INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Indra USA, Inc. 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Indra USA, Inc. 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Indra USA, Inc. 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Indra USA, Inc. 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Indra USA, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Indra USA, Inc. 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Indra USA, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) – Schedule H, Part IV, Line 4(i) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following brief description of the Indra USA, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as amended, is a defined contribution plan established by Indra USA, Inc. (the "Sponsor" or "Employer" or "Company") in January 2006. The Plan was most recently amended and restated effective January 1, 2024 to reflect the merger of the Minsait ACS 401(k) Plan into the Plan. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA").

Basis of Presentation

The accompanying financial statements are presented using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Plan Administrator and Service Providers

The Company serves as the Plan Administrator and is responsible for the overall administration of the Plan and oversight of its service providers. ADP Retirement Trust Services, LLC serves as trustee, custodian, and recordkeeper of the Plan. Trinity Investment Advisors, LLC provides investment advisory services, including periodic evaluations of the Plan's investment options and their performance.

The Plan's investment options are monitored through periodic fiduciary investment reviews, with investment selection and oversight responsibilities retained by the Plan Administrator or its designated investment fiduciaries.

Eligibility Requirements

All employees of the Company who have attained age 21 are eligible to participate in the Plan, excluding certain employees covered by collective bargaining agreements, nonresident aliens, leased employees, and employees who are residents of Puerto Rico. Eligible employees may begin participating in the Plan on the first day of the calendar quarter coinciding with or next following the date they satisfy the Plan's eligibility requirements.

Participant Accounts

Each participant's account is credited with the participant's contributions, Sponsor contributions, as applicable, and allocation of Plan earnings. The account is charged with benefit payments, allocations of administrative expenses, and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of the Plan (continued)

Requirements for Contributions

For the year ended December 31, 2025, participants may contribute up to $23,500 of pre-tax annual compensation, subject to certain Internal Revenue Code ("IRC") limitations within the Plan. Participants also have the option to make Roth contributions to their accounts. Eligible employees may elect to defer a percentage of their eligible compensation or designate a flat dollar amount contribution each pay period, subject to Plan limitations. The Plan does not provide for automatic enrollment; however, participants may elect automatic annual increases to salary deferral contributions through the Plan's automatic contribution escalation feature.

For the year ended December 31, 2025, the Employer matched 50% of the first 6% of a participant's elective deferral. Employer nonelective contributions are discretionary. Employees who have worked 1,000 or more hours in the Plan year and are employed by the Employer on the last day of the Plan year are eligible to receive a discretionary annual nonelective contribution. There was no discretionary annual nonelective contribution for the year ended December 31, 2025.

Catch-Up Contributions

For the year ended December 31, 2025, participants who are eligible to make deferrals and attain age 50 by the end of the calendar year may contribute an additional $7,500 to the Plan as a catch-up contribution, subject to applicable IRC limits. Participants who attain ages 60 through 63 by the end of the calendar year may contribute an additional $11,250 under the special catch-up contribution provisions. Catch-up contributions are eligible for matching contributions under the terms of the Plan.

Payment of Benefits

Upon death, disability, termination of employment, or attainment of age 59½, a participant may elect to receive a distribution of the participant's vested account balance in a lump sum or in installments, as permitted by the Plan. Participants may also request hardship withdrawals upon demonstrating an immediate and heavy financial need, subject to the applicable Plan provisions and requirements. Distributions made before age 59½ may be subject to additional income taxes and penalties.

Benefit payments to participants are recorded upon distribution.

Vesting Percentage

Participants are immediately vested in their contributions and rollovers, plus actual earnings thereon. Vesting in the Employer contribution portion of participant accounts, plus actual earnings thereon, is based on years of continuous service. Employee contributions and rollover amounts are always 100% vested. Employer matching contributions vest 20% after one year of service and become fully vested after two years of service. Employer nonelective contributions vest fully after three years of service.

