Plan Administrator
O'Brien Automotive Team 401(k) Plan
Normal, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of O'Brien Automotive Team 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of O'Brien Automotive Team 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of O'Brien Automotive Team 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of O'Brien Automotive Team 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about O'Brien Automotive Team 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of (1) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and (2) Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the O'Brien Automotive Team 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution 401(k) profit-sharing plan covering all employees of O'Brien Automotive Team (the Company) who have completed six months of service and attained 21 years of age. The Plan was restated April 1, 2017, to permit Roth elective contributions, in-plan Roth rollovers and for other matters. Additionally, the Plan was amended, effective April 1, 2018, to allow Covered Bridge Farm, LLC as a controlled group member under O'Brien of Shelbyville, Inc. Effective January 4, 2019, a plan provision was added to allow a special entry date for employees of the Aberdeen Imports, LLC group. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a multiple employer defined contribution plan that was established to provide retirement benefits for the employees of the following Companies:

- Advantage Auto Sales, Inc.
- O'Brien Automotive Team, Inc.
- BMI Imports, LLC
- RPG Imports, LLC
- O'Brien of Shelbyville, Inc.
- Covered Bridge Farm, LLC (member of O'Brien of Shelbyville, Inc.)
- Aberdeen Imports, LLC
- OBG Imports, LLC
- GBN Imports, LLC

Contributions

Each year, participants may contribute up to 100% of their annual compensation on a pre- tax or after-tax basis, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants are eligible upon completion of six months of service and can enter the plan on July 1 or January 1. Eligible participants may receive discretionary matching contributions provided they are employed at the end of the plan year. Discretionary matching contributions are determined annually by the Company. For 2025, the matching contribution amounted to 50% of employee elective deferrals up to $500 per participant. Contributions are subject to certain limitations imposed by the Internal Revenue Code.

Participants' Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (Continued)

Investment Options

Participants direct their contributions into various investment options offered by the Plan. Participants may change their investment election for future contributions, or the percentage invested in each of these options, or transfer funds among these options.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum loan equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at local prevailing rates. Loan repayments must be paid directly to the Plan through payroll withholdings and are then credited to the participant's account.

Vesting

Participants are immediately 100% vested in their salary deferral contributions plus actual earnings thereon. Vesting in employer contributions is based upon years of service. After two years of service, participants become vested at 20%. Vesting increases 20% per year thereafter, until fully vested after six years of service. Participant accounts are fully vested at normal retirement age.

Payment of Benefits

Upon termination of service due to death, disability, retirement or for any other reason, a participant will receive the value of the participant's vested interest in their accounts in the form of a lump-sum payment. Vested balances of less than $7,000, but greater than $1,000, may be distributed to an Individual Retirement Account or Annuity by the Plan Administrator. Vested balances of less than $1,000 will be distributed in a single lump-sum payment. In addition, hardship withdrawals are permitted by the Plan upon satisfaction of criteria established by the Internal Revenue Code. In-service withdrawals are also permitted for participants who have reached age 59½.

Administrative Expenses

Certain administrative expenses are shared by the participants and the Plan's Sponsor to the extent that expenses exceed available forfeitures.

Forfeited Accounts

A participant's accrued vested benefit is determined on the date employment is terminated. The non-vested portion is forfeited upon total distribution of the individual's account. Forfeitures are used to reduce future employer contributions or to pay Plan expenses. At December 31, 2025 and 2024, available forfeitures amounted to $11,983 and $30,310, respectively. During 2025, forfeitures of $6,954 were used to reduce employer contributions and forfeitures of $17,726 were used to pay plan administrative expenses.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for a fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid for transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document surrounding defaulted loans.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan Sponsor has evaluated events and transactions for potential recognition or disclosure through October 12, 2026, the date the financial statements were available to be issued.

3. Information Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to information certified as complete and accurate by Empower Trust Company, LLC, the trustee of the Plan.

The insurance company guaranteed interest account and related investment income as of December 31, 2025 and 2024, and for the year ended December 31, 2025, was certified as complete and accurate by Empower Annuity Insurance Company of America.

4. Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Quoted, market prices in active markets that the Plan has the ability to access.

Level 2 - Observable, market-based inputs or unobservable inputs that are corroborated by market data

4. Investments and Fair Value Measurements (Continued)

Level 3 - Unobservable inputs to the valuation technique that are not corroborated by market data

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The inputs or methodology used for valuing investments are not an indication of risk associated with investing in those securities.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Registered Investment Companies

Shares of registered investment companies (mutual funds and money market funds) are valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 9,496,146	$ -	$ -	$ 9,496,146

Investments at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 8,593,975	$ -	$ -	$ 8,593,975

5. Investment Contract with Insurance Companies

The Plan is invested in a fully benefit-responsive group contract with Empower Annuity Insurance Company of America within which participants may direct their contributions into guaranteed interest investment option. The guaranteed interest account provides a guaranteed rate of return that obligates Empower Annuity Insurance Company of America to repay the principal and a specified interest rate to the Plan.

The guaranteed interest fund meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

5. Investment Contract with Insurance Companies (Continued)

The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. There is no specified maturity date of the contract and the contract can be terminated at any time.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer, such as partial or complete termination of the contract, plan termination or merger, changes to the Plan's prohibition on competing investment options, bankruptcy of the plan sponsor or other plan sponsor events. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The balance in the Guaranteed Interest Fund was $447,045 and $346,552, as of December 31, 2025 and 2024, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

7. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by Empower Trust Company, LLC. Empower Trust Company, LLC is the current Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

8. Tax Status

The Plan adopted a non-standardized pre-approved profit-sharing plan with CODA sponsored by CCH Incorporated DBA ftwilliam.com. The pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, as to the Plan’s qualified status. The IRS has determined that the non-standardized plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The non-standardized plan opinion letter has been relied upon by this Plan. Although the Plan has been amended subsequently, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan’s management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Prohibited Transactions

During 2025 and 2024, the Plan Sponsor inadvertently failed to timely remit to the Plan’s custodian certain employee contributions and loan repayments in the amount of $33,444 and $12,541, respectively, as prescribed by the United States Department of Labor (DOL) Regulations. Lost earnings on the 2024 late deposits and $13,891 of the 2025 late deposits were remitted to the Plan in 2025. Lost earnings on the remaining $19,553 of the late deposits for 2025 are expected to be remitted to the Plan in 2026.
