INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Jefferson City Medical Group, P.C. Profit Sharing Plan
Jefferson City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Jefferson City Medical Group, P.C. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end as of December 31, 2025, and the supplemental schedule of delinquent participant contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JEFFERSON CITY MEDICAL GROUP, P.C.
PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Jefferson City Medical Group, P.C. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of the affiliated entities of Jefferson City Medical Group, Inc. (the Company). The Plan was established January 4, 1971, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees who have completed thirty days of service are eligible to make elective deferrals and receive employer matching contributions. Employees must complete one year of service in which they complete 1,000 hours to be eligible to receive discretionary employer contributions. Union employees and nonresident aliens are not eligible to participate in the Plan. Part-time employees working less than 1,000 hours per year and PRN employees are not eligible to participate in the Plan. In accordance with the SECURE 2.0 Act, long-term part-time employees who complete at least 500 hours of service in two consecutive years are eligible to make elective deferrals into the Plan, effective January 1, 2025. Effective January 1, 2026, the Plan was amended to allow part-time and PRN employees to participate in the Plan.

Contributions: Participants, except those classified as highly compensated employees, may contribute up to 75% of pre-tax or Roth annual compensation, as defined in the Plan, in accordance with a participant salary deferral agreement. Highly compensated employees' elective deferrals are limited to 25% of compensation. A participant's annual combined elective contributions (pre-tax and Roth) cannot exceed maximum amounts specified by the Internal Revenue Service (IRS). Participants who are at least 50 years of age may make an additional contribution to the Plan not to exceed $7,500 for 2025 and 2024, under certain conditions. Beginning in 2025, participants who are ages 60 through 63 are eligible to make an increased catch-up contribution up to $11,250. Participants may also contribute amounts representing rollover distributions from other qualified plans. Under the current Plan, the Company must make matching contributions of 50% of participant salary deferrals, not to exceed 6% of participant compensation. The Company may also make discretionary contributions to the Plan. All participants are categorized into one of the following groups: Group A – maximizing physicians, Group B – status quo physicians, and Group C – minimizing physicians and all other employees. The Company may contribute a different amount on behalf of each group. During the years ended December 31, 2025 and 2024, the Company approved discretionary contributions in the amount of $2,095,089 and $2,070,424, respectively. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's contributions, the participant's rollover contributions from other qualified benefit plans, and an allocation of Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are automatically 100% vested in the portion of their accounts resulting from participant salary deferrals. Participants vest in employer matching and discretionary contributions at a rate of 20% after two years of service and in 20% increments each subsequent year with full vesting in employer matching and discretionary contributions occurring after six years of service. A participant is considered to have one year of service for each one-year period in which he or she has worked 1,000 hours or more.

Participants become automatically 100% vested in Company matching and discretionary contributions upon attaining age 65, qualifying for early retirement, or upon total disability or death.

Forfeitures: Forfeitures occurring during the Plan year are used to pay administrative expenses or used to reduce the Company contributions for that year. Forfeitures totaling $0 and $8,212 were used to pay administrative expenses during the years ended December 31, 2025 and 2024, respectively. Forfeitures of $185,365 and $136,160 were used to reduce Company contributions for the years ended December 31, 2025 and 2024, respectively. At December 31, 2025 and 2024, no forfeited nonvested accounts remained for future use.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate that is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are payable ratably through payroll deductions.

Distribution of benefits: Upon termination of service, a participant or his/her beneficiary may receive benefit distributions in one of the following forms:

1) Substantially equal installments.
2) Partial withdrawals of at least $5,000.
3) Single lump sum payment.

Administration: EPIC Advisors, Inc. (EPIC), formerly Retirement Plan Services, LLC (RPS), serves as the Plan's third-party administrator and recordkeeper. The recordkeeper maintains individual participant accounts and provides records of balances and transactions to the Plan administrator and participants. Charles Schwab Trust Bank (CSTB) serves as custodian of the Plan's assets, administers investment activity, and invests contributions into funds designated by each participant. Certain administrative and recordkeeping costs are being absorbed by the Company, while the Plan pays other costs. The Plan's trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings, monitor investment performance, and report to the Company's Board of Directors.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Valuation of investments: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the declaration date. Interest is recorded when earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities of the Plan are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Contributions: Contributions from plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. Discretionary contributions and matching true-up contributions are recorded in the Plan year to which they relate.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Ineligible contributions payable: Certain employees made contributions to the Plan while they were part of an excluded class. These ineligible contributions will be refunded to the employees.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in other administrative charges. Investment related expenses embedded in fund expense ratios are included in net appreciation in fair value of investments.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events: Events that have occurred subsequent to December 31, 2025, have been evaluated through October 13, 2026, which represents the date the Plan's financial statements were approved by management and, therefore, available to be issued.

