Report of Independent Auditors

To the Plan Administrator
American Advanced Management, Inc. 401(k) Plan
Modesto, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of American Advanced Management, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

American Advanced Management, Inc 401(k) Plan

Notes to Financial Statements

December 31, 2025

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the American Advanced Management, Inc 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions. The Plan was established with an effective date of January 1, 2013 (date of inception). During the year ended December 31, 2025, the Plan's assets were held by Principal Life Insurance Co. (Principal) and Voya Retirement Insurance and Annuity Company (Voya) and administered by the Board of Trustees of the Plan, which are appointed by the Plan sponsor.

General

The Plan is a defined contribution plan covering all eligible employees of Central Valley Specialty Hospital, Inc., American Advanced Management, Inc., American Advanced Management Group, Inc., Colusa Medical Center, LLC, LLC, Sonoma Specialty Hospital, LLC, Coalinga Medical Center, LLC, Glenn Medical Center, LLC, American Advanced Physician Group, Inc., and Riverbank Rehabilitation Center, LLC (collectively known as the Company), who have six months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, eligible participants may contribute any combination of pre-tax elective deferrals and after-tax Roth elective deferrals from 1% to 100% (in whole percentages) of eligible compensation as defined in the Plan up to the annual maximum on elective deferrals set by the Internal Revenue Code. If an eligible participant does not make a deferral election within 30 days of enrollment, an amount equal to 2% of eligible compensation will be automatically withheld from each pay period and contributed to the Plan as pre-tax elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. A salary deferral agreement must be completed either to elect to make elective deferrals to the Plan or to specifically decline enrollment in the Plan.

The Company may elect to make profit sharing contributions to the Plan. Participants must be employed as of the last day of the Plan year to be eligible to receive any profit-sharing contributions. The Company made contributions in the amount of $-0- for the year ended December 31, 2025 and $7,826 for the year ended December 31, 2024. Contributions are subject to regulatory limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of: (a) the Company’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Vesting
Participants are fully vested in their salary deferrals and rollover contributions plus actual earnings thereon. Vesting in employer profit sharing contributions is based on the following schedule:

Years of Credited Service	Vesting Percentage
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 or more years	100%

Notes Receivable from Participants
The Plan does not allow participants to borrow from their accounts.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's account balance. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures
Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and may first be used to pay plan expenses, with any remaining amount used to reduce future employer contributions. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $42,771 and $7,870, respectively. For the year ended December 31, 2025, $-0- of forfeited nonvested accounts were used for reduction of employer contributions or payment of plan administrative expenses.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Investment Valuation
The investments are reported at fair value and contract value. The Plan's custodians, Principal and Voya, certify the contract value of the guaranteed investment contract and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income Recognition
Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants
Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Payments of Benefits
Benefits are recorded when paid.

Expenses
General plan administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution, and loan transaction fees are paid by the Plan participants.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through October 13, 2026, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820) provides a framework for measuring fair value under U.S. generally accepted accounting principles. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The following provides a general description of the three levels of inputs that may be used to measure fair value under ASC 820:

Level 1 - Inputs to the valuation methodology are based on quoted prices available in active markets for identical assets or liabilities on the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology include significant inputs that are generally unobservable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value including assumptions regarding risk. Level 3 instruments include those that may be more structured or otherwise tailored to the Plan's needs.

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

As required by ASC 820, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds – Level 1 classified securities. Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Pooled Separate Accounts – Level 2 classified securities. Pooled separate accounts are valued at net asset value (NAV) of units based upon the quoted market value of the underlying assets net of an investment management fee as estimated by Principal and Voya. NAV is a readily determinable fair value and is the basis for current transactions which may occur daily. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies for assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Assets measured at fair value as of December 31, 2025 and 2024 are as follows:

2025				
	Level 1	Level 2	Level 3	Total
Registered investment companies				
Mutual funds	$ 3,363,969	$ -	$ -	$ 3,363,969
Pooled separate accounts	-	1,677,810	-	1,677,810
Investments at fair value	$ 3,363,969	$ 1,677,810	$ -	$ 5,041,779

2024				
	Level 1	Level 2	Level 3	Total
Registered investment companies				
Pooled separate accounts	$ -	$ 4,541,680	$ -	$ 4,541,680
Investments at fair value	$ -	$ 4,541,680	$ -	$ 4,541,680

NOTE 4 – GUARANTEED INVESTMENT CONTRACT

The Plan has a fully benefit-responsive guaranteed investment contract (FBRIC) with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than the rate established each period; the rate was 1.15% as of December 31, 2025. The crediting rate is reviewed on a semiannual basis for resetting. The FBRIC does not permit Principal to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and, therefore, is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or(5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 5 - TAX STATUS

The Plan document is a prototype non-standardized safe harbor profit sharing plan with cash or deferred arrangement that received a favorable opinion letter from the Internal Revenue Service on March 31, 2019, which stated that the Plan, as then restated, was in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025, net appreciation or depreciation in fair value of investments, and interest and dividend income for the year then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal and Voya, the trustees of the Plan.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments include an insurance interest account and registered investment company accounts managed by Principal and Voya. As Principal and Voya are the custodians of the Plan, transactions between the Plan and Principal and Voya qualify as exempt party-in-interest transactions.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, the net assets will be distributed among the participants and beneficiaries of the Plan in accordance with the amount allocated to the account of each participating employee. Upon termination or partial termination of the Plan, all funds in each affected participant’s account will be fully vested.
