INDEPENDENT AUDITORS' REPORT

To the Trustee
Omni Fed LLC 401(k) Plan
Gainesville, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Omni Fed LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Omni Fed LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Omni Fed LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Omni Fed LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Omni Fed LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Omni Fed LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500 – Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Form 5500 – Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended and as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Omni Fed LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Omni Fed LLC (the Company). The Plan was created as a result of a spin-off from the Justworks Retirement Savings Plan (the former PEO Plan), a multiple-employer plan sponsored by Justworks Employment Group, LLC. The Plan effective date was January 1, 2014. The Plan had no activity prior to 2024.

Effective January 1, 2024, the Plan was restated and the Company adopted a prototype plan from Principal Financial Group, for the benefit of its eligible employees. The spin-off was completed in January 2024, and the account balances of eligible participants attributable to Omni Fed LLC were transferred from the former PEO Plan to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee and Company management periodically meet with the Plan's investment advisor to determine the appropriateness of the Plan's investment offerings and monitor investment performance.

The Company has the responsibility for remittance of participant and employer contributions, appointing an administrator to administer the Plan, and determining funds available for investment under the Plan. The Company pays for a portion of the administrative expenses for the Plan.

Eligibility Requirements

All employees are eligible to participate in the Plan except for nonresident aliens receiving no earned income and employees covered by a collective bargaining agreement. Employees are eligible to participate in the Plan on the first day of the month following their hire date, with a requirement of one month of service minimum to participate.

Contributions

Participants may elect to contribute a percentage or a fixed amount of their pre-tax annual compensation, as well as make Roth contributions, as defined in the Plan. The amount that may be contributed is limited by the Internal Revenue Code (IRC) applicable to the type of plan. The Plan does not provide for automatic enrollment. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, pooled separate accounts, a self-directed brokerage account, and a guaranteed investment contract as investment options for participants.

For the years ended December 31, 2025 and 2024, the Company made a non-QACA safe harbor matching contribution equal to 100 percent of participant deferrals up to 3 percent of eligible compensation, plus an additional 50 percent of participant deferrals greater than 3 percent but not more than 5 percent of eligible compensation. In addition, the Company may make discretionary profit-sharing contributions annually. No profit-sharing contribution was made for the years ended December 31, 2025 and 2024.

1. **DESCRIPTION OF PLAN** (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the participant. Allocations are based on participant earnings or individual account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon as well as the non-QACA safe harbor matching contribution. Other discretionary employer contributions are subject to the following vesting schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

All participants are also 100 percent vested if termination is due to disability, death or early retirement.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and do not require spousal consent. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive the value of the participant's vested interest in his or her account as a lump sum amount, or substantially equal annual or more frequent installments as designated by the participant or beneficiary.

Forfeited Accounts

Forfeitures may be used in accordance with Plan document. The forfeitures balance and activity as of and for the years ended December 31, 2025 and 2024 was immaterial.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Financial Statement Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

As permitted by U.S. generally accepted accounting principles, the Plan uses net asset value (NAV) as a practical expedient to determine the fair value of certain investments, and these investments have not been classified in the fair value hierarchy.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant does not make loan repayments within 90 days after they are due, the loan is considered to be in default, the entire loan principal and interest becomes immediately due and payable, and the delinquent participant's note receivable is recorded as a benefit payment based on terms in the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor (DOL) or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses, including certain fees paid through revenue sharing arrangements, are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

3. **CERTIFIED FINANCIAL INFORMATION**

Certain information related to investments disclosed in the accompanying financial statements as of December 31, 2025 and 2024, the ERISA-required supplemental schedule of Form 5500 - Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the Delaware Charter Guarantee and Trust Company conducting business under the trade name Principal Trust Company, a member of the Principal Financial Group (collectively "Principal"), the custodian of the Plan. Notes receivable from participants and interest earned on notes receivable were certified by Principal Trust Company for the years ended December 31, 2025 and 2024.

4. **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures,* provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – inputs to the valuation methodology are based upon unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities measured at fair value are based on one or more of three valuation techniques (market, cost, or income approach). The market approach evaluates prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. The cost approach evaluates the amount that would be required to replace the service capacity of an asset (i.e., replacement cost). The income approach uses techniques that convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing models, and lattice models).

4. **FAIR VALUE MEASUREMENTS** (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Valued at the daily closing price as reported by the respective exchanges. Investments held within the Schwab Personal Choice Retirement Account (Schwab PCRA) consist entirely of publicly traded securities. Pricing and holding details are publicly available, and all securities are required to publish a daily NAV and transact at that price.

