INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
BlueScope Employee Savings Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the BlueScope Employee Savings Trust ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of plan

The following description of the BlueScope Employee Savings Trust (the "Plan") provides only general information. The Plan is sponsored by BlueScope Steel North America Corporation (the "Company"). Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - Effective March 1, 1987, Butler Manufacturing Company established the Butler Employee Savings Trust, which is a defined contribution plan administered by the Company's Administrative Committee (the "Committee"), which is a committee comprised of management of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Executive Leadership. Effective March 28, 2013, upon transfer of ownership of Steelscape, Inc., Steelscape Washington, LLC, and ASC Profiles, Inc. to NS BlueScope Holdings USA LLC, the Plan will operate as a multiple-employer plan as defined in Internal Revenue Code ("IRC") Section 413(c). The Plan files one Form 5500 on behalf of all employers who participate in the Plan. The trustee of the Plan is Fidelity Management Trust Company ("Fidelity"), which has been appointed by the Committee.

All common law employees of the Company are eligible to participate in the Plan except (a) employees covered by a collective bargaining agreement unless specifically covered in the Plan document, (b) nonresident aliens, (c) leased employees, and (d) fee-for-service or independent contractors. All active employees may make employee salary contributions on the later of (i) the date the Company that is the employer of the employee adopts the Plan or (ii) the employee's employment commencement date. The Plan allows temporary employees to become a participant in the Plan as of the first January 1 or July 1 following the last day of an eligibility computation period in which the employee completed 1,000 hours of service. If a temporary employee does not meet the previously stated eligibility rules, they can become a participant in the Plan on the first day of the month following the last day of the third consecutive eligibility computation period in which the employee has completed at least 500 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan amendments - Effective October 1, 2025, participants may elect to make employee voluntary after-tax contributions to the Plan, which may not exceed 10% of the employee's compensation with respect to such pay period.

Effective November 1, 2025, participants may elect to receive a distribution of their account balance in the form of regular systematic payments in specific dollar amounts or percentages in annual, quarterly, or monthly installments.

(1) Description of plan (continued)

Contributions - Each year, participants may contribute up to 50% of annual compensation as pre-tax contributions, as defined in the Plan. Effective March 1, 2023, participants may contribute Roth contributions. A participant represented by Local Union 1825 UAW (Cambridge, Ohio) shall not make employee salary redirection contributions that exceed 15% of the participant's compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Company shall make a Company matching contribution equal to 50% of each participant's deferral contribution up to 6% of eligible compensation. The employer matching contribution for participants who are members of the United Steelworkers of America Local 9435 (Evansville, Wisconsin) was equal to 100% up to 2% of eligible compensation plus 25% of the next 4% of eligible compensation through June 24, 2024. Effective June 25, 2024, the employer matching contribution for participants of Evansville, is equal to 50% of each participant's deferral contribution up to 6% of eligible compensation. For the years ended December 31, 2025 and 2024, the Company's matching contribution was $10,070,416 and $9,870,631, respectively.

The Company made a safe harbor non-elective contribution equal to 3% of the participant's compensation plus a discretionary non-elective contribution of 1.5% (1.35% for United Steelworkers of America Local AFL-CIO-CLC Local 5632 (Rancho Cucamonga, California) participants and 2% for Cambridge participants). Each participating employer is allowed to determine the amount of discretionary non-elective contributions, if any, for a Plan year. The non-elective safe harbor and discretionary contributions are in addition to the discretionary Company match. For the years ended December 31, 2025 and 2024, the non-elective contributions were $17,069,931 and $17,141,554, respectively.

Contributions are subject to certain IRC limitations.

Participant investment account options - The Plan currently offers various common collective trusts, a stable value common collective trust, mutual funds, a money market fund, and a self-directed brokerage account as investment options for participants. Participants may purchase shares of mutual funds or a money market fund not offered by the Plan through the brokerage account. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately 100% vested in employer and employee contributions. For Steelscape union participants (Rancho and United Steelworkers of America Local AFL-CIO-CLC (Fairfield, Alabama)), participants are fully vested in the Company contributions after three years of continuous service.

