Independent Auditor's Report

The Plan Administrator
Beth Israel Lahey Health 403(b) Retirement Savings Plan
Brookline, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Beth Israel Lahey Health 403(b) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, certain records were maintained at a contract, not a plan level; therefore, management has not maintained, and Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) (together TIAA and CREF) did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient

to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

1. Description of the Plan

The following brief description of the Beth Israel Lahey Health 403(b) Retirement Savings Plan (the Plan) is provided for general informational purposes only. The Plan name was changed effective January 1, 2024 from Beth Israel Deaconess Medical Center Voluntary 403(b) Plan to Beth Israel Lahey Health 403(b) Retirement Savings Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, adopted June 6, 1977, is a defined contribution plan established under Section 403(b) of the Internal Revenue Code (IRC). All employees of Beth Israel Lahey Health (BILH or the Plan Sponsor) and other participating employers are eligible to participate in the Plan on the first day of the first payroll period commencing on or after the remittance of a salary-reduction agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

BILH is the Plan Sponsor and Plan administrator of the Plan. The Board of Directors has delegated responsibility for oversight of the Plan to BILH, who has delegated to the BILH Retirement Plans Committee the responsibility to oversee the Plan, including administrative matters, and to determine the appropriateness of the Plan's investment offerings as well as to monitor investment performance.

Effective December 31, 2023, the Lahey Clinic 403(B) Retirement Savings Plan, Milton Hospital Retirement Savings Plan, New England Baptist Hospital 403(b) Plan, Northeast Health System 403(b) Retirement Plan, Winchester Hospital Flexible Pension Plan, and Beth Israel Deaconess Hospital-Needham 403(b) Plan were merged into the Plan. Concurrent with the merger, the assets of the Lahey Clinic 403(B) Retirement Savings Plan, Milton Hospital Retirement Savings Plan, New England Baptist Hospital 403(b) Plan, Northeast Health System 403(b) Retirement Plan, Winchester Hospital Flexible Pension Plan, and Beth Israel Deaconess Hospital-Needham 403(b) Plan were transferred to the Plan.

Concurrent with the merger, the assets of the RetirementPLUS Retirement Plan for Employees of Mount Auburn Hospital, Beth Israel Deaconess Hospital-Plymouth, Inc. 403(b) Retirement Plan, and Anna Jaques 403(b) Retirement Plan were transferred to the Plan. The transfer of outstanding loans is recorded in the accompanying statement of changes in net assets available for benefits.

Participants' Accounts

Each participant's account is credited with the participant's contributions and employer contributions as well as allocation of Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions, and the earnings thereon.

Participants are immediately 100% vested in employer matching contributions, and the earnings thereon, except for: employees of Lahey Clinic Foundation, Inc., Northeast Behavioral Health Corporation, Northeast Health Systems, Inc. Herrick House, and Winchester Hospital vest according to a 3-year cliff vesting schedule.

Participants are immediately 100% vested in employer nonelective contributions, and the earnings thereon, except for: employees of Lahey Clinic Foundation, Inc., Northeast Behavioral Health Corporation, Northeast Health Systems, Inc. Herrick House, Winchester Hospital, and Anna Jaques Hospital vest according to a 3-year cliff vesting schedule.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $1,886,912 and $1,545,921, respectively. These accounts may be used to pay administrative expenses and reduce future employer contributions. $1,105,521 of the forfeited funds were used to fund employer contributions in 2025.

Loans

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their total account balances within the Plan. Participants are able to have only one loan outstanding at a time. Loan terms range from one to five years unless the loan is for the purchase of a primary residence. The notes receivable from participants are secured by the balance in the participants' accounts and bear interest between 3.50% and 10.50%. Principal and interest are paid through periodic direct debit deductions between the participant and Fidelity Management Trust Company (Fidelity) and not through payroll deduction.

Payment of Benefits

Amounts may be distributed to participants only (i) upon termination of employment, (ii) upon attaining the age of 59½, (iii) upon demonstration by the participant to the Plan administrator that the participant is suffering from "hardship" (as defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the IRC standards established by the Secretary of the Treasury or his delegate), (iv) upon becoming eligible for Social Security disability benefits, or (v) upon death.

