INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Corning Health Protection Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the Corning Health Protection Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and the supplemental Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Note 1 Description of the Plan

The following description of the Corning Health Protection Plan (the Plan), formerly known as the Corning Incorporated Medical Benefit Plan, is provided for general information purposes only. Participants should refer to the Summary Plan Description and other Plan documents for a complete description of the Plan's provisions.

General

The Plan is a contributory welfare benefit plan established to provide medical and prescription drug benefits for employees of Corning Incorporated (the Company) who meet the requirements described in the Plan document. Effective January 1, 2025, the plan sponsor spun-off certain benefits previously covered by other plans sponsored by the Company into the plan, adding basic, universal and optional life insurance, accidental death and dismemberment insurance and business travel accident insurance coverage. Concurrent with this, the plan name was changed. Effective September 30, 2020, the Company established and funded a trust fund that is intended to be a Voluntary Employees' Beneficiary Association (VEBA or the Trust) under §501(c)(9) of the Internal Revenue Code (the Code). Accordingly, an agreement has been established between the Company and The Bank of New York (the Trustee) to administer the Trust. Prior to September 30, 2020, the Company provided healthcare benefits but the Plan was not funded through a trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Corning Incorporated Benefits Committee (the Committee) serves as the administrator of the Plan and contracts with Aon Consulting, Inc. for actuarial services. Medical claims are processed primarily by United Healthcare. Prescription drug claims are processed primarily by CVS Caremark. Life insurance, accidental death and dismemberment insurance, and business travel insurance coverage is provided through Metropolitan Life Insurance Company. The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed from either VEBA trust assets or the general assets of the Company.

Eligibility and Benefits

The Plan provides medical, prescription drug, basic, universal and optional life insurance, accidental death and dismemberment insurance and business travel accident insurance benefits to eligible employees and their eligible dependents (subject to applicable deductibles, co-payments, and other limitations and restrictions), under self-insured and fully-insured programs.

Employees and their eligible dependents are eligible for benefits under the Plan on their first day of work as long as they are employed on average at least 30 hours per week.

Note 1 **Description of the Plan – Continued**

Contributions
To provide the benefits offered under the Plan, contributions are made by participants and the Company. For each plan year, the Company establishes the level of participant and Company contribution, based on respective benefit elections. Contribution rates may be different based upon an employee's specific elections.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 14, 2026, the date that the financial statements were available to be issued.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities, as of the date of the financial statements. Actual results could differ from these estimates.

The benefit obligation is reported based on certain assumptions. Due to uncertainties inherent in the estimations and assumptions process, it is possible that actual results could differ from the amounts reported.

Payment of Benefits
Claim payments paid by the Plan are recorded when paid by the third-party claims processor. These payments are recorded as claims paid in the accompanying Statement of Changes in Net Assets Available for Benefits. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as claims payable in the accompanying Statements of Net Assets Available for Benefits.

Risks and Uncertainties
The Plan invests in investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of the investment securities, such as inflation, a pandemic, or international conflict. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in the values will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Note 2 **Summary of Significant Accounting Policies - Continued**

Rebates
The prescription drug coverage offered by the Plan includes a drug formulary which is a list of covered drugs preferred by the Plan. The Plan is entitled to certain rebates based on the participation in the drug formulary. The Plan receives these rebates on various time schedules, including monthly, quarterly and annually. Quarterly rebates are paid one quarter in arrears and a receivable has been recorded at year-end to reflect rebates earned but not yet received by the Plan. Due to the uncertainty of the timing and amount of the annual rebates, management recognizes the annual rebates in the period received. Rebate income is netted against Claims Paid on the accompanying Statement of Changes in Net Assets Available for Benefits. Rebates amounted to $32,238,136 for 2025.

Administrative Expenses
Administrative expenses of the Plan, which consist primarily of third-party administration, trustee, and actuarial fees, are paid by the Plan. Certain other administrative costs are paid by the Company.

Note 3 **Fair Value Measurements**
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and non-financial assets and liabilities. That guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 3 **Fair Value Measurements - Continued**

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024.

Cash Equivalents: Valued at fair value based on net asset value of the underlying investment. This investment is actively traded and is classified as a Level 1 investment.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis.

Note 4 **Plan Information Certified by Trustee**

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Bank of New York/BNY N.A, has certified to the completeness and accuracy of the following information:

- Cash and cash equivalents on the statements of net assets available for benefits as of December 31, 2025 and 2024, and the Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2025.

