Independent Auditors' Report

To the Plan Administrator
Linc Systems 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Linc Systems 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Assets (Held at Year End) and Delinquent Participant Contributions as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Linc Systems 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions, available from the Plan Administrator.

Participating Companies

The following related companies participate in the Plan and are collectively referred to as the 'Employer':

Linc Acquisition Co. ("Plan Sponsor")
Active Sales Company, Inc.
R.V. Evans Company
Linc Systems, LLC
Air-O Fasteners, LLC

General

The Plan is a defined contribution plan covering all employees of the participating employers who have reached the age of 18 years. Eligible employees may participate in the Plan immediately upon commencing employment after attaining age 18. Non-resident aliens, leased employees, reclassified employees, or employees covered by a collective bargaining agreement are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of annual eligible compensation as pre-tax or Roth contributions, as defined by the Plan. Participants may also contribute rollover amounts representing distributions from other qualified plans. Participants age 50 or older, are allowed to make catch-up contributions as defined by the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Code ("IRC") limitations. Eligible compensation is generally defined as W-2 wages plus elective deferrals, as defined by the Plan. For elective deferral purposes, eligible compensation excludes fringe benefits; no such exclusions have been elected for purposes of determining Employer matching or discretionary nonelective contributions.

The Plan provides for discretionary employer matching contributions. Each year, the Employer determines the matching contribution formula and amount, if any, to be made under the Plan. For the year ended December 31, 2025, the Employer elected to make a discretionary matching contribution equal to 100% of participant elective deferrals, up to a maximum annual matching contribution of $1,500 per participant. In addition, the Employer may make discretionary nonelective contributions to the Plan. No discretionary nonelective contribution was made for the year ended December 31, 2025.

Participant Investment Account Options

The Plan currently offers various mutual funds and a common collective trust as investment options for the participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer's discretionary matching contributions. Employer discretionary nonelective contributions, if any, are allocated to participant accounts based on the participant classifications and allocation provisions defined by the Plan. Plan earnings and expenses are allocated to participant accounts based on account balances or other allocation methods used by the Plan's recordkeeper, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their elective deferrals, including Roth and catch-up contributions, rollover contributions, and earnings thereon. Vesting in Employer matching and discretionary nonelective contributions is based on years of credited service. Participants vest in such Employer contributions according to the following schedule: 0% after less than two years of service, 20% after two years of service, 40% after three years of service, 60% after four years of service, 80% after five years of service, and 100% after six or more years of credited service. A year of credited service is earned upon completion of at least 1,000 hours of service during the Plan Year. In addition, service performed with FLEX-PAC, Inc. is recognized for vesting purposes. Notwithstanding the foregoing vesting schedule, participants become fully vested in Employer contributions upon attainment of normal retirement age, death, disability, or termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to an amount that is equal to the lesser of $50,000 or 50% of their vested account balance. All loans are to be repaid over a period not to exceed five years unless the loan proceeds are used to purchase a participant's principal residence. The loans are collateralized by the participant's vested account and bear interest at the USA Today Prime Rate plus 2.00%. Principal and interest are paid ratably through routine payroll deductions. Should the participant terminate as an employee, the balance of the outstanding loan becomes due and payable, and the participant's vested account will be used to pay the outstanding loan. Participants may not have more than two loans outstanding at a time.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, partial distributions, and, in some cases, annuities, as defined by the Plan. Account balances that do not exceed $5,000 on the participant's date of termination may result in a mandatory lump-sum distribution; however, mandatory distributions greater than $1,000 are automatically rolled over to an individual retirement account unless the participant elects otherwise. Participants who are subject to lifetime required minimum distributions may elect installment payments in accordance with the Plan. In addition, the Plan allows in-service distributions for hardship reasons or if the participant is age 59 ½ or older, provided the applicable distributing account is fully vested, as defined in the Plan.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $65,156 and $39,430, respectively. Forfeitures may be used to pay reasonable Plan expenses, reduce employer matching or nonelective contributions, or be allocated as additional matching or nonelective contributions in accordance with the Plan document. For the year ended December 31, 2025, no forfeitures were used to pay Plan expenses during 2025.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Plan Merger and Transfer of Assets

