Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
Unigen Corporation 401(k) Profit Sharing Plan
Newark, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Unigen Corporation 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from the qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report:

- The amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually, or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

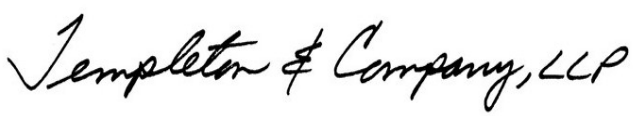

In forming our opinion on the 2025 supplemental information, we evaluated whether the 2025 supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

UNIGEN CORPORATION 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Unigen Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a defined contribution plan established on January 1, 1995. The Plan covers substantially all of the employees of Unigen Corporation (the Company, Employer or Plan Sponsor). The Plan has been amended and restated throughout the years to comply with certain tax legislation. Eligible employees are full-time employees who are at least 21 years old, as defined in the Plan document. Employees that are excluded are union employees, nonresident aliens and employees who are not eligible for personal time off and medical benefits. An eligible employee may participate in the Plan beginning on the first day of each month following the date the employee completes the service requirements.

ADP Retirement Services (ADP) provides recordkeeping and third-party administrative services to the Plan. ADP Retirement Trust Services, LLC (ADP Trust Services or the Trustee) serves as the trustee of the Plan, holds the Plan's investment assets, and executes investment transactions. The Company is the Plan Administrator.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0's provisions became effective in 2024 and the following years. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator determines the appropriate optional provisions to elect.

Contributions

Each year, participants in the Plan may voluntarily contribute up to 90% of their annual eligible compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (the IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants attaining ages 60 through 63 during calendar year are eligible to make super catch-up contributions, as permitted under SECURE 2.0. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollover). The Plan's provisions also provide for Roth 401(k) elective deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto enrollment provision whereby all newly hired employees are automatically enrolled in the Plan after meeting the Plan's service requirement unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Employer may make a discretionary matching and non-elective profit sharing discretionary matching contribution to the Plan. For the year ended December 31, 2025, the Employer matched 50% of participant deferrals up to 6% of eligible compensation, with a maximum matching contribution cap of $3,000, as defined. For the year ended December 31, 2025, the Employer made no discretionary non-elective profit-sharing contribution to the Plan.

Contributions are subject to certain IRS limitations.

Note 1 – Description of Plan, Continued

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of: (a) the Employer's contributions (if any) and (b) Plan earnings or losses. Participants are charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting

Participants are immediately vested in their contributions, plus actual earnings or losses thereon. Vesting in the Employer's contribution portion of their account, plus earnings or losses thereon, is based on years of credited service. A participant is 100% vested in the Employer's contributions after five (5) years of credited service based on a graded vesting schedule. Regardless of years of service, participants are 100% vested upon reaching normal retirement age (65), becoming disabled, Plan termination, or upon death.

Forfeitures

Forfeited nonvested accounts may be utilized to offset Plan administrative expenses or reduce future Employer contributions. For the year ended December 31, 2025, forfeitures utilized to reduce Employer contributions totaled $29,900. Unallocated forfeited amounts available to be utilized in future periods at December 31, 2025 and 2024, totaled $6,174 and $576, respectively.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loans are secured by the vested account balance in the participant's account. The reasonable rate of interest is based on the Prime interest rate plus 1% per year. Principal and interest are paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed thirty years. Any delinquent notes receivable from participants are recorded as distributions under the Plan's provisions.

Payment of benefits

On termination of service due to death, disability, or normal retirement age (62), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments or a rollover into another qualified plan. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $5,000 or elect a lump-sum distribution. Participants with vested amounts less than $5,000 must elect a lump-sum distribution. Participants may elect to receive an in-service distribution of vested funds if they meet certain defined requirements, including becoming disabled, reaching age 59½ or for a qualifying financial hardship, as defined.

Plan administration

The Company is the Plan Administrator and, as such, controls and manages the operations of the Plan. Plan management has contracted with ADP Trust Services and ADP to provide recordkeeping and third-party administrative services to the Plan. The Trustee maintains the records of the participants' data and invests cash received, interest and dividend income and makes distributions to participants (subject to the direction of the participants). Fees from covered service providers of the Plan are in compliance with the Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and the Trustee.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual method. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and those differences may be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in such risks in the near term would materially affect participant account balances and the amounts reported in the financial statements.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are charged directly to the borrowing participant's account and included as administrative expenses when incurred. Any delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. A participant may have one loan outstanding at any given time. No allowance for uncollectible accounts has been recorded as of December 31, 2025 and 2024.

Payment of benefits

The Plan records benefits when paid.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations to the Company.

Note 2 – Summary of Significant Accounting Policies, Continued

Plan expenses

Investment related expenses are included in net appreciation in fair value of investments. Certain administrative expenses, such as recordkeeping, trustee, and third-party administrator fees, are paid from Plan assets and classified as an expense rather than as a reduction of investment income. Certain other administrative expenses are paid by the Employer and are not reflected in these financial statements. Participant directed transactions such as loan processing fees are charged directly to participants' accounts.

Uncertain tax positions

U.S. GAAP requires Plan management to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at December 31, 2025, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ADP Retirement Trust Services, LLC (the Trustee), a qualified institution, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statement of net assets available for benefits as of December 31, 2025;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investment information included in the Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.

Note 4 – Fair Value Measurements, Continued

Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are traded on national exchanges. These funds are required to publish their daily net asset value (NAV) and transact those prices. The mutual funds are deemed to be actively traded.

Collective investment trust (CIT) – is measured at the NAV of units held in the CIT. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CIT, less its liabilities. This practical expedient will not be used when it is determined to be probable that the CIT will sell its underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily at NAV and there are no unfunded commitments. This is a direct filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	Fair Value Measurements as of December 31, 2025 (Audited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 21,361,165	$ -	$ -	$ 21,361,165
Collective investment trust fund*	-	-	-	2,366,244
Investments, at fair value	$ 21,361,165	$ -	$ -	$ 23,727,409

	Fair Value Measurements as of December 31, 2024 (Unaudited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,549,990	$ -	$ -	$ 17,549,990
Collective investment trust fund*	-	-	-	2,208,605
Investments, at fair value	$ 17,549,990	$ -	$ -	$ 19,758,595

Note 4 – Fair Value Measurements, Continued

*The investment measured at NAV per share (or its equivalent) practical expedient has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented in the accompanying statements of net assets available for benefits.

Note 5 – Related Party Transactions and Party-In-Interest Transactions

Parties-in-interest are defined under the DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan's investments are maintained and managed by ADP Retirement Trust Services, which serves as the Plan's trustee and, therefore, these transactions qualify as party-in-interest transactions. ADP is the Plan's recordkeeper and third-party administrator, transactions with and fees charged by ADP, qualify as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules under ERISA.

Certain administrative functions are performed by officers and employees of the Plan Sponsor. No officer or employee receives compensation from the Plan for these services.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Employer's contribution portion of their accounts.

Note 7 – Tax Status

On October 6, 2020, the IRS stated that the Non-Standardized Pre-Approved profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and therefore, the Plan and its related trust are tax-exempt. The Plan has not received a determination letter specific to the Plan itself. The Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as shown on Form 5500 as of December 31, 2025 and 2024, with the amounts shown in the financial statements, and changes in net assets available for benefits as shown on Form 5500 for the year ended December 31, 2025, with the amounts shown in the financial statements:
