WARREN COUNTY COMMUNITY SERVICES, INC. EMPLOYEES' TAX-DEFERRED ANNUITY PLAN

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Warren County Community Services, Inc. Employees' Tax-Deferred Annuity Plan (the "Plan") have been prepared under the accrual basis of accounting using accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Voya Retirement Insurance and Annuity Company (a Plan "Custodian"), Mid Atlantic Trust Company (a Plan "Custodian") and Mutual of America (the Plan "Recordkeeper"). Voya Retirement Insurance and Annuity Company and Mid Atlantic Trust Company are asset custodians of the Plan and Mutual of America is the Plan recordkeeper. Therefore, these transactions qualify as exempt party-in-interest transactions.

Several employees of Warren County Community Services, Inc. (the "Plan Sponsor") provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Plan Sponsor for the services of the employees of the Plan.

Certain expenses and costs of administering the Plan were paid by the Plan Sponsor, and accordingly are not reflected in the Plan's financial statements. Certain investment-related expenses are included in net appreciation in fair value of investments.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Subsequent Events

In preparing its financial statements, the Plan has evaluated events subsequent to the balance sheet date through October 14, 2026, which is the date the financial statements were available to be issued.

NOTE 2 DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility

Employees are eligible to participate in the Plan with respect to salary deferral contributions after completion of one hour of service. All employees performing 1,000 hours of service or more for the Plan Sponsor who have six months of service are eligible to receive employer matching contributions.

Contributions

Participants may voluntarily make salary deferral contributions up to 100% of their pre-tax or post-tax compensation. However, contributions may not exceed limitations established under Section 402(g) of the Internal Revenue Code of 1986 as amended ($23,500 at December 31, 2025). For 2025, Section 414(v) of the Internal Revenue Code of 1986 as amended allowed a maximum catch-up contribution of $7,500. Participants designate the percentage of their total contribution to be invested in any of the Plan's investment funds. Participants may change the percentage of contributions invested in each account and may make transfers between accounts anytime during the year.

The Plan Sponsor may make a discretionary employer matching contribution to eligible participants. The discretionary contribution in 2025 was 66.67% of the participant's elective deferral up to a maximum of 6% of the participant's compensation for the year.

Effective January 1, 2025, the Plan implemented certain provisions of the SECURE 2.0 Act of 2022. Under these provisions, participants who attain age 60 through 63 during the plan year are eligible to make enhanced catch-up contributions in excess of the standard catch-up contribution limit available to participants age 50 and older. For the 2025 plan year, the enhanced catch-up contribution limit was $11,250, compared with the standard catch-up contribution limit of $7,500. Eligible participants may elect to make such additional contributions subject to Internal Revenue Code limitations and the terms of the Plan.

NOTE 2 DESCRIPTION OF THE PLAN (CONTINUED)

Rollover Contributions

Participants may roll over their taxable portion of funds previously held for their account in another qualified employee benefit plan to the Plan on a tax-free basis.

Participant Accounts

Each participant's account is credited with allocations of (a) the participant's contribution, (b) the Plan Sponsor's contribution, and (c) allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested at the time of participation in the Plan in their voluntary contributions and rollover contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is fully vested after five years of credited service.

Payment of Benefits

Upon a participant's retirement, death, disability, termination of employment, or termination of the Plan, the participant may receive benefits in accordance with the Plan's provisions and existing laws and regulations. The Plan Sponsor may initiate a mandatory distribution to an individual retirement plan (IRA) or lump-sum cash payment for those terminated participants whose vested account balance is $1,000 or less. If the vested value of the participant's account is in excess of $1,000, the participant will not receive a distribution unless the Plan has received consent in writing.

In conditions of "financial hardship", a participant may request approval to withdraw that portion of his or her 403(b) retirement account balance necessary to meet the financial hardship, subject to limitations of the Plan and the Internal Revenue Code.

In-service distributions are permissible for participants that have attained the age of 59½. Participants electing in-service distributions may elect to receive all or a portion of their vested benefits.

Upon termination of the Plan, assets will be distributed to participants in accordance with the Plan's provisions and existing laws and regulations.

NOTE 2 DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

The Plan permits participants to borrow from their vested account. The maximum amount that may be borrowed is the lesser of $50,000 or 50% of the vested balance of the account. The loans are secured by the balance in the participant's account. The interest rate on the loan is determined by the plan administrator. Loans are payable within five years except for those used to acquire a principal residence. Principal and interest are paid ratably through bi-weekly payroll deductions.

Participant loans outstanding as of December 31, 2025 and 2024 was $15,205 and $12,434, respectively.

Forfeited Accounts

Forfeitures may be used to pay plan administrative fees or reduce future employer contributions. The balance in the forfeiture account available for employer matching contributions was $1,722 and $23,761 at December 31, 2025 and 2024, respectively. Forfeitures used to reduce employer contributions were $23,468 in 2025.

NOTE 3 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board *Accounting Standards Codification 820, Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

The hierarchy is broken down into three levels based on the ability to observe inputs as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued based on the net asset value ("NAV") of shares of the underlying fund as published by the trustee.

Insurance company general account: Valued at contract value, which equals cash contributions plus interest credited to the Plan's contract. VOYA has represented that contract value approximates fair value due to current crediting rates being comparable to those of similar investments. Principal and previously credited interest may be subject to market value adjustments prior to withdrawal.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different approaches or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets Measured at Fair Value on a Recurring Basis

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:
