Independent Auditors' Report

To the Plan Administrator of
Puerto Rico Wire Products, Inc. 1165(e) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Puerto Rico Wire Products, Inc. 1165(e) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Department of Labor Administrative Review

As disclosed in Note 2 to the financial statements, the Plan was subject to an administrative review by the United States Department of Labor (DOL) regarding its compliance with the Employee Retirement Income Security Act of 1974 (ERISA). The DOL's procedures did not result in any adjustments to the Plan's beginning balances. As further disclosed in Note 13 to the financial statements, effective on July 1, 2026, the Plan Administrator received an order of dismissal in which was informed that all outstanding issues were properly settled. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) and of Delinquent Participants Contributions as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional

procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following description of Puerto Rico Wire Products, Inc. 1165(e) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all employees of Puerto Rico Wire Products, Inc. Other adopting employers are Ace Construction Supplies, Inc., Ace Forming Systems, Inc. and Nu-Vue Industries of Puerto Rico, Inc., which are related parties under common control, (the Company, Employer or Sponsor). The Plan was established on January 1, 2002.

Employees become eligible to participate once they have completed six (6) months of service and are twenty-one (21) years of age or older.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 1081.01 (a) and (d) of the Puerto Rico Internal Revenue Code of 2011, as amended (the PRIRC or the Code).

(b) Contributions

Each year, participants may contribute an amount not to exceed the maximum deferral amount specified by the PRIRC ($15,000 for the tax years ended December 31, 2025 and 2024). Participants may make voluntary contributions to the Plan from one percent (1%) up to a maximum of one hundred percent (100%) of their compensation.

Additional "catch up" elective deferral contributions can be made beginning in the calendar year in which the participant attains at least age 50 by the end of such calendar year. The "catch up" elective deferral contribution limit is $1,500 for year 2025, as established by the PRIRC.

The Sponsor may elect to make a matching contribution to the Plan. For any Plan year in which the Sponsor make a matching contribution, an amount will be allocated to the Participant Matching Contribution Account at the Sponsor discretion.

The Sponsor will make discretionary matching contributions equivalent to 25% of the participant's monthly contribution up to a maximum of 4% of its eligible compensation.

The Sponsor may make profit sharing contributions. These contributions are totally discretionary, including the discretion to forego a contribution for one or more Plan years. In any Plan year in which a profit-sharing contribution is made, and in which the employee is an eligible participant, an allocation is made to the participant Profit Sharing Contribution Account in the ratio of each participant compensation for the Plan year bears to the total compensation of all eligible participants for the Plan year.

The Plan permits rollover contributions provided all legal requirements and any requirements imposed by the Plan Administrator with respect to such a transfer are satisfied.

The Plan allows participants to make after-tax contributions to the Plan.

(c) Rollovers Contributions

Rollover contributions to the Plan consist of monies received by a participant from another plan qualified under the PRIRC.

(d) Rollover Distributions

Terminated employees or retirees may elect to transfer their savings to other plans qualified by PRIRC, and are recorded when paid.

(e) Participant Accounts

Each participant's account is credited with the participant's contributions and the Sponsor's matching contributions, as well as allocations of Plan earnings and forfeitures of terminated participant's nonvested account. Participant's accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The participant is permitted to direct how all, or a portion of the account be invested, subject to any rules or procedures established by the Plan Administrator. The Participant can choose from any investment alternatives approved by the Sponsor.

(f) Investment Options

Participants may direct their contributions to various mutual and collective trust funds and a group annuity contract as described in Notes 5 and 6 to the financial statements, respectively.

(g) Vesting

Participants are 100 percent vested in their contributions and rollover contributions, plus actual earnings thereon. The percentage of vesting for Sponsor's contributions is based on the participant's years of service, in accordance with Plan's provisions. The vesting percentages on Sponsor's contributions for the respective years of service are based on the following table:

Years of Service	Percent Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

(h) Payment of Benefits

Normal retirement pension benefits are payable upon the date a participant reaches 62 years of age. On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period or over the remaining life expectancy of the participant (or designated beneficiaries) if the vested interest exceeds $7,000. However, if the amount in the participant's account is $7,000 or less, the participant or designated beneficiaries will receive that amount in one lump-sum payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan allows participants to make in-service withdrawals from the after-tax contribution's accounts for any reason.

