Independent Auditor's Report

To the Plan Administrator
Seagate Development Group LLC 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Seagate Development Group LLC 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(continued)

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2025, and Schedule H, Line 4i – Schedule of Assets (Held at end of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(continued)

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 14, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. Plan Description

The following description of Seagate Development Group LLC 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Seagate Development Group, LLC and the participating employers, Earth Tech Enterprises Inc., Seagate Management Services, Inc., Seagate Realty LLC and Theory Design (collectively, the Company or Sponsor). The Plan covers all employees of the Company who have attained 21 years of age and have completed 250 hours of service during the first three months of employment or have completed one year of service, as defined. The Plan Administrator and the Investment Committee determine the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a portion of eligible compensation, as defined, as pre-tax and Roth contributions once eligible to enter the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Plan provides for safe harbor employer matching contributions for eligible participants equal to 100% of the first 4% of each participant's eligible compensation, as defined, contributed to the Plan on each payroll period. Safe harbor employer matching contributions for the year ended December 31, 2025 totaled $314,696.

The Plan also provides for discretionary non-elective employer contributions for eligible participants who have completed one year of service, as defined. Each eligible participant must also remain employed on the last day of the plan year, unless terminated due to death or disability, and attain 1,000 hours of service during the plan year. No such discretionary non-elective employer contributions were made during the year ended December 31, 2025.

The Plan also previously provided for Qualified Automatic Contribution Arrangement (QACA) safe harbor employer matching contributions, which are no longer provided by the Plan; however, certain balances in the Plan remain from the QACA safe harbor employer matching contribution source. Contributions and compensation are subject to certain Internal Revenue Service (IRS) limitations.

Investment Options

Eligible participants may direct their Plan contributions into any of the designated investment options approved by the Investment Committee in 1% increments. The designated investment options include pooled separate accounts. Participants may change their investment options at any time.

Participant Accounts

Contributions received by the Plan are deposited with the custodian, John Hancock Life Insurance Company (U.S.A) ("John Hancock"). Each eligible participant's account balance is credited with an allocation of (a) the Company's safe harbor employer matching contribution and discretionary non-elective employer contributions, if any, (b) Plan earnings or losses, (c) participant contributions, and (d) fee credits.

A. Plan Description (continued)

Participant Accounts (continued)
The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Benefits
Participants are immediately 100% vested in their contributions and safe harbor employer matching contributions, plus actual earnings thereon. Each participant begins vesting in discretionary non-elective employer contributions after two years of credited service, as defined, and become fully vested after six years of credited service, as defined. Each participant vests in QACA safe harbor employer matching contributions based on years of continuous service and become fully vested after two years of credited service, as defined. Irrespective of the aforementioned vesting schedule, a participant will be fully vested if they incur a severance from employment as a result of death or disability.

Distributions
The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments.

On termination of service for any reason, including death or disability, participants with a vested benefit of less than $5,000 who fail to provide instructions regarding the payment of their benefit, the benefit will be distributed in accordance with the Plan document.

Forfeitures
Forfeitures represent the nonvested portion of terminated participant account balances plus related earnings. Forfeitures will be applied for the plan year following the plan year in which forfeitures occur, first to pay plan expenses and then to reduce employer contributions. As of December 31, 2025 and 2024, there were no forfeitures held by the Plan. During the year ended December 31, 2025, no forfeitures were used to pay administrative expenses or reduce employer contributions.

Notes Receivable From Participants
The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested Plan account balance. The notes bear interest at prime rate plus 1% and must be repaid to the Plan within a five-year period, unless the note is used for the purchase of a principal residence in which case the repayment period is a reasonable period of time as established at the time of the loan. Participants may have up to two loans outstanding at any point in time. The loans are collateralized by the vested balance in the participant's account. Outstanding loan balances at December 31, 2025 carried interest rates ranging from 8.5% to 9.50%, maturing through 2030. Principal and interest are paid ratably through payroll deductions.

B. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

B. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator and the Investment Committee determine the Plan's valuation policies utilizing the information provided by investment advisers and the custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across participant directed fund elections. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Contributions

Contributions from Plan participants, the employer safe harbor matching, and discretionary non-elective employer contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Distributions to Participants or Beneficiaries

Distributions to participants or beneficiaries are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant's loan to be in default, notes receivable from participants are reduced and a benefit payment is recorded within the statement of changes of net assets available for benefits. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

B. Summary of Significant Accounting Policies (continued)

Administrative Expenses
The Company incurs accounting and certain administrative services for the Plan. Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment-related expenses are included in net appreciation of fair value of investments presented in the statement of changes in net assets available for benefits.

C. Information Certified and Provided by John Hancock (Custodian)
The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedules, that was prepared by or derived from information certified by John Hancock, the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedules related to the following assets as of December 31:

	2025	2024
Investments at Fair Value:		
Pooled Separate Accounts	$ 6,396,511	$ 5,327,726
Notes Receivable From Participants	$ 67,186	$ 79,606

John Hancock also certified to the completeness and accuracy of $942,973 of net appreciation in fair value of investments and $6,945 of interest income on notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2025.

D. Fair Value Measurements
The Plan discloses the fair value of investments in accordance with FASB ASC Topic No. 820, Fair Value Measurements (ASC 820). The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

D. Fair Value Measurements (continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts: Valued at the net asset value (NAV) of shares in each account held by the Plan at year end. The NAV is not a publicly-quoted price in an active market. The NAV, as provided by John Hancock, is used as a practical expedient to estimating fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the applicable investment for an amount different than the reported NAV. Transactions of investments or withdrawals may occur on a daily basis and there are no redemption restrictions on these accounts. There were no unfunded commitments as of December 31, 2025 or 2024.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
	$ -	$ -	$ -	$ -
Investments Measured at NAV (a)				6,396,511
Investments at Fair Value				$ 6,396,511

	Assets at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
	$ -	$ -	$ -	$ -
Investments Measured at NAV (a)				5,327,726
Investments at Fair Value				$ 5,327,726

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

D. Fair Value Measurements (continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

E. Related Party and Party-in-Interest Transactions

John Hancock is the custodian of the Plan; therefore, transactions with the custodian qualify as party-in-interest transactions. Fees paid by the Plan to the custodian totaled $31,076 for the year ended December 31, 2025. Retirement Planning Consulting Group, LLC is the third-party administrator of the Plan; therefore, transactions with the third-party administrator qualify as party-in-interest transactions. Fees paid by the Plan to the third-party administrator totaled $2,750 for the year ended December 31, 2025. The Sponsor also paid certain administrative expenses of the Plan.

F. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants with account balances will become 100% vested in their account balances.

G. Tax Status

The Plan uses prototype non-standardized plan documents, sponsored by the third-party administrator, Retirement Planning Consulting Group, LLC. The IRS has determined, by an opinion letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. No uncertain positions have been identified that would require such recognition or disclosure in the financial statements as of December 31, 2025 and 2024. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no such audits.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	December 31,	
	2025	2024
Net Assets Available for Benefits per the Financial Statements	$ 6,464,541	$ 5,407,332
Differences in:		
Participants' Contribution Receivable	(844)	-
Net Assets Per the Form 5500	$ 6,463,697	$ 5,407,332

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per the Form 5500:

	Year Ended December 31, 2025
Net Increase in Net Assets Available for Benefits per the Financial Statements	$ 1,057,209
Change in Participants' Contributions	(844)
Net Income Per the Form 5500	$ 1,056,365

I. Nonexempt Transactions

During 2025, the Sponsor inadvertently failed to deposit $800 of participant contributions within the required time frame as stated by the DOL regulations. The Sponsor reimbursed the Plan for missed contributions and will submit lost earnings to correct this failure in 2026. During 2024, the Sponsor inadvertently failed to deposit $42,372 of participant contributions within the required time frame as stated by the DOL regulations. The Sponsor reimbursed the Plan for lost earnings to correct this failure in 2025.

J. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the plan was amended to exclude bonus amounts from eligible compensation.
