Independent Auditor's Report

Plan Administrator
Energy Transfer LP Postretirement Medical and Death Benefit Program
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Energy Transfer LP Postretirement Medical and Death Benefit Program (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and

disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of Energy Transfer LP Postretirement Medical and Death Benefit Program (Plan) provides only general information about the Plan's provisions. Participants should refer to the plan document and summary plan description, which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan represents the consolidation of certain postretirement medical and/or death benefit programs established for eligible retirees of related entities of Energy Transfer, LP, namely, Southern Union Company; Sunoco, Inc.; and Transwestern Pipeline Company, LLC (collectively, Plan Sponsor) as follows:

- Southern Union Company Postretirement Medical and Death Benefits for corporate employees
- Southern Union Company Postretirement Medical and Death Benefits for Florida Gas Transmission
- Southern Union Company Postretirement Medical and Death Benefits for Panhandle Energy Employees
- Southern Union Company Postretirement Medical and Death Benefits for PG Energy Life Employees
- Transwestern Pipeline Company, LLC Postretirement Medical Benefit Plan
- Sunoco, Inc. Retiree Medical Program

Plan assets are held in voluntary employees' beneficiary association (VEBA) trusts. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended.

Benefits

The Plan provides medical and death benefits to retirees of Florida Gas Transmission Company, LLC (FGT) who terminated employment from a predecessor employer prior to October 1, 2008 at age 55 or greater and with five years of service or more at the date of termination or who had a combined age and years of service of 75 at his or her date of termination. Alternatively, retirees with more than five years of service who terminated employment on or after October 1, 2008, or who terminated service due to disability with 15 years of service or more, are also eligible for medical benefits.

The Plan provides medical and death benefits to non-represented retirees of the Panhandle Energy Divisions of Southern Union Company (Panhandle) who terminated employment prior to March 31, 2008 at age 55 or greater with 10 years of service or more at the date of termination or who terminated employment between April 1, 2008 and December 31, 2012 at age 55 or greater and with five years of service or more attained by June 1, 2012 at the latest, or who terminated employment due to disability prior to June 1, 2012 with 15 years of service or more. The Plan also provides medical and death benefits to represented retirees of Panhandle who terminated employment prior to March 31, 2008 at age 55 or greater with 10 years of service or more at the date of termination or who terminated employment between April 1, 2008 and December 31, 2013 at age 55 or greater and with five years of service or more attained by June 1, 2013 at the latest or who terminated employment due to disability prior to June 1, 2013 with 15 years of service or more. Effective January 1, 2018, the Plan also provides medical and death benefits to retirees of Panhandle who terminated employment between March 26, 2012 and September 30, 2017 at age 50 or greater and with five years of service or more attained by March 26, 2012 and had a sum of age plus service equal or exceed 65 years at termination. Effective July 1, 2018, the Plan also provides medical benefits to retirees of Panhandle who terminated employment on or after October 1, 2017 at age 50 or greater and with five years of service or more attained by March 26, 2012 and had a sum of age plus service equal to or exceeding 65 years at termination. Effective September 1, 2022, the Plan also provides medical benefits to Shared Services retirees of Panhandle who terminated employment on or after September 1, 2022 at age 50 or greater and with 15 years of service or more attained at termination.

The Plan provides medical and death benefits to retirees of the Pennsylvania Division of Southern Union Company (PG Energy) who retired prior to August 27, 2006 and had enrolled for coverage under the predecessor

plan or who attained 35 years of age by August 26, 2006 and subsequently retired at age 55 with 20 years of service.

The Plan provides medical and death benefits to retirees of the Corporate Operations of Southern Union Company (Corporate) who were classified as a full-time employee as of March 26, 2012 and retired after attaining age 55 with five or more years of credited service by June 1, 2012. Additionally, for an employee terminated due to disability, he or she must have earned at least 15 years of credited service to be eligible. Effective July 1, 2018, the Plan also provides medical benefits to retirees of Corporate who terminated employment on or after October 1, 2017, at age 50 or greater and with five years of service or more attained by March 26, 2012, and had a sum of age plus service equal to or exceeding 65 years at termination.

