INDEPENDENT AUDITORS' REPORT

The Trustees
TMP Technologies, Inc. 401(k)
Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of TMP Technologies, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements, referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The following description of TMP Technologies, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution retirement plan with salary reduction features as permitted under Section 401(k) of the Internal Revenue Code (IRC), covering eligible employees of TMP Technologies, Inc. and Time Release Sciences, Inc. (collectively, the Company and Plan Sponsor). The Plan is funded by employee and employer contributions. The assets of the Plan are maintained in investment funds held by Ascensus Trust Company (Ascensus), the trustee of the Plan. The Plan is intended to conform with the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and subsequent legislation, where applicable.

(b) Eligibility

Employees of the Company are eligible to participate in the Plan upon attaining age 21 and completing one year of service, as defined in the Plan agreement.

(c) Contributions

Participants may authorize an elective deferral contribution and/or a Roth contribution up to 100% of their compensation, as defined by the Plan document, up to the maximum annual limitations per the IRC. Participants who have attained age 50 before the end of the Plan year are allowed to make an additional "catch-up" contribution; this contribution was limited to $7,500 in 2025 and 2024. Participants who have attained age 60 before the end of the Plan are allowed to make an additional "super catch-up" contribution; This contribution was limited to $11,250 in 2025. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a discretionary matching contribution, which would be allocated in a nondiscriminatory manner based on participant elective deferrals. The Company can also make additional discretionary profit sharing contributions each year; profit sharing contributions of $722,750 and $670,805 were allocated for the years ended December 31, 2025 and 2024, respectively, and are included in employer contributions in the statements of changes in net assets available for benefits.

(d) Participant Accounts

Each participant's account is credited with (a) the participant's contributions, (b) an allocation of the Company's contributions, (c) Plan earnings, and (d) charged with an allocation of investment and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

(e) Vesting

Under the Plan, participants are 100% vested in their salary reduction contributions and employer matching contributions, plus actual earnings thereon. Participants are 20% vested in employer profit sharing contributions after two years of service, as defined, with a 20% annual increase in each of the next four years.

(f) Notes Receivable from Participants

Participants may borrow from their individual accounts a minimum of $1,000, up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years but may exceed five years for the purchase of a primary residence. The loans are collateralized by vested balances in the participants' accounts and bear interest at a rate of prime plus 1%. Principal and interest are paid ratably through payroll deductions.

(g) Payment of Benefits

Upon termination of service due to retirement, death or disability, a participant will receive a lump-sum distribution equal to the value of their account if the total vested account balance does not exceed $1,000. If the total vested account balance does exceed $1,000, the participant may elect to receive a distribution at any time or the vested account balance will be distributed following the later of the date the participant reaches normal retirement age of 65 or the date the participant terminated employment. In-service distributions of fully vested accounts are only allowed upon attaining age 50; participants must reach age 59½ to be eligible for in-service distributions on deferred accounts.

(h) Forfeited Accounts

Employer profit sharing contributions forfeited by participants are used to offset plan administrative costs, reduce employer matching and profit sharing contributions, or restore forfeitures. Accumulated forfeited nonvested accounts of $8,161 and $931 were used to pay administrative expenses during 2025 and 2024, respectively. At December 31, 2025 and 2024, there were no forfeited accounts available for future use.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

(2) Summary of Significant Accounting Policies, Continued

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

(e) Contributions

Contributions from Plan participants and the Company contributions are recorded in the year in which the participants compensation is earned.

(f) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan had no excess contributions in 2025 and 2024.

(g) Payment of Benefits

Benefits paid to participants are recorded when paid.

(h) Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(2) Summary of Significant Accounting Policies, Continued

(i) Subsequent Events

Management of the Plan has evaluated subsequent events through the date of the report which is the date the financial statements were available to be issued.

(3) Fair Value Measurements

The framework established for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

- Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds' unit values (UV) include daily asset based fees. The mutual funds held by the Plan are deemed to be actively traded.

(3) Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 20,713,874	-	-	20,713,874

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,703,222	-	-	16,703,222

(4) Financial Certifications

The financial information relating to the Plan's assets at December 31, 2025 and 2024, as well as investment income and investment transactions for the years then ended, has been derived from information provided by Ascensus and have been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certifications and has not been audited by independent auditors.

	2025	2024
Investments, at fair value - mutual funds	$ 20,713,874	16,703,222
Notes receivable from participants	$ 164,180	127,631
Investment income, including interest and dividends and net appreciation in fair value of investments	$ 3,270,586	1,466,413

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall have a 100% vested interest in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

(6) Tax Status

The Plan and related trust were established under a non-standardized pre-approved profit sharing prototype plan that received a favorable tax determination letter dated June 30, 2020 from the IRS indicating the features of the Plan, as then designed, conform with the requirements of Section 401(k) of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions and the Department of Labor; however, there are currently no audits for any tax periods in progress.

(7) Party-in-Interest Transactions

Certain Plan investments are shares in mutual funds managed by Vanguard (institutional partner of Ascensus (the Plan trustee)) which qualify as party-in-interest transactions. Additionally, notes receivable from participants qualify as party-in-interest transactions.

(8) Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
