Independent Auditor's Report

To the Participants and Plan Administrator of the
Eastern Energy Services Inc. 401(k) Plan
Laurel, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Eastern Energy Services Inc. 401(k) Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of this report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance, and therefore it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Information Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis. This information is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Eastern Energy Services Inc. 401(k) Plan Plan ("Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of Eastern Energy Services Inc. ("Company" or "Employer"). Employees under collective bargaining agreements or nonresident aliens are not eligible to participate in the Plan. All other employees become eligible to participate in the Plan upon reaching 18 years of age and completing six months of service. Eligible employees are permitted to enter the Plan on the first day of each payroll period after which the employee has satisfied the eligibility requirements.

Effective December 1, 2025, the Company amended the Plan's service requirement. Under the amended provisions, an employee becomes eligible upon completing six months service.

The Plan commenced effective April 1, 2005, and was amended and restated effective December 1, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the Plan Sponsor and Plan Administrator. Certain administrative functions are performed by employees of the Company, who receive no compensation from the Plan.

Plan Custodians and Trustees

Effective December 1, 2025, the Plan was amended and restated, and Fidelity Management Trust Company ("Fidelity") was appointed as the new custodian and trustee of the Plan. Prior to December 1, 2025, Ascensus Trust Company ("Ascensus") served as the Plan's custodian, trustee, and recordkeeper. Collectively, Fidelity and Ascensus are referred to herein as the "Custodians" or "Trustees."

The Custodians maintain custody of all investments held by the Plan, maintain the Plan's participant account balances, and provide recordkeeping services to the Plan. Among other duties, the Custodians receives contributions, hold and invest the fund assets in accordance with the directions of participants, and make distributions as directed by the Plan Administrator.

On December 1, 2025, as a result of the change in Custodians, the Plan's assets were transferred from Ascensus to Fidelity.

Contributions

Eligible participants may elect to contribute, on a pre-tax basis, up to 100% of their eligible compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Effective December 1, 2025, the Company amended the Plan to permit participants to make Roth elective deferral contributions.

1. Description of Plan (continued)

Contributions (continued)

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover").

The Plan provides for a discretionary Employer matching contribution and a discretionary Employer profit-sharing contribution. For the 2025 Plan year, the Employer made matching contributions equal to 100% of participant elective deferrals on the first 3% of eligible compensation contributed to the Plan. There were no discretionary profit-sharing contributions made by the Employer for the year ended December 31, 2025.

All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings, and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. The Plan has selected various investment options, as more fully described in the Plan Document. Participants may direct the allocation of their account balances to one or more of these options, which vary in types of investments, rates of return, and investment risk.

Vesting

Participants are immediately vested in their contributions, discretionary profit-sharing contributions plus actual earnings thereon.

Vesting in discretionary matching contributions is determined based on credited years of service. Participants are 20% vested after two years of credited service, with an additional 20% vesting earned for each subsequent year, reaching 100% vesting after six years of credited service.

Effective December 1, 2025, the Plan amended the vesting schedule applicable to discretionary matching contributions to a five-year graded vesting schedule. Participants vest 20% after one year of credited service, with vesting increasing by 20% annually thereafter until fully vested after five years of credited service.

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have two outstanding loans at a time. The loan interest rate, determined quarterly, is set at 1% above Prime, as defined. Principal and interest are paid ratably through payroll deductions and are due in equal installments not less frequently than quarterly.

Payment of Benefits

Upon separation of service due to death, disability, or normal retirement, a participant with a vested balance exceeding $5,000 may elect to receive a lump sum payment from the vested portion of their account balance. Distributions to a terminated employee with a vested account balance equal to or less than $5,000 are made as a lump sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution directly or to rollover the distribution into another retirement plan. If the vested account balance is less than or equal to $1,000, the Plan permits involuntary lump sum cash distributions.

A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Forfeitures

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $89,023 and $178,238, respectively. These accounts will be used to reduce future Employer contributions or to pay administrative expenses. During the year ended December 31, 2025, forfeitures of $39,493 were used to pay Plan administrative expenses and $481,261 were used to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

The amount of participant and employer contributions due and payable, but not yet deposited with the Plan as of year-end is reflected as participant and employer contributions receivable in the Plan’s financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Information Certified by the Custodians

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following data in the Plan’s financial statements and supplemental schedules was agreed to or derived from information certified as complete and accurate by Ascensus Trust Company and Fidelity Management Trust Company, the Plan's Custodians and qualified institutions.

