Independent Auditor's Report

Arthur H. Thomas Savings & Investment Plan
Retirement Plans Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Arthur H. Thomas Savings & Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2025 financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Arthur H. Thomas Savings & Investment Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Arthur H. Thomas Savings & Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Arthur H. Thomas Savings & Investment Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Arthur H. Thomas Savings & Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are as a whole are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of the Arthur H. Thomas Savings & Investment Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Arthur H. Thomas Company and its subsidiaries, the LaMotte Chemical Products Company, Cannon Instrument Company, and Performance Distillation Solutions, LLC (collectively referred to as the Company), who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Company is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to Plan management.

Eligibility Requirements

Employees are eligible to participate on the first day of the month following 30 calendar days of service.

Contributions

Participants may elect to make contributions to the Plan not to exceed Internal Revenue Service limitations ($23,500 for 2025 and $23,000 for 2024). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (up to $8,000 for 2025 and $7,500 for 2024). Additionally, in accordance with the Provisions of Secure 2.0 Act of 2022 The Plan permits eligible participants who attain the age 60 through 63 during calendar year to make enhanced super catch up elective deferrals (up to $11,250 for 2025). This was not effective in 2024. Participants may also rollover amounts representing distributions from other qualified defined benefit plans, defined contribution plans, and Roth elective deferral accounts.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of base compensation that a participant contributes to the Plan.

The Company contributes 25% of the first 6% of base compensation that a participant contributes to the Plan. Total matching contribution for the year ended December 31, 2025 was $367,248. The Company may also make an additional nonelective contribution. During the year ended December 31, 2025, the Company made additional nonelective contributions which totaled $1,112,333, which was equal to 4% of each participant's pay per pay period. Contributions made by the Company are subject to certain IRS limitations.

Note 1 Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions, including voluntary contributions, plus actual earnings thereon. Vesting in the Company's matching and certain nonelective contribution portion of their accounts is based on years of continuous service. The Plan's vesting schedule is as follows:

< 1.0 Years	1.0 Years	2.0 Years	3.0 Years	4.0 Years	5.0 Years
0.00%	20.00%	40.00%	60.00%	80.00%	100.00%

During 2025, the Plan included a safe harbor employer contribution election to the plan in which individual participants are 100% vested at the time the employer safe harbor contribution is made.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, as well as the Company's profit-sharing contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

As of December 31, 2025, forfeited non-vested accounts totaled $5,464. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2025, employer contributions were reduced by $4,951 from forfeited non-vesting accounts.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or an annuity. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Additionally, participants who are still employed may make hardship withdrawals (after all loan options have been maximized) as defined by the IRS from their salary deferral account balance. Employees age 59 ½ may withdraw any portion of their vested account balance.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit responsive investment contracts which are required to be reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Employee Contribution Receivables

Employer contribution receivables represent the Company's guaranteed match or discretionary profit-sharing contribution for the plan year that was not paid until the subsequent year. There was no receivable noted in the current year.

Excess Employer Contribution Payable

Amounts payable to the employer for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to employer contributions in the year made (see Note 11).

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Administrative expenses paid by the Plan totaled $143,663 for the year ended December 31, 2025.

Note 3 ERISA Section 103(a)(3)(c) Audit for the 2025 Financial Statements

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from John Hancock Trust Company LLC ("John Hancock") in which they certified that the statements furnished for the year ended December 31, 2025, pursuant to 29 CFR 2520.103-5 is complete and accurate reflection of John Hancock's business records. The information related to investments from participants disclosed in the accompanying financial statements and the supplemental schedule, including investments held at December 31, 2025, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the year ended December 31, 2025 was obtained or derived from information supplied from and certified by John Hancock, the custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Note 4 Fair Value Measurements (Continued)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets as of the reporting date.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable or significant to the fair value measurement.

