INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
The Altamont School Defined Contribution Retirement Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Altamont School Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Altamont School Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Altamont School Defined Contribution Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Altamont School Defined Contribution Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Altamont School Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Altamont School Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE ALTAMONT SCHOOL DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

NOTE 1. PLAN DESCRIPTION

The following description of The Altamont School (Sponsor) and The Altamont School Defined Contribution Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution 403(b) plan available to substantially all qualifying employees of the Sponsor. The Plan originated on November 1, 1975. To be eligible to participate in the Plan, the employee must work at least 20 hours a week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Agreement allows participants to contribute to the Plan and to receive employer matching contributions. To be eligible for employer contributions, a participant must work at least 20 hours a week, be at least 21 years of age and complete one year of service.

Contributions

Subject to certain limitations under Internal Revenue Code (IRC) Section 403(b), participants may contribute up to 100% of their annual compensation, as defined by the Plan, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants may also contribute their after-tax annual compensation for Roth elective deferral purposes, subject to certain limitations, with the contributions and earnings thereon being nontaxable when withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Such transfers from other qualified plans are reported as rollover contributions.

The Sponsor matches 100% percent of the participant's contributions up to a maximum of 6% of the participant's annual compensation through employer matching contributions.

Participant Accounts

Each participant's account is credited with the participant's and the Sponsor's contributions and an allocation of net Plan earnings. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is based on the participant's vested balance.

Vesting

Participants are immediately vested in their elective deferrals and employer contributions plus earnings thereon.

NOTE 1. PLAN DESCRIPTION – Continued

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less and is subject to certain limitations. The loans are secured by the balance in the participant's account and bear a variable interest rate. Principal and interest are paid directly by the borrower. There are no outstanding loans receivable from participants as of December 31, 2025 and 2024.

Forfeitures

The nonvested portion of a terminated employee's account balance is forfeited and used to reduce administrative expenses or offset employer contributions. There were no forfeitures used to reduce employer contributions for the year ended December 31, 2025. Unallocated forfeiture balances for the Plan years ended December 31, 2025 and 2024 totaled $302 and $12, respectively.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation of service, a participant, or his or her beneficiary, may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account or through the purchase of an annuity. The Plan also permits withdrawals due to circumstances of financial hardship, in accordance with provisions specified in the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation or depreciation of fair value of investments. The Sponsor pays the fees of the Plan's third-party administrator and the cost of communications to participants. Administrative expenses recorded in the Plan represent recordkeeping, plan servicing, and investment advisory fees paid from Plan assets, net of plan servicing credits. Under the Plan's arrangement with TIAA, plan servicing credits are deposited quarterly into a revenue credit account held within the Plan and may be used to pay Plan expenses. Plan servicing credits totaled $6,298 for 2025, of which $2,823 was used to pay professional fees. The revenue credit account balance was $3,540 at December 31, 2025. Loan fees are deducted directly from the participants' accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. In preparing the financial statements, management evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Basis of Accounting – Continued

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investments contracts. Contract value is the relevant measure for the portion of the net assets for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Concentration of Market Risk

As of December 31, 2025 and 2024, approximately 12% and 11% respectively of the Plan's net assets were invested in TIAA Traditional Annuity contracts. In addition, as of December 31, 2025 and 2024, approximately 14% and 13% respectively of the Plan's net assets were invested in one registered investment, CREF Total Global Stock R1. The underlying value of the registered investment is dependent on the performance of the individual investment holding and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of the registered investment and its investment holdings in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Fair Value

The established framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price the Plan would expect to receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs which are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Realized gains and losses from security transactions are reported on the average cost method.

Fully Benefit-Responsive Insurance Company General Contracts

The Plan holds investment company general contracts that comprise investment contracts with Teachers Insurance and Annuity Association of America (TIAA). Each participant with this investment maintains an individual annuity contract with the TIAA. As part of the contracts, TIAA maintains a portion of the contributions in a "guaranteed account," which is called the traditional annuity.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Fully Benefit-Responsive Insurance Company General Contracts – Continued

The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA. The guaranteed minimum rate of interest is based on a formula established by the Insurance Company and is between 1 percent and 3 percent. Any additional interest is not guaranteed. The traditional annuity does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

TIAA Traditional Annuity holdings within the Supplemental Retirement Annuity (SRA), Group Supplemental Retirement Annuity (GSRA), and Retirement Choice Plus (RCP) contracts, and the Plan's investment in TIAA Stable Value, have no liquidity restrictions (other than equity wash provisions) and are fully benefit responsive. These investments are reported at contract value. TIAA Traditional Annuity holdings within the Retirement Annuity (RA) and Retirement Choice (RC) contracts have liquidity restrictions, are not fully benefit responsive, and are reported at fair value.

Certain 2024 amounts have been reclassified to conform to the 2025 presentation. Investments of $197,343 in TIAA Traditional Annuity contracts that are not fully benefit responsive, previously reported at contract value, are reported at fair value as of December 31, 2024. The reclassification had no effect on net assets available for benefits.

