INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of
Voloridge, LLC 401(k) Plan
Jupiter, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Voloridge, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

DPB

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025 and Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Voloridge, LLC 401(k) Plan
Notes to the Financial Statements
December 31, 2025 and 2024

1. Description of Plan

The following description of the Voloridge, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description.

General

The Plan is a defined contribution pension plan established for the purpose of providing retirement benefits to substantially all full-time employees of Voloridge, LLC (the "Employer" or the "Company"), who meet the eligibility requirements, as defined, in the Plan's provisions.

The cash and investments of the Plan are held by Empower Retirement, LLC ("Empower" or the "Qualified Institution") for the years ended December 31, 2025 and 2024.

Investment Funds

Participating employees have the right to choose several investment options into which contributions to their accounts are invested and may choose to allocate and reallocate amounts credited to their accounts among all or any combination of the investment options. Earnings on investments are allocated among the participant accounts that have elected to invest in each such option. Recordkeeping for the Plan participants' accounts is performed by Empower.

Contributions

The Company's required safe harbor matching contribution to the Plan is 100% of salary deferral up to 4%. Each year, participants may contribute on a pre-tax basis and roth after-tax contributions up to $23,500 for 2025. Participants age 50 or over may contribute an additional $ 7,500 2025. Other non-elective contributions may be made and are allocated to each participant as determined by the Employer, subject to nondiscrimination testing and certain limitations.

Employee deferred contributions (401(k) monies) and Employer contributions of any type were participant directed through funds at Empower. Payments to participants are based upon their vested contributions. Employee contributions plus actual earnings thereon and safe harbor matching contributions are immediately 100% vested. Additional discretionary Employer contributions are 20% vested after two years of service, 40% after three years of service, 60% after four years of service, 80% after five years of service and 100% after six years of service. Participants may change their investment options at any time.

Notes Receivable from Participants

Under the Plan's provisions, notes receivable from participants are not permitted.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Expenses

All of the administrative expenses of the Plan may be paid by the Company or the Plan.

1. Description of Plan (Continued)

Payment of Benefits

Upon a participant's retirement, death, disability; attaining normal retirement age (65 with 5 years of participation) or as required by law, Empower distributes, upon direction of one of the trustees, the participant's vested benefits in a manner as directed by the participant or beneficiary. Upon other termination, benefits relating to vested Employer contributions are distributed in the following month after termination of employment. Benefit payments are recorded when paid.

Vesting

Participants are immediately vested in their voluntary contributions, including rollover contributions from other qualified plans, plus actual earnings thereon. The remainder of their accounts are vested according to the number of years of continuous service.

Forfeitures

Forfeitures of Employer prior year's matching and non-elective contributions are included as part of any Employer current year matching contributions made to the Plan. Forfeitures of discretionary Employer contributions are allocated in the same manner as any discretionary Employer contribution made for a Plan year to those participants who are eligible to share in such discretionary Employer contribution. At December 31, 2025, there were no forfeited funds pending to be used as Employer matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates, including those regarding fair value, and assumptions that affect the reported amounts and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates and those differences could be material.

Tax Status

The Plan adopted its latest Non-Standardized Pre-Approved Profit Sharing Plan with CODA developed by Ascensus LLC, which obtained a favorable IRS determination letter on June 30, 2020 in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Internal Revenue Code ("Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

2. Summary of Significant Accounting Policies (Continued)

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan valuation policies utilizing information provided by the investment advisor and custodian. See Note 6 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that position of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Payments

Benefit payments are recorded when paid.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net appreciation in fair value of investments. Expenses paid by the Employer have been excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events from the date of the Statements of Net Assets Available for Benefits through October 12, 2026 which is the date the financial statements were available to be issued.

3. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits and the accompanying Statement of Changes in Net Assets Available for Benefits.

4. Information Certified by the Qualified Institution

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform auditing procedures with respect to the information certified by Empower, except for comparing such certified information to the related information included in the financial statements and the ERISA-required supplemental schedules. Accordingly, Empower, the qualified institution of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate.

4. Information Certified by the Qualified Institution (Continued)

- Investments, at fair value and investments, at contract value as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, and interest and dividends as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets (Held at Year End) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, each participant will become 100% vested in their Employer contributions.

6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

- Level 2 Inputs other than quoted prices include within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Obtained from quoted prices in active markets for assets identical to the securities valued.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

6. Fair Value Measurements (Continued)

	Fair Value Measurement at Reporting Date Using:			
Description	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value December 31, 2025

Total investments, at fair value	**$ 36,510,049**	**$ -**	**$ -**	**$ 36,510,049**

	Fair Value Measurement at Reporting Date Using:			
Description	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value December 31, 2024
Assets in the fair value hierarchy:

Total investments, at fair value	**$ 28,140,057**	**$ -**	**$ -**	**$ 28,140,057**

7. Guaranteed Interest Account

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contact value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the traditional investment contract held by the Plan was $585,579 and $577,833 at December 31, 2025 and 2024, respectively.

Empower Investments Account – Series Class III is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The average yield earned is calculated by dividing the annual interest credited to the plan during the plan year by the average annual fair value. The average interest rate credited to participants is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value. The average yield earned by the plan and the average interest rate credited to participants is 1.95% at December 31, 2025.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs.

8. Party-in-Interest

The Plan investments include units of mutual funds, a self-directed brokerage account and a guaranteed interest account managed by Empower. As a result, Empower qualified as a party-in-interest to the Plan with respect to transactions related to these investments. The Plan makes direct payments to the third party administrator. These asset management fees are included in the caption administrative expenses in the accompanying Statements of Changes in Net Assets Available for Benefits.

9. Prohibited Transactions

For the year ended December 31, 2025, there were participants contributions totaling approximately $128,487 that were not remitted to the Plan within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The DOL requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner result in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the Plan. As of October 12, 2026, $124,930 of the employee contributions that were remitted late to the Plan were fully corrected, including loss or earnings, and the Plan administrator is currently working with the Company to calculate the loss or earnings for the remaining $3,557 of the employee contributions that were remitted late to the Plan. The accompanying supplemental Schedule of Delinquent Participant Contributions presents the prohibited transactions of the Plan.

For the year ended December 31, 2024, the Company had $41,160 of employee contributions that were remitted late to the Plan and were fully corrected, including loss or earnings, as of October 12, 2026.