The Plan provides medical benefits to retirees of Sunoco, Inc. (Sunoco) who terminated employment upon attaining at least age 55 with at least 10 years of service upon termination of employment and, if retiring on or after July 1, 2010, attained age 50 with 10 years or more of service by June 30, 2010 and separated from service with Sunoco after reaching at least age 55.

If a former employee of Equistar Chemicals, LP, the retiree must have (a) attained age 50 by March 31, 2003 and earned at least three years of service from April 1, 2003 through his or her retirement date or (b) earned at least 10 years of service from April 1, 2003 through his or her retirement date.

The Plan provides medical benefits to retirees of Transwestern Pipeline Company, LLC (Transwestern) who were hired on or before December 31, 2001 and attained age 55 with five years of service prior to his or her termination date. Additionally, a retiree who had a combined age and years of service of 75 at his or her date of termination is eligible for medical benefits. Effective December 1, 2006, no newly hired employees could become eligible for the Plan.

To remain eligible for benefits, a retiree must have enrolled for coverage immediately following termination of employment and remain enrolled.

Contributions

Participant contributions are determined by the Plan Sponsor and are based on the participant's choice of medical plan option for the participant and his or her eligible dependents. Plan Sponsor contributions are determined by the Federal Energy Regulatory Commission for FGT, Panhandle, and PG Energy. Plan Sponsor contributions are made based on actuarial estimates for Transwestern. The Plan Sponsor made a one-time contribution of $200 million to the Sunoco, Inc. Retiree Medical Program when the trust was formed in 2012, and no further contributions will be made by the Plan Sponsor in accordance with the plan document.

Plan benefits are paid from contributions made by the Plan Sponsor to a VEBA trust and from retirees making payment directly to either the medical insurance company or to the Plan Sponsor.

Plan Termination

Although it has not expressed any intention to do so, the company has the right under the Plan, at any time and for any reason, to modify the benefits provided to, and contributions required of, participants; to discontinue its contributions at any time; and to terminate the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for, or on account of, the participants. No assets of the Plan may revert to the company or be used for purposes other than for the exclusive benefit of the Plan's participants.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, claims incurred but not reported, eligibility credits, claims payable and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

The Plan's medical options are, in most cases, fully insured. Premiums paid by either the Plan Sponsor, participant, or VEBA trusts are recorded as premium payments in the statements of changes in net assets available for benefits.

Claim payments are made for claims incurred under predecessor benefit programs, which were not fully insured, and are recorded when paid by the third-party claims' processor. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as payable to claims administrators in the statements of net assets available for benefits. The third-party claims processor processes health, disability and death claims of active and retired participants, dependents, and beneficiaries, but the responsibility for payments to participants and providers is retained by the Plan. Short-term disability payments are processed through the company's payroll system and paid from the general assets of the company. These payments are recorded as claims paid in the statements of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year. Investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and asked prices. For certain fixed income securities that do not have an established fair value, the Plan's trustees have established a fair value based on yields currently available on comparable securities of issuers with similar credit ratings. Mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the years.

Postretirement Benefits

The postretirement benefit obligation represents the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements. The obligations represent the amounts that are expected to be funded by contributions from the company and/or from existing assets of the Plan. Postretirement benefits include future benefits expected to be paid to or for retired employees and their beneficiaries and dependents.

The actuarial present value of the expected postretirement benefit obligation is determined by the Plan's actuaries and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability,

withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation were as follows as of December 31, 2025 and 2024:

- Life expectancy of participants: in 2025 and 2024, the Pri-2012 Total Dataset Contingent Table and Scale MP-2021 mortality improvement rates was used for each group of employees, retirees, and beneficiaries.
- Investment return: the valuations included an assumed average rate of return of 5.3% and 4.6% in 2025 and 2024, respectively, for taxable trusts for each group of employees, retirees, and beneficiaries, other than those of Sunoco, for whom a 2.92% and 2.93% was used in 2025 and 2024, respectively.
- Weighted-average discount rate (the valuations included assumed weighted-average discount rates as follows):
    - FGT: 5.2% in 2025 and 4.6% in 2024
    - Panhandle: 5.4% in 2025 and 4.7% in 2024
    - PG Energy: 5.3% in 2025 and 4.6% in 2024
    - Transwestern: 5.4% in 2025 and 4.7% in 2024
    - Sunoco: 2.92% in 2025 and 2.93% in 2024

