INDEPENDENT AUDITORS' REPORT

To the 401(k) Retirement Committee and Participants
Buy-Lo Quality Food Stores Inc. 401(k) Profit Sharing Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Buy-Lo Quality Food Stores Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Buy-Lo Quality Food Stores Inc. 401(k) Profit Sharing Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Buy-Lo Quality Food Stores Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Buy-Lo Quality Food Stores Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Buy-Lo Quality Food Stores Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about of Buy-Lo Quality Food Stores Inc. 401(k) Profit Sharing Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Contributions for the year ended December 31, 2025 and Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional

procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Buy-Lo Quality Food Stores, Inc. (Company) 401(k) Profit Sharing Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer plan maintained by Buy-Lo Quality Food Stores, Inc. (the Plan Sponsor) as a defined contribution plan covering non-union employees of Buy-Lo Quality Food Stores, Inc., NAB City Markets, LLC, and Piggly Wiggly Food Stores of Jefferson County, Inc., collectively known as the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees oversee governance of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance.

Eligibility

Employees are eligible to participate in the Plan after completing one year of service and reaching age 21 with entry on the following January 1 or July 1.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation as defined in the Plan up to the maximum allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a safe-harbor match equal to 100% of the amount of the participants' elective deferrals that do not exceed 4% of their compensation. Additional profit-sharing amounts may be contributed at the option of the Companies' Board of Directors; however, no contribution was made for 2025 or 2024. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of the Company's additional profit-sharing contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan – Continued

Vesting

Participants are vested immediately in their contributions, safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's profit-sharing contribution portion of their accounts is based on years of continuous service. Employer contributions to a participant's account do not fully vest until the completion of six years of service as follows:

Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest of his or her account as a lump-sum distribution. All distribution payments greater the $1,000 must have the written consent of the participant.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $1,161 and $1,135, respectively. These amounts will be used to reduce future employer contributions. No forfeitures were applied to contributions in 2025.

Note 2 - Summary of Significant Accounting Policies

Basis of Statements

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment insurance contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment insurance contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Note 2 - Summary of Significant Accounting Policies - Continued

Financial Statement Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are stated at fair value, except fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value and Note 5 for a discussion of investments reported at contract value.

Purchases and sales of investments are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. All investments in the plan are participant directed. Net appreciation or depreciation consists of the Plan's realized gains and losses on investments bought and sold, as well as held during the year. The valuations do not necessarily represent amounts which might ultimately be realized from the disposition of the investments.

Contributions
Contributions are reported in the year services are rendered to the Company by Plan participants.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in the net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Risk and Uncertainties
The Plan provides various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment

Note 2 - Summary of Significant Accounting Policies - Continued

securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Date of Management's Review

Management has evaluated subsequent events through October 14, 2026, which is the date these financial statements were available to be issued. No events or transactions occurred during that period that require recognition or disclosure in the financial statements.

Note 3 - Information Prepared and Certified by Custodians

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520-103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln National Life Insurance Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments at fair value
- Investments at contract value
- Interest and dividends
- Net appreciation / depreciation in fair value of investments
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Fair Value Measurements

FASB ASC Section 820 - *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Note 4 - Fair Value Measurements - Continued

The hierarchy consists of three broad levels, described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset, including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value (NAV) per share reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements - Continued

The following table presents the fair value measurements of investments recognized in the accompanying statement of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024:

		Fair Value Measurements Using		
December 31, 2025	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$15,986,005	$15,986,005	$ -	$ -

		Fair Value Measurements Using		
December 31, 2024	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$13,189,228	$ 13,189,228	$ -	$ -

Note 5 – Fixed Annuity Contract with Insurance Company

For the years ended December 31, 2025 and 2024, the Plan has a fixed annuity account with Lincoln National Life Insurance Company. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The account is included in the financial statements at contract value as reported to the Plan by the Custodian. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the fixed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates are set to be at least as large as the guaranteed minimum interest rate for a given product and are communicated to the Plan Sponsor before they go into effect. Such interest rates are reviewed on a quarterly basis for resetting.

Note 5 – Fixed Annuity Contract with Insurance Company – Continued

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merge with another plan), (b) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes. No events which limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. The balances of the fixed annuity account were $200,690 and $208,623 as of December 31, 2025 and 2024 respectively.

Note 6 - Related Party/ Party in Interest Transactions

Certain Plan investments are managed by Lincoln National Life Insurance Company. Lincoln is the Custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Lincoln provides certain administrative services to the Plan pursuant to the Group Annuity Contract. Lincoln receives revenue from mutual funds and collective trust fund service providers for services provided to the funds. This revenue is used to offset certain amounts owed to Lincoln for its administrative services to the Plan. Parties-in-interest also include: the Plan Sponsor, the Plan Administrators, the Plan trustees, the Plan custodian, the Plan auditor, and the Plan Sponsor's payroll company. Plan participants and the Board of Directors of the Plan Sponsor are also considered parties-in-interest.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Plan Tax Status

The Plan adopted a Volume Submitter document approved by Internal Revenue Service on June 30, 2020. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan follows accounting standards relating to uncertainty of income tax positions. The Plan administrator assessed whether there were any uncertain tax positions that may give rise to

Note 8 - Plan Tax Status - Continued

income tax liabilities and determined that there were no such matters requiring recognition in the accompanying financial statements. The Plan files information returns under U.S. federal jurisdiction. With few exceptions, the Plan is no longer subject to U.S. federal tax examinations for years before 2023.

Note 10 - Prohibited Transactions

During 2025 and 2024, employee deferrals of $56,575 and $346,679, respectively, were withheld from payroll and not remitted on a timely basis (as defined by the Department of Labor "DOL") by the Plan Sponsor. The Plan Sponsor subsequently remitted the deferral to the trustee. Payment of the appropriate excise tax and lost earnings to the affected participants have not been made as of the date the financial statements were available to be issued.

Note 11 - Reconciliation of Financial Statements to Form 5500

There were no differences between the net assets available for benefits and changes in net assets available for benefits per the financial statements and Form 5500 as of December 31, 2025 and 2024.
