INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Doctors Hospital at Renaissance 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Doctors Hospital at Renaissance 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Doctors Hospital at Renaissance 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from two qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agree to, or are derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Doctors Hospital at Renaissance 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Doctors Hospital at Renaissance 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Doctors Hospital at Renaissance 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Doctors Hospital at Renaissance 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are

in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by the qualified institutions agree to, or are derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the Doctors Hospital at Renaissance (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established December 1, 2004 and most recently amended and restated effective January 1, 2022. It covers all eligible employees of the Company who have completed at least 30 days of service as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. For 2025, under a change introduced by SECURE 2.0, a higher catch-up contribution limit applied for employees who turned ages 60 through 63. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan allows for Roth elective deferrals and Roth rollover contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers five mutual funds, fifteen collective trust funds, and one fixed income account as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Under the provisions of the Plan, the Company may make a discretionary matching contribution. For 2025 and 2024 the Company's matching contribution was 25 percent of a participant's salary deferral up to a 6 percent deferral. The Company may also contribute a discretionary non-elective contribution based on each participant's taxable wage base. No discretionary non-elective contributions were made in 2025 or 2024.

Participant accounts – Each participant's account is credited with the participant's voluntary contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of (a) Plan losses and (b) administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service subject to a five-year graded vesting schedule.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance incurred by the participant during the 12-month period ending on the day before the date on which the loan was made or 50 percent of their vested account balance. An active participant shall make loan scheduled payments through payroll deduction with the frequency of such payments established in the loan application. A former participant shall be provided with coupons to submit with their scheduled payments by the prescribed due dates. The loans are secured by the vested balance in the participant's account and bear interest at rates ranging from 4.25 percent to 9.50 percent. Effective January 1, 2016, the loan interest is the Wall Street Journal Prime Rate plus one percent. Any changes in the Prime Rate will be reflected on the first business day of the following month. A participant must wait 15 days after a loan is paid off before initiating a new loan.

Payment of benefits – On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant with an account balance greater than $7,000 may elect to receive the value of the vested benefit in his or her account as a lump sum distribution, or may make the election to receive distributions in installment payments or partial payments, before the date it would normally be distributed (upon death, disability or retirement). The Plan will make involuntary cash outs of terminated vested participants with account balances of up to $7,000. In addition, eligible rollover distributions of account balances greater than $1,000 but not greater than $7,000 will be subject to automatic rollover requirements.

Forfeited accounts – Forfeitures will first be used to restore previously forfeited amounts to participant accounts if certain requirements are fulfilled as set forth in the Plan. Any remaining forfeitures may be used to reduce employer matching or non-elective contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of estimates – In preparing the financial statements, the plan administrator is required to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance. Interest income on these notes receivable is recorded as earned on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payments of benefits – Benefits are recorded when paid.

Excess contributions payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions.

Contributions – Contributions from employees are recorded as they are withheld from the participant's wages.

Operating expenses – The Plan permits the payment of all reasonable Plan administration expenses to be paid out of the Plan assets, unless paid for by the Company. The Plan will assess against an individual Participant's account certain Plan expenses that are incurred by, or are attributable to, a particular Participant based on the use of a particular Plan feature. Expenses in excess of those fees are paid by the Company.

Date of management's review – Subsequent events were evaluated through October 14, 2026, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Collective Trust Funds: Valued at the net asset value (NAV) calculated by the fund manager based on the underlying investments.

Mutual Funds: Valued at a daily calculated NAV and is traded at a quoted price through the National Securities Clearing Corporation.