- The Schedule H, Line 4j – schedule of reportable transactions for the year ended December 31, 2025.

- Interest income on the statement of changes in net assets available for benefits for the year ended December 31, 2025.

Note 5 **Benefit Obligations**

Benefit obligations of the Plan include claims incurred but not reported which are estimated based on historical claims experience and actual claims reported subsequent to the Plan's year end, annual cost trend factors and estimated future administrative expenses. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Benefit obligations as of December 31, 2025 and 2024 are as follows:

	2025	2024
Claims payable and claims incurred but not yet reported	$ 18,751,000	$ 16,282,000
Plan's total benefit obligation	$ 18,751,000	$ 16,282,000

Changes in the Plan's benefit obligations are as follows:

	2025	2024
Balance - Beginning	$ 16,282,000	$ 18,959,000
Claims Incurred	214,891,300	193,251,215
Claims Paid	(212,422,300)	(195,928,215)
Balance - Ending	$ 18,751,000	$ 16,282,000

Note 6 **Income Tax Status**

The Trust funding the Plan has received an exemption letter from the Internal Revenue Service (IRS) dated February 4, 1988, stating that the Trust is tax-exempt under the provisions of the Internal Revenue Code (IRC). The Plan has been amended since receiving such letter. The Plan and Trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trust. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the related Trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 **Party-in-Interest Transactions**

Plan assets are managed by the Trustee. Transactions involving these assets qualify as party-in-interest transactions. As described in Note 1, the Plan has several agreements with service providers for which it pays service fees. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8 **Plan Termination**

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants.

Note 9 **Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2025	2024
Net Assets Available for Benefits per the Financial Statements	$ 54,254,028	$ 23,322,517

Net Assets Available for Benefits per the Form 5500	**$ 35,503,028**	**$ 7,040,517**

The following is a reconciliation of claims paid to participants per the financial statements to the Form 5500:

	2025

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Corning Health Protection Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the Corning Health Protection Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and the supplemental Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

Note 1 Description of the Plan

The following description of the Corning Health Protection Plan (the Plan), formerly known as the Corning Incorporated Medical Benefit Plan, is provided for general information purposes only. Participants should refer to the Summary Plan Description and other Plan documents for a complete description of the Plan's provisions.

General

The Plan is a contributory welfare benefit plan established to provide medical and prescription drug benefits for employees of Corning Incorporated (the Company) who meet the requirements described in the Plan document. Effective January 1, 2025, the plan sponsor spun-off certain benefits previously covered by other plans sponsored by the Company into the plan, adding basic, universal and optional life insurance, accidental death and dismemberment insurance and business travel accident insurance coverage. Concurrent with this, the plan name was changed. Effective September 30, 2020, the Company established and funded a trust fund that is intended to be a Voluntary Employees' Beneficiary Association (VEBA or the Trust) under §501(c)(9) of the Internal Revenue Code (the Code). Accordingly, an agreement has been established between the Company and The Bank of New York (the Trustee) to administer the Trust. Prior to September 30, 2020, the Company provided healthcare benefits but the Plan was not funded through a trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Corning Incorporated Benefits Committee (the Committee) serves as the administrator of the Plan and contracts with Aon Consulting, Inc. for actuarial services. Medical claims are processed primarily by United Healthcare. Prescription drug claims are processed primarily by CVS Caremark. Life insurance, accidental death and dismemberment insurance, and business travel insurance coverage is provided through Metropolitan Life Insurance Company. The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed from either VEBA trust assets or the general assets of the Company.

Eligibility and Benefits

The Plan provides medical, prescription drug, basic, universal and optional life insurance, accidental death and dismemberment insurance and business travel accident insurance benefits to eligible employees and their eligible dependents (subject to applicable deductibles, co-payments, and other limitations and restrictions), under self-insured and fully-insured programs.

Employees and their eligible dependents are eligible for benefits under the Plan on their first day of work as long as they are employed on average at least 30 hours per week.

Note 1 **Description of the Plan – Continued**

Contributions
To provide the benefits offered under the Plan, contributions are made by participants and the Company. For each plan year, the Company establishes the level of participant and Company contribution, based on respective benefit elections. Contribution rates may be different based upon an employee's specific elections.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 14, 2026, the date that the financial statements were available to be issued.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities, as of the date of the financial statements. Actual results could differ from these estimates.

