Independent Auditors' Report

To the Participants and Plan Administrator of the
Buffalo Medical Group, P.C.
401(k) Profit Sharing and Pension Plan
Buffalo, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Buffalo Medical Group, P.C. 401(k) Profit Sharing and Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements Section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA section 103(a)(3)(C).

Buffalo Medical Group, P.C.
401(k) Profit Sharing and Pension Plan
Notes to Financial Statements

1. Description of Plan

The following description of the Buffalo Medical Group, P.C. 401(k) Profit Sharing and Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by Buffalo Medical Group, P.C. (the "Group", "Plan Sponsor" or "Plan Administrator"). Employees are eligible to participate in the Plan solely for making pre-tax contributions and receiving employer matching contributions after completing 60 days of service and attaining age 18, effective January 1, 2025. Prior to 2025, employees were eligible to participate in the Plan at age 21. Employees are also eligible to participate in the discretionary contribution feature of the Plan after completing two years of eligible service and attaining age 18. A year of service is defined as 1,000 hours of service. Employees covered by a collective bargaining agreement, leased employees, per-diem employees or independent contractors are excluded from eligibility.

The Plan was established effective November 1, 1972 and was amended and restated effective January 1, 2020 to comply with statutory regulations. The Plan was most recently amended on July 1, 2026 to allow for provisions related to the SECURE 2.0 Act. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code (the "Code").

Contributions – The Plan allows each participant the option of making traditional or Roth contributions to the Plan between 0% and 80% of their compensation, subject to certain limits imposed by the Code. New employees are automatically enrolled in the Plan upon completion of the eligibility requirements at a contribution rate of 4% of annual compensation, as defined in the Plan document, subject to certain limitations of the Code, unless the employee elects to waive automatic enrollment prior to the effective date. The contribution rate will then automatically increase by 1% annually, up to a maximum of 10%, unless the Participant declines these automatic increases. Effective July 1, 2024, the Plan was amended to enroll all current, eligible employees into the Plan, with a minimum rate of 4%. The Plan was also amended to increase the maximum contribution rate to 15%.

The Group will contribute a matching amount equal to 25% of the amount the participant elects to contribute for a payroll period; provided, however the matching contribution attributable to a payroll period shall not exceed 1% of the compensation paid to the participant during that payroll period, or up to a maximum of $3,500 and $3,450 for the years ended December 31, 2025 and 2024, respectively.

1. Description of Plan (continued)

The Group also contributes to the Plan additional amounts equal to the sum of 5.5% of each participant's gross pre-tax compensation, net of participant pre-tax 401(k) and welfare benefit contributions, up to $88,050 and $84,300 of the Social Security wage base for the years ended December 31, 2025 and 2024, respectively, and 9.8% of each participant's compensation in excess of $88,050 and $84,300, respectively, of the Social Security wage base net of participant pre-tax 401(k) and welfare benefit contributions, up to $350,000 and $345,000 of the Social Security wage base for the years ended December 31, 2025 and 2024, respectively.

The Plan allowed an additional contribution on behalf of those participants who were considered highly compensated employees for both years ended December 31, 2025 and 2024. This additional amount contributed by the Group totaled $636,710 and $802,229 for the years ended December 31, 2025 and 2024, respectively.

The Group may also make additional discretionary contributions to the Plan annually, based on a percentage of participant compensation for the Plan year. All amounts credited to participant accounts are invested based upon the direction of the participant. No such additional discretionary contributions were made during 2025 or 2024.

The maximum annual aggregate contribution for each participant to the Plan is limited in accordance with federal tax laws to the lesser of 100% of compensation or $70,000 and $69,000 for the years ended December 31, 2025 and 2024, respectively, plus an additional $7,500 for participants age 50 or older for both years ended December 31, 2025 and 2024.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (i.e., rollovers).

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions, and the participant's share of Plan earnings. Participant accounts are decreased by participant distributions and the participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based on the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in all contributions plus actual earnings thereon.

1. Description of Plan (continued)

Payment of Benefits – Participants can elect a lump-sum amount, installment payments or an annuity, provided their account balance is greater than $7,000. Participants with less than $7,000 are required to receive their benefit as a lump-sum distribution. Hardship withdrawals, as defined by the Code, are available to participants from their elective deferral contributions account only.