Because the SRA, GSRA, and RCP contracts and TIAA Stable Value meet the criteria to be considered fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment company general contracts. The investment company general contracts are presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Based on information provided by the investment company, management believes that contract value provides a reasonable approximation of fair value for these investment contracts. Accordingly, no separate adjustment from fair value to contract value has been presented, and future reporting is expected to continue on this basis.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The Plan, as contract holder, may discontinue its investment in TIAA Stable Value and receive contract value in, at most, two years; if the two-year payout applies, a discontinuance fee reduces the interest credited during that period by up to 0.75%. Contract holder-initiated withdrawals of TIAA Traditional Annuity accumulations under the RC and RCP contracts are paid in 60 monthly installments.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Fully Benefit-Responsive Insurance Company General Contracts – Continued

The Plan's maximum exposure to credit loss on its TIAA general account contracts is their carrying amount, which was $2,381,227 and $2,307,615 at December 31, 2025 and 2024, respectively.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, or (d) a material amendment to the agreements without the consent of the issuer.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians, Teachers Insurance and Annuity Association of America and College Retirement Equities Fund, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and contract value, included in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income, which includes the net appreciation in fair value of investments and interest and dividend income, included in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- The schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025, included in the supplemental information.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4. PLAN TERMINATION

Although it has not expressed intent to do so, the Sponsor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

NOTE 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6. FAIR VALUE

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- *Insurance company general contracts:* Non-benefit-responsive TIAA Traditional Annuity contracts (RA and RC) are valued at contract value as reported by TIAA, which approximates fair value based on the present value of expected cash flows at current crediting rates.
- *Pooled separate account:* The TIAA Real Estate Account is valued at the unit value reported by TIAA, which is based on the fair value of the account's underlying real estate and other investments.
- *Registered investments:* Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth, by level within the fair value hierarchy, the Plan investment assets at fair value as of December 31, 2025 and 2024.

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Insurance company general contracts	$ -	$ -	$ 2,202,517	$ 2,202,517
Pooled separate accounts	-	37,033	-	37,033
Registered investments	17,276,972	-	-	17,276,972
Investments at fair value	$ 17,276,972	$ 37,033	$ 2,202,517	$ 19,516,522

	Level 1	Level 2	Level 3	Total
December 31, 2024				
Insurance company general contracts	$ -	$ -	$ 2,152,916	$ 2,152,916
Pooled separate accounts	-	37,426	-	37,426
Registered investments	17,100,656	-	-	17,100,656
Investments at fair value	$ 17,100,656	$ 37,426	$ 2,152,916	$ 19,290,998

NOTE 6. FAIR VALUE – Continued

The following table sets forth a summary of changes in fair value of the Plan's Level 3 investment assets for the year ended December 31, 2025.

	Insurance Company General Contracts
Balance - December 31, 2024	$ 2,152,916
Purchases	212,619
Sales	(256,393)
Total gains	93,375
Balance - December 31, 2025	$ 2,202,517

NOTE 7. RELATED PARTY TRANSACTIONS

Certain Plan investments, registered investment companies, and guaranteed interest accounts are managed by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund, the custodians of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid from Plan assets to TIAA for recordkeeping and plan servicing totaled $21,976 for 2025, and fees paid to third-party service providers, including the Plan's investment advisor, totaled $16,559; these fees were partially offset by plan servicing credits of $6,298. The Sponsor pays the fees of the Plan's third-party administrator directly.

NOTE 8. INCOME TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory opinion, the plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Tax positions are recognized in the financial statements when it is more likely than not that the position will be sustained upon examination by the tax authorities. The plan administrator has concluded that as of December 31, 2025 and 2024, the Plan had no significant uncertain tax positions or material amounts of unrecognized tax benefits that qualify for either recognition or disclosure in the financial statements for open tax years based on an assessment of many factors including experience and interpretations of tax laws.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The accompanying financial statements present the assets of the Plan as held by the Trustee at December 31, 2025 and 2024. Certain assets attributable to participants who are no longer employed and are no longer receiving contributions are included in the Trustee's records and, accordingly, in these financial statements. However, those participant accounts and related activities were excluded from the information reported on the Form 5500 prepared by the Plan's service provider as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02. The following table reconciles total net assets available for benefits per the financial statements to the total assets reported on the Form 5500.

	2025	2024
Net assets available for benefits per Form 5500	$ 17,005,836	$ 16,799,103
Excluded contracts and accounts issued to current and former employees prior to January 1, 2009	2,689,396	2,646,594
Net assets available for benefits per financial statements	$ 19,695,232	$ 19,445,697

Change in net assets available for benefits per Form 5500	$ 206,733
December 31, 2024 - excluded contracts and accounts issued to current and former employees prior to January 1, 2009	(2,646,594)
December 31, 2025 - excluded contracts and accounts issued to current and former employees prior to January 1, 2009	2,689,396