(i) Hardship Withdrawals

Under certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, all or any portion of the participant vested account. These conditions include expenses for medical care, including certain medical care for the participant's beneficiary, cost related to the purchase of a principal residence, payments necessary to prevent eviction from or foreclosure on a principal residence, the payment of tuition and related educational fees, and funeral expenses. A participant's right to make deferrals to the Plan will be suspended for 12 months after the receipt of the hardship withdrawal. The participant must first obtain all other available distributions, and a special limitation may apply to the participant's elective deferrals in the following taxable year.

(j) Administrative Expenses

All administrative expenses, to the extent not paid by the Sponsor, are paid from the Plan's assets. Administrative expenses amounting to $51,118 were properly recognized by the Plan for the year ended December 31, 2025.

(k) Forfeitures

Forfeitures under the Plan will be added to the employer contributions and allocated accordingly. At December 31, 2025 and 2024, available forfeitures amounted to $0 and $1,625 respectively.

(l) Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Puerto Rico Internal Revenue Code are recoded as a liability with a corresponding reduction to contributions.

(2) Department of Labor Administrative Review

Since year 2020, the Plan has been subjected to an administrative review performed by the United States Department of Labor (DOL) over the Plan's compliance with ERISA. As part of such administrative review, certain procedures were performed by the DOL over the Plan's assets beginning balances.

On February 19, 2025, the Plan received confirmation that the DOL had accepted the beginning balances following its procedures performed over the Plan's asset balances. These procedures did not result in any adjustments to the beginning balances.

As further disclosed in Note 13 to the financial statements, effective on July 1, 2026, the Plan Administrator received from the DOL an order of dismissal in which was informed that all outstanding issues in relation to the administrative review, were properly settled.

(3) Summary of Significant Accounting Policies

The following are the most significant accounting policies followed by the Plan:

(a) Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determined the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 5 to the financial statements, for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gain and losses on investment bought and sold, as well as held during the year. For collective trust funds, dividends and interest income, along with realized and unrealized gains or losses, are combined and reported under net appreciation in fair value of investments.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and

assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(4) Financial Information Prepared and Certified by Custodians

The following information included in the accompanying financial statements and supplemental schedule of assets was obtained from data that has been prepared and certified to as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (qualified institutions), the Custodians of the Plan, as of and for the years ended December 31, 2025 and 2024.

		2025	2024
Investments at fair value:			
Mutual funds	$	2,321,152	2,120,551
Collective trust funds		1,242,292	626,812
Total investments at fair value	$	3,563,444	2,747,363
Net appreciation in fair value of investments	$	235,978	189,230
Dividends	$	212,732	164,770
Investments at contract value:			
Group annuity contract	$	1,146,198	1,221,340
Interest	$	19,487	13,636

(5) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follow:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024, respectively.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment from an amount different than the reported NAV.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,321,152	—	—	2,321,152
Total assets in the fair value hierarchy	2,321,152	—	—	2,321,152
Investment measured at NAV	—	—	—	1,242,292
Investments at fair value	$ 2,321,152	—	—	3,563,444

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

(6) Group Annuity Contract with Insurance Company

On May 1, 2015, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great West Life & Annuity Insurance Company, now Empower Annuity Insurance Company of America (EAICA). EAICA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is

based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the Plan's ability to transact at contract value with EAICA. Such events include the following: (a) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (d) the failure of the trust to qualify for exemption from federal or state income taxes or any required prohibited transaction exemption under ERISA, or (e) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, or (d) a material amendment to the contract agreement without the consent of the issuer.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2025 and 2024, was $1,146,198 and $1,221,340, respectively.

(7) Voluntary Compliance

Certain incorrect determinations for vested percentages were identified relating to benefits paid to two (2) participants during the year ended December 31, 2024. These errors occurred principally due to the change in the process of recording the employee service hours. Corrective benefits amount to be paid to these participants were identified and quantified by the Sponsor. The Sponsor fixed the related mistakes in 2025, through the Voluntary Correction Program (VCP) under the Employee Plans Compliance Resolution System (EPCRS), which has been recognized as corrective employer contributions, in the accompanying statement of changes in net assets available for benefits, in the amount of $1,753.