3. TAX STATUS

The Plan is an amendment and restatement of an existing plan originally established January 4, 1971. The Plan adopted a pre-approved defined contribution plan sponsored by EPIC Advisors, Inc. effective January 1, 2022, as an amendment and restatement of the existing plan to bring the Plan into compliance with legislative and regulatory changes. The IRS informed EPIC Advisors, Inc. by a letter dated June 30, 2020, that this non-standardized pre-approved profit sharing plan as amended through December 31, 2018, is in a form acceptable under section 401 of the IRC. The Plan may rely on the opinion letter issued by the IRS as evidence that the Plan is qualified under the applicable sections of the IRC. The Plan is relying on the opinion letter.

The Plan was amended and restated effective January 1, 2024. The most significant change to the Plan as a result of this amendment and restatement was to change the eligibility requirements to receive employer contributions. The Plan was also amended effective January 1, 2026, to allow part-time and PRN employees to participate in the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

5. TERMINATED PARTICIPANTS

Net assets available for benefits at December 31, 2025 and 2024 included $26,060,582 and $21,327,514, respectively, allocated to the accounts of individuals who, as of or prior to those respective dates, had withdrawn from actively participating in the Plan, generally as a result of terminating employment. These amounts may be paid within the next year, at the request of the participants. These participants receive no further contributions but do receive allocations of investment income and Plan expenses.

6. CERTIFICATION OF INVESTMENT INFORMATION

Certain information in the accompanying financial statements and the ERISA-required supplemental schedule of assets held at year-end related to cash, investments, and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends and capital gains, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, a qualified institution.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. FAIR VALUE OF INVESTMENTS

Certain investments are common collective trusts managed by Charles Schwab Trust Bank, the Plan's custodian. These transactions qualify as party-in-interest transactions.

A fair value hierarchy is used that prioritizes the inputs to valuation techniques used to measure fair value of balances that are required or permitted to be measured at fair value for reporting in financial statements. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to the unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Valuation is based upon unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.
Level 2	Valuation is based upon quoted prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Observable inputs may include interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.
Level 3	Valuation is based on methodologies that are unobservable and significant to the fair value measure. These may be generated from model-based techniques that use at least one significant assumption based on unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets recorded at fair value.

Common collective trusts: Valued at the net asset value (NAV) of the units of a bank or trust company collective trust. Stable value collective trusts are composed primarily of fully benefit-responsive investment contracts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Investments in common collective trusts can generally be redeemed without restriction; however, in certain cases, redemption or purchase may be limited to prevent excess and/or short-term trading. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund on an active market, which is based on the underlying NAV of the shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below present the Plan's assets measured at fair value on a recurring basis as of December 31, 2025 and 2024 aggregated by the level in the fair value hierarchy within which those measurements fall:

2025	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 69,040,433	$ -	$ -	$ 69,040,433
Total assets in the fair value hierarchy	$ 69,040,433	$ -	$ -	69,040,433
Investments measured at net asset value				54,613,560
Investments at fair value				$123,653,993

2024	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 62,758,146	$ -	$ -	$ 62,758,146
Total assets in the fair value hierarchy	$ 62,758,146	$ -	$ -	62,758,146
Investments measured at net asset value				47,658,731
Investments at fair value				$110,416,877

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31:

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trusts	$ 54,613,560	n/a	Daily	Up to 12 months

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trusts	$ 47,658,731	n/a	Daily	Up to 12 months

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include transactions with fiduciaries or employees of the Plan, any person providing services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer, and relatives of parties-in-interest. The Plan has various parties-in-interest. Investments are held with parties-in-interest and certain fees are paid to parties-in-interest. The Plan incurred record-keeping and administrative fees to EPIC totaling $44,169 and $117,920 for the years ended December 31, 2025 and 2024, respectively. The Plan incurred investment advisory fees to Moneta Group LLC totaling $17,304 and $67,208 for the years ended December 31, 2025 and 2024, respectively. The Company paid a larger amount of plan-related expenses during 2025, which are excluded from these financial statements.

9. PROHIBITED TRANSACTIONS

The Department of Labor (DOL) considers late deposits of employee deferral contributions and loan repayments to be nonexempt prohibited transactions. During the year ended December 31, 2025, the Company inadvertently failed to remit certain May 2025 employee deferrals and loan repayments totaling $110,523 to the Plan within the period prescribed by the Department of Labor regulations. The participant contributions and loan repayments were subsequently deposited into the Plan in June 2025. The Plan is calculating lost earnings on the late deferrals and loan repayments and corrections will be made.
