Eligibility To Participate

Participation under this Plan was frozen effective July 1, 2005 with respect to employees with a first day of employment on or after that date.

An employee became a participant in the Plan on the first day of the month following his first day of employment, provided he was a member of the following eligible class of employees:

- A union employee covered by the Union of Needletrades, Industrial and Textile Employees (UNITE), AFL-CIO, Local 1700
- Paid on an hourly basis, not a salaried basis
- Employed in the automotive or corporate divisions

Normal Retirement Benefit

Normal Retirement Date

A participant is eligible for his normal retirement pension as of the first day of the month on or after the participant satisfies the following condition: Attainment of age 65.

Normal Retirement Benefit

The normal retirement pension is payable monthly as long as the participant lives, with payments ceasing upon the participant's death.

Summary of Plan Provisions

Normal Retirement Pension Formula

If the participant retires as of his normal retirement date, his monthly pension will equal years of benefit service multiplied by the monthly benefit rate as determined under the following table:

Date of Termination	Monthly Benefit Rate
Prior to 03/31/1989	$ 5.50
04/01/1989 - 03/31/1990	6.00
04/01/1990 - 03/31/1991	6.50
04/01/1991 - 03/29/1992	7.00
03/30/1992 - 04/04/1993	7.50
04/05/1993 - 03/31/1995	8.00
04/01/1995 - 04/05/1997	8.50
04/06/1997 - 04/03/1999	9.00
04/04/1999 - 04/08/2000	9.50
04/09/2000 - 04/07/2001	10.50
04/08/2001 - 04/06/2002	11.50
04/07/2002 - 04/05/2003	12.50
04/06/2003 - 04/03/2004	13.00
04/04/2004 and later	13.50

The basic normal retirement pension for a participant who incurs a break in service and is later reemployed is equal to the sum of (a) and (b):

(a) the participant's accrued benefit determined as of the date such break in service commenced, based on years of credited service prior to such break in service and the benefit level in effect for a participant whose termination date was on the date such break in service commenced; and

(b) the participant's accrued benefit based on years of credited service earned subsequent to such break in service and the benefit level in effect on the participant's termination date.

Notwithstanding the foregoing, the basic normal retirement pension for a participant who is a preferential rehire is equal to the sum of all years of credited service multiplied by the benefit level in effect on the participant's termination date following such reemployment.

Terminations prior to April 1, 1988 are governed by the statement of the document in effect at the relevant time.

For any Post-1994 Participant, no increase in benefit level effective on or after January 31, 2010 applies, and no additional benefits are accrued on or after January 31, 2010 by any Post-1994 Participant. A Post-1994 Participant is an employee who was initially employed after December 31, 1994.

Accrued Benefit

The accrued benefit on any date other than the normal retirement date is determined according to the normal retirement pension formula, but based upon the participant's benefit service to date.

Retirement Payment Options

A participant may elect to receive his monthly pension in one of these optional forms of payment:

- **Lifetime Pension**
- **Joint and Survivor Pension** with 75% or 50% surviving spouse pension

If the present value of the vested pension does not exceed $7,000, a lump sum is the only payment option. If the present value of the vested pension does not exceed $1,000, the Plan will automatically distribute the benefit in cash if there is no election. If the present value of the vested pension is greater than $1,000 but does not exceed $7,000, the Plan will automatically roll over the benefit to an IRA if there is no election.

If the participant is married at the time payments are to begin, the automatic form of payment will be a Joint and 50% Survivor Pension with the spouse named as survivor annuitant. If the participant is not married at the time payments are to begin, the automatic form of payment will be a Lifetime Pension.

Employment after Retirement. If a participant in pay status returns to employment, retirement benefits will be suspended for each calendar month during which the employee completes at least 40 hours of service.

Other Retirement Benefits

Late Retirement

If a participant continues working after his normal retirement date, his pension will not commence until he actually retires. The late retirement benefit is equal to the participant's frozen accrued benefit.

Early Retirement

A participant is eligible for early retirement after attainment of age 60 and completion of 10 years of vesting service. The early retirement pension is the actuarial equivalent of the pension accrued to the date of early retirement.

