INDEPENDENT AUDITOR'S REPORT

401(k) Retirement Committee and Participants
GREENHEART FARMS, INC. 401(K) PROFIT SHARING PLAN

We have performed an audit of the financial statements of GREENHEART FARMS, INC. 401(K) PROFIT SHARING PLAN (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by *ERISA Section 103(a)(3)(C)* ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with *ERISA Section 103(a)(3)(C)* pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with *29 CFR 2520.103-5* of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the *ERISA Section 103(a)(3)(C)* audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Greenheart Farms, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Organization

The Plan is a participant-directed defined contribution plan established by Greenheart Farms, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was established on January 1, 1995 and has been restated several times to reflect changes made by the plan administrator and to comply with various Internal Revenue Acts.

Eligibility

Employees are eligible to participate in the Plan who have attained age 21 and completed one year of service, during which the employee has completed 1,000 hours of service. Members of a collective bargaining unit and non-resident aliens are not permitted to participate in the Plan. Employees are permitted to participate in pretax elective deferrals, matching and discretionary profit sharing contributions after completion of eligibility requirements. Employees become a participant on their entry date, which is the first day of each plan year quarter coinciding with or following the completion of the eligibility requirements.

Participant Contributions

Participants may elect to contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and subject to IRC limitations. Participants attaining age 50 before the end of the Plan year are eligible to make catch-up contributions, up to the maximum annual amount allowed by the IRC. Participants may designate all or a portion of their elective deferral as Roth Elective Deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. All contributions made by participants are deposited in the trust and allocated among the investment funds in accordance with the participants' effective elections.

Employer Contributions

The Company makes safe harbor matching contributions equal to 100 percent of salary deferrals that do not exceed 3 percent of the participant's eligible compensation, plus 50 percent of salary deferrals between 3 percent and 5 percent of the participant's eligible compensation, subject to limits contained in the Plan and the IRC. The Company may also make discretionary profit-sharing contributions The Company did not make any profit sharing contributions during the years ended December 31, 2025 and 2024. All contributions made on a participant's behalf shall be deposited in the trust and allocated among the investment funds in accordance with the participant's effective elections.

NOTE 1 - DESCRIPTION OF PLAN - continued

Participant Accounts

Individual accounts are maintained for each of the Plan's participants. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their rollover, elective deferral and safe harbor matching contributions, plus actual earnings thereon. The vested portion of any participant account attributable to Company basic matching contributions and nonelective discretionary contributions and the earnings thereon is based on years of credited service. A participant becomes 100 percent vested in these contributions after six (6) years of credited service, or upon reaching normal retirement age, becoming disabled or upon his or her death.

Contributions subject to vesting vest as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeiture of Benefits

The Plan reflects zero forfeiture activity and zero balances for both the 2025 and 2024 plan years.

NOTE 1 - DESCRIPTION OF PLAN - continued

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. Since the notes are fully secured by the participant account balances, no allowance for doubtful accounts is considered necessary. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen (15) years.

Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest is paid ratably through semi-monthly payroll deductions. As of December 31, 2025, the rate of interest on outstanding loans ranged from 4.25% to 9.50% with various maturities through 2035.

Payment of Benefits

Upon termination of service due to death, disability or normal retirement age, a participant (or participant's beneficiary in the event of death will receive a lump-sum distribution equal to the total value of the participant's account. If a participant is terminated for any other reason, the participant shall be entitled to receive a distribution equal to the value of the vested interest in his or her account. A mandatory 20 percent federal tax is withheld on cash distributions.

As an alternative to a cash distribution, the participant or beneficiary may request a rollover distribution to another qualified plan. In the event of financial hardship, as defined by the Plan, a participant may request a distribution of any part of their elective deferral contributions.

Administrative Expenses

The expenses related to administration of the Plan are paid by the Plan unless the Company elects to make such payment. Expenses paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants become 100 percent vested in their account balances.

Plan Amendments

There were no plan amendments made in the during the plan year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements for the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year-end. The Plan's interest in the common collective trust is based on the fair value of the common collective trust's underlying investments as based on information reported by the investment advisor.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued as of the ex-dividend date. Net realized and unrealized appreciation (depreciation) in fair value of investments represents the realized gain or loss on disposition of investments plus the unrealized increase or decrease in fair value of investments held from the beginning of the plan year or date of purchase, whichever is later.

Notes Receivable from Participants

As described in Accounting Standards Codification Topic 962, *Reporting Loans to Participants by Defined Contribution Pension Plans* (ASC Topic 962), FASB ASC 962-310-45-2 and ASU 2010-25 requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balances plus any accrued but unpaid interest Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Contributions

Contributions are recorded on an accrual basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and the net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Alerus, the trustee of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC Topic 820), establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC Topic 820 are described below:

ASC Topic 820 Fair Value Measurement Framework Fair Value Hierarchy Priority – Observable Inputs	
Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: a. Quoted prices for similar assets or liabilities in active markets; b. Quoted prices for identical or similar assets or liabilities in inactive markets; c. Inputs other than quoted prices that are observable for the asset or liability; d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. Note: If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS - continued

Following is a description of the valuation methodologies used for assets measured at fair value:

- **Self-Brokerage Account**: Valued at the net asset value of the shares in the underlying investments held by the Plan at year end.

- **Registered Investment Companies**: Valued at the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2025.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Investments Classified at Fair Value Level December 31, 2025				
Description	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 7,518,017	$ -	$ -	$ 7,518,017
Total Investments	$ 7,518,017	$ -	$ -	$ 7,518,017

Investments Classified at Fair Value Level December 31, 2024				
Description	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 6,794,323	$ -	$ -	$ 6,794,323
Self-Brokerage Accounts	58,344	-	-	58,344
Total Investments	$ 6,852,667	$ -	$ -	$ 6,852,667

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the plan year ended December 31, 2025, there were no significant transfers in or out of levels 1, 2, or 3.

NOTE 5 - TAX STATUS

The Plan uses a preapproved plan. The preapproved plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax exempt status. The Plan has not individually sought its own determination letter.

NOTE 6 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Section 3(14) of ERISA defines a party in interest to include fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons just listed.

Certain plan investments are managed by related affiliates of Alerus Retirement Solutions, the custodian of the Plan, and therefore, the transactions qualify as party-in-interest transactions.

The plan sponsor is also a party-in-interest with respect to the Plan as personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Notes Receivable from Participants and the related interest income are considered related party transactions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 12, 2026, the date the financial statements were available for issuance.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Annual Return/Report of Employee Benefit Plan (Form 5500) is prepared on the cash basis. The financial statements are prepared on accrual basis. There were no differences between cash and accrual basis for the period ended December 31, 2025.