Pooled separate accounts: Valued daily at the NAV of the underlying investments at year end. NAV is used as a practical expedient to estimate fair value. The pooled separate accounts have various investment strategies. The funds seek to provide total return greater than or equal to comparable benchmark indices.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Investments in Fair Value Hierarchy				
Mutual funds	$ 14,196,674	$ -	$ -	$ 14,196,674
Self-directed brokerage account	1,139,242	-	-	1,139,242
	$ 15,335,916	$ -	$ -	15,335,916
Investments Measured at Net Asset Value				
Pooled separate accounts				3,132,991
Investments at Fair Value				$ 18,468,907

4. **FAIR VALUE MEASUREMENTS** (continued)

	2024			
	Level 1	Level 2	Level 3	Total
Investments in Fair Value Hierarchy				
Mutual funds	$ 9,664,439	$ -	$ -	$ 9,664,439
Self-directed brokerage account	246,727	-	-	246,727
	$ 9,911,166	$ -	$ -	9,911,166
Investments Measured at Net Asset Value				
Pooled separate accounts				2,481,640
Investments at Fair Value				$ 12,392,806

The following tables summarize investments measured at fair value using the NAV per share practical expedient as of December 31:

2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 3,132,991	N/A	Daily	N/A

2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 2,481,640	N/A	Daily	N/A

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

5. **FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

The Plan holds an interest in the Principal Fixed Income Guaranteed Option, a traditional investment contract (Group Annuity Contract – Custodial Guaranteed Interest Contract) issued by Principal Life Insurance Company and backed by its general account. The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value as of December 31, 2025 and 2024 was $2,238,221 and $1,732,123, respectively.

5. **FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT** (continued)

The issuer is contractually obligated to repay principal and interest at a crediting rate that it declares periodically and that is never less than a guaranteed minimum rate. Participant benefit payments and transfers are made at contract value. Direct transfers to competing investment options (such as stable value, money market, or short-term fixed income options) are not permitted, and indirect transfers are subject to an equity wash period. There are no reserves against contract value for credit risk of the issuer or otherwise. The Plan's ability to receive amounts due depends on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the Plan's interest in the contract by the Plan Sponsor without at least 12 months' notice, and withdrawals initiated by the Plan Sponsor, including those resulting from Plan termination, partial termination, merger, spin-off, or a change in the qualified default investment alternative. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, the issuer may treat the following as early termination events and settle at an amount different from contract value: (1) a representation by the Plan Sponsor becomes untrue in a manner that materially affects the issuer's obligations or risks, or the Plan Sponsor breaches a material obligation under the contract; (2) communications from the employer or a Plan fiduciary that influence participants to withdraw or transfer amounts from the contract; or (3) misrepresentation of a non-Principal recordkeeper's enforcement of the equity wash.

6. **CONCENTRATIONS**

The following table presents investments that represent 10 percent or more of the Plan’s net assets at December 31:

	2025	2024
Fidelity 500 Index Fund	$ 3,810,937	$ 2,626,483
Principal Fixed Income Guaranteed Option	2,238,221	1,732,123

7. **RELATED PARTY TRANSACTIONS**

Principal Financial Group is the Plan's custodian (see Note 3). Plan assets include investments in pooled separate accounts and a guaranteed investment contract. The guaranteed investment contract is managed by Principal. As Principal is the Plan's custodian, transactions with the custodian qualify as party-in-interest transactions under ERISA.

8. **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

9. **TAX STATUS**

Effective January 1, 2024, the Plan adopted a non-standardized pre-approved profit sharing plan with CODA with an opinion letter dated June 30, 2020 from the Internal Revenue Service stating that the form of plan stated in that letter is acceptable for use by employers for the benefit of their employees under IRC Section 401. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

10. RISKS AND UNCERTAINTIES

The Plan invests in a combination of investment securities that are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

11. DELINQUENT PARTICIPANT CONTRIBUTIONS

DOL Regulation 2510.3-102(a) states, in part, that participant contributions become Plan assets as of the earliest date on which they can reasonably be segregated from the employer's general assets. During the year ended December 31, 2025, participant contributions of $284 were not remitted to the Plan within the period required by the regulation. In addition, participant contributions of $4,398 for the year ended December 31, 2024 were remitted late, and the related lost earnings were not remitted to the Plan until 2026. The Plan Sponsor intends to remit lost earnings on the 2025 late contributions during 2026. These amounts are reported on the supplemental Schedule H, line 4a – Schedule of Delinquent Participant Contributions.

12. TRANSFER OF ASSETS

In connection with the establishment of the Plan, the Company elected to transfer the account balances of participating employees from the former PEO Plan into the Plan. On February 7, 2024, assets with a fair value of approximately $7,400,000 were transferred into the Plan. The transfer consisted primarily of mutual funds and collective trust funds.

This transfer is reflected in the accompanying prior year statement of changes in net assets available for benefits as "Transfer into the Plan from Justworks Retirement Savings Plan." The transfer represents the initial funding of the Plan, and accordingly, the beginning net assets of the Plan were $-0-.

Assets	
Investments, at fair value	$ 7,285,726
Notes receivable from participants	128,802
Net Assets Available for Benefits	$ 7,414,528

13. SUBSEQUENT EVENTS

Effective June 3, 2026, the Plan Sponsor amended and restated the Plan. The amendment changed the vesting schedule for employer contributions subject to vesting from a two-year cliff schedule to a six-year graded schedule, with vesting service determined under the elapsed time method rather than the hours of service method. Plan entry dates were changed from monthly to quarterly. Bargaining unit employees and nonresident aliens were excluded from participation. The age and service entry requirements were waived for employees of Nara Logics acquired through an asset purchase. Participant loan provisions were also revised to establish a $1,000 minimum loan amount and a maximum term of 15 years for principal residence loans, and to clarify default and post-severance repayment timing.