Disability Retirement

A participant will be eligible for a disability retirement if he meets all of the following requirements as of the date he becomes disabled:

- Is actively employed
- Becomes disabled and remains so for six months
- Completes 5 years of vesting service

The participant's disability retirement pension will be the accrued pension to the date of disability. The benefit will be payable until the earliest of: recovery, death, or normal retirement date. A participant is disabled if he is eligible for Social Security disability benefits.

Death Benefit

Preretirement Survivor Benefit

If a participant dies after he has become vested under the Plan but before he begins to receive a retirement pension benefit, his surviving spouse will receive a 50% survivor benefit. Payment will begin on the date on which he first would have been eligible for retirement. The amount of his surviving spouse's benefit is equal to the 50% survivor benefit payable under the joint and 50% survivor pension option, based upon his vested

accrued pension at the date of death and reduced for early commencement of benefits, if applicable. If the participant is not married at the time of death, no benefit will be paid by the Plan.

Termination Of Employment Benefits

Vesting in Accrued Pension

If employment terminates other than by retirement, the amount payable from the Plan is based upon the following vesting schedule:

Years of Vesting Service	Vesting Percentage
0–4 Years	0%
5 or More Years	100%

Time of Payment

The participant may elect payment after his early retirement date, reduced to reflect the early commencement of benefits. No pension payment is available under the Plan prior to early retirement, disability, or death, with one exception. If the present value of the vested accrued benefit does not exceed $7,000, the lump sum value can be paid following termination of employment. If the present value of the participant's vested accrued benefit does not exceed $1,000, the Plan will automatically distribute the amount in cash, if the participant does not elect a rollover to an IRA or another qualified plan. If the present value of the participant's vested accrued benefit is greater than $1,000 but does not exceed $7,000 and the participant makes no election, the Plan will automatically roll over the present value of the vested accrued benefit to an IRA.

Forfeitures and Restoration

Forfeiture occurs when the participant terminates employment before being vested. If a participant terminates employment after he is 100% vested and receives a distribution of his accrued pension, he will be permitted to return his distribution to the Plan if he is reemployed during the restoration period. However, before repayment, in determining a participant’s accrued benefit, the Plan will reduce the benefit by the accrued benefit previously distributed.

Postponed Credit for Prior Service

If a former participant is reemployed after a one-year break in service has occurred, his pre-break and post-break service shall be used for computing years of service for eligibility and vesting purposes only after he has been credited with one year of vesting service following the date of his reemployment with the employer.

Service Rules

Vesting Service Rules

A participant is credited with a year of vesting service for a plan year as determined under the following table, based on his hours of service for the plan year:

Hours of Service	Years of Vesting Service
Less than 75	0
Ratio of hours to 750	Fractional year
750	1 Year

Autoneum North America Inc. Carpet Hourly-Paid Employees' Pension Plan
Actuarial Valuation as of January 1, 2025

Summary of Plan Provisions

Benefit Service Rules

A participant is credited with a year of benefit service for a benefit period as determined under the following table, based on his hours of service for the benefit period:

Hours of Service	Years of Benefit Service
Less than 75	0
Ratio of hours to 1,650	Fractional year
1,650	1 Year

The benefit period is the 12-month period coinciding with the plan year. For the purpose of determining years of benefit service, the Plan excludes the following service:

- Hours of service when the employee is not a member of the eligible class of employees.
- Hours of service on or after January 31, 2010 for employees initially employed after December 31, 1994.

Actuarial Equivalence

Actuarial equivalence is determined based on the following mortality and interest rate assumptions:

Mortality table:	1994 Group Annuity Reserving
Interest rate:	7%

Early Retirement – The accrued benefit is reduced by 7½% for each year (5/8 of 1% for each month) by which the early retirement date precedes the normal retirement date.

Monthly Pension – As described in Appendix A. In order to convert from the normal form of benefit to a Joint and 50% Survivor Pension .006 *x* (the spouse's age – the participant's age) is added to the table factor.

Lump Sum – The distribution will be the greater of: (i) the amount calculated using the mortality table and interest rate stated above; or (ii) the amount calculated using the Code section 417 mortality table and the Code section 417 interest rates.

Code Section 417 Mortality Table

The Code section 417 mortality table is the Applicable Mortality Table released annually by the Internal Revenue Service.

Code Section 417 Interest Rates

The Code section 417 interest rates are the Transitional Segment Rates for the first month of the plan year that contains the annuity starting date.
