Independent Auditor's Report

The Plan Administrator
LGI Services, LLC 403(b) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of LGI Services, LLC 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The ERISA-required supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and the ERISA-required Supplemental Schedule H, line 4a- Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and

other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the LGI Services, LLC 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan under Section 403(b) of the Internal Revenue Code (the Code) and covers all employees of LGI Services, LLC (LGI or the Plan Sponsor) and The Lighthouse International (the Affiliate). An employee becomes eligible to participate in the Plan immediately upon employment, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

Principal Trust Company (Principal) is the trustee and a recordkeeper of the Plan. Mutual of America Life Insurance Company (MOA) is a custodian and a recordkeeper of the Plan. The administrator of the Plan is LGI. Principal and MOA hold all assets of the Plan in accordance with the service provider contracts with LGI. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participant Contributions

Participants can elect to contribute a portion of their pre-tax or after-tax annual compensation, subject to certain Internal Revenue Service (IRS) limitations, as a salary-reduction contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who are 60 - 63 years of age can contribute a super catch up contribution up to a total of $11,250 (including the $7,500 catch up contribution). Once a participant turns 64, contributions revert back to the normal catch up contribution amount. In addition, effective January 1, 2026, catch-up contributions for participants with compensation greater than $150,000 in prior calendar year must be made as Roth contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatic enrollment deferral contributions are increased by 1% each year subsequent to enrollment up to 6%. Effective January 1, 2026 there will be an increase by 1% each year subsequent to enrollment up to 10%.

Non-Bargaining Participants

Non-bargaining employees are eligible for matching contributions after 90 days of service if they are an active participant at any time during a payroll period. Matching contributions for non-bargaining employees are Safe Harbor matching contributions and are fully vested when made. The amount of the matching contributions is equal to 100% of an employee's 403(b) elective deferral

contributions, up to 3% of an employee's pay, plus 50% of the employee's 403(b) elective deferral contributions, which are over 3% of pay but are not over 5%.

A discretionary contribution can be made each Plan year to non-bargaining employees in an amount determined by the employer. The discretionary contribution for the year ended December 31, 2025 was 3% of eligible salaries and totaled $286,227. Eligibility requirements for the discretionary contribution, for non-bargaining employees, are the same as the requirements for the matching contribution.

Bargaining Unit Participants (1199)

Bargaining unit employees, excluding union bargaining unit nurses, are eligible for matching contributions after 90 days of service if they are an active participant at any time during a payroll period and are fully vested when made. The amounts of the matching contributions are equal to 100% of an employee's 403(b) elective deferral contributions, up to 4% of an employee's pay. Effective January 1, 2024, the additional matching contributions for bargaining unit participants, excluding union bargaining unit nurses, are based on a participant's years of service will be as follows:

- For at least five but less than ten years of service, $1 for every $3 is contributed by the participant. Matching contributions shall not exceed $900 for the Plan year.
- For ten to 20 years of service, $1 for every $2 is contributed by the participant. Matching contributions shall not exceed $1,000 for the Plan year.
- For 20 to 30 years of service, $1 for every $2 is contributed by the participant. Matching contributions shall not exceed $1,400 for the Plan year.
- For 30 years or more of service, $1 for every $2 is contributed by the participant. Matching contributions shall not exceed $1,900 for the Plan year.

An additional contribution can be made each Plan year to the bargaining unit employees. The contribution for the year ended December 31, 2025 was 3% of eligible salaries and totaled $134,227. Eligibility requirements for the additional contribution, for bargaining unit employees, are the same as the requirements for the matching contribution.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into a variety of investment options offered by the Plan. The Plan accepts rollovers and transfers from other qualified plans but only for those employees eligible to participate in the Plan and inactive participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, rollover contributions, and an allocation of net Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the vested portion of their accounts.

Vesting

All employee deferrals and employer matching contributions, as well as additional contributions for bargaining employees, are fully and immediately vested. The discretionary employer contributions for non-bargaining employees are subject to three years of service vesting cliff.

Forfeited Accounts

Forfeitures from terminated nonvested Plan participants are used to reduce future employer contributions under the Plan. Forfeitures of $3,952 were applied toward employer contributions during the year ended December 31, 2025. There were no remaining forfeited nonvested balances yet to be offset as of December 31, 2025 or 2024.

Payment of Benefits

On termination of service due to disability or retirement, a participant (or a designated beneficiary) may elect to receive a distribution of their vested account balance. If the participant dies before distribution begins, the entire interest earned in the Plan will be distributed to the spouse or the named beneficiary.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of $50,000 or the greater of (a) 50.00% of their account balance, or (b) $10,000, not to exceed the participant account balance, reduced by any outstanding loan balance on the date the new loan is made. All notes receivable shall bear a reasonable rate of interest as determined by the loan administrator and must be repaid in no more than five years, unless used for the purchase of the participant's principal residence, for which the repayment period shall be extended to be consistent with commercial home loan practices. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the IRC.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statement in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to

transfer a liability in an orderly transaction between market participants at the measurement date. LGI determines the Plan's valuation policies utilizing information provided by the investment advisors, Principal and MOA. See Note 3 for a discussion of fair value measurements.

The Plan's fully benefit-responsive investment contracts (see Note 5) are valued at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which LGI makes the respective payroll deduction from the participant's compensation. Discretionary contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.

- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 or 2024.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate Account – The separate account is valued at its accumulation unit value (AUV), which approximates fair value. The AUV is determined daily in the NAV of shares of the underlying fund and the separate account charges (i.e., the daily asset charge). The underlying funds of the separate account are various registered investment companies whose investment strategies are to seek capital appreciation through investment in common and preferred stocks and debt securities. The AUV, as determined by MOA, is used as a practical expedient to measure fair value. Accordingly, the separate account is not required to be and has not been classified in the fair value hierarchy as of December 31, 2025 and 2024. NAV would not be used if it were probable that the investment would not be traded at NAV. The Plan's investment in the separate account may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments. The separate account is a direct filing entity.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 40,544,738	$ -	$ -	$ 40,544,738
Total Investments, in the fair value hierarchy	$ 40,544,738	$ -	$ -	40,544,738
Separate account*				123,222
Total Investments, at fair value				$ 40,667,960

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 36,775,716	$ -	$ -	$ 36,775,716
Total Investments, in the fair value hierarchy	$ 36,775,716	$ -	$ -	36,775,716
Separate account*				107,916
Total Investments, at fair value				$ 36,883,632

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividend and interest income, and interest on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal and MOA, qualified institutions.

5. Guaranteed Investment Contracts

The Plan entered into fully benefit-responsive guaranteed investment contracts with Principal and MOA. Principal and MOA maintain the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuers of the guaranteed investment contracts are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Principal and MOA, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines.
- A breach of material obligation under the contract.
- A material misrepresentation.
- A material amendment to the agreements without the consent of the issuer.

6. Party-in-Interest Transactions

Certain of the Plan's investments are in funds and accounts that are managed by Principal and MOA. Participant loan and distribution processing fees are paid to Principal and MOA by participants. The Plan issues notes to participants that are secured by the vested balances in the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code. The Plan uses a pre-approved plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company received an opinion letter from the IRS, dated March 31, 2017, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, LGI has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

10. Delinquent Participant Contributions

During the Plan year ended December 31, 2025, participant contributions totaling $1,336 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. As of the date of this report, the participant contributions were remitted to the Plan however the remittance of the related lost earnings was still pending.

11. Subsequent Events

Subsequent events have been evaluated through October 14, 2026, which is the date the financial statements were available to be issued, and has determined the Plan had no material subsequent events that require adjustment to or disclosure in these financial statements.
