Independent Auditor's Report

The Plan Administrator and Management of
Division 5, LLC Profit Sharing Plan
Winston, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Division 5, LLC Profit Sharing Plan, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024 and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years ending, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DIVISION 5, LLC PROFIT SHARING PLAN
WINSTON, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024

NOTE 1: Description of Plan

The following brief description of Division 5, LLC Profit Sharing Plan, (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all nonunion eligible employees of Division 5, LLC (the "Plan Sponsor"). The Plan was established in 2004 and most recently restated as of November 21, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan Administrator, as appointed by the Plan Sponsor, has responsibility for the administration of the Plan. Lincoln National Life Insurance Company ("Lincoln"), as custodian and a qualified institution, has responsibility for the operation and administration of the Plan's Trust Fund. Lincoln also serves as the Plan's recordkeeper. Fees are charged to the Plan Sponsor for recordkeeping and administrative services. Rhonda Wylie, employee and trustee of the Plan, has responsibility for the management of the Plan's trust fund.

Eligibility – Employees of the Plan Sponsor are eligible to enroll in the Plan after attainment of age 21 and completion of one year of service.

Contributions – Participants may contribute a percentage of pretax annual compensation and/or after-tax (Roth) annual compensation, up to the Internal Revenue Code ("IRC") limitations, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan allows for employer safe harbor matching contributions and discretionary employer profit-sharing contributions. For the year ended December 31, 2025, the Company made a matching contribution equal to 100% of the participants' salary deferrals up to 3% of compensation plus 50% of the participants' salary deferrals between 3% and 5% of compensation. The Company made a discretionary profit-sharing contribution for the year ended December 31, 2025 of $443,852, which was remitted to the Plan in 2026 and is recorded in employer contributions receivable as of December 31, 2025. No discretionary profit-sharing contributions were declared for the year ended December 31, 2024.

NOTE 1: Description of Plan (Continued)

Participant Accounts – Each participant's account is adjusted for the participant's contributions and distributions and the Plan Sponsor's matching contributions and discretionary contributions, if any, as well as allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the employer's discretionary profit-sharing contribution portion of their accounts, if any, is based on years of service attained as follows:

YEARS OF SERVICE	VESTING %
Less than two years	0%
Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	60%
Five years but less than six years	80%
Six or more years	100%

Unallocated Accounts - Unallocated accounts consist of advance deposits made by the Plan Sponsor and forfeitures, which represent the non-vested portion of a participant's account balance that is forfeited upon termination. They are used to pay Plan expenses and reduce the Plan Sponsor's contributions in accordance with Plan specifications. These accounts had a balance of approximately $4,700 and $29,000 at December 31, 2025 and 2024, respectively. For the years ended December 31, 2025 and 2024, amounts used to pay Plan administrative expenses totaled approximately $4,500 and $3,000, respectively. For the years ended December 31, 2025 and 2024, amounts used to reduce the Plan Sponsor's contributions totaled approximately $63,000 and $33,000, respectively.

Investment Options – A participant may direct employee and employer contributions in any of the investment options established by the Plan Sponsor.

NOTE 1: Description of Plan (Continued)

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant is entitled to receive 100% of their account balance in a lump-sum distribution. Plan participants who are terminated for reasons other than retirement, death, or disability are entitled to receive only the vested portion of their account. Vested account balances less than $5,000 are subject to automatic distribution in accordance with the Plan document. The Plan also allows for in-service withdrawals of a participant's vested interest upon reaching the age of 59 ½.

Plan Termination – Although there is no present intention to terminate the Plan, the Plan Sponsor may terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, the participants will become fully vested in their accounts.

NOTE 2: Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting.

Valuation of Investments – The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at a measurement date. The plan administrator determines the Plan's valuation policies, utilizing information provided by the Plan's investment advisors and custodian. See Note 3 for a description of the valuation methodologies used to determine each investment's respective fair value.

Net appreciation or depreciation of the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year, as well as the realized gain or loss on sale of investments which represents the difference between net sales proceeds and cost or previous fair value of the investments sold.

Purchases and sales of securities are recorded on a trade–date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex–dividend date.

Tax Status – The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC and are exempt from federal and state income taxes. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 2: Summary of Significant Accounting Policies (Continued)

Accounting principles generally accepted in the United States of America ("GAAP") requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS or state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions within the standard statute of limitation periods; however, there are currently no audits for any tax periods in progress.