All corrective action as required by the IRS was taken by the Sponsor. No provision for income taxes has been included in the Plan's financial statements related to the foregoing matters because the Sponsor believes that the Plan continues to be qualified, and the tax status of the related trust continues to be tax exempt.

(8) Plan Termination

Although the Sponsor has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, reduction, or suspension, no further contributions are required from the Sponsor and the accounts of all participants will become fully vested and nonforfeitable.

(9) Tax Status

The Plan is qualified under Section 1081.01(a) of the Act No. 1 of January 31, 2011, as amended, from time to time, known as the Puerto Rico Internal Revenue Code (PRIRC). The Plan has been amended in several instances.

The Puerto Rico Treasury Department (PRTD) has determined and informed the Employer by letter dated March 5, 2025, that the Plan and related Trust are designed in accordance with applicable sections of the PRIRC.

No events have occurred with respect to the Plan or the associated Trust that, in substantial likelihood, would result in the Plan being disqualified by the PRTD. The Trust associated with the Plan is intended to be exempt from Puerto Rico income taxation pursuant to the provisions of Section 1081.01(a) of the 2011 PR Code, and pursuant to Section 1022(i)(l) of ERISA. The Plan Administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the PRIRC, and, therefore, believes that the Plan is qualified, and the related Trust is tax exempt. Accordingly, no provision for income taxes has been made.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the PRTD. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress, except as disclosed in Note 2 to the financial statements and in the following paragraph.

As stated by the DOL, the Plan Administrator failed to comply with certain dispositions under ERISA. On January 10, 2023, the Plan's Sponsor received a claim in relation to a Collection of Penalty under ERISA Act of 1974. As further disclosed in Note 13 to the financial statements, effective on July 1, 2026, the Plan Administrator received an order of dismissal in which was informed that all outstanding non-compliance issues were properly settled. The Sponsor paid the penalties assessed in connection with such settlement.

(10) Prohibited Transactions – Participants' Contribution Remittances

Department of Labor's Regulation 2510.3-102, requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Sponsor's general assets but in no event later than the 15th business day following the end of the month in which amounts are contributed by employees or withheld from their wages. There were unintentional delays in the remittance of participant's contributions during the Plan years ended December 31, 2025, 2021, 2019 and 2018. The Sponsor has agreed to absorb any costs incurred by the Plan including lost interest as a result of the untimely remittances of the participants' contributions. As further discussed in Note 13, on April 8, 2026, the Sponsor deposited in the Plan's accounts, approximately $18 in relation to lost earnings of late remittances for 2019. Furthermore, as discussed in Note 13, on January 21, 2026, the Sponsor deposited in the Plan's accounts, $783 in relation to the late remittances for 2025, including accumulated lost earnings on such late remittances in the amount of approximately $7.

(11) Party-in-Interest Transactions

Investment in the group annuity contract is managed and maintained by Empower Annuity Insurance Company of America in 2025 and 2024, respectively. Furthermore, the Plan paid administrative expenses to its Custodians, Empower Trust Company, LLC and Empower Annuity Insurance Company of America. These transactions qualify as party-in-interest transactions permitted under the provisions of ERISA. Administrative expenses amounted to $51,118 for the year ended December 31, 2025.

(12) Risk and Uncertainties

The Plan invests in several investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Individual participants' accounts bear the risk of loss resulting from fluctuations in investment values.

(13) Subsequent Events

In preparing the accompanying financial statements, the Plan has evaluated subsequent events through October 14, 2026, which is the date that the financial statements were available to be issued. Management has determined that except for the matters disclosed below, there were no additional events in this period that require disclosure in or any adjustments to the accompanying financial statements.

On January 21, 2026, the Sponsor deposited in the Plan's accounts, $972 in relation to late remittances for 2025 of $783, including accumulated lost earnings on such late remittances in the amount of approximately $7, and employer's match contributions in the amount of $189.

On April 8, 2026, the Sponsor's deposited in the Plan's accounts, approximately $18 in relation to the late remittances for 2019.

Effective on July 1, 2026, the Plan Administrator received an order of dismissal in which was informed that all outstanding issues, that arose from an administrative review by the United States Department of Labor regarding its compliance with the Employee Retirement Income Security Act of 1974 (ERISA), were properly settled. The Sponsor paid the penalties assessed in connection with such settlement.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible?
