Independent Auditor's Report

To the Participants and Plan Administrator
Johnson Controls, Inc. Employment Transition Benefits Plan

Opinion

We have audited the accompanying financial statements of Johnson Controls, Inc. Employment Transition Benefits Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise of the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Johnson Controls Employment Transition Benefits Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Johnson Controls, Inc. Employment Transition Benefits Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnson Controls, Inc. Employment Transition Benefits Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Johnson Controls, Inc. Employment Transition Benefits Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnson Controls, Inc. Employment Transition Benefits Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Funding of the Plan

Contributions are funded by the Affiliates, pursuant to the Plan and are held in the Johnson Controls Employment Transition Benefits Trust (the Trust). The Trust is funded on an as needed basis, through a zero balance checking account.

Transition benefits of the Plan are paid by the Trust. The Company may, in its discretion, decide to convert the Plan into an unfunded Plan. In that event, benefits would be funded and paid out of the Company's operating funds; provided, however, no benefits would be paid under the Plan if the operating funds made available by the Company for this purpose are exhausted or if the Company declines to make funds available for this purpose.

Plan Expenses

The Company bears all administrative costs of the Plan, except certain bank charges.

Note 3: Funding and Operation of the Plan (Continued)

Administration

Johnson Controls Employee Benefit Policy Committee serves as plan administrator. The Investment Committee acts in the capacity of plan fiduciary.

Benefits Under the Plan

The Plan allows the payment of Plan benefits based on objective benefit formulas that vary between the Company and its adopting subsidiaries, affiliates, or divisions. The Plan provides for the payment of weekly, semi-monthly, or monthly supplemental unemployment benefits. The Company and its adopting subsidiaries, affiliates, or divisions may adopt any benefit formula that is deemed reasonable under objective standards, including payment of installment benefits in a manner other than weekly, semi-monthly or monthly benefits; provided, however, that any such payments must be made on regular and stated intervals. The benefits, when added to the participant's unemployment benefits received including compensation otherwise allowable under state laws, cannot exceed the participant's respective weekly, semi-monthly or monthly regular wages for the last full payroll period immediately preceding the participant's involuntary termination. The benefits payable are reduced by applicable federal and state income tax withholding and any other amounts required by law, as well as by any outstanding advances, loans, debts or other amounts owed to an employer or Company or for which an employer or Company could be liable, including payments made for vacation taken but not earned. The supplemental unemployment benefits may also be reduced by any pre-tax or after-tax payroll deductions to which the participant consents or otherwise directs the Johnson Controls Employee Benefit Policy Committee.

Note 4: Tax Status

The Internal Revenue Service has determined and informed the Company by a letter that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code of 1986, as amended (the IRC). The Plan has been amended since receiving the determination letter. Plan management and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Note 5: Termination of the Plan

Under certain conditions, the Plan may be terminated. Upon termination, the assets then remaining should be subject to the applicable provisions of the Plan then in effect and should be used until exhausted to pay benefits to employees in the order of their entitlement.

Note 6: Risks and Uncertainties

Due to uncertainties inherent in the assumption process, it is at least reasonably possible that changes to these assumptions in the near term could be material to the financial statements.
