INDEPENDENT AUDITORS REPORT

Board of Directors
PH Hyundai 401(k) Plan
City of Industry, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of PH Hyundai 401 (k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of PH Hyundai 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025, and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibility under those standards is further described in the Auditor's Responsibilities for the Audit for the Financial Statements section of our report. We are required to be independent of PH Hyundai 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PH Hyundai 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore it is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Auditors Responsibilities for the Audit of the Financial Statements (Continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PH Hyundai 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are other conditions or events, considered in the aggregate, that raise substantial doubt about PH Hyundai 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether there are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters -Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line4i—Schedule of Assets Held at End of Year as of December 31, 2025, is presented for purposes of additional analysis is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare financial statements. The information included in the supplemental schedules, other than agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters -Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined the requirements of ERISA Section 103(a)(3)(c).

PH HYUNDAI 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025, AND 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of the PH Hyundai 401(k) Plan (The Plan) provides only general information. Financial statement users should refer to The Plan agreement for a more complete description of The Plan's provisions.

A. General

The Plan was established on January 1, 2011, as a defined contribution plan covering eligible employees of PH Hyundai (The Plan Sponsor). The Plan is a 401(k)-salary deferral plan covering substantially all employees of Total Transportation & Distribution and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Eligibility

Eligible employees are those who have a minimum of six months of service and are aged twenty-one or older. All employees employed on January 1, 2011, shall be eligible to participate in The Plan as of the earliest entry date.

C. Contributions

Participant Contributions – Each year, participants may contribute a portion of pretax annual compensation, as defined in The Plan. Participants direct the investment of their contributions into various investment options offered by The Plan. The Plan currently offers investment options through the custodian, Voya Retirement Insurance and Annuity Company (see Note 4). The Plan Sponsor may make matching contributions proportionate to each employee's elective contributions as well as discretionary profit-sharing contributions. For the years ended December 31, 2025, and 2024 no matching contributions were made.

Employer discretionary contributions - The Company may make matching contributions proportionate to each employee's elective contributions (QNEC) or discretionary matching contributions to the Plan for the years ended December 31, 2025, and 2024. The Company made no QNEC and no discretionary matching contributions for the years ended December 31, 2025 and 2024.

Contributions are subject to regulatory limitations.

D. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) The Plan Sponsor's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations of The Plan Sponsor contributions are proportionate to each participant's contributions as determined at each payroll date. Investment earnings and losses and administrative expenses are allocated daily based upon each participant's average balance. The benefit to which a participant is entitled is the benefits that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

E. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in The Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is based on one to five full years of continuous service.

Participant vest in the following manner:

Years of Service	Vested Percentage
1.	25%
2.	50%
3.	75%
4.	100%

F. Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate as published by the Federal Reserve as of the last day of the month preceding the loan plus 1-3%. Loans are required to be repaid within five years.

G. Payment of Benefits

A participant whose employment terminates through normal cause may elect to commence distribution of his benefits within a reasonable time period after the established plan distribution date or delay the commitment of benefits to a further determined date. Furthermore, unless the participant elects otherwise, his vested and non-forfeitable account balance will be disbursed no later than 90 days after the last day of The Plan year. The Plan distributed $ 496,081 in benefits to terminated participants for the year ended December 31, 2025, and $460,791 for year ended December 31, 2024.

H. Hardship Distributions

Hardship distributions are allowed for participants that have incurred expenses related to medical, a first-time home purchase, foreclosure, damage to a principal residence, and tuition for educational fees. Hardship distributions may also be used to make payments required to prevent the eviction of the Participant from his principal residence or the foreclosure on the mortgage of the Participant's principal residence. Participants who take a hardship withdrawal may not make any elective contributions to The Plan for six months after the initial distribution date.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

I. Forfeited Accounts

Forfeited accounts are considered the portion of a participant's account that is not vested on the last day of The Plan year. Each year on the anniversary date of The Plan, a distribution of the entire vested portion of the participant's account is reallocated to supplement the non-elective contribution payable to The Plan. The Plan had forfeitures of $ 166 for the year ended December 31, 2025, and no forfeitures for the year ended December 31, 2024.

J. Administrative Expenses

Administrative expenses consist of maintenance charges paid to Voya Retirement Insurance and Annuity Company. These charges are calculated as a percentage of the closing daily market value of investments held by The Plan. These costs are allocated on a per capita basis and charged equally to each participant's account. Administrative expenses paid by the Plan may include notes receivable and distribution fees charged to participants' accounts and administrative Plan fees. Investment related expenses are included in net depreciation in fair value of investments. Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements.

A third-party administrator is engaged by The Plan to assist with compliance to Department of Labor, Internal Revenue Service and ERISA regulations. The cost of engaging the third-party administrator is absorbed by The Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The preparation of financial statements is in conformity with United States generally accepted accounting principles requires The Plan administrator also makes estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. Investment Valuation

The Plan's investments are stated at fair value and contract value. The Plan's custodian, Voya Retirement Insurance and Annuity Company, certifies the contract value of the deposit administration contract and fair value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date.

Contract value is the relevant measurements for assets invested in fully benefit-responsive investment contracts because contract value is the amounts participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

D. Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2025, and 2024.

E. Payment of Benefits

Benefits to participants are recorded when paid.

F. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses paid by the Plan may include notes receivable and distribution fees charged to participants' accounts and administrative Plan fees. Investment related expenses are included in net depreciation in fair value investments.