Note 2 – Significant Accounting Policies

Forfeitures

Forfeitures of nonvested participant account balances may be used to reduce the Plan's matching contributions or to pay eligible Plan administrative expenses, in accordance with the Plan provisions. The Plan may elect to apply forfeitures first to reduce matching contributions before using them to pay administrative expenses.

During the years ended December 31, 2025 and 2024, forfeitures totaling $4,411 and $87,574, respectively, were applied to reduce the Plan's matching contributions.

Participant Loans

The Plan does not currently permit participants to initiate new participant loans. Outstanding notes receivable from participants at December 31, 2025 represent participant loan balances transferred into the Plan from a predecessor plan. Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest.

Repayments of principal and interest are generally made through payroll deductions in accordance with the original loan terms established under the predecessor plan. Participant loans are secured by the vested balances in the participants' accounts. As of December 31, 2025, outstanding participant loans bear interest at a rate of 8.75% and mature in accordance with the terms of their respective loan agreements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates and assumptions.

Risks and Uncertainties

The Plan provides for investment options in various mutual funds and common collective trust funds. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Valuation of Investments and Income Recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Common collective trust funds are valued at the net asset value (NAV) of units held by the Plan at year-end, as determined by the trustee, based on the fair value of the underlying investments held by the fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation (appreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

The Company has evaluated subsequent events and transactions for potential recognition or disclosure through October 15, 2026, which is the date the financial statements were available to be issued.

Note 3 – Information Certified by Qualified Institution

Plan management has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted by ERISA Section 103(a)(3)(C), the Plan's independent auditors did not perform auditing procedures with respect to investment information certified by Automatic Data Processing, Inc. (ADP) Retirement Services, except for comparing such information with the related information included in the financial statements and Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year):

	As of December 31,	
	2025	**2024**
Registered investment companies	$ 2,383,367	$ 11,445,890
Common and collective trusts	11,452,317	33,087
Notes receivable from participants	5,705	8,106
Total	$ 13,841,389	$ 11,487,083

Note 3 – Information Certified by Qualified Institution (continued)

Certain information related to investments and investment activity disclosed in the accompanying financial statements, including investments held at December 31, 2025, net appreciation in fair value of investments of $1,906,803, and interest and dividend income of $110,132 for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP Retirement Trust Services.

Note 4 – Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as : • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 – Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC and are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2025:

Fair Value Measurements at December 31, 2025:

	Total	Level 1	Level 2	Level 3	Investments Measured at NAV
Mutual funds	$ 2,383,367	$ 2,383,367	-	-	-
Common collective trust/ NAV Investments	11,452,317	-	-	-	11,452,317
Total investments at fair value	$ 13,835,684	$ 2,383,367	$ -	$ -	$ 11,452,317

Fair Value Measurements at December 31, 2024:

	Total	Level 1	Level 2	Level 3	Investments Measured at NAV
Mutual funds	$ 11,445,890	$ 11,445,890	-	-	-
Common collective trust/ NAV Investments	33,087	-	-	-	33,087
Total investments at fair value	$ 11,478,977	$ 11,445,890	$ -	$ -	$ 33,087

Note 4 – Fair Value Measurements (continued)

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy.

The common collective trust fund seeks preservation of capital and a competitive level of income consistent with preservation of capital. Participant transactions may occur daily. There were no unfunded commitments at December 31, 2025.

The Plan Administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no significant transfers in or out of Levels 1, 2, or 3.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its discretionary matching contribution at any time and to modify, suspend or terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become 100% vested in their employer contributions.

Note 6 – Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments and transactions are held and processed by ADP Retirement Trust Services, LLC, the Plan's trustee and custodian. In addition, Trinity Investment Advisors, LLC provides investment advisory services to the Plan. Accordingly, transactions with these service providers qualify as party-in-interest transactions under ERISA.

Fees paid by the Plan for administrative, recordkeeping, distribution, custodial, and investment advisory services for the year ended December 31, 2025 totaled $45,651, including $35,948 of investment advisory fees.

Note 7 – Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan Administrator by a letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the related trust continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 – Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2025 and 2024 to Form 5500:
