Management, having determined it is permissible in the circumstances, has elected to have the audits of Majestic Industry Hills, LLC 401(k) Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of Majestic Industry Hills, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Majestic Industry Hills, LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Majestic Industry Hills, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Majestic Industry Hills, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Majestic Industry Hills, LLC (the "Company") and Majestic Industry Hills, LLC 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan agreement for a more complete description of the Plan's provisions.

The operations and investment of the Plan's assets are directed by the Benefits Committee appointed by the management of Majestic Industry Hills, LLC.

General

The Plan is a defined contribution plan covering all employees of the Company who have six months or more of service and are age eighteen or older, excluding employees covered by Eligible Collective Bargaining Agreements and non-resident aliens. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2016, the Plan adopted a safe harbor design providing an enhanced matching contribution equal to 100% of a participant's elective deferrals up to 4% of compensation. The safe harbor contribution was suspended in 2020, and the Plan returned to safe harbor status effective January 1, 2024. The Plan was a safe harbor plan for the entire 2025 plan year. Matching contributions made while the Plan was not a safe harbor plan are subject to the vesting schedule described below.

Contributions

Effective July 1, 2025, participants may elect to contribute from 1% to 90% of annual compensation on a pre-tax or Roth basis up to a maximum of $23,500 for the year ended December 31, 2025. Participants' salary contributions may be discontinued at any time and may be otherwise modified at the beginning of each calendar quarter. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $7,500 for 2025. Participants who will attain age 60, 61, 62, or 63 before the end of the Plan year are eligible for an increased catch-up contribution limit of $11,250 for 2025 in lieu of the standard $7,500 catch-up limit.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants may transfer to the Plan a distribution amount that qualifies as a tax-exempt rollover under Internal Revenue Code Section 402(c) from another qualified plan. The Plan currently offers registered mutual funds and a stable value collective trust as investment options for participants.

The Company makes safe harbor matching contributions equal to 100% of a participant's elective deferrals up to 4% of compensation, invested at the direction of the participant.

Additional contribution amounts may be contributed at the option of the Company on a discretionary basis on behalf of all eligible employees. The contributions are credited to the Non-Matching Contribution Account. No discretionary amounts were contributed during the year ended December 31, 2025.

Participant accounts

Participant accounts are established and maintained within each of the investment accounts. Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. All reasonable expenses incurred by the administrator and the trustee in administering the Plan may be paid from the forfeitures (if any), or from the remaining trust fund. All such costs and expenses paid from the trust fund shall, unless allocable to the accounts of specific participants, be charged against the accounts of all participants on a pro rata basis, or in such other reasonable manner as may be directed by the Company and accepted by the trustee. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their elective deferrals, rollover contributions, safe harbor matching contributions and earnings thereon. Employer matching and nonelective contributions other than safe harbor contributions vest based on years of service: 25% after two years, 50% after three years, 75% after four years and 100% after five years. Participants become fully vested upon attainment of normal retirement age, death or disability. Nonvested amounts are forfeited as of the earlier of the last day of the plan year in which a former participant incurs five consecutive one-year breaks in service or the distribution of the participant's entire vested account balance.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000, reduced by the excess of the participant's highest outstanding loan balance during the preceding 12 months over the outstanding balance on the date of the loan, or 50% of their vested account balance. A participant may have no more than three loans outstanding. Loan terms may not exceed five years, or 30 years for loans used to purchase a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate based on the prime rate at the time the loan is issued. At December 31, 2025, interest rates on outstanding loans ranged from 4.25% to 9.50%, with maturities through 2046. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon termination of service, including termination due to death, disability or retirement, a participant may elect to receive the vested interest in his or her account as a lump-sum distribution, in substantially equal installments, or through partial withdrawals of at least $500. The Plan also allows for payment of benefits in the event of certain participant hardship events and permits certain in-service withdrawals.

Forfeited accounts

At December 31, 2025 and 2024, unallocated forfeited nonvested accounts totaled $10 and $0, respectively. Forfeitures may be used to pay Plan administrative expenses or to reduce employer contributions. During the year ended December 31, 2025, forfeitures of $780 were used to pay Plan administrative expenses and forfeitures of $7,469 were used to reduce employer contributions.

Change in Recordkeeper, Trustee and Investment Options

Effective July 1, 2025, the Plan changed its recordkeeper from Transamerica Life Insurance Company (Transamerica) to ADP Retirement Services (ADP), and Reliance Trust Company became the Plan's trustee and custodian. In connection with the change, the Plan's investments in Transamerica pooled separate accounts and its fully benefit-responsive investment contract with Transamerica were liquidated on June 30, 2025, and the proceeds of $8,201,928, including $1,249,778 from the investment contract (see Note 4), were transferred to Reliance Trust Company on July 1, 2025, together with participant loans of $394,859. On July 14, 2025, the proceeds were invested in the new investment options offered through ADP. Participant balances were mapped to new investment options with similar investment characteristics, with balances for which no election could be determined invested in the age-appropriate Nuveen Lifecycle Index fund, the Plan's qualified default investment alternative.

During the transition, participants were unable to direct investments, request loans or take distributions from July 1, 2025 until on or about July 15, 2025. Effective with the change, the Plan began permitting Roth elective deferrals.

2. Summary of Significant Accounting Policies

Accounting policies
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract held through June 30, 2025, which is reported at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

At December 31, 2025, the Plan's investments consist of shares of registered investment companies (mutual funds), valued at the daily net asset value (NAV) published by each fund, and units of a stable value common/collective trust, measured at fair value using NAV per unit as a practical expedient. At December 31, 2024, the Plan's investments consisted of units of pooled separate accounts of Transamerica Life Insurance Company, valued at the unit values reported by the insurer, and the fully benefit-responsive investment contract. Interest credited on the investment contract was recorded as investment income when credited.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any outstanding interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a deemed distribution based on the terms of the Plan document. Participant loans do not present significant credit risk concentrations.