The benefit obligation is reported based on certain assumptions. Due to uncertainties inherent in the estimations and assumptions process, it is possible that actual results could differ from the amounts reported.

Payment of Benefits
Claim payments paid by the Plan are recorded when paid by the third-party claims processor. These payments are recorded as claims paid in the accompanying Statement of Changes in Net Assets Available for Benefits. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as claims payable in the accompanying Statements of Net Assets Available for Benefits.

Risks and Uncertainties
The Plan invests in investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of the investment securities, such as inflation, a pandemic, or international conflict. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in the values will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Note 2 **Summary of Significant Accounting Policies - Continued**

Rebates
The prescription drug coverage offered by the Plan includes a drug formulary which is a list of covered drugs preferred by the Plan. The Plan is entitled to certain rebates based on the participation in the drug formulary. The Plan receives these rebates on various time schedules, including monthly, quarterly and annually. Quarterly rebates are paid one quarter in arrears and a receivable has been recorded at year-end to reflect rebates earned but not yet received by the Plan. Due to the uncertainty of the timing and amount of the annual rebates, management recognizes the annual rebates in the period received. Rebate income is netted against Claims Paid on the accompanying Statement of Changes in Net Assets Available for Benefits. Rebates amounted to $32,238,136 for 2025.

Administrative Expenses
Administrative expenses of the Plan, which consist primarily of third-party administration, trustee, and actuarial fees, are paid by the Plan. Certain other administrative costs are paid by the Company.

Note 3 **Fair Value Measurements**
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and non-financial assets and liabilities. That guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 3 **Fair Value Measurements - Continued**

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024.

Cash Equivalents: Valued at fair value based on net asset value of the underlying investment. This investment is actively traded and is classified as a Level 1 investment.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis.

Note 4 **Plan Information Certified by Trustee**

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Bank of New York/BNY N.A, has certified to the completeness and accuracy of the following information:

- Cash and cash equivalents on the statements of net assets available for benefits as of December 31, 2025 and 2024, and the Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2025.

- The Schedule H, Line 4j – schedule of reportable transactions for the year ended December 31, 2025.

- Interest income on the statement of changes in net assets available for benefits for the year ended December 31, 2025.

Note 5 **Benefit Obligations**

Benefit obligations of the Plan include claims incurred but not reported which are estimated based on historical claims experience and actual claims reported subsequent to the Plan's year end, annual cost trend factors and estimated future administrative expenses. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Benefit obligations as of December 31, 2025 and 2024 are as follows:

	2025	2024
Claims payable and claims incurred but not yet reported	$ 18,751,000	$ 16,282,000
Plan's total benefit obligation	$ 18,751,000	$ 16,282,000

Changes in the Plan's benefit obligations are as follows:

	2025	2024
Balance - Beginning	$ 16,282,000	$ 18,959,000
Claims Incurred	214,891,300	193,251,215
Claims Paid	(212,422,300)	(195,928,215)
Balance - Ending	$ 18,751,000	$ 16,282,000

Note 6 **Income Tax Status**

The Trust funding the Plan has received an exemption letter from the Internal Revenue Service (IRS) dated February 4, 1988, stating that the Trust is tax-exempt under the provisions of the Internal Revenue Code (IRC). The Plan has been amended since receiving such letter. The Plan and Trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trust. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the related Trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 **Party-in-Interest Transactions**

Plan assets are managed by the Trustee. Transactions involving these assets qualify as party-in-interest transactions. As described in Note 1, the Plan has several agreements with service providers for which it pays service fees. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8 **Plan Termination**

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants.

Note 9 **Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2025	2024
Net Assets Available for Benefits per the Financial Statements	$ 54,254,028	$ 23,322,517
Benefit Obligations Currently Payable (Medical and Prescription Claims)	(18,751,000)	(16,282,000)
Net Assets Available for Benefits per the Form 5500	**$ 35,503,028**	**$ 7,040,517**

The following is a reconciliation of claims paid to participants per the financial statements to the Form 5500:

	2025
Claims Paid per the Financial Statements	$ 212,422,300
Add: Amounts Payable - Ending	18,751,000
Less: Amounts Payable - Beginning	(16,282,000)
Claims Paid per the Form 5500	**$ 214,891,300**