For measurement purposes, for each group of employees, retirees, and beneficiaries, other than those of Sunoco, an 8.1% weighted-average annual rate of increase in the average per capita cost of covered healthcare benefits was assumed for 2025; the rate was assumed to decrease gradually to 5.3% for 2033 and to remain at that level thereafter. For retirees and beneficiaries of Sunoco, a 6.50% weighted-average annual rate of increase was assumed for 2025; the rate was assumed to decrease to 5.0% in 2033 and remain at that level thereafter. These assumptions are consistent with those used to measure the benefit obligation at December 31, 2024.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of postretirement benefit obligations.

Administrative Expenses

The Plan pays administrative expenses, which consist primarily of fees paid to third-party claims administrators, the trustees, and the actuary. These expenses are reported on the statements of changes in net assets available for benefits as administrative expenses. Expenses that are paid by the company are excluded from these financial statements.

Note 3. Certification of Plan Trustees

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Bank, N.A., and U.S. Bank, N.A., the trustees of the Plan, have certified the following information included in the financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments and accrued interest and dividends as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2025 and schedule of reportable transactions for the year ended December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedules.

Note 4. Benefit Obligations

Health costs incurred by participants, their beneficiaries, and/or their dependents are covered under insurance contracts maintained by the Plan. It is the present intention of the Plan Sponsor and the Plan to continue obtaining insurance coverage for benefits. Insurance premiums for future years in respect to the Plan's postretirement benefit obligation will be funded by the Plan Sponsor and participant contributions.

The actuarial present value of accumulated plan benefits presented below is based on an actuarial valuation prepared by the Plan's actuaries.

	2025	2024
Postretirement benefit obligations, net of amounts currently payable		
Retired participants, including their beneficiaries and covered dependents	$ 73,175,225	$ 77,408,482

Plan's total benefit obligations	$ 111,253,585	$ 111,366,422

The following presents changes in the Plan's benefit obligations:

	2025	2024

Plan's total benefit obligations, end of year	$ 111,253,585	$ 111,366,422

Note 5. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons. Plan investments are held by the plan trustees. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue-sharing rather than a direct payment. The Plan has a number of service providers. Such

providers are parties in interest under ERISA. The Plan Sponsor paid certain administrative expenses related to the Plan for the years ended December 31, 2025 and 2024.

Note 6. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2025				
Fixed income securities	$ 29,333,851	$ -	$ 29,333,851	$ -
Mutual funds	340,311,154	340,311,154	-	-
Investments, at fair value	$ 369,645,005	$ 340,311,154	$ 29,333,851	$ -
2024				
Fixed income securities	$ 35,297,674	$ -	$ 35,297,674	$ -
Mutual funds	302,097,149	302,097,149	-	-
Investments, at fair value	$ 337,394,823	$ 302,097,149	$ 35,297,674	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2025 and 2024.

The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. Level 2 securities include fixed income securities. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no Level 3 securities.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, healthcare inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 8. Tax Status

The VEBA trusts that fund certain benefits of the Plan, except Sunoco Inc. Retiree Medical and Life Insurance Trust, received an exemption letter from the Internal Revenue Service, stating that the trusts, as then designed, are tax-exempt under an applicable section of the Internal Revenue Code (IRC). As a result of the Plan's funding policy, from time to time, the trust may be subject to income taxes. Income on any amounts set aside that exceed the qualified asset account limit, calculated under IRC Section 419A, is considered unrelated business income and is subject to taxation. The plan administrator believes that the Plan and related trusts are currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Subsequent Events

Subsequent events have been evaluated through October 14, 2026, which is the date the financial statements were available to be issued.