Expenses
Annual recordkeeping and administrative fees are paid for by the Plan in accordance with the Plan’s provisions. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account. These fees are presented on the statement of changes in net assets available for benefits in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Payment of benefits
Benefits are recorded when paid.

Legislative Developments

The SECURE 2.0 Act of 2022 (SECURE 2.0) was signed into law on December 29, 2022 and includes numerous changes to retirement plans that become effective in 2023 and later years. The Plan has operated in accordance with the applicable provisions of SECURE 2.0, and the Plan document was amended for SECURE 2.0 and related legislation through an interim amendment adopted by ADP, the Plan's pre-approved document provider, on April 22, 2026. The adoption of SECURE 2.0 did not have a material effect on the Plan's financial statements for the years ended December 31, 2025 and 2024.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation method include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. As a result of the change in the Plan's investment options effective July 1, 2025, described in Note 1, the Plan's investment types at December 31, 2025 differ from those at December 31, 2024.

Mutual funds: Valued at the daily closing net asset value (NAV) reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts (December 31, 2024): Valued at the unit value reported by Transamerica Life Insurance Company. Unit values are determined daily based on the fair value of the underlying investments, less separate account charges. The units are not publicly traded; the inputs to the unit values are observable.

Stable value common/collective trust (December 31, 2025): Measured at fair value using the NAV per unit, as reported by the trustee of the fund, as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities.

3. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Assets at Fair Values as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds				
Index funds	$ 75,062	$ -	$ -	$ 75,062
Balanced funds	8,377,675	-	-	8,377,675
Fixed income funds	4,385	-	-	4,385
Equity and other funds	472,723	-	-	472,723
Total mutual funds	8,929,845	-	-	8,929,845
Stable value fund measured at NAV (a)	-	-	-	1,439
Total investments at fair values	$ 8,929,845	$ -	$ -	$ 8,931,284

	Assets at Fair Values as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts				
Index funds	$ -	$ 641,978	$ -	$ 641,978
Balanced funds	-	3,365,447	-	3,365,447
Fixed income funds	-	233,281	-	233,281
Equity and other funds	-	2,272,880	-	2,272,880
Total investments at fair values (b)	$ -	$ 6,513,586	$ -	$ 6,513,586

(a) In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. The stable value fund has no unfunded commitments. Participant-directed redemptions are permitted daily; Plan-level redemptions initiated by the Plan sponsor are subject to advance notice requirements specified in the fund's governing documents.

(b) Excludes the fully benefit-responsive investment contract with Transamerica Life Insurance Company of $1,106,407 at December 31, 2024, which is measured at contract value and is not subject to the fair value hierarchy (see Note 4).

Certain 2024 amounts in the fair value table have been reclassified to conform to the current year presentation, including the presentation of investments in pooled separate accounts as Level 2 rather than Level 1, the separate presentation of equity and other funds, and the exclusion of the fully benefit-responsive investment contract, which is measured at contract value. These reclassifications had no effect on total investments or net assets available for benefits.

4. Fully Benefit-Responsive Contract with Transamerica Life Insurance Company (Discontinued in 2025)

In 2006, the Plan entered into a fully benefit-responsive investment contract with Transamerica Life Insurance Company (Transamerica). Transamerica maintained the contributions in its general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica was contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The contract was a deposit contract with no defined maturity and was presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Transamerica, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

In connection with the change in the Plan's recordkeeper and investment options described in Note 1, the contract was discontinued on June 30, 2025, and its contract value of $1,249,778 was transferred to the Plan's new investment options. The contract value was $0 and $1,106,407 at December 31, 2025 and 2024, respectively.

5. Party-in-Interest Transactions

Through June 30, 2025, certain Plan investments were units of pooled separate accounts and a fully benefit-responsive investment contract with Transamerica, which was also the Plan's recordkeeper through that date. Effective July 1, 2025, Reliance Trust Company became the Plan's trustee and custodian. Fees paid by the Plan during 2025 for recordkeeping, administrative and investment advisory services to Transamerica, ADP and Merrill Lynch, Pierce, Fenner & Smith Incorporated (Merrill Lynch), the Plan's investment adviser, totaled $25,954. Notes receivable from participants also qualify as party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to accounts of participants shall become nonforfeitable; and, after payment of expenses, shall be vested in full and paid or credited to each participant in accordance with the plan agreement.

7. Tax Status

The Plan was amended and restated effective July 1, 2025 on a pre-approved plan document sponsored by ADP, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated October 6, 2020, stating that the form of the plan document satisfies the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Certain operational matters identified during 2025 are being corrected under the IRS Employee Plans Compliance Resolution System, and the Plan administrator does not expect the corrections to affect the Plan’s qualified status.

7. Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations by the IRS for years prior to 2022.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Reconciliation of Financial Statements to Schedule H of Form 5500

At December 31, 2025 and 2024, there were no reconciling items between net assets available for benefits per the financial statements and Schedule H of Form 5500. For the year ended December 31, 2025, there were no reconciling items between the net increase in net assets available for benefits per the financial statements and Schedule H of Form 5500.

10. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the following qualified institutions under 29 CFR 2520.103-5:

- Transamerica Life Insurance Company certified investments held at December 31, 2024, and the related investment activity for the period from January 1, 2025 through June 30, 2025.
- Reliance Trust Company, the Plan's trustee, certified investments and notes receivable from participants held at December 31, 2025, and the related net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the period from July 1, 2025 through December 31, 2025.

11. Subsequent events

Plan management has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued, and determined that no adjustments to or disclosures in the financial statements were required.