Effective January 1, 2025, the Plan entered into a merger and transfer agreement with the Metropolitan Staple Corp. 401(k) Plan, whereby all assets and participant account balances of the Metropolitan Staple Corp. 401(k) Plan were transferred into and merged with the Plan. Following the transfer, participant account balances under the Plan were increased by the amounts previously held in the Metropolitan Staple Corp. 401(k) Plan, and participants received credit for prior service with Metropolitan Staple Corp. for purposes of participation, vesting, and benefit accrual. The merger was structured as a direct transfer of qualified plan assets and liabilities and was effective January 1, 2025. The Plan continues to administer the transferred assets in accordance with the terms of the Plan and applicable provisions of the Internal Revenue Code, including the preservation of protected benefits and applicable distribution restrictions associated with transferred elective deferrals, qualified nonelective contributions, and qualified matching contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Employer determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Contributions

Participant contributions are recorded in the period in which the related compensation is earned, and the amounts are withheld from participants’ compensation. Employer discretionary matching contributions are recorded in the same period as the related participant contributions. Employer discretionary nonelective contributions, if any, are recorded in the period in which they are authorized by the Employer and become obligations of the Plan. Rollover contributions are recorded when received by the Plan. Contributions receivable represents amounts due to the Plan at year-end for participant or Employer contributions earned or authorized during the year but not yet remitted to the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid by the Employer and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Trust Company, LLC ("John Hancock"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments:

- Investments, at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends, including loan interest
- Schedule of assets (held at year end)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments and no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Investments at Fair Value as of December 31, 2025

	Level 1	Total
Mutual funds	$ 31,081,290	$ 31,081,290
Investments measured at NAV:		
Common collective trust*		401,918
Investments, at fair value		$ 31,483,208

Investments at Fair Value as of December 31, 2024

	Level 1	Total
Mutual funds	$ 29,193,250	$ 29,193,250
Investments measured at NAV:		
Common collective trust*		1,013,830
Investments, at fair value		$ 30,207,080

* In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value associated with common collective trust as of December 31, 2025 and 2024.

	Fair Value		Unfunded	Redemption	Redemption
	2025	2024	Commitment	Frequency	Notice Period
John Hancock Stable Value Fund R6	$ 401,918	$ 1,013,830	-	Daily	None

NOTE 5 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Mack Financial Group, Inc. is the investment advisor of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the investment advisor by the Plan for the year ended December 31, 2025, totaled approximately $56,000.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer balances.

NOTE 7 - TAX STATUS

The Plan has adopted a non-standardized pre-approved Plan document that has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the pre-approved Plan document was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since adopting the pre-approved Plan document, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS, UNCERTAINTIES, AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2025, and 2024, approximately 20% and 17% of the Plan's investments were invested in the Vanguard Target Retirement 2030 Fund, respectively.

At December 31, 2025, and 2024, approximately 14% and 11% of the Plan's investments were invested in the Vanguard Target Retirement 2040 Fund, respectively.

NOTE 9 - DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. Contributions of $9,592 were not remitted within the required time period for the year ended December 31, 2024. During 2025, the Company remitted the outstanding employee contributions and associated lost earnings to the Plan.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2025 and 2024, per the financial statements to Form 5500:

	December 31, 2025	December 31, 2024
Net assets available for benefits per the financial statements	$ 32,063,499	$ 30,717,478
Contributions receivable	-	(9,592)
Net assets available for benefits per Form 5500	$ 32,063,499	$ 30,707,886

The following is a reconciliation of changes in net assets available for benefits for the year ended December 31, 2025, per the financial statements to the Form 5500:

Changes in net assets per the financial statements	$ 1,346,021
Change in contributions receivable	9,592
Changes in net assets per Form 5500	$ 1,355,613

NOTE 11 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2026, the date on which the financial statements were available to be issued. No significant matters were identified for disclosure during the evaluation.