3. Information Certified by the Custodians (continued)

The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation or depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

- **Level 1** - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** - Inputs to the valuation technique include: (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical or similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability; (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

- *Money market funds:* Valued at the quoted net asset value of shares held by the Plan at year-end.
- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (continued)

- *Stable Value Common Trust Fund:* The Plan's investment in the MetLife Trust Company Stable Value Common Collective Trust Fund is primarily comprised of fully benefit responsive investment contracts that are valued at the Net Asset Value ("NAV") of units of the collective trust. The NAV is used as a practical expedient to estimate fair value; however, the practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments. There are no significant restrictions on participant redemptions; however, the Plan must provide forty-five days' notice prior to termination of the collective trust participation agreement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Money market funds	$ 47,510	$ -	$ -	$ 47,510
Mutual funds	5,422,239	-	-	5,422,239
Total assets in the fair value hierarchy	5,469,749	-	-	5,469,749
Investments measured at NAV (a)	-	-	-	6,766,827
Total investments at fair value	$ 5,469,749	$ -	$ -	$ 12,236,576

December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 4,550,948	$ -	$ -	$ 4,550,948
Total assets in the fair value hierarchy	4,550,948	-	-	4,550,948
Investments measured at NAV (a)	-	-	-	7,049,017
Total investments at fair value	$ 4,550,948	$ -	$ -	$ 11,599,965

(a) In accordance with FASB ASC 820, certain investments (stable value common trust fund) that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Related Party and Party-in-Interest

Certain Plan investments are managed by the Custodians, and these transactions qualify as party-in-interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

Effective December 1, 2025, the Plan adopted a non-standardized, defined contribution preapproved profit- sharing plan sponsored by FMR, LLC. which received a favorable opinion letter from the IRS dated June 30, 2020.

Prior to December 1, 2025, Plan adopted a non-standardized, preapproved profit-sharing plan sponsored by Ascensus, LLC. The Internal Revenue Service (“IRS”) has determined and informed BlueStar by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not filed individually with the IRS for a letter regarding the Plan’s qualified tax status; however, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and thus believes that the Plan is qualified, and the related trust is tax-exempt and no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent Participant Contributions

For the years ended December 31, 2025, and 2024, participant contributions and loan repayments totaling $1,290,289, and $718,753, respectively, were not remitted to the Plan within the time frame required by U.S. Department of Labor ("DOL") regulations and, accordingly, constituted nonexempt prohibited transactions under ERISA. These amounts are reported on Schedule H, Line 4a, Schedule of Delinquent Participant Contributions. As of December 31, 2025, delinquent participant contributions and loan repayments totaling $2,009,042 remained uncorrected.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 13,046,063	$ 12,159,785
Less: participant contributions receivable	(286,274)	-
Less: employer contributions receivable	(114,137)	-
Net assets available for benefits per Form 5500	$ 12,645,652	$ 12,159,785

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$ 886,278
Less: participant contributions receivable, end of year	(286,274)
Less: employer contributions receivable, end of year	(114,137)
Net income per Form 5500	$ 485,867

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Eastern Energy Services Inc. 401(k) Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of this report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance, and therefore it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Information Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis. This information is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Eastern Energy Services Inc. 401(k) Plan Plan ("Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of Eastern Energy Services Inc. ("Company" or "Employer"). Employees under collective bargaining agreements or nonresident aliens are not eligible to participate in the Plan. All other employees become eligible to participate in the Plan upon reaching 18 years of age and completing six months of service. Eligible employees are permitted to enter the Plan on the first day of each payroll period after which the employee has satisfied the eligibility requirements.

Effective December 1, 2025, the Company amended the Plan's service requirement. Under the amended provisions, an employee becomes eligible upon completing six months service.

The Plan commenced effective April 1, 2005, and was amended and restated effective December 1, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the Plan Sponsor and Plan Administrator. Certain administrative functions are performed by employees of the Company, who receive no compensation from the Plan.

Plan Custodians and Trustees

Effective December 1, 2025, the Plan was amended and restated, and Fidelity Management Trust Company ("Fidelity") was appointed as the new custodian and trustee of the Plan. Prior to December 1, 2025, Ascensus Trust Company ("Ascensus") served as the Plan's custodian, trustee, and recordkeeper. Collectively, Fidelity and Ascensus are referred to herein as the "Custodians" or "Trustees."

