INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Koeller Nebeker Carlson Haluck LLP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Koeller Nebeker Carlson Haluck LLP 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Koeller Nebeker Carlson Haluck LLP 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Koeller Nebeker Carlson Haluck LLP 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Koeller Nebeker Carlson Haluck LLP 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Koeller Nebeker Carlson Haluck LLP 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Koeller Nebeker Carlson Haluck LLP 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2025, and of assets (held at end of year) as of December 31, 2025, (collectively, the "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Koeller Nebeker Carlson Haluck LLP 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following description of Koeller Nebeker Carlson & Haluck, LLP 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Koeller Nebeker Carlson Haluck LLP ("KNCH", "Employer", "Company", or "Plan Sponsor"), established on January 1, 1997, and most recently restated effective January 1, 2023, and is designed to provide eligible participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, or financial hardship. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Company has until December 31, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

KNCH is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. KNCH has delegated certain responsibilities for the operation and administration of the Plan. All Plan assets are held by Empower Trust Company, the trustee of the Plan (the "Trustee"), and Massachusetts Mutual Life Insurance Company (the "Custodian"). The Trustee and Custodian are responsible for the custody of the Plan's assets and executing investment transactions. Empower Retirement, LLC provides recordkeeping and administrative services to the Plan.

Eligibility

Employees, excluding non-resident aliens, residents of Puerto Rico, and employees covered by a collectively bargained agreement, are eligible to participate by making elective deferrals beginning on the first day of the month coinciding with or following their date of hire. Employees become eligible for discretionary profit sharing contributions upon completion of one year of service, as defined. To receive discretionary nonelective contributions for a given Plan year, eligible employees must work at least 1,000 hours during that year and be employed on the last day of the Plan year.

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Participants may elect to contribute a portion of their compensation to the Plan, subject to calendar year contribution limits set forth by the Internal Revenue Code (IRC). Participant contributions may be made on a pre-tax basis or after-tax basis as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions which are also subject to IRC limits. Effective January 1, 2025, the Plan also allows participants who attain the age of 60-63 before the end of the Plan year to make super catch-up contributions subject to IRC limits. Participants may also contribute amounts (rollovers) representing distributions from other qualified defined benefit or defined contribution plans.

Unless participants affirmatively elect otherwise, the Plan automatically defers a minimum of 6% of eligible participants' compensation, on a pre-tax basis, each pay period and contributes that amount to the Plan. Under the provisions of the Plan, the participants' elective deferral rates will automatically increase each year by 1% of eligible compensation up to a maximum of 10%.

The Company makes nonelective safe harbor contributions in an amount equal to 3% of each participant's compensation. During the year ended December 31, 2025, the safe harbor nonelective contribution totaled $598,938. The Company may make discretionary profit sharing contributions and discretionary matching contributions to the Plan of amounts determined and authorized by the Plan and the Company's Board of Directors up to the maximum amounts permitted by the IRC. No discretionary profit sharing or matching contributions were approved or made for the year ended December 31, 2025.

Participant accounts

Each participant's account is credited with the participant's contributions or rollovers and an allocation of (a) the Employer contributions, if any, and (b) Plan earnings, if any, and charged with an allocation of Plan losses, if any, and administrative expenses not paid directly by the Employer. Allocations of investment earnings (losses) are based strictly on the participant's selection of investments and timing of purchase. Other allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants' investment accounts are directed by the individual participant.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of i) $50,000 reduced by the highest outstanding note receivable balance over the prior twelve months or ii) 50% of their vested account balance, whichever is less. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at the prime rate plus 2.0%. Principal and interest are paid ratably through payroll deductions over a period generally not to exceed five years, unless the funds are used for purchase of a principal residence, in which case repayment terms may be extended. Outstanding notes receivable from participants at December 31, 2025 carry interest rates ranging from 5.25% to 10.50% and have varying maturity dates through November 2028.

Vesting

Participants are immediately vested in their voluntary contributions and Employer safe harbor nonelective contributions, plus actual earnings thereon. Vesting in Employer discretionary matching and Employer discretionary non-elective contributions, plus earnings thereon, is based on years of continuous service, as defined. In the event of death, disability or attaining normal retirement age, participants are immediately 100% vested in all contributions.

The vesting schedule for Employer discretionary profit sharing and Employer discretionary matching contributions is as follows:

Years of Service	Percentage
Less than 2	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Forfeitures

Non-vested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant receives a distribution of their vested account. Forfeitures are retained in the Plan and used either to pay Plan administrative expenses or to reduce future Employer contributions. There was no balance in the forfeited unvested account at December 31, 2025 or 2024. During the year ended December 31, 2025, $4,111 of forfeitures were used to reduce Employer contributions.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If a participant's account balance is less than or equal to $1,000 upon termination, the balance is distributed immediately in a lump-sum cash payment. Balances greater than $1,000 and less than or equal to $7,000 (the "involuntary cash out amount") upon termination will be rolled over to an individual retirement account designated by the administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan. If the account balance is over the involuntary cash out amount, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or postpone payment to a later date and remain in the Plan as described in the plan document.

Hardship distributions are permitted under limited circumstances, as defined, if approved by the plan administrator. In addition, the Plan permits in service withdrawals from a participant's vested account upon attaining the age 59½.

