INDEPENDENT AUDITOR'S REPORT

To the Mondelēz Global Administrative Committee,
Benefits Investment Committee and the Participants
of the Mondelēz Global LLC Retirement Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mondelēz Global LLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets in liquidation as of May 5, 2026, and the related statement of changes in net assets in liquidation for the period from January 1, 2026 to May 5, 2026, and the statements of net assets in liquidation as of December 31, 2025 and 2024, and the related statements of changes in net assets in liquidation for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 5, 2026, and for the period from January 1, 2026 to May 5, 2026, and as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Mondelēz Global Management Committee for Employee Benefits of the Plan approved a plan of liquidation on October 29, 2024 and management determined liquidation is imminent. As a result, the liquidation basis of accounting was used in presenting the financial statements. Also as described in Note 1, pursuant to the Plan's termination, the net assets of the Plan were fully distributed as of May 6, 2026. Our opinion is not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2025, and Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions for the period ended May 5, 2026 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

Note 1. General Description of the Plan

Mondelēz Global LLC Retirement Plan (the "Plan") is a non-contributory defined benefit pension plan sponsored by Mondelēz Global LLC ("Mondelēz Global"). Mondelēz Global is a wholly owned subsidiary of Mondelēz International, Inc. ("Mondelēz International"). The Plan covers those salaried and non-union hourly employees of Mondelēz Global and affiliated participating employers who were grandfathered with respect to eligibility under the Kraft Foods Group, Inc. Retirement Plan.

The Plan was established effective as of September 1, 2012 in anticipation of the spin-off of Kraft Foods Group, Inc. ("KFGI") to shareholders of Kraft Foods Inc. The spin-off occurred on October 1, 2012, at which point, Kraft Foods Inc. changed its name to Mondelēz International. Participants should refer to the official Plan document that legally governs the operation of the Plan for a complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the U.S. Internal Revenue Code (the "Code").

The Mondelēz Global Management Committee for Employee Benefits (the "Management Committee") has been authorized by the Board of Managers of Mondelēz Global to take settler actions with respect to the Plan. The Plan vests the Mondelēz Global Administrative Committee (the "Administrative Committee") with authority to control and manage the non-investment operations of the Plan and the Mondelēz Global Benefits Investment Committee (the "Benefits Investment Committee") with authority to control and manage the investment operations of the Plan. The Administrative Committee and the Benefits Investment Committee are hereinafter collectively referred to as the "Fiduciaries."

Generally, the Plan's normal retirement date is defined as the first day of the month following the employee's 65th birthday.

The Plan is closed for all salaried and non-union hourly employees hired by Cadbury after December 31, 2006 and by KFGI after December 31, 2008. Plan benefits have ceased to accrue after December 31, 2019.

Plan Termination: Mondelēz entered into buy-in annuity agreements with RGA Reinsurance Company and Banner Life Insurance Company ("insurance companies") on September 9, 2024. The contracts stated that the insurance companies would become financially responsible for benefit payments to participants starting January 1, 2025. In October 2024, the Management Committee officially resolved to terminate the Plan effective on December 31, 2024, and all benefits became vested.

In June 2025, the buy-in contract was converted to a buy-out at a value of $931 million and the Plan was released of the majority of its obligations. The plan retained obligations of $9 million for missing participants that would be sent to the PBGC and any additional premiums that would be paid to the insurance companies for benefit updates. Subsequent to the buy-out, the insurance companies reimbursed benefit payments that were directly made by the Plan to the participants. In 2026, the final premium payments and refund from insurance companies were processed, resulting in a final settlement of $9 million. The Plan was released of all obligations at this point.

During 2025, the insurance companies refunded $96 million to the Plan - $50 million refund from true up to the premium paid by the Plan based on final reconciliation of participant data; and $46 million reimbursement for benefit payments made by the Plan to the participants. The insurance companies provided quarterly updates to the contract value including any investment gains and losses. During the year ended December 31, 2025, net investment gain of $23 million was recognized from the insurance contracts.

Upon the buy-out, any excess cash exceeding the Plan obligations are transferred to settle employer obligations on the Mondelēz Global LLC Thrift Plan. During 2026 and 2025, cash of $26 million and $23 million respectively was transferred out.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation
As the Plan was terminated and plan management determined that liquidation was imminent, the financial statements for the period ended May 5, 2026 and the years ended December 31, 2025 and 2024 have been prepared on the liquidation basis of accounting. These methods of accounting are in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). There was no material impact to the Plan's net assets as a result of the liquidation basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and related disclosures. The present value of accumulated plan benefits is a significant estimate. Actual results could differ from those estimates.

Valuation of Investments
Investments are reported at fair value.

US GAAP defines fair value as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The guidance establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Buy-in annuity contracts: Fair value is set equal to the estimated contract value, which is the amount at which the contract could be sold to a willing third-party buyer at each reporting date. This estimate was determined using the starting asset value at inception and remeasured based on updated assumptions including expected mortality and current discount rates (level 3 inputs).

