INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Cayuga Health 403(b) Plan
Ithaca, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cayuga Health 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cayuga Health 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information

prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cayuga Health 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cayuga Health 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cayuga Health 403(b) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cayuga Health 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Form 5500 Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. Description of Plan:

The following description of the Cayuga Health 403(b) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan changed its name from the Cayuga Medical Center 403(b) Plan (DC2) to the Cayuga Health 403(b) Plan effective October 1, 2024. The Plan is a defined contribution plan covering substantially all employees of Centralus Health, Inc. ("Centralus") previously Cayuga Medical Center at Ithaca, Inc and effective January 1, 2025, Schuyler Hospital, Inc. All employees are eligible to contribute immediately upon beginning employment other than nonresident aliens and those under a different 403(b) or 401(k) plan. Those employees are also eligible for the QACA Match. They are also eligible for the Nonelective Contribution as long as they were employed on the last day of the year and worked at least 1,000 hours. Roth elective contributions are allowable. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of June 13, 2014, Centralus is part of a controlled group, as defined by the IRS. Schuyler Hospital. Inc. is included in the controlled group.

Merger

On September 30, 2024, the Board of Directors approved the merger of the Cayuga Medical Center Retirement Savings Plan (DC1) into this plan, effective as of October 22, 2024. As a result, all investments were transferred from the DC1 plan into this plan by this date.

Multiple Employer Plan

Effective January 1, 2025, the plan became a Multiple Employer Plan. Cayuga Medical Associates, Inc. (CMA) was added as a participating employer on this date and CMA was not a part of the controlled group. As such, a Multiple Employer Plan was created with the addition of this employer.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan (elective deferral contributions). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Centralus has elected to make an employer non-elective contribution on an annual basis. Nonelective Contributions were based on the participant's years of service as follows prior to 2025:

Years of Service	Non-elective Percentage
10 or less	4.5%
11 to 20	5.5%
More than 20	6.5%

Beginning on January 1, 2025, Nonelective Contributions are based on a New Comparability Formula. There was no Nonelective Contribution provided in 2025.

Beginning on January 1, 2025, the Plan contains a qualified automatic contribution arrangement (QACA). Under the QACA provisions, eligible employees are automatically enrolled in the Plan at a specified percentage of compensation unless they affirmatively elect a contribution percentage over 3% or elect not to participate. The automatic contribution percentage increases over time by 1 % annually with a maximum of 6%.

Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as investment options for participants. Contributions are subject to limitations determined by the Internal Revenue Service.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions, the employer non-elective contribution, as well as an allocation of Plan earnings and losses. Administrative fees are charged as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The QACA is fully vested after 2 years. Vesting in Centralus's Nonelective Contribution portion of their accounts is based on years of continuous service, as follows:

Years of Service	Percent Vested
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of $1,000 with the maximum amount being the lesser of 50% of the vested account balance or $50,000

reduced by the highest outstanding loan balance at any time in the preceding year. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the Prime Rate, as stated in the Wall Street Journal, plus 1%. Principal and interest are paid ratably over a period not to exceed five years (unless the loan is for purchase of a primary residence).

Payment of Benefits

Upon termination of service for any reason, a participant may elect to receive cash distributions in the form of a lump-sum, equal to the value in the participant's vested interest in his or her account, or an annuity or a series of installments chosen by the participant. The Plan may make involuntary cash-out distributions of account balances of terminated vested participants of $1,000 or less. Amounts that are above $1,000 but are not more than $5,000 are subject to the applicable automatic rollover requirements of the Internal Revenue Code. The Plan also allows for in-service withdrawals to participants who have attained age 62 or incurred a hardship, as determined by the Plan document.

Forfeitures

Forfeited non-vested accounts may be retained by the Plan and used to offset Plan expenses or reduce employer contributions made to the Plan.

Advanced Employer Account

Excess employer contributions fund this account. These funds can be used at a future point in time and are considered assets of the plan.

Expense Budget Account

The costs associated with administering the Plan are partially covered by an expense budget account. This account is fed by revenue from investment managers and Plan expenses are then paid out of this account.

B. Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make

estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Participant and Employer Receivables

Receivables represent amounts due to the Plan from employers, participants, or other funding sources as of year-end, pursuant to the terms of the Plan document or other formal commitments. Receivables are stated at the amount expected to be collected. When applicable, receivables include an allowance for estimated uncollectible amounts. For the years ended 2024 and 2025, management determined that no allowance for credit losses was necessary based on its evaluation of expected collectibility.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Centralus's investment committee and Plan management determine the Plan's investment and valuation policies, utilizing information provided by its advisors and custodian. See Note D for discussion of fair value measurements.

Investment transactions are recorded on a trade-date basis. Gains and losses on investments are calculated on a moving average based on historical cost. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest and dividend income are recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Most of the Plan operating expenses are absorbed by the Plan. Certain administrative expenses, including annual Plan audit fees and fidelity bond premiums, are paid directly by Centralus, and are excluded from these financial statements.

