Independent Auditor's Report

Stewardship Committee, Plan Management, and Plan Administrator
Butler University Retirement Plan
Indianapolis, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Butler University Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Butler University Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of Butler University Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Butler University Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Butler University Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Butler University Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

Stewardship Committee, Plan Management, and Plan Administrator
Butler University Retirement Plan
Indianapolis, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Butler University Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Butler University Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of Butler University Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Butler University Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Butler University Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Butler University Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the Butler University Retirement Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan was effective September 1, 1971 and is a defined-contribution plan sponsored by Butler University (University) for the benefit of its employees. Employees are eligible to begin making pre-tax contributions to the Plan as a contributing participant on the first day of the month beginning after commencement of employment with the University. Participants are required to have one year of service to qualify for University contributions. Employees who are hired from an educational organization providing post-secondary education are immediately eligible upon hire for University contributions. Students who are employed by the University and those employed pursuant to an agreement that indicates the employee is not eligible for the University's other retirement plans or benefits are generally excluded from receiving University contributions. The Plan also excludes adjunct and stage hands from being eligible for University contributions.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Teachers Insurance and Annuity Association (TIAA) serves as the issuer of the TIAA Traditional Annuity contract and College Retirement Equities Fund (CREF) serves as the issuer of the CREF variable annuity accounts and mutual funds held by the Plan. TIAA is the recordkeeper of the Plan. TIAA, FSB serves as custodian of the non-annuity assets. The Pension Fund of the Christian Church and Lincoln National Life Insurance Company (Lincoln) hold certain Plan assets, but no contributions have been made to these vendors under the Plan on or after January 1, 2009.

Contributions

The Plan permits eligible employees through a salary deferral election to have the University make annual contributions of up to 100% of eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, those between the ages of 60 to 63 are allowed additional catch-up contributions. The Plan also allows for special code section 403(b) catch-up contributions for those participants with 15 years of service.

The University matching contributions are discretionary as determined by the Board of Directors. University matching contributions are equal to 10% of participants' eligible compensation for employees who obtained one year of service and are making pre-tax contributions of 5% or more for the years ended December 31, 2025 and 2024. Contributions are subject to certain tax code limitations.

Participant Investment Account Options

Investment account options available include various annuity contracts, pooled separate accounts, and mutual funds. Each participant has the option of directing contributions into any of the investment account options selected by the University and may change the allocation to the extent permitted by the individual agreements.

Participant Accounts

Each participant's account is credited with the participant's contribution, the University's contribution and Plan earnings and is charged with an allocation of administrative expenses. Income and loss is allocated to the participants' accounts based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund within the Plan. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and University contributions plus earnings thereon.

Payment of Benefits

Upon termination of service or if the participant becomes disabled, a participant may elect to receive either a lump-sum amount equal to the value of his account, an annuity contract (if assets are held in a custodial account), or converted to an income option (if assets are invested in an annuity contract). A participant may elect to receive a distribution of their rollover contributions at any time. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan.

Plan Termination

Although it has not expressed an intention to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 2. Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan is funded by individually controlled TIAA and CREF investments. Contributions are allocated to the TIAA Traditional Annuity contract, CREF Variable Annuity accounts, TIAA-CREF mutual funds, and the TIAA Real Estate Pooled Separate account. A portion of the Plan is funded by investment options held by Lincoln and the Pension Fund of the Christian Church (Disciples of Christ), which are former vendors to which contributions have not been made after December 31, 2008.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

TIAA Traditional Annuity

The TIAA Traditional Annuity is an unallocated fixed-dollar annuity and investment product offered by TIAA, an insurance company that is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is maintained in the TIAA general account. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participants and are secured by the general assets of TIAA.

The TIAA Traditional Annuity fully benefit-responsive account is recorded at contract value. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus interest at the contract rate, less funds to pay withdrawal benefits and administrative expenses. The investment contract with TIAA contains liquidity restrictions that require withdrawals and transfers from the investment contract to other investment options available to the Plan to be spread over a period of ten annual installments or five annual installments for withdrawals after a participant's termination of employment.

A portion of the TIAA Traditional Annuity has been determined to be fully benefit-responsive. Among other requirements, fully benefit-responsive contracts require all permitted participant-initiated transactions with the Plan to occur at contract value with no restrictions. At December 31, 2025, the value of the nonbenefit-responsive contracts totaled $63,471,093 and the benefit-responsive contracts totaled $5,131,521.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Stable Value

The TIAA Stable Value Contract is a fixed rate group annuity contract issued by TIAA. Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest of between 1% and 3%. Transfers into TIAA Stable Value Contract may not be made for 30 days following a transfer out. The valuation considerations for the TIAA Stable Value Contract are similar to those discussed above for the TIAA Traditional Annuity.

CREF Variable Annuity Accounts

Participants purchase accumulation units in the variable annuity contracts and their value is calculated daily. Variable annuity accounts, except for the Money Market account, are recorded at their estimated fair value, which is based upon the underlying value of the assets. The Money Market account is recorded at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity.

TIAA-CREF Mutual Funds

Mutual funds are valued at quoted market prices.

TIAA Real Estate Pooled Separate Account

The TIAA Real Estate Pooled Separate account is valued at the net asset value (NAV) per accumulation unit of the investment. The underlying real estate holdings or other real estate-related investments are valued principally utilizing external appraisals. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA general account provides the Plan with a liquidity guarantee. Transfers out of the pooled separate account are limited to one per calendar quarter. There are no unfunded commitments or redemption notice period. As of May 23, 2022, there are no future contributions or transfers allowed in this account.