(1) Description of plan (continued)

Notes receivable from participants - Participants can borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - If a participant retires on or after attaining age 55, becomes totally or permanently disabled, dies, or terminates employment for any other reason, the full value of the account becomes distributable. If the value of the amount distributable is less than $1,000, the distribution will be automatically paid to the participant as a lump sum unless the participant elects to have the amount rolled into an individual retirement account or other eligible retirement plan. If the value of the amount distributable exceeds $1,000, the distribution cannot be made until the participant reaches age 65 or gives consent to the distribution. Payment of benefits for terminated participants must commence no later than April 1 of the plan year immediately following the plan year in which the participant reaches age 73. Effective November 1, 2025, the Plan was amended to allow participants to elect regular systematic distributions payable monthly, quarterly, or annually; previously, distributions were generally made in a lump-sum payment.

In-service withdrawals - Participants may withdraw all or a portion of their rollover and after-tax contributions at any time. After reaching age 59½, participants may withdraw all or a portion of their plan account.

Hardship withdrawals - Employee contributions, in part or in total, may be withdrawn for financial hardships. Such financial hardships include medical expenses, the purchase of a principal residence, to prevent eviction from a principal residence, expenses for repairs of damage to a participant's principal residence, tuition, and funeral expenses.

Forfeited accounts - At December 31, 2025 and 2024, forfeited nonvested accounts totaled $18,582 and $8,621, respectively. These accounts will be used to pay plan expenses. Also, for the years ended December 31, 2025 and 2024, forfeitures of $0 and $72,307, respectively, were used to pay plan administrative expenses.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Contributions from Plan participants and the employer contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - The expenses incurred by the Committee in administering plan activity and the expenses incurred by the trustee of the Plan in administering the trust may be paid from the assets of the Plan or by the Company, as the Company elects. Fees related to the administration of notes receivable from participants and qualified domestic relations orders are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. The mutual funds and money market fund held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of units of a bank collective trust or its equivalent. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the respective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

(4) Fair value measurements (continued)

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 80,586,844	$ -	$ -	$ 80,586,844

Investments measured at NAV practical expedient[(a)]				501,137,742
Total investments at fair value				$ 668,922,505

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is based on NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

Investments	Fair Value 12/31/2025	Fair Value 12/31/2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Blackrock Total Return Fund L	$ 9,831,533	$ 9,166,037	$ -	Daily	None

(b) Withdrawals made in order to accommodate distribution to participants under a participating plan, whether in-service or following termination of employment, may be made on any business day. Withdrawals made in order to accommodate a participant directed exchange to another investment option under a participating plan may be made on any business day, provided that the exchange is not directed into a competing fund. Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfer to a competing fund can occur. Withdrawals directed by the plan sponsor must be preceded by twelve-months written notice to Fidelity, the Trustee; provided however, that the Trustee may, in its discretion, complete any such plan-level withdrawals before the expiration of such twelve-month period.

(c) Withdrawals from any fund may be made upon at least 15 business days advance written notice to the trustee or such lesser period to which the trustee may agree; provided that such right of withdrawal may be further limited by the Declaration of Separate Fund applicable to such fund or the description of classes applicable to any class of units of the fund. Any withdrawal shall be as of the valuation date on or next succeeding the expiration of the notice period and shall be effected within a reasonable time following such valuation date, except that such withdrawal may be delayed if the trustee determines that it cannot reasonably make such distribution on account of any order, directive, or other interference by an official or agency of any government or any other cause reasonably beyond its control including, but not limited to, illiquid markets, illiquid securities, the suspension of trading of securities or foreign exchange markets, or the disruption of facilities to effect purchases and sales of securities and other assets.

(5) Related party and party-in-interest transactions

Certain Plan investments are shares of a money market fund, mutual funds, and units of common collective trusts managed by Fidelity. Fidelity is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the recordkeeper of $186,108 and $146,735 for the years ended December 31, 2025 and 2024, respectively.

For the years ended December 31, 2025 and 2024, the Plan received revenue credits totaling $186,535 and $240,512, respectively. The amounts held in the revenue credit account may be used to pay Plan expenses. Any unused amounts may be allocated to participant accounts. For the years ended December 31, 2025 and 2024, the Plan paid expenses of $140,217 and $63,859, respectively. For the years ended December 31, 2025 and 2024, the Plan did not allocate any revenue credits to participant accounts.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, each participant's account balance, at the discretion of the Company, shall be distributed in a lump sum or held in trust to be distributed upon each participant's retirement, death, disability, or termination of employment.

(7) Tax status

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated May 29, 2014, that the Plan (as restated January 1, 2013) and the related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan and the related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risks, uncertainties and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) Risks, uncertainties and concentrations (continued)

At December 31, 2025 and 2024, approximately 14% and 16% of the Plan's investments were invested in the Fidelity Contrafund Commingled Pool, respectively.

(9) Subsequent events

The Plan has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