G. Use of Estimates in Preparing Financial Statements

The Plan uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amount of assets and liabilities and the reported amounts of revenues and expenses. Actual results could vary from the estimates that were used.

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS

The Plan paid expenses related to the Plan's operations and investment management to various service providers. Certain Plan investments are managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is the custodian of the Plan and, therefore, transactions with these entities qualify as exempt party-in-interest transactions. Fees paid by the Plan administration to the custodian, Voya Retirement Insurance and Annuity Company, were $ 25,294 for the year ended December 31,2025 and $ 21,483 for the year ended December 31,2024.

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

A. Investments

The Plan provides investment options through an allocated retirement account group annuity contract (ARA contract) Voya Retirement Insurance and Annuity Company. The ARA contract offers guaranteed accounts and separate accounts. Guaranteed interest investment options are defined as the 3-year, 5-year, and 10-year Guaranteed Accounts that earn guaranteed interest at specific rates. Contributions to these accounts are invested in the general funds of and are guaranteed by Voya Retirement Insurance and Annuity Company. Pooled separate accounts are defined as funds sub-advised by the third parties, or which invest in funds managed by external mutual fund companies. Such pooled separate accounts are established in accordance with state laws and are maintained separately from the general assets of Voya Retirement Insurance and Annuity Company.

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSAs as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Deposit administration contract – In 1995, the Plan entered a fully benefit-responsive investment contract (FBRIC) with Voya Retirement Insurance & Annuity Company (Custodian) and maintains the contributions in a general account. The account is credited with earnings on the underlying investments as charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issue but may not be less than 0.60% for the years ended December 31, 2025 and 2024. The crediting rate is reviewed on an annual basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contact value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan Voya Retirement Insurance & Annuity Company (Custodian), represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

A. Investments (Continued)

The net asset value (NAV) of the Fund which approximates the fair value is determined each business day (valuation date) by the trustee. Contributions to the Fund may be made daily at the current NAV and are considered as made immediately after the daily valuation. Withdrawal from the Fund for benefit payments and participant transfers to noncompeting options to be paid to Plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the net valuation date subsequent to the Plan trustee's approval.

Withdrawals, other than for benefit payments and participant transfer to noncompeting options, are made one year after notification is received from the participating plan. The Plan trustee, however, reserves the right to grant a withdrawal earlier than that mentioned above if there are sufficient cash assets to satisfy the withdrawal and it is not detrimental to the best interest of the Fund.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changed to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to quality for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the Plan's ability to transact at contract value with the participants.

B. Fair Value Measurements

Accounting Standards Codification (ASC) 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities **(Level 1 measurements)** and lowest priority to measurements involving significant unobservable inputs **(Level 3 measurements)**. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumption. The fair value hierarchy consists of three levels of input that may be used to measure fair value as follows:

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

B. Fair Value Measurements (Continued)

Level 1: Observable inputs that are based upon quoted market process for identical assets or liabilities within active markets.

Level 2: Observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted process within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

Pooled Separate Assets (Mutual Funds):

The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV's and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed Income Assets (Stable Value Fund):

A stable value fund is a form of common collective trust fund which is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

B. Fair Value Measurements

Investments Measured at NAV (a)				726,268
Total Investments				**$ 7,750,603**

(a) Investments are measured at fair value using NAV as a practical expedient and are not classified within the fair value hierarchy. The fair value amounts permit reconciliation if investments to amounts presented in the statements of net assets available for benefits.

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

B. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2025:

	December 31, 2025				
	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Deposit Administration Contract	$ 1,056,756	None	30 days for non-competing options	12 months	None

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2024:

	December 31, 2024				
	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Deposit Administration Contract	$ 726,268	None	30 days for non-competing options	12 months	None

C. Risks and Uncertainties

The Plan provides for investments in various securities, which in general are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

All information included in the accompanying Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits and the Schedule of Assets (Held at End of Year) was obtained from data that has been prepared and certified to as complete and accurate by Voya Retirement Insurance and Annuity Company (custodian).

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (CONTINUED)

- Investments, notes receivable from participants, reflected on the accompanying statements of net assets available for benefits as of December 31, 2025, and December 31, 2024.
- Net depreciation in fair value of investments, interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2025, and December 31, 2024.
- Investments reflected on the schedule of assets (held at end of year).

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, The Plan Sponsor has the right under The Plan to discontinue its contributions at any time and to terminate The Plan, subject to the provisions of ERISA.

NOTE 7 - TAX STATUS

Upon its inception on January 1, 2011, The Plan's form was based upon a prototype plan that was deemed acceptable by the Internal Revenue Service to qualify for tax-exempt status. Although, The Plan has been amended since then, its third-party administrator believes that it's designed and being currently operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in The Plan's financial statements.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effect s of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of new assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

NOTE 8 - SUBSEQUENT EVENTS (CONTINUED)

Events subsequent to December 31, 2025, and December 31, 2024, have been evaluated through October 12, 2026, and October 14, 2025, the dates at which The Plan's audited financial statements were available to be issued. From January 1, 2026, October 12, 2026, and January 1, 2025, through October 14, 2025, participants have received distributions of vested benefits totaling $ 2,316,255 for the year ended December 31, 2025, and $ 374,741 for the year ended December 31, 2024.