The Custodians maintain custody of all investments held by the Plan, maintain the Plan's participant account balances, and provide recordkeeping services to the Plan. Among other duties, the Custodians receives contributions, hold and invest the fund assets in accordance with the directions of participants, and make distributions as directed by the Plan Administrator.

On December 1, 2025, as a result of the change in Custodians, the Plan's assets were transferred from Ascensus to Fidelity.

Contributions

Eligible participants may elect to contribute, on a pre-tax basis, up to 100% of their eligible compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Effective December 1, 2025, the Company amended the Plan to permit participants to make Roth elective deferral contributions.

1. Description of Plan (continued)

Contributions (continued)

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover").

The Plan provides for a discretionary Employer matching contribution and a discretionary Employer profit-sharing contribution. For the 2025 Plan year, the Employer made matching contributions equal to 100% of participant elective deferrals on the first 3% of eligible compensation contributed to the Plan. There were no discretionary profit-sharing contributions made by the Employer for the year ended December 31, 2025.

All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings, and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. The Plan has selected various investment options, as more fully described in the Plan Document. Participants may direct the allocation of their account balances to one or more of these options, which vary in types of investments, rates of return, and investment risk.

Vesting

Participants are immediately vested in their contributions, discretionary profit-sharing contributions plus actual earnings thereon.

Vesting in discretionary matching contributions is determined based on credited years of service. Participants are 20% vested after two years of credited service, with an additional 20% vesting earned for each subsequent year, reaching 100% vesting after six years of credited service.

Effective December 1, 2025, the Plan amended the vesting schedule applicable to discretionary matching contributions to a five-year graded vesting schedule. Participants vest 20% after one year of credited service, with vesting increasing by 20% annually thereafter until fully vested after five years of credited service.

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have two outstanding loans at a time. The loan interest rate, determined quarterly, is set at 1% above Prime, as defined. Principal and interest are paid ratably through payroll deductions and are due in equal installments not less frequently than quarterly.

Payment of Benefits

Upon separation of service due to death, disability, or normal retirement, a participant with a vested balance exceeding $5,000 may elect to receive a lump sum payment from the vested portion of their account balance. Distributions to a terminated employee with a vested account balance equal to or less than $5,000 are made as a lump sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution directly or to rollover the distribution into another retirement plan. If the vested account balance is less than or equal to $1,000, the Plan permits involuntary lump sum cash distributions.

A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Forfeitures

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $89,023 and $178,238, respectively. These accounts will be used to reduce future Employer contributions or to pay administrative expenses. During the year ended December 31, 2025, forfeitures of $39,493 were used to pay Plan administrative expenses and $481,261 were used to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

The amount of participant and employer contributions due and payable, but not yet deposited with the Plan as of year-end is reflected as participant and employer contributions receivable in the Plan’s financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Information Certified by the Custodians

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following data in the Plan’s financial statements and supplemental schedules was agreed to or derived from information certified as complete and accurate by Ascensus Trust Company and Fidelity Management Trust Company, the Plan's Custodians and qualified institutions.

3. Information Certified by the Custodians (continued)

The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation or depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

- **Level 1** - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** - Inputs to the valuation technique include: (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical or similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability; (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

- *Money market funds:* Valued at the quoted net asset value of shares held by the Plan at year-end.
- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (continued)

- *Stable Value Common Trust Fund:* The Plan's investment in the MetLife Trust Company Stable Value Common Collective Trust Fund is primarily comprised of fully benefit responsive investment contracts that are valued at the Net Asset Value ("NAV") of units of the collective trust. The NAV is used as a practical expedient to estimate fair value; however, the practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments. There are no significant restrictions on participant redemptions; however, the Plan must provide forty-five days' notice prior to termination of the collective trust participation agreement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Money market funds	$ 47,510	$ -	$ -	$ 47,510
Mutual funds	5,422,239	-	-	5,422,239
Total assets in the fair value hierarchy	5,469,749	-	-	5,469,749
Investments measured at NAV (a)	-	-	-	6,766,827
Total investments at fair value	$ 5,469,749	$ -	$ -	$ 12,236,576

December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 4,550,948	$ -	$ -	$ 4,550,948
Total assets in the fair value hierarchy	4,550,948	-	-	4,550,948
Investments measured at NAV (a)	-	-	-	7,049,017
Total investments at fair value	$ 4,550,948	$ -	$ -	$ 11,599,965

(a) In accordance with FASB ASC 820, certain investments (stable value common trust fund) that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Related Party and Party-in-Interest

Certain Plan investments are managed by the Custodians, and these transactions qualify as party-in-interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

Effective December 1, 2025, the Plan adopted a non-standardized, defined contribution preapproved profit- sharing plan sponsored by FMR, LLC. which received a favorable opinion letter from the IRS dated June 30, 2020.