Transamerica Financial Life Insurance Company's (TFLIC) Fixed Income Accounts: Valuation is based upon observable inputs.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

December 31, 2025	Total	Fair Value Measurements at Reporting Date Using: Level 1	Level 2
Collective Trust Funds	$ 236,941,030	$ -	$ 236,941,030
Mutual Funds	2,740,638	2,740,638	-
TFLIC - Fixed Income Account	215,437	-	215,437
Total investments at fair value	$ 239,897,105	$ 2,740,638	$ 237,156,467

December 31, 2024	Total	Fair Value Measurements at Reporting Date Using: Level 1	Level 2
Collective Trust Funds	$ 200,166,824	$ -	$ 200,166,824
Mutual Funds	2,525,653	2,525,653	-
TFLIC - Fixed Income Account	581,554	-	581,554
Total investments at fair value	$ 203,274,031	$ 2,525,653	$ 200,748,378

The Company evaluates the significance of various inputs to assess the appropriate classification of the Plan's investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Transfers between levels are evaluated for their significance based upon the nature of the investment and size of the transfer relative to the net asset available for benefits. For the years ended December 31, 2025 and 2024, there were no transfers between levels within the fair value hierarchy.

Note 4 – Concentrations

All investments of the Plan are placed with Transamerica Financial Life Insurance Company, the custodian of the Plan. The investments are largely held in collective trust funds with the remaining funds held in either mutual funds or in a fixed income account maintained by Transamerica Financial Life Insurance Company.

Note 5 – Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $48,610 and $443,456, respectively. Forfeited participant accounts were used to reduce the Company's contributions by $871,561 and $471,388 in 2025 and 2024, respectively.

Note 6 – Related Party Transactions

Participants are responsible for variable asset charge fees, loan processing fees, distribution fees, and overnight check mailing fees, which totaled $410,688 for the Plan year ended December 31, 2025. The Company also established an Expense Budget Account (EBA) which is funded with revenue generated from the investment funds and is used to pay investor advisory, audit, and other professional fees. Professional fees and advisory fees totaled $94,507 for the Plan year ended December 31, 2025. These transactions are exempt party-in-interest transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 8 – Information Prepared and Certified by Trustee and Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by State Street Bank and Trust Company, the trustee of the Plan, and by Transamerica Financial Life Insurance Company, the custodian of the Plan, except for comparing such information certified by the trustee and custodian to information included in the Plan's financial statements and supplementary information.

The following information, included in the accompanying financial statements as of December 31, 2025 and 2024 and supplemental schedule of assets at December 31, 2025 was obtained from data that has been prepared and certified to as complete and accurate by State Street Bank and Trust Company and by Transamerica Financial Life Insurance Company:

	2025	2024
Collective trust funds	$ 236,941,030	$ 200,166,824
Mutual funds	2,740,638	2,525,653
Fixed income accounts	215,437	581,554
Notes receivable from participants	7,625,577	6,899,265

	Year Ended December 31, 2025
Net gain from collective trust funds	$ 34,877,040
Net gain from mutual funds	123,270
Interest on fixed income account	3,440
Dividends	120,150
Interest on notes receivable from participants	588,928

Note 9 – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Schedule H of Form 5500.

	December 31,	
	2025	2024
Net assets available for benefits per financial statements	$ 247,531,376	$ 210,103,364
Net assets available for benefits per Schedule H of Form 5500	$ 247,531,376	$ 210,103,364

Note 11 – Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, market, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 12 – Prohibited Transactions

Late remittances of participant contributions totaled $222,406 and $1,258,309 for the plan years ending December 31, 2025 and 2024, respectively. These amounts are included in the attached Schedule of Delinquent Participant Contributions. All contributions were remitted during the Plan year. The late remittance of funds is a technical violation of the provisions of ERISA even though the Company does not profit from the transactions.

The Company is in the process of remitting lost earnings that the contributions would have earned if they had been deposited timely. To date, the process has been initiated; however, no formal application has been submitted under the Department of Labor's Voluntary Fiduciary Correction Program (VFCP). Because the full correction (i.e. contributions plus lost earnings) has not yet been completed or submitted under VFCP, the delinquent amount is currently reported on the attached Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) in the column "*Contributions not Corrected*". Management intends to complete the correction (remit lost earnings and file under VFCP) as soon as administratively feasible.

Note 13 – Subsequent Events

The Plan was amended effective January 1, 2026. The amendment modified certain participant contribution and distribution features of the Plan. The amendment permits voluntary after-tax contributions and in-plan Roth conversions, which were not previously permitted. The amendment also increased the elective deferral limit to up to 75% of eligible compensation, subject to applicable Plan and Internal Revenue Code limitations.