The asset or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 Fair Value Measurements (Continued)

The following table sets forth by the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value
December 31, 2025				
Mutual funds	$41,040,011	$ -	$ -	$41,040,011
	$41,040,011	$ -	$ -	$41,040,011

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value
December 31, 2024				
Mutual funds	$35,725,431	$ -	$ -	$35,725,431
	$35,725,431	$ -	$ -	$35,725,431

Note 5 Guaranteed Investment Contract

The Plan invests in a traditional fully benefit-responsive investment contract ("FBRIC")with John Hancock totaling $1,673,588 and $2,178,810 as of December 31, 2025 and 2024, respectively. John Hancock maintains the contributions within New York Life Insurance Company's general account which is currently invested in a broadly diversified fixed-income portfolio. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Interest is accrued daily and credited monthly. The crediting rate is set on January 1 and July 1 of each year. If the weighted value of certain indexes changes by more than 2% John Hancock reserves the right to reset the crediting rate on October 1 or April 1. Crediting rating is set in advance and is guaranteed by John Hancock Life Insurance Company (USA) and will not be less than 1%. The crediting rate was 2.55% and 2.25% at December 31, 2025 and 2024, respectively.

Note 5 Guaranteed Investment Contract (Continued)

The John Hancock FBRIC provides that, subject to certain restrictions, withdrawals for benefit payments at death, retirement, disability, or termination of employment and for loans, hardship withdrawals, or in-service withdrawals are permitted to the plan at contract value as described in the agreement. Transfers to other funds are also made at contract value, subject to certain restrictions. At contract termination, a plan may elect to receive either an immediate lump-sum distribution subject to a market value adjustment or receive a contract value distribution in six annual installments over a period of five years. Additionally, distributions resulting from employer-initiated events such as plan termination, merger spin-off, layoff, and early retirement incentives may also be subject to market value adjustments. An event that limits the plan's ability to transact at contract value with participants in the plan must have the probability of not occurring for the contract to be considered benefit responsive. The plan sponsor is responsible for making that determination. Participant-initiated transactions are permitted on a daily basis. Transfers to competing funds must first go through a noncompeting investment option for at least 90 days, however, such short term administrative restrictions don't necessarily affect the contract's categorization as benefit responsive.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that caused a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the participants.

This contract meets the fully benefit-responsive investments contract criteria and therefore was reported at contract value as of December 31, 2025 and 2024. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transaction under the term of the Plan. Contract value, as reported to the Plan by John Hancock, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

In addition, certain events allow the issuer to terminate the contract with the Plan or settle at an amount different from contract value. Such events are specified within the investment agreement of the FBRIC.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminated, participants will become one hundred percent vested in their accounts.

Note 7 Related Party and Parties-in-Interest Transactions

The JH Stable Value Guaranteed Income and John Hancock Disc Val MC R6 are managed by John Hancock Financial, which also serves as fund custodian and the Plan also has several other service providers. As such, transactions in these investments and for services provided qualify as party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for the services provide are included in administrative expenses.

Note 8 Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated June 30, 2020, that the Plan was qualified and was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the plan administrator and the Plan's tax counsel believe that the plan is currently designed and operating in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audit; however, there are currently no audits for any tax periods in progress.

Note 9 Prohibited Transactions

As reported on Schedule H, part IV, line 4a, Schedule of Delinquent Participant Contributions for the years ended December 31, 2025 and 2024, certain participant contributions were not remitted to the Plan within the timeframe specified by the Department of Labor’s Regulation 29 CFR 2510.53-102, thus constituting non-exempt transactions between the Plan and the Company.

Note 9 Prohibited Transactions (Continued)

Delinquent Participant contributions, relating to various payroll periods were remitted to the Plan but exceeded the time allowed by the DOL to be reasonably segregated from the Company's assets, are as follows at December 31, 2025 and 2024:

Plan Year Ending December 31,	
2025	$280,062
2024	302,912
2022	13,693

As of the date of these financial statements, the Company has fully corrected the delinquent participant contributions for 2024 through the Voluntary Fiduciary Correction Program (VFCP) and expects to correct the remaining delinquent contributions in 2026.

Note 10 Risks and Uncertainties

Investments are subject to market volatility, which could have a material effect on participant accounts. The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment options and the level of uncertainty related to changes in the value of investment options, it is reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 11 Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	2025	2024
