INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Lane-Valente Industries, Inc. 401(K) Profit Sharing Plan & Trust
98 Maple Avenue
Smithtown, NY 11787

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Lane-Valente Industries, Inc. 401(K) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from ADP Retirement Trust Services, LLC and Reliance Trust Company, qualified institutions, covering the certified investment information presented in the financial statements. ADP Retirement Trust Services, LLC certified the applicable investment information as of December 31, 2025 and for the year then ended, and Reliance Trust Company certified the applicable investment information as of December 31, 2024. The certifications state that the applicable investment information is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2025 and 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are presented in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. Plan Description

The following description of Lane-Valente Industries, Inc. 401(K) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a participant-directed defined contribution plan covering all eligible non-union employees of Lane-Valente Industries, Inc. (the "Company"). The Plan Sponsor is the Company. Effective January 1, 2025, ADP Retirement Trust Services, LLC serves as trustee and custodian of the Plan, replacing Reliance Trust Company. ADP Retirement Services, a division of ADP, Inc., serves as the Plan's recordkeeper. The Plan was established effective January 1, 1996 and is subject to the provisions of ERISA and applicable provisions of the Internal Revenue Code. The Plan has been amended, as applicable, for relevant legislative and regulatory changes.

Administration – The Plan administrator is responsible for oversight of the Plan. The Plan's trustees are Company executives who oversee the management of the Plan and investment of the Plan's assets. The trustees responsibilities include, but are not limited to, maintaining and enforcing the Plan's investment policy; selecting and monitoring the Plan's recordkeeper and directed trustee; maintaining an appropriate selection of investment options under the Plan based on the Plan's investment policy; and monitoring the performance of the Plan's investments and service providers.

Eligibility - Entry into the Plan begins on the first day of the month coinciding with or next following the date of completion of the eligibility requirements. Each non-union employee of the Company is eligible to participate in the Plan for purposes of salary deferrals after two consecutive months of employment.

Contributions – Participants may enter into an elective salary deferral agreement with the Company to contribute an amount up to 90 percent of pretax annual compensation, as defined in the Plan document, subject to applicable Internal Revenue Code limitations. The elective-deferral limit was $23,500 for 2025. Participants who attained age 50 or older by the end of 2025 could contribute an additional $7,500, except that eligible participants who attained ages 60 through 63 during 2025 could contribute up to the applicable enhanced catch-up limit of $11,250, subject to the terms of the Plan. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants may also elect to contribute to the Plan, on an after-tax basis, by designating some or all of their contributions as Roth 401(k) deferrals. These after-tax contributions, plus the earnings accumulated thereon, may be withdrawn tax-free provided the withdrawal is a qualified distribution, as defined in the Plan document.

The Plan provides matching contributions, under a Safe Harbor arrangement, equal to 100% of the first three percent of base compensation, plus 50 percent of the amount between three percent and five percent of base compensation that a participant contributes to the Plan. Participants who are eligible to make salary deferrals to the Plan are eligible for the safe harbor contributions. Safe Harbor Matching Contributions generally must be contributed by the end of the Plan year quarter following the Plan year quarter for which the participant makes the salary deferrals that are being matched. The value of the Company's aggregate matching contribution for the year ended December 31, 2025 was $864,730.

The combined contributions by the participant and the Company may not exceed limits prescribed by the Code. The maximum annual combined contributions for the year ended December 31, 2025 was the lesser of 100% of each participant's annual compensation, or the dollar limitation of $70,000, $77,500 or $81,250 if including catch-up, or enhanced catch up contributions for 2025 (this limit is adjusted annually for cost of living).

Employer profit sharing contributions are a discretionary dollar amount as determined by the Company's Board of Directors. Participants are eligible to receive profit sharing contributions upon completion of one (1) year of service, as defined in the Plan. For the year ended December 31, 2025, there were no employer profit sharing contributions made to the Plan.

1. Plan Description – continued

Participant Accounts – Each eligible participant's account is credited with (a) the participant's contributions, (b) the Company's Safe Harbor matching contributions and discretionary profit-sharing contributions, and (c) an allocation of dividends and any change in the market value of the various investment funds. Each account is charged with allocations of investment losses, benefit payments, withdrawals, and administrative expenses, as applicable. Allocations are made in accordance with the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments – Participants direct the investment of their contributions and any subsequent changes made to the Company's matching and discretionary profit-sharing contributions. These options include numerous registered investment companies. Participants may change their investment elections at any time for both existing account balances and future contributions.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in their portion of the Company's Safe Harbor matching contributions plus actual earnings thereon. Vesting in the Company's profit-sharing contributions is based on continuous service. A participant is 100% vested in discretionary non-elective contributions after six years of credited service. Upon termination of employment due to death, disability (as defined by the Plan), or attainment of age 65, the Plan's normal retirement age, participants will also be 100% fully vested in their total account balance.

Distributions of Benefits – Upon termination of service due to death, disability or retirement, participants with account balances in excess of $5,000 may elect to receive a single lump-sum payment, installments over a period of not more than the participant's assumed life expectancy, request a partial withdrawal, or defer receiving payments until age 73. Account balances less than $5,000 may only be paid in a lump sum and will be distributed to participants regardless of whether they consent to receive it. If the participant does not make an election and the vested balance exceeds $1,000, but does not exceed $5,000, the Plan will make the distribution in the form of a direct rollover to an individual retirement account ("IRA") established by an IRA provider selected by the Company. Each active participant, prior to termination of employment and who has attained age 59½, may withdraw any portion of his or her vested account balance from the Plan, subject to a minimum distribution of $500.

The Plan provides for hardship withdrawals, as set forth in accordance with applicable sections of the Code not to exceed a participant's actual contributions to the Plan. Participants must show that they are suffering an immediate and heavy financial hardship and that the money cannot be obtained from any other source. Hardship withdrawals are limited to the amount necessary to satisfy the financial need. Circumstances that qualify as an immediate and heavy financial hardship are defined in the plan document. Upon qualification for financial hardship, a participant is entitled to the value of his or her deferral and the vested portion of the Company's contributions, determined as of the valuation date, which is payable immediately in a lump-sum distribution.

Notes Receivable from Participants – Participants may borrow from their accounts amounts between $1,000 and up to the lesser of a) $50,000 reduced by the excess, if any, of the participant's highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over the current outstanding balance of loans as of the date of the new loan; or 50% of the participant's vested account balance. Loan terms generally may not exceed five (5) years. However, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a longer repayment term. The loans are secured by the remaining balance in the participant's account and are issued at prime rate of interest as published in the Wall Street Journal on the 14th day of each month (or on the first business day preceding the 14th in the event the 14th is not a business day), plus one percent. The rate of interest remains constant throughout the term of the loan. Principal and interest are repaid ratably through payroll deductions. A participant applying for a loan through the Plan will be charged a $125 loan application fee, which is nonrefundable and is used to offset the administrative expenses associated with the loan.

At December 31, 2025 and 2024, notes receivable from participants aggregating $933,456 and $757,974, respectively, were outstanding at interest rates ranging between 4.25% and 9.50% and maturing through 2038.

Forfeitures – Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. Forfeitures may be used to reduce employer contributions or to pay administrative expense of the Plan, as determined by the Company at its sole discretion. There were no forfeitures for the years ended December 31, 2025 and 2024.

2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Lane-Valente Industries, Inc. 401(K) Profit Sharing Plan & Trust (the "Plan") is presented to assist in understanding the Plan's financial statements and supplemental schedules. The following significant accounting policies have been applied consistently in preparing the Plan's financial statements and ERISA-required supplemental schedule.

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates – The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, disclosure of contingent assets and liabilities. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned in accordance with the accrual basis of accounting. Dividends are recorded on the applicable ex-dividend date or when otherwise earned. Net appreciation or depreciation in the fair value of investments includes realized gains and losses on investments sold during the year and unrealized changes in the fair value of investments held at year-end.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses when incurred. Participant loans in default are evaluated under the terms of the Plan document and applicable tax requirements. Deemed distributions are separately reported in the statement of changes in net assets available for benefits when the applicable requirements are met.

Contributions – Participant contributions are recorded in the period in which the related compensation is earned and withheld. Employer matching and nonelective contributions are recorded in the period in which they are earned under the terms of the Plan. Contributions due to the Plan at year-end are recorded as contributions receivable.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Administrative expenses are paid by the Plan or the Plan Sponsor, as provided by the Plan document. Expenses paid directly by the Plan are recorded in the accompanying statement of changes in net assets available for benefits. Expenses paid by the Plan Sponsor are excluded from the Plan's financial statements.

3. Certified Investments

Certain information relating to investments presented in the accompanying financial statements, notes to the financial statements, and ERISA-required supplemental schedule was obtained or derived from information prepared and certified as complete and accurate by qualified institutions.

ADP Retirement Trust Services, LLC certified the applicable investment information as of December 31, 2025 and for the year then ended. Reliance Trust Company certified the applicable investment information as of December 31, 2024. Management determined that each institution met the requirements of ERISA Section 103(a)(3)(C) for the respective information certified.

The certified information includes the applicable investment balances and investment activity identified in the respective certifications.

4. Investments and Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 1: Input to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in markets that are not active.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3– Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025

	Level 1	Total
Mutual funds	$ 37,244,442	$ 37,244,442

Investments at Fair Value as of December 31, 2024

	Level 1	Total
Mutual funds	$ 30,746,803	$ 30,746,803

5. Transactions with Parties-In-Interest

Certain Plan investments are held by ADP Retirement Trust Services, LLC, which serves as the Plan's trustee and custodian. ADP Retirement Services, a division of ADP, Inc., provides recordkeeping and administrative services to the Plan. Accordingly, transactions involving Plan investments and fees paid for trustee, custodial, recordkeeping, and administrative services constitute party-in-interest transactions. These transactions are intended to qualify as exempt transactions under ERISA.

5. Transactions with Parties-In-Interest – continued

Administrative expenses paid by the Plan are included in administrative expenses in the accompanying statement of changes in net assets available for benefits. Certain administrative expenses of the Plan were paid by the Plan Sponsor and are not reflected in the accompanying financial statements.

Notes receivable from participants also constitute party-in-interest transactions and are intended to qualify as exempt transactions under ERISA.

6. Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, affected participants will become fully vested in their accounts to the extent required by the Plan document and applicable law.

7. Federal Income Tax Status

The Plan utilizes a pre-approved plan document for which the document provider received an Internal Revenue Service opinion letter dated October 6, 2020 stating that the form of the document satisfied the applicable requirements of Section 401(a) of the Internal Revenue Code. The Plan was restated effective April 14, 2022 and adopted by the Plan Sponsor on April 13, 2022. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Management believes the Plan is designed and has been operated in compliance with the applicable requirements of the Code. Management has evaluated known operational matters and believes any required corrective action, if any, will not adversely affect the Plan's tax-qualified status. Accordingly, no provision for income taxes has been recorded in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is subject to examination for the tax years 2022 through 2025.

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balance and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Subsequent Events

The plan sponsor has evaluated the December 31, 2025 financial statements for subsequent events through October 14, 2026, the date the financial statements were available to be issued. No events were identified that required adjustment to or disclosure in the financial statements.