Administrative expenses

Certain administrative expenses of the Plan, including recordkeeping fees, were paid directly by KNCH for the year ended December 31, 2025. The Plan is not required to reimburse KNCH for expenses paid on its behalf. Transaction fees for certain participant-initiated activity are charged to the specific account of the participant initiating any such transaction. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent liabilities. Actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 3). Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (See Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investment accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by KNCH, which is the pay date.

Employer contributions are recorded in the year earned to coincide with the year in which KNCH records contributions. The Plan records receivables for all contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivable (continued)

Rollover contributions from participants are recorded based on the date the rollover contributions were received by the Plan.

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted process for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets or liabilities.

3. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Such funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded and are classified within level 1 of the fair value hierarchy.

Collective trusts: Valued at its NAV as a practical expedient to fair value and as determined by the fund issuer, based on the market value of its underlying investments minus the fund's liabilities. While the majority of the underlying asset values are quoted prices, the NAV of the collective trusts are not publicly quoted. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the collective trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the NAV of the fund, as a practical expedient to fair value and as determined by the fund provider, based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions may occur daily. As of December 31, 2025, there were no restrictions on redemptions or unfunded commitments for any of the pooled separate accounts.

Self-directed brokerage accounts: The Plan offers a participant-directed brokerage account as an investment option. If elected, a participant-directed brokerage account allows a participant to direct the investment of the participant's contributions to the Plan among various mutual funds, exchange traded funds, common stocks, and warrants offered by such affiliate, including funds that are not otherwise offered as investment options under the Plan. These investments are valued on the basis of readily determinable market prices, using their respective published rates on the open market and are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (continued)

As of December 31, 2025 and 2024, there were no restrictions on redemptions or unfunded commitments for any of the major classes of assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 5,760,133	$ -	$ -	$ 5,760,133
Self-directed brokerage accounts	314,353	-	-	314,353
	$ 6,074,486	$ -	$ -	6,074,486
Investments measured at net asset value*				18,775,745
				$ 24,850,231

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Mutual and money market funds	$ 6,418,239	$ -	$ -	$ 6,418,239
Self-directed brokerage accounts	453,170	-	-	453,170
	$ 6,871,409	$ -	$ -	6,871,409
Investments measured at net asset value*				18,804,746
				$ 25,676,155

* In accordance with Subtopic 820-10, certain investments that were measured at NAV as a practical expedient to fair value have not been classified within the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. GUARANTEED INTEREST ACCOUNT

The Plan has a Guaranteed Interest Account (GIA) with the Custodian (or "Issuer") through a group annuity contract. Under the contract, participant directed contributions in the GIA are commingled with the general assets of the Issuer. The GIA is a fully benefit-responsive investment contract certified by the Issuer and is reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals, and administrative expenses.

The crediting interest rate for the contract at December 31, 2025 and 2024 was 2.85% and 3.15%, respectively. The crediting interest rate is determined by the Issuer and is reset quarterly and is guaranteed to never fall below zero.

The GIA can be terminated by the Issuer if the total fair value of the investments or the annual contribution amounts fall below minimum levels as stated in the contract. The GIA can also be terminated by either the Company or the Issuer for additional reasons as defined in the contract. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) the Plan breaches a provision of the agreement with the Issuer (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any events that would limit the Plan's ability to transact at contract value with the Issuer or the Plan's participants is probable.

5. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE AND CUSTODIAN (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee and Custodian, determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024;
- Investment income and other income as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025;
- Investments and notes receivables from participants reflected on the schedule of assets (held at end of year) as of December 31, 2025.

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts as defined in the plan document. After deducting all charges and expenses, the balances of all individual accounts will be adjusted, and the remaining assets distributed.

7. TAX STATUS

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan sponsored by Empower Retirement LLC. The Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan received a favorable opinion letter from the Internal Revenue Service dated November 14, 2022, which states that the document satisfies the applicable provisions of the IRC, and is appropriate for use by employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan administrator has determined that certain operational errors exist with respect to the Plan for the years ended December 31, 2025, 2024 and 2023. During 2026, the Plan Sponsor calculated and funded amounts related to the correction and is in the process of finalizing and funding additional amounts necessary to fully correct the operational errors in accordance with applicable IRS guidelines. The total correction is not expected to be significant to the Plan’s financial statements.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similarly to the definition of related party in financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee associate or relatives of such persons.

Transactions conducted by the Trustee and Custodian and their affiliates and the Company, on behalf of the Plan, qualify as party-in-interest transactions. Also, the Plan Sponsor pays certain fees on behalf of the Plan. The Plan also has participant loans outstanding, which constitute party-in-interest transactions. These transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction provisions of ERISA

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

The Trustee and Custodian retain as compensation, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Revenue sharing accounts are used to pay Plan expenses or are reallocated to participant's accounts. At December 31, 2025 and 2024, there was no balance in the revenue sharing account. During December 31, 2025, revenue sharing contributions to the Plan totaled $70,852 and were used to pay Plan expenses.

The Plan has included in its investment fund options certain funds managed by the Trustee and Custodian or one of their affiliates. Transactions in these funds are considered party-in-interest transactions under ERISA. Such transactions are permitted under the provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:
