Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **403(b) Thrift Plan for Employees of Southwest Oklahoma Community Action Group, Inc.** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2025 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2025 and 2024

NOTE 1: DESCRIPTION OF PLAN

The following description of the 403(b) Thrift Plan for Employees of Southwest Oklahoma Community Action Group, Inc. (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan that operates as a Section 403(b) retirement plan for the benefit of eligible employees of Southwest Oklahoma Community Action Group, Inc. (the Employer). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All non-excluded employees are eligible to make elective deferrals to the Plan beginning on their date of hire. All non-excluded employees are eligible to participate in Employer contributions once they have completed one year of service in which at least 1,000 hours of service are earned.

Contributions

Each year, participants may contribute a portion of their pre-tax compensation, subject to certain limitations as defined in the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Employer's matching contribution is equal to 100% of the participant's contribution, up to a maximum of 10% of participant's compensation, as defined.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions among the various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions, his or her allocation of the Employer's contributions, and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant contributions, compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. The Employer's matching contributions vest at 20% per year after one year of service and are fully vested after five years of service. Participants are automatically 100% vested at upon reaching normal retirement age, upon death, and upon disability.

Forfeitures
Forfeitures are used to reduce Employer matching contributions. $3,876 of forfeitures were used to reduce Employer contributions during the year ended December 31, 2025. Unallocated forfeitures amount to $-0- and $2,865 as of December 31, 2025 and 2024, respectively.

Payment of Benefits
Upon termination of service, a participant may elect to receive the value of the vested interest in his or her account either in a lump-sum payment, in an annuity, or, under certain circumstances, in installment payments. The Plan also allows for in-service withdrawals for participants meeting certain age, service, or hardship requirements.

See Note 10 for specific disclosures related to the Coronavirus Aid, Relief, and Economic Security (CARES) Act.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits
Benefit payments are recorded when paid. There were no amounts allocated to withdrawing participants' accounts for distributions payable on or before December 31, 2025 and 2024 but not yet paid as of those dates.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Certain activity based fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Expense Offset Arrangements
Fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the insurance company. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Loans to Participants
Plan loans are made by Mutual of America to the participant from the general assets of Mutual of America, not Plan assets. The amount borrowed plus a loan reserve (20% of the loan amount) is secured against the guaranteed interest account. Participants may borrow a minimum of $1,000. The maximum amount that may be used to secure a loan is the lessor of (i) 50% of the participant's vested account balance and (ii) $50,000 minus any plan loan amount repaid during the prior year. Because the loan must be secured by 120% of the amount borrowed, in accordance with Department of Labor (DOL) regulations, the maximum loan amount cannot exceed forty one and two thirds percent (41⅔%) of the participant's total account balance minus any current outstanding loans, not to exceed $50,000. A participant's Roth account balance cannot be used to secure a loan. The maximum loan term is five years unless the loan is used to acquire the principal residence for the participant. If a loan is not fully repaid when it becomes due, the loan will be considered to be in default. If at the time of the default, the participant is not eligible for a distribution from the Plan, a deemed distribution will occur which is a taxable event to the participant. Interest and penalties will continue to accrue until the participant is eligible for a distribution (such as when the participant terminates service, attains age 59½, etc.). At which time the amount of the defaulted loan plus interest and penalties will be deducted from the participant's account. The loans are subject to a commercially reasonable rate of interest. At December 31, 2025 and 2024, the interest rate on outstanding loans was 5.85%.

The amount borrowed plus a loan reserve (20% of the loan amount) must be reserved in the participant's Mutual of America interest accumulation account. As loan repayments are made, amounts securing the loan are reduced. The participant may then request a transfer of these amounts from his or her Mutual of America interest accumulation account to any of the other investment options offered by the Plan. As of December 31, 2025 and 2024, approximately $187,000 and $143,000, respectively, of participant account balances were pledged as collateral against outstanding loans totaling $155,776 and $119,362, respectively.

See Note 10 for specific disclosures related to the CARES Act.

NOTE 3: INFORMATION CERTIFIED BY THE PLAN'S INSURANCE COMPANY

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mutual of America Life Insurance Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024,
- Net appreciation in fair value of investments and interest income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, and
- The Schedule of Assets Held at End of Year as of December 31, 2025.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Codification Topic *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB Codification Topic *Fair Value Measurements and Disclosures* are described as:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Variable annuities in pooled separate accounts: Valued at the net asset value (NAV) of the units of the pooled separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily.

