Independent Auditor's Report

The Plan Administrator
GSWC Welfare Benefits Plan
for Active and Retired Employees
San Dimas, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of GSWC Welfare Benefits Plan for Active and Retired Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The ERISA-required Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and the Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the GSWC Welfare Benefits Plan for Active and Retired Employees (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Wraparound Plan Document for a complete description of the Plan's provisions.

General

The Plan is sponsored by Golden State Water Company (the Company). The Plan has been effective since June 1, 1988. During 1995, the Company established a Wraparound Plan for the purpose of renaming and formally specifying the terms and conditions of the Plan. Effective June 1, 2016, the Plan was further amended to, among other things, change the name of the plan to the GSWC Welfare Benefits Plan for Active and Retired Employees, change the plan year end from May 31st to December 31st, and, effective December 31, 2016, merge the Plan with certain other plans.

The Plan provides health and other benefits. Coverage in the Plan depends on the eligibility status of the employees to the Company and its affiliates. The Company's Board of Directors appointed an Administrative Committee, which has the full discretion, authority, and responsibility for the administration of the Plan and management of Plan assets.

Assets for future benefit obligations are held in voluntary employees' beneficiary association (VEBA) trusts (the Trusts). Principal Bank, an agent for Principal Trust Co. is the trustee (Trustee) of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility and Benefits

The Plan provides Active Coverage (as defined in the Wraparound Plan Document), which provides various insurance benefits for Eligible Employees (as defined in the Wraparound Plan Document) of the Company and to their beneficiaries and covered dependents.

Active Employees become eligible to participate on the first day of the month coinciding with or following the date the employee completes one month of continuous, active full-time employment or at least 30 hours a week for active part-time regular employment.

Additionally, the Plan provides postretirement benefits that cover expenses not fully covered under Medicare through a group insured plan for Eligible Retirees (as defined in the Wraparound Plan Document) of the Company and to their eligible dependents. Retired employees become eligible for this coverage on the date of their retirement if age 55 with 85 points (age plus service), or upon attainment of age 65. Any employees hired by the Company subsequent to February 1, 1995 are not eligible for this postretirement coverage.

Insurance benefits for Active Employees and their eligible dependents and Eligible Retired Employees and their eligible dependents are provided through group insurance contracts. The Plan agreement contains complete and detailed descriptions of the benefit and eligibility provisions.

The Plan also provides benefits related to continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

The Plan is fully insured. Claims for benefits under the Plan are filed with the insurance companies that provide these benefits. The insurance companies process the claims, handle requests for review of denied claims, and make the final decision on denied claims.

Contributions

For Eligible Active Employees, the Company contributes the difference between the premium for the group insurance coverage and the amount required to be contributed by the Active Employee, as periodically determined by the Plan's Administrative Committee.

For Eligible Retired Employees and their spouses, the Company, through the Trusts, contributes the difference between the premium for the group insurance coverage or the Medicare Supplement Policy, as the case may be, and the amount a Retired Employee or spouse is required to contribute.

The Company's policy is to contribute the maximum amounts allowed as a tax deduction pursuant to the Internal Revenue Code (IRC). Under present law, the Company is permitted to deduct contributions funded for future benefits to current and retired employees to the extent of the IRC Section 419A limitations. Employees and Retirees may contribute specified amounts, as determined periodically by the Plan's insurance companies, to extend coverage to eligible dependents. Additionally, the Company has established an IRC Section 125 plan that allows employees to make either pre-tax or post-tax contributions to this Plan for the participant's portion of the insurance premiums.

Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to modify the benefits provided to active and retired employees, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and non-discriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; contingent assets and liabilities; and the benefit obligations at the dates of the financial statements, and changes in between. Actual results could differ from these estimates.

Payment of Benefits

Premiums paid by either the Company or the trusts are recorded as premium payments in the accompanying statement of changes in net assets available for benefits.

Refunds

Refunds due from the insurance providers are recorded when earned. Refunds due as of the financial statement date are reported as a receivable, with the offset netted against insurance premiums paid. There were no refunds received for the year ended December 31, 2025.

Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, the trustee, and actuary. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. Except for professional-services expenses provided to the Trusts that may be borne by them, all other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Medicare Subsidy

The Plan's postretirement benefit obligation does not reflect an amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug Improvement and Modernization Act of 2003 because the Plan is not directly entitled to the Medicare subsidy. The Company has included the effects of the Medicare subsidy in measuring its postretirement benefit obligation; therefore, the Plan's postretirement benefit obligation differs from that of the Company.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5, Fair Value Measurements, for discussion of the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value benefit obligations are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates-and-assumptions in the near term could be material to the financial statements.

