Independent Auditor's Report

To the Participants and Plan Administrator of
Shop LC Global, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the accompanying financial statements of Shop LC Global, Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and December 31, 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025, and December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by banks or similar institutions or insurance carriers in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from qualified institutions as of December 31, 2025, and December 31, 2024, and for the years ended December 31, 2025, and December 31, 2024, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the auditor's responsibilities for the audit of the financial statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters - Supplemental schedules required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4a – Schedule of delinquent participant contributions for the year ended December 31, 2025, and Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2025, (referred to as the "supplemental information"), are presented for purposes of additional analysis and not a required part of the financial statements but supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Shop LC Global, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective February 1, 2000, and amended as of October 1, 2025. The Plan covers all eligible employees of Shop LC Global, Inc. (the “Company” or "Plan Sponsor" or “Plan Administrator”) and participating employer, STS Jewels, Inc. (collectively referred to as "the Companies”), who have completed 1 month of service and are age 18 years or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Change in Trustee

Effective January 1, 2025, the Plan contracted with ADP Retirement Trust Services, LLC (ADPRTS) to act as the directed Trustee, and the Plan assets were transferred from Reliance Trust Company (Reliance) to ADP Retirement Trust Services, LLC.

Effective October 1, 2025, the Plan contracted with Fidelity Management Trust Company (Fidelity) to act as the directed trustee, and the Plan assets were transferred from ADPRTS to Fidelity. A temporary blackout period was implemented to facilitate the transfer of participant accounts. As a result of market movements and timing differences during the transfer process, the Plan incurred a loss of approximately $4,670, which is presented as part of investment income in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025. The transfer was completed during the year 2025, and participant accounts were subsequently maintained by Fidelity Investments.

Fidelity, ADPRTS and Reliance are collectively referred to as trustees.

Change in Third party plan administrator and recordkeeper

Effective October 1, 2025, the Plan changed its third-party plan administrator and recordkeeper from ADP, Inc. to Fidelity Investments Institutional Operations Company LLC (FIIOC).

Contributions

Each year, participants may contribute up to 60% of pretax annual eligible compensation, as defined in the Plan

document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 years before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan allows In-Plan Roth rollover contributions as per the IRR (In-Plan Roth Rollover contribution) and IRT (In-Plan Roth Rollover transfer) provisions.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Companies make safe harbor matching contributions equal to 100% of employee deferral contributions equal to first 3% of a participant’s eligible compensation and 50% of the next 2% of a participant’s eligible compensation. Plan provisions also allow the Companies to make discretionary matching contributions and additional matching contributions. During the years ended December 31, 2025, and December 31, 2024, the Companies made no discretionary matching contributions and additional matching contributions.

Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain IRC limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, Companies' discretionary matching contributions, additional matching contributions and safe harbor matching contributions and an allocation of the Plan’s earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, rollover contributions, Companies' discretionary matching contributions, additional matching contributions and safe harbor matching contributions plus actual earnings thereon.

Forfeited accounts

Consistent with the terms of the Plan, forfeitures are available to pay eligible Plan administrative expenses and/or reduce future employer contributions. As of December 31, 2025, and December 31, 2024, forfeited account balances arising from stale dated checks that were uncashed totalled $1,642 and $26,673, respectively, which include adjustments for earnings and losses, amounting to $617 and $750 for the years ended December 31, 2025, and December 31, 2024, respectively. During year ended December 31, 2025, the Plan reissued previously stale-dated distribution checks totalling $26,137, to participants. Stale dated checks totalled $490 during the year ended December 31, 2025, and $25,345, during the year ended December 31, 2024. During the years ended December 31, 2025, and December 31, 2024, $NIL and $6,662 respectively were utilized for paying Plan expenses. During the years ended December 31, 2025, and December 31, 2024, $1 and $1 respectively were used to reduce employer contributions.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate will be based on the rates available for similar loans from commercial lending institutions. Principal and interest are paid ratably through payroll deductions. Terms range up to 5 years except for purchase of a primary residence which may have repayment terms that exceed 5 years but not more than 10 years. Delinquent loans are treated as taxable deemed distributions. Loans offset against participant account balances upon a distributable event are treated as taxable distributions.

Benefit payments

In-service withdrawals of all or a portion of a participant’s vested account balance may be made by a participant after reaching age 59 and a half, or in-service taxable withdrawals are allowed from all the accounts, pursuant to Plan provisions subject to Internal Revenue Service (IRS) penalties. Upon normal retirement at age sixty-five, disability, or death, the participant or beneficiary may receive the value of the account through a lump sum or installment distribution.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, disability, or death, may receive the value of their vested account balance by transfer to another qualified plan or individual retirement account or through a lump sum distribution. In addition, the Plan allows for hardship distributions if certain criteria are met.

Distributions from the Plan will normally be subject to income taxes and, in certain circumstances, may also be subject to IRS penalties unless the distribution is transferred to another qualified plan or individual retirement account.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in common/collective trust are measured at fair value using net asset value (NAV) as a practical expedient and, in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements are excluded from the fair value hierarchy. See note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions are recorded in the period in which the related amounts are withheld from participants' compensation. Employer contributions are recorded in the period in which they are earned in accordance with the terms of the Plan. Contributions due to the Plan at year-end are reported as contributions receivable. Employer contributions presented in the Statements of Changes in Net Assets Available for Benefits are reported net of forfeitures used to reduce employer contributions.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid

interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Deemed Distributions and Loan Offsets

Participant loans that are in default and satisfy the applicable requirements of the IRC are treated as deemed distributions for tax-reporting purposes. Deemed distributed loans are not included in notes receivable from participants and are excluded from the Plan’s net assets available for benefits. Although a deemed distribution is taxable to the participant, the participant may remain obligated to repay the loan in accordance with the Plan's provisions. If repayment is not made and a distributable event subsequently occurs, any outstanding loan balance may be offset against the participant’s account balance. Loan offsets are recognized as benefit payments when the outstanding loan balance is deducted from the participant’s account in accordance with the provisions of the Plan.