C. Investments (Unaudited):

Unaudited Information Certified by the Plan Trustee

The investment activities and balances included on the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee, State Street Bank and Trust Company and Metropolitan Life Insurance Company, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $152,916,050 and $120,781,138 and notes receivable from participants of $777,776 and $702,152 as of December 31, 2025 and 2024, respectively, and related investment income of $21,382,842 and $1,526,220 and interest on notes receivable from participants of $42,108 and $31,172 for the years ended December 31, 2025 and 2024, respectively.

D. Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair values may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and consist primarily of information derived by management where level 1 and level 2 inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Investments are valued at daily calculated NAV and are traded at their quoted prices through the National Securities Clearing Corporation.

Charles Schwab Personal Choice Retirement Account: This account is a self-directed investment account. Mutual Funds are Level 1, and generally individual stocks are Level 1, and bonds are Level 2.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	***Level 2***	***Level 3***	***Total***
Mutual funds	$ 140,793,072	$ -	$ -	$ 140,793,072
Other investment account	6,061,489	-	-	6,061,489
	$ 146,854,561	$ -	$ -	$ 146,854,561

	Assets at Fair Value as of December 31, 2024			
	Level 1	***Level 2***	***Level 3***	***Total***
Mutual funds	$ 109,149,282	$ -	$ -	$ 109,149,282
Other investment account	5,815,928	-	-	5,815,928
	$ 114,965,210	$ -	$ -	$ 114,965,210

E. FULLY BENEFIT-RESPONSIVE CONTRACTS:

The Plan has entered into fully benefit-responsive guaranteed investment contracts with Metropolitan Life Insurance Company (MetLife). Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Metropolitan Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and

administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

F. Party-in-Interest Transactions:

Certain Plan investments are managed by the recordkeeper, Transamerica Retirement Solutions or affiliated companies.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

G. Plan Termination:

Although it has not expressed any intent to do so, Centralus has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

H. Tax Status:

The Plan obtained its latest advisory letter dated March 31, 2017, in which the Internal Revenue Service stated that the form of the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the advisory letter. However, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore believes that the Plan is qualified. Since the inception of the Plan, Centralus is a member of a controlled group as defined by the IRC, which is considered a single employer for compliance requirements and testing purposes.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

I. Risks and Uncertainties:

The Plan invests in various investment securities. The investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. Reconciliation of Financial Statements to Schedule H of Form 5500:

The following is a reconciliation of investments per the financial statements as of December 31, 2025 and 2024 to Schedule H of Form 5500:

	2025
Net assets available for benefits per the financial statements:	$ 153,839,453
Add: accrued benefit payments payable	473,844
Net assets available for benefits per Schedule H of Form 5500	$ 154,313,297
Net change in net assets available for benefits per the financial statements:	$ 29,414,499
Add: rounding	1
Add: prior year employer's contribution receivable	2,941,664
Add: accrued benefit payments payable	473,844
Net income per Schedule H of Form 5500 before transfers	$ 32,830,008
Investments at fair and contract value per the financial statements:	$ 152,916,050
Add: current year participants' contributions receivable	429,191
Add: current year employer's contribution receivable	190,280
Add: notes receivable from participants	777,776
Investments per Schedule H of Form 5500	$ 154,313,297

	2024
Net assets available for benefits per the financial statements:	$ 124,424,954
Less: current year participants' contributions receivable	2,941,664
Net assets available for benefits per Schedule H of Form 5500	$ 121,483,290
Net change in net assets available for benefits per the financial statements:	$ 118,851,850
Less: current year participants' contributions receivable	2,941,664
Add: prior year participants' contributions receivable	1,091,165
Net income per Schedule H of Form 5500 before transfers	$ 117,001,351
Investments at fair and contract value per the financial statements:	$ 120,781,138
Add: notes receivable from participants	702,152
Investments per Schedule H of Form 5500	$ 121,483,290

K. Partial Plan Termination:

A reduction in workforce resulted in a partial plan termination (PPT) and therefore all participants who terminated employment for the period from January 1, 2025 – December 31, 2025, are 100% vested in their entire account balance. The PPT was determined near year-end and therefore there were participants that had taken distributions before the event occurred. Transamerica updated the participants account in February 2026 for the Centralus and Schuyler participants and May 2026 for the CMA participants. It was then determined that any participants who had withdrawn their entire balance from the plan prior to the correction had balances lingering in the Plan.

Therefore, Transamerica will initiate distributions to these participants in 2026 and the result if $473,844 of benefit payments outstanding for the 2025 plan year that will be paid out in 2026.

L. Subsequent Events:

The Plan Administrator has evaluated subsequent events through October 14, 2026, the date when the financial statements were available to be issued, and the events listed below required disclosure.

The Plan was amended, effective date February 1, 2026, and approved by Centralus as of January 31, 2026 to merge the Cayuga Medical Associates 403(b) Savings Plan into this plan. The original merger date was January 1, 2025, but this was then updated as outlined above.