Prior to December 1, 2025, Plan adopted a non-standardized, preapproved profit-sharing plan sponsored by Ascensus, LLC. The Internal Revenue Service (“IRS”) has determined and informed BlueStar by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not filed individually with the IRS for a letter regarding the Plan’s qualified tax status; however, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and thus believes that the Plan is qualified, and the related trust is tax-exempt and no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent Participant Contributions

For the years ended December 31, 2025, and 2024, participant contributions and loan repayments totaling $1,290,289, and $718,753, respectively, were not remitted to the Plan within the time frame required by U.S. Department of Labor ("DOL") regulations and, accordingly, constituted nonexempt prohibited transactions under ERISA. These amounts are reported on Schedule H, Line 4a, Schedule of Delinquent Participant Contributions. As of December 31, 2025, delinquent participant contributions and loan repayments totaling $2,009,042 remained uncorrected.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 13,046,063	$ 12,159,785
Less: participant contributions receivable	(286,274)	-
Less: employer contributions receivable	(114,137)	-
Net assets available for benefits per Form 5500	$ 12,645,652	$ 12,159,785

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$ 886,278
Less: participant contributions receivable, end of year	(286,274)
Less: employer contributions receivable, end of year	(114,137)
Net income per Form 5500	$ 485,867

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Eastern Energy Services Inc. 401(k) Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of this report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance, and therefore it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Information Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis. This information is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Eastern Energy Services Inc. 401(k) Plan Plan ("Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of Eastern Energy Services Inc. ("Company" or "Employer"). Employees under collective bargaining agreements or nonresident aliens are not eligible to participate in the Plan. All other employees become eligible to participate in the Plan upon reaching 18 years of age and completing six months of service. Eligible employees are permitted to enter the Plan on the first day of each payroll period after which the employee has satisfied the eligibility requirements.

Effective December 1, 2025, the Company amended the Plan's service requirement. Under the amended provisions, an employee becomes eligible upon completing six months service.

The Plan commenced effective April 1, 2005, and was amended and restated effective December 1, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the Plan Sponsor and Plan Administrator. Certain administrative functions are performed by employees of the Company, who receive no compensation from the Plan.

Plan Custodians and Trustees

Effective December 1, 2025, the Plan was amended and restated, and Fidelity Management Trust Company ("Fidelity") was appointed as the new custodian and trustee of the Plan. Prior to December 1, 2025, Ascensus Trust Company ("Ascensus") served as the Plan's custodian, trustee, and recordkeeper. Collectively, Fidelity and Ascensus are referred to herein as the "Custodians" or "Trustees."

The Custodians maintain custody of all investments held by the Plan, maintain the Plan's participant account balances, and provide recordkeeping services to the Plan. Among other duties, the Custodians receives contributions, hold and invest the fund assets in accordance with the directions of participants, and make distributions as directed by the Plan Administrator.

On December 1, 2025, as a result of the change in Custodians, the Plan's assets were transferred from Ascensus to Fidelity.

Contributions

Eligible participants may elect to contribute, on a pre-tax basis, up to 100% of their eligible compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Effective December 1, 2025, the Company amended the Plan to permit participants to make Roth elective deferral contributions.

1. Description of Plan (continued)

Contributions (continued)

Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover").

The Plan provides for a discretionary Employer matching contribution and a discretionary Employer profit-sharing contribution. For the 2025 Plan year, the Employer made matching contributions equal to 100% of participant elective deferrals on the first 3% of eligible compensation contributed to the Plan. There were no discretionary profit-sharing contributions made by the Employer for the year ended December 31, 2025.

All contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings, and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. The Plan has selected various investment options, as more fully described in the Plan Document. Participants may direct the allocation of their account balances to one or more of these options, which vary in types of investments, rates of return, and investment risk.

Vesting

Participants are immediately vested in their contributions, discretionary profit-sharing contributions plus actual earnings thereon.

Vesting in discretionary matching contributions is determined based on credited years of service. Participants are 20% vested after two years of credited service, with an additional 20% vesting earned for each subsequent year, reaching 100% vesting after six years of credited service.

Effective December 1, 2025, the Plan amended the vesting schedule applicable to discretionary matching contributions to a five-year graded vesting schedule. Participants vest 20% after one year of credited service, with vesting increasing by 20% annually thereafter until fully vested after five years of credited service.

