Independent Auditor's Report

Board of Directors
Ohio Transmission Holding LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ohio Transmission Holding LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule, Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of Ohio Transmission Holding LLC 401(k) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Ohio Transmission Holding LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was most recently amended effective January 1, 2023, to update the vesting schedule for the employer matching contributions.

All active employees of the Company are eligible to participate in the Plan on the first day of the next month following attainment of age 21 and completion of one month of service. To participate in the employer annual matching contribution, participants must have been credited for at least 1,000 hours of service during the plan year and be an active employee on the last day of the plan year, unless retired or deceased during the year. The Company amended the Plan, effective January 1, 2023, where all matching employer contributions vest 100% immediately.

Contributions: Each eligible employee may elect to contribute, through payroll deduction, 1% to 60% of their annual compensation, subject to Internal Revenue Code (IRC) limitations. Eligible employees are automatically enrolled in the Plan with an elective pretax deferral rate of 6% of compensation, unless the participant affirmatively elects out of the automatic deferral feature or elects a different deferral rate. Participants may change their contribution amount at any time and may also make Roth deferral contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Nondiscretionary employer matching contributions are 50% of 6% of the participant's eligible compensation contributed to the Plan.

The Company may also make additional matching and discretionary profit-sharing contributions. No additional matching or discretionary profit-sharing contributions were made during 2025.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of: (a) Company matching and profit-sharing contributions and (b) plan earnings and losses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and forfeitures: Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon. Employees become vested in the Company nonelective contributions at 20% per year of service and are fully vested at the end of five years. Participants who have attained normal retirement age or have terminated as a result of death or disability are immediately fully vested in Company matching contributions and additional discretionary amounts contributed by the Company, plus actual earnings thereon. Forfeitures are used to reduce Company matching contributions. The balance of forfeited non-vested accounts totaled approximately $105,000 and $85,000 at December 31, 2025 and 2024, respectively. Approximately $60,000 of forfeitures were used to reduce employer contributions during the year ended December 31, 2025. The forfeitures as of December 31, 2025 were used to reduce employer contributions in February 2026.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices more fully described in the Plan's literature. Participants may change their investment options at any time.

Note 1. Description of the Plan (Continued)

Participant notes receivable: Participants may borrow a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. A loan is secured by the balance in the participant's account and bears interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Participants are limited to one outstanding note at any given time. Principal and interest is paid ratably through payroll deductions. Interest rates on participant loans ranged from 4.25% to 9.50% as of December 31, 2025 and 2024.

Payment of benefits: Upon normal retirement at age 65, early retirement at age 60 and completion of 15 years of service, attainment of age 59½, total disability or termination of service, participants may elect to receive of a lump-sum payment, installment payments or partial withdrawals. Upon the death of a participant, the beneficiary shall be entitled to the full value of the accounts. Hardship withdrawals, as defined in the Plan, are also available to participants.

Plan termination: Although the Plan Sponsor has not indicated any intent to do so, it has a right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared using the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest.

Contributions: Participant contributions are recognized when earned. Employer contributions are recognized when declared.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative expenses are paid by the Company and are excluded from these financial statements. Certain fees related to administration, transactions or notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Note 2. Summary of Significant Accounting Policies (Continued)

Risk and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company and Principal Trust Company

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (Fidelity) and Principal Trust Company (Principal), qualified institutions:

	2025	2024
Investments, at fair value:		
Money market fund	$ 313	$ 233
Mutual funds	66,368,144	56,664,331
Common/collective trusts	106,413,647	87,647,724
Notes receivable from participants	2,574,267	2,471,179
	$175,356,371	$146,783,467

Fidelity and Principal also certified to the completeness and accuracy of $24,427,870 of net appreciation in the fair value of investments, $2,400,393 of interest and dividend income related to investments, and $207,703 of interest income on notes receivable from participants for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Money market fund: Valued at the closing price reported on the active market on which the individual security is traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Shares of common/collective trusts: The common/collective trusts are valued at the NAV of the units held by the Plan at year-end. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
Description	Level 1	Level 2	Level 3	Total
Money market fund	$ 313	$ -	$ -	$ 313
Mutual funds	66,368,144	-	-	66,368,144
Total assets in fair value hierarchy	$ 66,368,457	$ -	$ -	66,368,457
Investments measured at net asset value (a)				106,413,647
Investments at fair value				$ 172,782,104

	2024			
Description	Level 1	Level 2	Level 3	Total
Money market fund	$ 233	$ -	$ -	$ 233
Mutual funds	56,664,331	-	-	56,664,331
Total assets in fair value hierarchy	$ 56,664,564	$ -	$ -	56,664,564
Investments measured at net asset value (a)				87,647,724
Investments at fair value				$ 144,312,288

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer or investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Investments measured using NAV per share as a practical expedient: For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview, by major classification, of the nature and risks associated with such investments as well as whether it is probable those investments being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

Investment Category	2025	2024	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Period Notice
Common/collective trusts	$ 106,413,647	$ 87,647,724	$ -	Daily	None

Note 5. Tax Status

The Plan has adopted a non standardized form of a preapproved plan. The preapproved plan provider, Fidelity, has received on June 30, 2020, an opinion letter from the Internal Revenue Service as to the preapproved plan's qualified status. The preapproved opinion letter has been relied upon by this plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan Administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2022.

Note 6. Related-Party and Party-in-Interest Transactions

The Plan issues notes receivable from participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions. Certain plan investments are managed by Fidelity. Fidelity as one of the trustees defined by the Plan during the plan year, qualify as party-in-interest transactions. During 2025, the Plan paid administrative fees of $337,868 to Fidelity and their affiliates.