While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to the Financial Statements

Investment Transactions and Investment Income
Investment transactions are accounted for on a trade date basis. Dividend income is recorded on the ex-dividend date; interest income is recorded as earned on an accrual basis. In accordance with the policy of stating investments at fair value, the net appreciation (depreciation) in the fair value of investments reflects both realized gains or losses and the change in the unrealized appreciation (depreciation) of investments and annuity contracts held at year-end.

Risks and Uncertainties
The Plan provides for various investment options. Investments, in general, are exposed to various risks, such as interest rate, credit, liquidity and overall market volatility, including risks pertaining to global events. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect participants' account balances and the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported in the financial statements.

Actuarial Present Value of Accumulated Plan Benefits
Accumulated plan benefits are future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the amounts employees have earned through benefit service as defined by the Plan. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits payable under all circumstances -- retirement, death, disability, and termination of employment -- are included to the extent that they are deemed attributable to employee service rendered as of the valuation date.

The actuarial present value of accumulated plan benefits is determined by actuaries from Willis Towers Watson (the "Actuary") and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The present value of accumulated benefits as of December 31, 2025 are based on the additional payments to be made during 2026 to satisfy the remaining obligations of the plan. The present value of accumulated benefits as of December 31, 2024 are based on the value of the insurance contracts as of December 31, 2024.

Benefits Paid
Benefit payments to participants are recorded upon distribution.

Administrative Fees
Administrative fees are payable by the Plan, to the extent not paid by Mondelēz Global. Brokerage commissions are included in the cost basis of investments when purchased and deducted from the proceeds of investments when sold. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. Administrative fees such as trustee fees, participant recordkeeping, communications, actuarial, audit and legal fees are paid by the Plan.

Accrued Expenses Expected to be Incurred in Liquidation
These accrued expenses represent the total direct and indirect administrative fees that the Plan anticipated to incur as part of the plan termination.

Notes to the Financial Statements

Note 3. Certified Investments

Certain information related to investments disclosed in the financial statements and supplemental schedules, including investments held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments and interest and dividends, for the period ended May 5, 2026 and the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by JPMorgan Chase Bank, N.A. (the trustee of the Plan).

Actuarial present value of accumulated plan benefits at December 31, 2025	8,923
Increase (decrease) during the year attributable to:	
Exercise of buy out conversion	(8,923)
Actuarial present value of accumulated plan benefits at May 5, 2026	$ —

The present value of accumulated benefits as of December 31, 2025 are based on the additional payments to be made during 2026 to satisfy the remaining obligations of the plan. The present value of accumulated benefits as of December 31, 2024 are based on the value of the insurance contracts as of December 31, 2024.

Note 6. Funding Policy

Mondelēz Global and other participating affiliated employers make contributions to the Plan each year in an aggregate amount that is not less than the amount that is required under the minimum funding standards of ERISA and the Internal Revenue Code, as amended (the “Code”).

The amount of contributions required (and permitted) each year is determined by the Actuary using the unit credit actuarial cost method, and includes the annual funding target plus an amount to amortize the unfunded funding target, if any, generally over seven years. The actuarial determination assumes payment of the contributions, adjusted for interest, by the participating employers before the filing date of the Mondelēz International Inc. consolidated federal income tax return.

As a result of the Plan's funded status and contribution credits from prior years, the Actuary has determined that no contributions are required for the years ended December 31, 2025 and December 31, 2024. Mondelēz Global did not make any additional contributions to the Plan for the years ended December 31, 2025 and 2024, respectively. Mondelēz Global has complied with the minimum funding requirements of ERISA and the Code.

Note 7. Transactions with Parties-in-Interest

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan held party-in-interest investments consisting of a mutual fund issued by JPMorgan Chase Bank, N.A. or one of its affiliates. JPMorgan Chase Bank, N.A. is the Plan’s trustee, therefore these investments and transactions therein are considered party-in-interest. In addition, the activity related to the buy-in annuity agreements with RGA Reinsurance Company and Banner Life Insurance Company (whose parent is Legal & General Investment Management) are parties-in-interest

transactions.

Actual fees paid by the Plan such as trustee fees, participant recordkeeping, communications, actuarial, audit and legal fees, also qualify as party-in-interest transactions and are included in administrative expenses in the accompanying financial statements. Mondelēz Global pays certain expenses for the administration of the Plan.

These transactions are exempt from the party-in-interest transaction prohibitions of ERISA.

Note 8. Tax Status

The Plan received a favorable determination letter dated September 22, 2021. In the determination letter, the Internal Revenue Service (IRS) states that the Plan constitutes a qualified plan under Section 401(a) of the Code and the related trust is therefore exempt from federal income taxes under the provisions of Section 501(a) of the Code. Therefore, no provision for income taxes had been included in the Plan's financial statements. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022. The Company filed the Form 5310 with the IRS as an application for favorable determination with respect to the Plan's tax qualified status at termination on October 31, 2024. As of the audit report date, management has responded to requests for additional information from the IRS and has not yet received a further response.

Note 9. Subsequent Events

Plan management has evaluated subsequent events for recognition and disclosure through October 15, 2026, which is the date the financial statements were available to be issued.
