Independent Auditor's Report

To the Plan Administrator and Participants of the
Vets Pets 401(k) Plan
Wilson, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Vets Pets 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Vets Pets 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vets Pets 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Vets Pets 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vets Pets 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. Description of Plan

The following description of the Vets Pets 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2015, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all employees of Vets Pets PA and Affiliates, (the "Plan Sponsor") who have attained age 21 and completed one month of service. An employee may share in non-elective contributions if they are employed on the last day of the Plan year and have completed a year of service, as defined by the Plan.

On December 29, 2022, the SECURE 2.0 Act of 2022 (the "Act") was signed into law, introducing major changes to the rules governing retirement plans. The provisions of the Act have staggered effective dates through 2026 and beyond. The Plan Sponsor is operating the Plan in good faith compliance with all required provisions from their respective statutory effective dates. Management is currently reviewing the operational and financial impact of the remaining provisions. The Plan Sponsor intends to formally adopt all required plan document amendments within the remedial amendment period provided by the Internal Revenue Service.

Effective January 1, 2025, the Plan's trustee was changed from Reliance Trust Company to ADP Retirement Trust Services, LLC.

Effective for the plan year ended December 31, 2025 and pursuant to the Act, eligible participants age 60 through 63 are permitted to make an enhanced "super catch-up" contribution up to $11,250, which represents 150 percent of the standard age 50 catch up limit of $7,500.

Contributions

Each year, participants may elect to contribute up to 90 percent of their annual compensation, as defined by the Plan, subject to the restrictions of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company's safe harbor matching contribution is equal to 100 percent of the participant's elective deferrals that do not exceed 3 percent of the employee's eligible compensation plus 50 percent of the elective deferrals over 3 percent but not to exceed 5 percent of the employee's eligible compensation. Additional non-elective contributions may be made at the Plan Sponsor's discretion. There were no non-elective contributions made in 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as allocations of plan earnings. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their contributions into various investment options offered by the Plan. Currently, the Plan offers various mutual funds and collective investment trust funds as investment options.

Vesting

Participants are vested immediately in their elective deferral, rollover contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Non-elective contributions vest 20 percent each year and become fully vested after 6 years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at the rate of prime plus 1 percent, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows for in-service distributions for participants who have reached age 59 ½. In addition, participants may request a hardship distribution if they experience an immediate financial need, as defined by the Plan. Involuntary distributions may be made by the Plan Sponsor for terminated participants with account balances less than $5,000.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested account balances totaled $8,491 and $21, respectively. Forfeited accounts may be used to reduce future administrative expenses or employer contributions. Forfeitures totaling $10,443 and $21 were utilized during 2025 to reduce employer contributions and Plan expenses, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. In 2025, deemed loans amounted to $26,510.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation/(depreciation) of fair value of investments.

Excess Contributions Refundable

Amounts refundable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to employee contributions. The Plan distributed the 2025 excess contribution of $584 to the applicable participants in March 2026.

3. Unaudited Information

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ADP Retirement Trust Services, LLC and Reliance Trust Company ("Reliance") in 2025 and 2024 respectively, have certified that the following data included in the accompanying financial statements is complete and accurate.

December 31,	**2025**	2024
Collective investment trust funds	**$ 24,446**	$ 16,235
Mutual funds	**$ 22,133,218**	$ 17,092,767
Notes receivable from participants	**$ 251,049**	$ 177,317

Year Ended December 31,	**2025**
Interest and dividend income	**$ 1,054,922**
Net appreciation in fair value of investments	**$ 2,465,461**
Interest on notes receivable from participants	**$ 18,013**

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to related information in the financial statements and supplemental schedules.

4. Investments that Trade at Net Asset Value Per Share as a Practical Expedient

The following tables set forth additional disclosures of the investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2025 and 2024 for the Plan.

	Fair Value Estimated Using Net Asset Value per Share December 31, 2025				
Investment	**Fair Value**	**Unfunded Commitment**	**Redemption Frequency**	**Other Redemption Restrictions**	**Redemption Notice Period**
Collective investment trust funds - stable value	$ 24,446	$ -	Daily	None	None

	Fair Value Estimated Using Net Asset Value per Share December 31, 2024				
Investment	**Fair Value**	**Unfunded Commitment**	**Redemption Frequency**	**Other Redemption Restrictions**	**Redemption Notice Period**
Collective investment trust funds - stable value	$ 16,235	$ -	Daily	None	None

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust Funds-Stable Value. This fund invests primarily in fully benefit responsive investment contracts that are valued at the NAV of units of the collective investment trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the fair value of the Plan's assets as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments subject to the fair value hierarchy:				
Mutual funds	**$ 22,133,218**	**$ -**	**$ -**	**$ 22,133,218**
Investments not subject to the fair value hierarchy:				
Collective investment trust funds				**24,446**
Total investments, at fair value				**$ 22,157,664**

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments subject to the fair value hierarchy:				
Mutual funds	$ 17,092,767	$ -	$ -	$ 17,092,767
Investments not subject to the fair value hierarchy:				
Collective investment trust funds				16,235
Total investments, at fair value				$ 17,109,002

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants are 100 percent vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Tax Status

The Plan has received an opinion letter dated October 6, 2020, that the Plan document is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has periodically been amended, however, the Plan Administrator and the Plan's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe the Plan is qualified and the related trust is tax-exempt.

8. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit volatility. Market risks include U.S. and global events that could impact the value of Plan investments. Such events may include public health emergencies, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and collective investment trust funds managed by ADP Trust Company. ADP Trust Company is the trustee as defined by the Plan. ADP, LLC. ("ADP") serves as the record keeper. Cunningham Financial Services serves as the advisor. Transactions with these parties qualify as exempt party-in-interest transactions. Employees participating in the Plan are considered parties-in-interest; therefore, notes receivables from participants qualify as exempt party-in-interest transactions.

10. Non-Exempt Transactions

During the plan year ended December 31, 2025, employee withholdings amounting to $101,586 were not remitted to the Plan within the appropriate time frame by the Company due to a transition of payroll providers that impacted one pay date. These transactions constitute prohibited transactions as defined by ERISA. The Company remitted these contributions to the Plan during the 2025 Plan year. Lost earnings on these contributions will be remitted to the Plan upon completion of the calculations.

11. Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2025 and 2024 to the Form 5500:

12. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

Effective April 1, 2026, the Plan's trustee and custodian were changed to Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, respectively. The Plan incurred a short black out period until April 17, 2026, during the transition.