On termination of service, participants may elect to roll over their account into another qualified plan. In addition, participants whose account value exceeds $5,000 may elect a distribution in any form of payment available under the terms of the funding vehicle of the Plan.

TIAA Traditional Annuities

Fixed annuity contracts consist of investment options available to participants known as the Teachers Insurance and Annuity Association of America (TIAA) Traditional Annuity Contracts (Annuity). Annuity contracts are established between the participants and TIAA, an insurance company registered in the State of New York. This investment option is offered in a variety of formats, including Retirement Annuities (RA), Retirement Choice (RC), Group Retirement Annuities (GRA), Supplemental Retirement Annuities (SRA), Group Supplemental Retirement Annuities (GSRA), and Retirement Choice Plus (RCP). The return of Annuity contributions plus interest to participants is subject to TIAA's claims-paying ability. Annuity accounts are credited with a guaranteed minimum rate of interest that is determined annually. Participants may also earn interest in addition to the guaranteed rate at the discretion of TIAA. Such discretionary interest, if any, is declared by TIAA on a year-by-year basis and remains in effect for the subsequent 12-month "declaration year." Contributions to the Annuity accounts are grouped by TIAA into "vintages" comprising premiums received over defined time periods of one or more contiguous calendar months. The interest crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. Crediting rates are also determined by the performance of investments contained in TIAA's general account.

The crediting rates of the annuity contracts were as follows:

December 31,	**2025 (%)**	2024 (%)
Investment option:		
RA	**4.75**	5.25
RC	**5.00**	5.50
GRA	**4.75**	5.25
SRA	**4.00**	4.50
GSRA	**4.00**	4.50
RCP	**4.25**	4.75

RA account balances may only be withdrawn over ten annual payments. RC accounts allow withdrawals over 84 months or a lump-sum withdrawal with a 2.5% surrender charge. GRA accounts allow lump-sum withdrawals after 120 days after termination with a 2.5% surrender charge. All other GRA withdrawals may be withdrawn over ten annual installments.

RAs, RCs, and GRAs are not considered to be fully benefit-responsive investment contracts as defined by Accounting Standards Codification (ASC) 962, because this provision is considered to restrict participants' "reasonable access" to their contract balances.

SRAs, GSRAs, and RCPs are considered fully benefit-responsive investment contracts, because they are fully liquid and immediately cashable once a participant terminates employment with the employer and are, therefore, reported at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals.

2. Summary of Accounting Principles

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Annual Reporting Requirements

The Plan was established in 1977 and was historically viewed as an amalgamation of individual annuity and custodial accounts. Prior to January 1, 2009, TIAA and College Retirement Equities Fund (CREF) (together TIAA and CREF) maintained records at a contract, not Plan, level and administratively decided not to provide accounting records and supporting documentation at the participant or Plan level relating to certain annuity and custodial accounts issued to current and former employees. As such, neither the Plan Sponsor nor TIAA and CREF have been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009.

As a result, the completeness and the accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts, if any, could not be determined.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for fully benefit-responsive investment contracts and life insurance contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The Plan's fully benefit-responsive investment contracts (see Note 5) are valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Plan Sponsor makes the respective payroll deduction from the participant's compensation. Employer discretionary nonelective contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Other Income

The Plan provides for revenue-sharing agreements with various investment brokers of the Plan's investments. The income from revenue-sharing agreements amounted to $3,057,883 for the year ended December 31, 2025.

Transfers between Fidelity and TIAA and CREF

As a result of historical records not being maintained since the Plan was established in 1977, participants may have individual balances with legacy custodians that are not reflected in the net assets as of January 1, 2009. When participants wish to transfer to or from legacy custodians, these balances are recorded as transfers into or out of the Plan assets held with Fidelity or TIAA and CREF. There was $371,517 and $143,680 in transfers into Fidelity from TIAA and CREF for the years ended December 31, 2025 and 2024, respectively. This amount is recorded as transfer in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2026, which is the date the financial statements were available to be issued. In May 2026, the Thrift Plan for Employees of Visiting Nurses Association of Middlesex East Inc. was merged into the Plan. Concurrent with the merger, the assets of the Thrift Plan for Employees of Visiting Nurses Association of Middlesex East Inc. were transferred to the Plan. In October 2026, the Joslin Diabetes Center, Inc. Defined Contribution Retirement Plan will be merged into the Plan. Concurrent with the merger, the assets of the Joslin Diabetes Center, Inc. Defined Contribution Retirement Plan will be transferred to the Plan.