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have two outstanding loans at a time. The loan interest rate, determined quarterly, is set at 1% above Prime, as defined. Principal and interest are paid ratably through payroll deductions and are due in equal installments not less frequently than quarterly.

Payment of Benefits

Upon separation of service due to death, disability, or normal retirement, a participant with a vested balance exceeding $5,000 may elect to receive a lump sum payment from the vested portion of their account balance. Distributions to a terminated employee with a vested account balance equal to or less than $5,000 are made as a lump sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution directly or to rollover the distribution into another retirement plan. If the vested account balance is less than or equal to $1,000, the Plan permits involuntary lump sum cash distributions.

A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Forfeitures

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $89,023 and $178,238, respectively. These accounts will be used to reduce future Employer contributions or to pay administrative expenses. During the year ended December 31, 2025, forfeitures of $39,493 were used to pay Plan administrative expenses and $481,261 were used to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

The amount of participant and employer contributions due and payable, but not yet deposited with the Plan as of year-end is reflected as participant and employer contributions receivable in the Plan’s financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Information Certified by the Custodians

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following data in the Plan’s financial statements and supplemental schedules was agreed to or derived from information certified as complete and accurate by Ascensus Trust Company and Fidelity Management Trust Company, the Plan's Custodians and qualified institutions.

3. Information Certified by the Custodians (continued)

The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation or depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

- **Level 1** - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** - Inputs to the valuation technique include: (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical or similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability; (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

- *Money market funds:* Valued at the quoted net asset value of shares held by the Plan at year-end.
- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (continued)

- *Stable Value Common Trust Fund:* The Plan's investment in the MetLife Trust Company Stable Value Common Collective Trust Fund is primarily comprised of fully benefit responsive investment contracts that are valued at the Net Asset Value ("NAV") of units of the collective trust. The NAV is used as a practical expedient to estimate fair value; however, the practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments. There are no significant restrictions on participant redemptions; however, the Plan must provide forty-five days' notice prior to termination of the collective trust participation agreement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Money market funds	$ 47,510	$ -	$ -	$ 47,510
Mutual funds	5,422,239	-	-	5,422,239
Total assets in the fair value hierarchy	5,469,749	-	-	5,469,749
Investments measured at NAV (a)	-	-	-	6,766,827
Total investments at fair value	$ 5,469,749	$ -	$ -	$ 12,236,576

December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 4,550,948	$ -	$ -	$ 4,550,948
Total assets in the fair value hierarchy	4,550,948	-	-	4,550,948
Investments measured at NAV (a)	-	-	-	7,049,017
Total investments at fair value	$ 4,550,948	$ -	$ -	$ 11,599,965

(a) In accordance with FASB ASC 820, certain investments (stable value common trust fund) that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Related Party and Party-in-Interest

Certain Plan investments are managed by the Custodians, and these transactions qualify as party-in-interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

Effective December 1, 2025, the Plan adopted a non-standardized, defined contribution preapproved profit- sharing plan sponsored by FMR, LLC. which received a favorable opinion letter from the IRS dated June 30, 2020.

Prior to December 1, 2025, Plan adopted a non-standardized, preapproved profit-sharing plan sponsored by Ascensus, LLC. The Internal Revenue Service (“IRS”) has determined and informed BlueStar by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not filed individually with the IRS for a letter regarding the Plan’s qualified tax status; however, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and thus believes that the Plan is qualified, and the related trust is tax-exempt and no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent Participant Contributions

For the years ended December 31, 2025, and 2024, participant contributions and loan repayments totaling $1,290,289, and $718,753, respectively, were not remitted to the Plan within the time frame required by U.S. Department of Labor ("DOL") regulations and, accordingly, constituted nonexempt prohibited transactions under ERISA. These amounts are reported on Schedule H, Line 4a, Schedule of Delinquent Participant Contributions. As of December 31, 2025, delinquent participant contributions and loan repayments totaling $2,009,042 remained uncorrected.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 13,046,063	$ 12,159,785
Less: participant contributions receivable	(286,274)	-
Less: employer contributions receivable	(114,137)	-
Net assets available for benefits per Form 5500	$ 12,645,652	$ 12,159,785

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$ 886,278
Less: participant contributions receivable, end of year	(286,274)
Less: employer contributions receivable, end of year	(114,137)
Net income per Form 5500	$ 485,867