Benefit Payments – Benefits are recorded when paid.

Plan Expenses – Certain costs of administering the Plan are absorbed by the Plan Sponsor and are not reflected in these financial statements. Certain investment management fees and administrative expenses are incurred and paid by the Plan as disclosed in Note 1. Fees related to the administration of distributions from participants are charged directly to the participant's account.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events – The Plan has evaluated all subsequent events that may qualify for disclosure through October 14, 2026, which is the date the financial statements were available to be issued. There were no transactions that are required to be disclosed under professional guidance.

NOTE 3: Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy according to GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts: Valued at the net asset value ("NAV") of units of the pooled separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Withdrawals can be executed any time, but exchanges are generally limited to two per month. Were the Plan to initiate a full redemption of a pooled separate account, the investment adviser reserves the right to temporarily delay withdrawal from the account in order to ensure that the securities liquidation will be carried out in an orderly business manner. There are no unfunded commitments related to the pooled separate accounts.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments measured at net asset value (a)	**$ 0**	**$ 0**	**$ 0**	**$ 7,584,430**
Total investments at fair value	**$ 0**	**$ 0**	**$ 0**	**$ 7,584,430**

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value (a)	$ 0	$ 0	$ 0	$ 6,668,284
Total investments at fair value	$ 0	$ 0	$ 0	$ 6,668,284

(a) In accordance with GAAP, certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 4: Guaranteed Investment Contract with Insurance Company

The Plan holds investments provided under a benefit-responsive investment contract (the "Contract") with Lincoln. The Contract is deemed to be fully benefit-responsive. As such, contract value is the relevant measurement attribute for benefits attributable to the Contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Contract includes investments in a guaranteed stable value account and managed principal protected portfolio, both of which are presented at contract value on the face of the Statements of Net Assets Available for Benefits. Contract value represents contributions made to the investments, plus earnings at guaranteed crediting rates less participant withdrawals and administrative fees.

The contract issuer is obligated to repay the principal amount and provide a guaranteed interest rate to the Plan. The crediting rate, determined by the issuer, is based on a specified formula and must not fall below 0% for the guaranteed stable value account and 1% for the managed principal protected portfolio, respectively. Lincoln bears the risk that the return on the underlying investments will be sufficient to support the guaranteed rates during each guarantee period.

The Plan's ability to receive amounts in accordance with fully benefit-responsive investment contracts depends on the issuer's ability to satisfy its contractual obligations, which may be influenced by future economic and regulatory conditions.

Certain circumstances could restrict the Plan's ability to transact with the issuer at contract value. Such events include: (1) the Plan's failure to maintain qualified status under Section 401(a) of the IRC or the related trust's failure to remain tax-exempt under Section 501(a) of the IRC, (2) early termination of the Contract, (3) termination or merger of the Plan, (4) changes to the Plan's provisions regarding competing investment options, or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor-related events (such as divestitures or spin-offs of a subsidiary) that substantially impact the Plan's normal operations. Currently, no such events are considered probable that would limit the Plan's ability to transact at contract value with either the issuer or participants.

Additionally, the issuer may terminate the Contract and settle for an amount other than contract value under specific conditions, including: (1) an uncured breach of the Plan's investment guidelines, (2) failure to fulfill material obligations under the Contract, (3) material misrepresentation, or (4) material amendments to the agreements without the issuer's consent.

NOTE 5: Information Prepared and Certified by Plan Custodian (unaudited)

As explained in Note 1, the Plan's funds are maintained by the custodian, Lincoln. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Lincoln:

	2025	2024
Investments at fair value:		
Pooled separate accounts	**$ 7,584,430**	$ 6,668,284
Investments at contract value:		
Guaranteed stable value account	**51,039**	117,812
Managed Prin Prot Pt SAPP	**119,162**	138,886
Total investments at contract value	**170,201**	256,698
Total investments	**$ 7,754,631**	$ 6,924,982
Investment income	**$ 1,066,204**	$ 787,550

NOTE 6: Party-in-Interest Transactions

Plan investments are managed by Lincoln, the custodian. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in administrative expenses and net appreciation in fair value of investments. The Plan Sponsor pays directly other fees related to the Plan's operations.

NOTE 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