Corrective Distributions

Corrective distributions (such as excess deferrals or ADP/ACP refunds) are recorded as deductions from net assets when paid.

Expenses

Certain expenses for maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan evaluated all events and transactions that occurred after December 31, 2025, through the date the financial statements were available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statements.

3. Information Certified by Fidelity Management Trust Company, ADP Retirement Trust Services, LLC, and Reliance Trust Company ("Trustees")

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for Plan years 2025 and 2024.

Accordingly, Fidelity Management Trust Company, the trustee of the Plan, certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits and the supplemental Schedule H, Line 4(i) -Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the period from October 1, 2025, to December 31, 2025.

ADP Retirement Trust Services, LLC, the trustee of the Plan, certified to the completeness and accuracy of all investments and notes receivable from participants for the period from January 1, 2025, to September 30, 2025, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2025, to September 30, 2025.

Reliance Trust Company, the trustee of the Plan, certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, Fair Value Measurements, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used as of December 31, 2025, and December 31, 2024.

Money market funds: Valued at the quoted NAV of shares held by the Plan at year end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/ collective trust: Valued at the NAV of units of a bank's collective trust. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The Invesco Stable Value Trust seeks to preserve principal and provide a stable return through investments in fixed income securities and investment contracts. The trust is subject to interest rate, credit and contract issuer risks.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025, and December 31, 2024:

As of December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	13,841,351	-	-	13,841,351
Common/ collective trust (a)	-	-	-	1,616,307
Money market funds	13	-	-	13
Total investments	13,841,364	-	-	15,457,671

As of December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	13,807,983	-	-	13,807,983
Common/ collective trust (a)	-	-	-	257,462
Total investments	13,807,983	-	-	14,065,445

(a) In accordance with FASB ASC 820, certain investments that were measured at fair value using NAV per share (or its equivalent) as a practical expedient have been excluded in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments that Calculate NAV

The following table summarizes investments measured at fair value using NAV per share (or its equivalent) as a practical expedient as of December 31, 2025, and December 31, 2024. There are no participant redemption restrictions for these investments; the below redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/ collective trust	1,616,307	-	Daily	Up to 12 months

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/ collective trust	257,462	-	Daily	Up to 12 months

There were no transfers between Level 1, Level 2, and Level 3 during the years ended December 31, 2025

, and December 31, 2024.

5. Concentration

6. Related Party and Party-in-Interest Transactions

Shop LC Global, Inc. serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making

determinations regarding questions that may affect eligibility for benefits.

Fidelity served as the Plan trustee as of December 31, 2025, and for the period October 1, 2025, till December 31, 2025. ADPRTS served as the Plan trustee for the period January 1, 2025, till September 30, 2025. Reliance served as the Plan trustee as of and for the year ended December 31, 2024. The trustees managed and maintained certain investments.

FIIOC provides services to the Plan as a third-party plan administrator and recordkeeper for which administration fees were charged to the Plan during the period October 1, 2025, till December 31, 2025. ADP, Inc. provided services to the Plan as a third-party plan administrator and recordkeeper for which administration fees were charged to the Plan during the period January 1, 2025, till September 30, 2025, and for the year ended December 31, 2024. In addition to this, the Companies provide certain accounting and administrative services to the Plan for which no fees are charged. Party-in-interest transactions also include loans made to participants.

Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

For the period October 1, 2025, till December 31, 2025, the Plan adopted a pre-approved plan offered by FMR LLC. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the IRS Opinion Letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

For the period January 1, 2025, till September 30, 2025, and the year ended December 31, 2024, the Plan adopted a pre-approved plan offered by ADP, LLC. The pre-approved plan received an IRS Opinion Letter dated October 6, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified,

and the related trust is tax exempt.

The Plan management has evaluated the Plan's tax positions and concluded that the Plan had no uncertain tax positions requiring recognition or disclosure as of December 31, 2025, and December 31, 2024. The Plan is subject to routine examinations by taxing authorities; however, no examinations are currently in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Delinquent Participant Contributions

During the year ended December 31, 2025, due to unintentional delays, the Companies failed to remit certain participant contributions, to the Plan on a timely basis as defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The delayed contributions totaling $129,212 were subsequently remitted to the Plan during 2025. As of December 31, 2025, the correction of these delinquent contributions had not been completed because the applicable lost earnings had not yet been calculated and remitted to the affected participant accounts. The Company intends to complete the correction by calculating and remitting the applicable lost earnings.

Plan Year	Total delayed contributions	Delays not corrected
2025	129,212	129,212

Late remittances of participant contributions constitute non-exempt prohibited transactions under ERISA and the IRC. Any applicable excise taxes and required filings (including VFCP/PTE 2002-51, if applicable) are the responsibility of the Plan Sponsor.

The Plan did not engage in any other non-exempt transactions during the years presented.

11. Reconciliation of Financial Statements to Form 5500

There are no reconciling items between the net assets available for benefits as of December 31, 2025, and December 31, 2024, and the increase in net assets available for benefits reported for the years ended December 31, 2025, and December 31, 2024, in the financial statements and Schedule H of Form 5500.
