additional amount equal to the product of the uniform percentage and the excess eligible compensation over the Social Security base. The Company made discretionary profit-sharing contributions totaling $137,585 for the year ended December 31, 2025. Participants direct the investments of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of the Company's discretionary profit-sharing contributions, Plan earnings and losses, and is charged with an allocation of administrative expenses to the extent such expenses are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and Company matching contributions, plus earnings or losses thereon.

Otherwise, participants' interests in the Company's discretionary profit-sharing contributions and allocated earnings or losses thereon are vested as follows:

Years of Employment	Interest Vested
Less than two	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six or more years	100%

Regardless of the years of employment, profit-sharing contributions become fully vested in the event of death, disability, or the attainment of age 65.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 (reduced by any outstanding loan balance) or (b) 50 percent of their vested account balances (reduced by any outstanding loan balance). All loans are collateralized by the participants' account balances and are repayable over a period from one to five years (except for loans for the purchase of a principal residence) through payroll withholdings, unless the participant is paying the loan in full. The notes bear interest at rates that range from 5.75 percent to 9.50 percent as of December 31, 2025. Loan interest rates are set at rates commensurate to rates available for bank loans of comparable risk with similar terms. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the Code.

Payment of Benefits

Benefits are payable on termination, retirement, death, or disability. Benefits may be paid either by a lump-sum amount equal to the value of the participant's vested interest, monthly installments over a period of time ranging from 5 to 15 years, as elected by the participant or rolled over into a qualified plan subject to regulatory requirements. After attaining age 59½, a participant may elect to receive in-service distributions for all or a portion of his or her vested balance. Hardship distributions are also available from participants' elective deferral accounts, subject to regulatory requirements.

Forfeitures

Forfeitures, which result from participants withdrawing from the Plan prior to fully vesting in Company discretionary contributions, are used to pay Plan expenses and to offset future Company matching contributions. Forfeited amounts applied to reduce matching contributions or Plan expenses totaled $14,299 for the year ended December 31, 2025. There were no unallocated forfeitures as of December 31, 2025 or 2024.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Realized and unrealized gains and losses in the Plan's investments are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan, to the extent that the Company does not pay such expenses, are paid by the Plan. Expenses that relate to a specific participant may be allocated to such participant.

3. Information Certified and Provided by Trustees

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company (Principal), a qualified institution.

As directed by the plan administrator, no auditing procedures have been performed on the above certified information except to compare such information to the information included in the accompanying financial statements and supplementary schedule.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

- *Level 1* — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2* — Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts: Pooled separate accounts held by the Plan are invested in domestic and international stocks, mutual funds or fixed securities. These are primarily valued at net asset value (NAV) per share based on quoted market prices of underlying investments (Level 2).

Collective investment trust: The collective investment trust includes the Principal Stable Value Signature Fund (the Fund) (Level 2). The Fund invests in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions. The Fund is valued at NAV, as reported by investment managers of the Fund and are supported by unit prices of actual purchases and sales occurring as of or close to the financial statement date resulting in a readily determinable fair value. Participant transactions and redemptions (purchases and sales) may occur daily. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require twelve months advance written notice. As of December 31, 2025 and 2024, there were no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 11,957,382	$ -	$ 11,957,382
Collective investment trust	-	1,373,542	-	1,373,542
Total Assets at Fair Value	$ -	$ 13,330,924	$ -	$ 13,330,924

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 12,759,927	$ -	$ 12,759,927
Collective investment trust	-	1,263,882	-	1,263,882
Total Assets at Fair Value	$ -	$ 14,023,809	$ -	$ 14,023,809

5. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares or units of a collective investment trust and pooled separate accounts managed by Principal. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. The Plan paid Principal $110,924 for the year ended December 31, 2025 for certain administrative expenses. Principal is the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to terminate the Plan at any time subject to the provisions of ERISA. If terminated, participants would become 100 percent vested in the Company discretionary contribution portions of their accounts and the net assets of the Plan would be set aside for the participants' vested benefits.

7. Income Tax Status

On June 30, 2020, the Internal Revenue Service stated that the customized pre-approved Plan, as then designed, was in compliance with the applicable requirements of the Code. The customized pre-approved Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is designed and being operated in compliance with applicable requirements of the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date these financial statements were available to be issued.