Subsequent Events

The financial statements and related disclosures include an evaluation of events through October 14, 2026, which is the date the financial statements were available to be issued.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and the ERISA-required supplemental schedules related to investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and investment activities for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Bank, a qualified institution.

4. Postretirement Benefit Obligations

A postretirement benefit obligation has been recognized for retiree medical benefits for eligible participants and their dependents upon retirement. These benefit obligations represent the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to employee services rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. The obligations represent the amounts that are expected to be funded by contributions from the Company and from existing assets of the Plan. Postretirement benefits includes benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and, (b) active employees and their beneficiaries and dependents after retirement from service with the Company. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims cost per participant, and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

At December 31, 2025, for measurement purposes, 8.4% and 8.8% weighted-average annual rates of increase in the average per-capita cost of covered health-care benefits were assumed for pre-Medicare and post-Medicare medical trend rates, respectively; both rates are assumed to decrease gradually to 4.0% through 2051.

At December 31, 2024, for measurement purposes, 6.7% and 7.4% weighted-average annual rates of increase in the average per-capita cost of covered health-care benefits were assumed for pre-Medicare and post-Medicare medical trend rates, respectively; both rates are assumed to decrease gradually to 3.9% through 2049.

The weighted-average health-care-cost trend rate assumptions have a significant effect on the amounts reported as postretirement benefit obligations. If the assumed rates increased by one percentage point in each year, the obligation as of December 31, 2025 and 2024 would increase by $85,459 and $88,944, respectively.

The following are other significant assumptions used to determine the postretirement benefit obligations:

Discount rate:	
December 31, 2025	4.95%
December 31, 2024	5.40%
Average-retirement-age rates:	
December 31, 2025	Various rates ranging from 7% at age 55 to 100% at age 70
December 31, 2024	Various rates ranging from 7% at age 55 to 100% at age 70
Mortality:	
December 31, 2025	Pri-2012 Generational Combined Collar Mortality Table and projected with generational scale MMP-2021*
December 31, 2024	Pri-2012 Generational Combined Collar Mortality Table and projected with generational scale MMP-2021*

* Pri-2012, including its mortality tables, is released by the Society of Actuaries' Retirement Plans Experience Committee for private-sector retirement plans in the U.S. The tables were developed from data collected for 2010–2014. The central year of the data is 2012; hence, the name. These tables are intended to be adjusted with a mortality improvement scale.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the benefit obligations.

5. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 or 2024. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds and Money Market Funds - Mutual funds and money market funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commissions. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

The preceding described method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan assets at fair value:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Money market funds	$ 187,443	$ -	$ -	$ 187,443
Mutual funds	15,831,657	-	-	15,831,657
Total Investments, at fair value	$ 16,019,100	$ -	$ -	$ 16,019,100

December 31, 2024

	Level 1	Level 2	Level 3	Total
Money market funds	$ 110,498	$ -	$ -	$ 110,498
Mutual funds	14,345,538	-	-	14,345,538
Total Investments, at fair value	$ 14,456,036	$ -	$ -	$ 14,456,036

6. Tax Status

The Trusts established under the Plan to hold the Plan's assets are qualified pursuant to Section 501(c)(9) of the IRC, and, accordingly, the Trusts' net investment income is exempt from income taxes, subject to funding limits. Because of the funding limit under the IRC, the Company did not contribute to either trust during the year ended December 31, 2025.

The Trusts obtained favorable tax exemption letters from the Internal Revenue Service (IRS) during February 2014. The non-union Trust (NUT) is subject to unrelated business tax (UBIT) on investment income. For the year ended December 31, 2025, the NUT incurred $171,121 of current federal and California state UBIT.

GAAP requires plan management to evaluate uncertain tax positions taken, or planned to be taken, by the Plan, and for the Plan's Trusts to recognize a tax liability (or asset) if such a position is not "more likely than not" to be sustained upon examination by taxing authorities, either with respect to the Trusts' exemption status or the NUT's UBIT. The Plan and its Trusts are subject to routine audits by taxing authorities. There are currently no examinations in progress. The Plan Administrator believes that the Plan and its Trusts are designed and are currently being operated in compliance with the applicable requirements of the IRC, and has concluded that, at December 31, 2025 and 2024, there are no uncertain tax liabilities (or assets) for which recognition or disclosure is required in the financial statements.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Principal Bank, the trustee and custodian of plan assets and therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

From time to time, the Company may pay certain taxes or expenses on behalf of the Plan. As of December 31, 2025 and 2024, the Plan recorded a liability of $186,346 and $116,271, respectively, for taxes paid by the Company on behalf of the Plan. This amount is reported on the statement of net assets available for benefits as other liabilities due.