Tax Status – The Plan obtained its latest determination letter from the Internal Revenue Service ("IRS") dated June 22, 2017 stating that the Plan is qualified under Section 401(a) of the Code. Therefore, the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be entitled to the amount credited to their account plus a pro-rata share of any unallocated funds or assets of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared under the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value, as determined by Empower Annuity Insurance Company of New York and Empower Trust Company, LLC (collectively, "Empower" or the "Trustee") and except for its fully benefit-responsive investment contract, which is valued at contract value (Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

2. Summary of Significant Accounting Policies (continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains (losses) and the unrealized appreciation (depreciation) of those investments. Realized gains (losses) on disposition of investments were based upon actual costs and selling prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Acquisition costs are included in the cost of investments purchased, and sales are recorded net of selling expenses.

Benefit Payments – Benefits are recorded when paid.

Plan Expenses – Administrative expenses and expenses relating to investment activity are paid by the Plan. Effective January 1, 2011 and for each calendar year thereafter, $70,000 will be funded by Empower to a designated account to be used for plan administration expenses. If an excess remains at year-end, the amount will be allocated to the participants of the Plan as of the end of the Plan year in which the amounts were made available. In accordance with this arrangement, the Plan reallocated $125,326 and $0 to participants in the years ended December 31, 2025 and 2024, respectively, which is considered a party-in-interest transaction. Fees for investment management services are allocated to participant accounts and netted with investment income.

Party-in-Interest Transactions – Plan investments in the guaranteed income fund, pooled separate accounts, mutual funds and participant-directed brokerage account are managed by Empower (formerly by Prudential). Empower and Prudential are considered the trustees and custodians of the Plan, and therefore, these transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

Risks and Uncertainties – Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in risks in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

2. Summary of Significant Accounting Policies (continued)

Setting Every Community Up for Retirement Enhancement (SECURE) Act – The SECURE Act was signed into law on December 20, 2019. The SECURE Act increases the age for required minimum distributions (RMD) from age 70½ to age 72, creates penalty-free withdrawals for birth or adoption, and modifies certain aspects of plan administration and participant disclosures. These changes are effective for plan years beginning after December 31, 2019.

On December 29, 2022, the SECURE 2.0 Act was signed into law to address additional retirement issues. SECURE 2.0 Act includes provisions to help participants increase retirement savings and simplify and clarify certain retirement plan rules. SECURE Act 2.0 increases the age for RMDs to age 73, effective January 1, 2023 and increasing it to age 75 by 2033. Plan management amended the Plan as of July 1, 2026 to include these provisions.

Subsequent Events – The Plan has evaluated subsequent events, for recognition or disclosure, through September 22, 2026, the date the accompanying financial statements were available to be issued and determined that no additional recognition or disclosure was necessary.

3. Information Certified by the Trustees (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee (Empower) and Former Trustee (Prudential) have certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

	2025	2024
Investments, at fair value	$ 218,690,412	$ 193,635,228
Investments, at contract value	20,092,655	18,461,938
	$ 238,783,067	$ 212,097,166

3. Information Certified by the Trustees (Unaudited) (continued)

During 2025 and 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the years) appreciated in value as follows:

	2025	2024
Investment income:		
Interest and dividends	$ 317,677	$ 443,899
Net appreciation in fair value of investments	$ 30,550,141	$ 23,847,624

4. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive group annuity insurance contract with Empower as of December 31, 2025 and 2024. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the accompanying financial statements at contract value at December 31, 2025 and 2024. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed income fund does not allow the issuer to terminate the contract which would require the Plan to settle at an amount different than contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete and partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA. The Plan administrator believes that any events that limit the Plan's ability to transact at contract value with participants are not probable of occurring.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- **Level 1 Inputs** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- **Level 2 Inputs** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3 Inputs** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Participant-Directed Brokerage Account: Account primarily consists of cash, common stock and mutual funds that are valued on the basis of readily determined market prices.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end.

Pooled Separate Accounts: The Plan has participant-directed investments held in pooled separate accounts of Empower and Principal. The fair value of these investments is based on inputs that are derived principally from or corroborated by observable market data by correlation or other means.

5. Fair Value Measurements (continued)

The underlying securities in pooled separate accounts are listed on national securities exchanges and valued on the basis on year-end closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance companies approximates fair value of the investments. The investments are redeemable at the adjusted net asset value under agreements with the insurance companies.

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements and the economic environment may significantly affect the net asset value of the pooled separate accounts and, consequently, the fair value of the Plan investments.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,092,992	$ 0	$ 0	$ 6,092,992
Participant directed brokerage account	4,087,433	0	0	4,087,433