Interest accumulation account: Valued at contract value (contributions and interest less expenses and withdrawals), which approximates fair value, as provided by Mutual of America.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. In accordance with the FASB Codification Topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Interest accumulation account	$ -	$ 1,581,843	$ -	$ 1,581,843
Total assets in the fair value hierarchy	$ -	$ 1,581,843	$ -	1,581,843
Investments measured at net asset value				2,950,517
Total investments				$ 4,532,360

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Interest accumulation account	$ -	$ 1,479,304	$ -	$ 1,479,304
Total assets in the fair value hierarchy	$ -	$ 1,479,304	$ -	1,479,304
Investments measured at net asset value				2,513,827
Total investments				$ 3,993,131

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Variable annuities in pooled separate accounts	$ 2,950,517	$ -	Daily	None

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Variable annuities in pooled separate accounts	$ 2,513,827	$ -	Daily	None

Each portfolio included in the variable annuities in pooled separate accounts has different investment objectives and risks. The portfolio prospectuses contain more detailed information on each portfolio's investment strategy. Generally, there are portfolios that seek a high level of income, long-term capital appreciation, and combinations of each. A large portion of the portfolios seek to achieve current income and capital appreciation appropriate for the asset allocation associated with the approximate target year of retirement.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their accounts.

NOTE 6: RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by Mutual of America. Mutual of America is the insurance company of the Plan. As a result, these investments and the related investment transactions qualify as party-in-interest transactions. Certain Mutual of America fees incurred by the Plan are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. To the extent that revenue sharing is insufficient to cover these fees, they will be deducted pro rata from the participant's account.

The Plan incurs expenses related to general administration and record keeping. The Employer pays a portion of these and other Plan expenses. The Employer also performs certain administrative functions at no cost to the Plan. The Employer does not expect reimbursement for these expenses.

The Plan is charged fees and expenses through expense ratios charged by Mutual of America to the Plan's various pooled separate accounts. The investment expense ratios vary by fund and are reflected in the value of the investments held by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 7: TAX STATUS AND UNCERTAIN TAX POSITIONS

The Plan has adopted a prototype plan document offered through Mutual of America. Mutual of America obtained an opinion letter on the above referenced prototype plan from the Internal Revenue Service dated March 31, 2017 which indicated that the prototype plan is accepted under section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

The Plan accounts for uncertain tax positions in accordance with the provisions of the FASB Codification Topic *Income Taxes.* FASB Codification Topic *Income Taxes* clarifies the accounting for uncertainty in income taxes and requires the Plan to recognize in their financial statements the impact of a tax position taken or expected to be taken in a tax return, if that position is more likely than not to be sustained under audit, based on the technical merits of the position. The Plan administrator has assessed the tax positions taken by the Plan, and determined that no positions exist that require adjustment or disclosure under the provisions of FASB Codification Topic *Income Taxes*.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan provides for investments in various income securities, which in general are exposed to certain risks, such as interest rate, credit, and overall market volatility risks. Certain investment options may invest in foreign securities. There are certain additional risks involved when investing in funds with underlying foreign securities that are not present with investments in domestic securities. These risks may involve foreign currency exchange rate fluctuations, adverse political and economic developments and the possible prevention of currency exchange due to foreign governmental laws or restrictions. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Plan's financial statements.

NOTE 9: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements as of and for the years ended December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 4,532,360	$ 4,004,487
Employer contributions receivable	-	(5,678)
Participant contributions receivable	-	(5,678)

NOTE 10: CARES ACT DISTRIBUTIONS AND PARTICIPANT LOANS

In response to the financial hardship faced by many individuals as a result of the COVID-19 pandemic, Congress enacted the CARES Act that allowed for certain temporary changes to 403(b) Plan distributions and loans to participants. Qualified individuals could take up to $100,000 from their retirement accounts. These distributions were not subject to the usual 20% withholdings for federal taxes, age requirements, or notice rules. The tax burden for these distributions can be spread over three years, and the distributions can be repaid over three years. Qualified individuals could take larger loans from their retirement accounts. The maximum loan limit was increased to $100,000. Loan repayments could be delayed for up to one year. Also, participants do not have to take required minimum distributions for 2020. Plan amendments for adoption of provisions of the CARES Act are required to be made by December 31, 2026. The Plan has not yet been amended; however, it is Plan management's intent to amend the Plan prior to the due date.

NOTE 11: SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 14, 2026, the date that the financial statements were available to be issued.

NOTE: **HISTORICAL COST INFORMATION**

Disclosure of historical cost information with regard to certain plan investments is normally required to be presented in the Schedule of Assets Held at End of Year in accordance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This disclosure requirement, however, does not apply to plans whose investments are 100% participant directed; therefore, no cost information is reported in the above referenced schedule.