3. Information Certified by the Plan's Custodians

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly,

Fidelity, TIAA and CREF, Lincoln National Life Insurance Company (Lincoln), MetLife Life Insurance Company (MetLife), and Variable Annuity Life Insurance Company (Valic), the custodians of the Plan and qualified institutions, have certified as being complete and accurate the investments and notes receivable from participants on the statements of net assets available for benefits as of December 31, 2025 and 2024, and the investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the investment information included in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025. Accordingly, as permitted under such election, the Plan Sponsor instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by the custodians for their respective periods, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule.

4. Fair Value Measurements

ASC 820, *Fair Value Measurement,* provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange

Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts - Self-directed brokerage accounts comprise mutual funds, and cash and cash equivalents. The individual investments in the self-directed brokerage accounts are valued on the basis of readily determinable market prices.

TIAA Traditional Non-Benefit-Responsive Annuities - The non-benefit-responsive fixed annuity contracts, composed entirely of the TIAA Traditional Annuity Contracts, are reported at fair value. Fair value is determined using a discounted cash flow model. The TIAA Traditional Annuity Contracts are not available for sale or transfer on any security exchange. The fixed annuity contracts are subject to various restrictions (see Note 1).

CREF Variable Annuities - The value of the variable annuity contracts is determined at the close of each business day at the NAV and based on the fair value of the underlying investments. The underlying investments in the variable annuity contracts are invested in registered investment companies, which are valued at quoted market prices in an exchange and active markets. The NAV, as provided by TIAA and CREF, is used as a practical expedient to estimate fair value. There are no restrictions on the trading or withdrawals of these investments.

Pooled Separate Accounts (PSAs) - PSAs are valued at the NAV of the units held. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. The fair value of the underlying investments, which can consist of a single mutual fund or multiple securities, is determined using market quotations or prices obtained from independent pricing sources. The NAV is used as a practical expedient to estimate fair value. NAV would not be used if it were probable that the investment would not be traded at NAV. These are direct filing entities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the valuation of the Plan's financial instruments under the fair value hierarchy levels:

December 31, 2025

	Level 1	Level 2	Level 3	Total

* Certain investments for which fair value is measured using NAV per share as the practical expedient have not been categorized within the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

During 2025, the purchases and sales of TIAA traditional non-benefit-responsive annuities were $6,397,087 and $10,380,058, respectively.

During 2024, the purchases and sales of TIAA traditional non benefit-responsive annuities were $1,963,304 and $3,575,071, respectively.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

December 31, 2025

5. Guaranteed Investment Contracts

The Plan entered in several benefit-responsive guaranteed investment contracts with TIAA, Lincoln, MetLife, Prudential Insurance Company of America (Prudential), and Valic. TIAA, Lincoln, MetLife, Prudential, and Valic maintain the contributions in a general account. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by TIAA, Lincoln, MetLife, Prudential, and Valic, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity, TIAA and CREF, Lincoln, MetLife, and Valic. Fidelity, TIAA and CREF, Lincoln, MetLife, and Valic are the custodians of the Plan. Transactions such as investments-related transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Notes receivable from participants also qualify as exempt party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. As described in Note 2, the Plan Sponsor also pays certain administrative expenses of the Plan.

7. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

8. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. This guidance, *IRS Revenue Procedure 2013-22*, established new procedures for IRS preapproval of the form of 403(b) plan documents. Effective January 1, 2020, the Plan was amended and restated using a 403(b) Volume-Submitter Plan to comply with certain regulatory requirements. The 403(b) Volume-Submitter Plan received an IRS opinion letter dated August 7, 2017, stating that the form of the Plan is acceptable under Section 403(b) of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax period.

9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.