Lincoln Pooled Separate Accounts

The other pooled separate accounts are valued at fair value as determined by the custodian utilizing quoted market prices of the underlying mutual funds on the last business day of the Plan year.

Lincoln Fixed Fund

The Lincoln Fixed Fund is recorded at contract value, which approximates fair value as estimated by Lincoln. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Pension Fund of the Christian Church Commingled Trust Fund

The Plan's interest in the commingled trust fund is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end. Investment income generated by the Pension Fund of the Christian Church Commingled Trust Fund has been included in interest and dividend income.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Loans

Prior to January 1, 2018, loans were issued by TIAA to Plan participants outside the scope of the Plan. Participants pledged as security a portion of their balance in the TIAA Traditional Annuity, which represented 110% of the outstanding loan balance. The amount pledged as collateral at December 31, 2025 and 2024 was approximately $6,000 and $7,000, respectively. Interest rates on the Plan loans ranged from 4.00% to 4.44% at December 31, 2025.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The minimum amount of a loan shall be $1,000. Only three loans may be outstanding at any time. All loans are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence). Principal and interest is paid ratably through either payroll deductions or directly to TIAA. Interest on the loans accrues at a rate equal to prime plus 1%.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Plan Tax Status

The Plan operates under a volume submitter adoption agreement in connection with a prototype retirement plan and custodial document sponsored by Pentegra Services, Inc. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. The Plan has been amended since the prototype received its opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the University or the Plan, at the University's discretion.

Note 3. Certification of Plan Recordkeepers and Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, and Lincoln, qualified institutions, have certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

At December 31, 2025 and 2024, approximately $298,000 and $289,000 of commingled collective funds were not certified by the Pension Fund of the Christian Church.

Note 4. Disclosures About Fair Value of Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024:

	2025			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 158,486,876	$ 158,486,876	$ -	$ -
Variable annuity accounts	136,040,128	-	136,040,128	-
Pooled separate accounts	6,332,227	-	6,332,227	-
TIAA Traditional Annuity - nonbenefit-responsive	63,437,597	-	-	63,437,597
Common collective trusts	288,730	-	288,730	-
	$ 364,585,558	$ 158,486,876	$ 142,661,085	$ 63,437,597

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2025. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

The value of certain investments, classified as alternative investments, is determined using net asset value (or its equivalent) as a practical expedient. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Level 3 Valuation Process

Fair value determinations for Level 3 measurements of securities are the responsibility of the Plan Administrator. The Plan Administrator contracts with TIAA to generate fair value estimates on a quarterly basis. The Plan Administrator challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

	TIAA Traditional Annuity Nonbenefit-Responsive
Balance, January 1, 2024	$ 62,009,081
Investment income	2,863,018
Purchases	893,170
Sales	(4,733,553)
Net participant transfers	2,405,881
Balance, December 31, 2024	63,437,597
Investment income	2,734,943
Purchases	910,142
Sales	(5,894,185)
Net participant transfers	2,282,596
Balance, December 31, 2025	$ 63,471,093

As the TIAA Traditional Annuity nonbenefit-responsive contract is valued at fair value, there are no realized or unrealized gains or losses for these investments included in the net increase in net assets available for benefits.

The TIAA Real Estate Pooled Separate Account seeks favorable long-term returns primarily through rental income and appreciation of real estate investments owned by the Account. The Account will also invest in publicly traded securities and short-term higher quality liquid investments that are easily converted to cash to enable the Account to meet participant redemption requests, purchase or improve properties or cover other expense needs.

Unobservable (Level 3) Inputs

The following tables present quantitative information about unobservable inputs used in recurring Level 3 fair value measurements.

	Fair Value at December 31, 2025	Valuation Technique	Unobservable Inputs	Weighted-Average Range
TIAA traditional annuity nonbenefit-responsive	$ 63,471,093	Discounted cash flow	Contractual interest rate	4.50%-5.25%

	Fair Value at December 31, 2024	Valuation Technique	Unobservable Inputs	Weighted-Average Range
TIAA traditional annuity nonbenefit-responsive	$ 63,437,597	Discounted cash flow	Contractual interest rate	5.25%-5.50%

Note 5. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are units of variable annuity accounts or a pooled separate account that are managed by an entity related to TIAA, which is the recordkeeper for the Plan. The Plan's traditional annuity contract is maintained in TIAA's general account. The Plan paid $236,318 and $192,075 of administrative and service fees to TIAA during 2025 and 2024. The Plan paid professional fees of $141,769 and $100,425 during 2025 and 2024, respectively. The University provides certain administrative services at no cost to the Plan.

In addition to the fees described above, some of the investment funds in the Plan may pay certain amounts as fees to TIAA and CREF for Plan recordkeeping and administration purposes. The Plan has entered into an agreement with TIAA under which TIAA will share any revenue collected for recordkeeping and administrative services that is in excess of what TIAA has agreed to charge for recordkeeping and administrative services. Amounts deposited in the "revenue credit" account may be used to pay reasonable and necessary Plan expenses, and/or to provide participants with a benefit in the form of "revenue credit allocation" to their accounts. The amounts deposited may vary over time, and may in fact be zero. During 2025 and 2024, these revenue credits totaled $297,250 and $267,793, respectively, and offset administrative expenses.

The balance of unused credits from this account at December 31, 2025 and 2024 was $99,417 and $136,226, respectively. Credits of approximately $125,000 were reallocated to eligible participant accounts during 2025. There were no credits reallocated to eligible participant accounts in 2024. $141,769 and $100,425 of credits were used to pay administrative expenses in 2025 and 2024.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7. Nonexempt Transactions

Defined-contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the University remitted all employee contributions to the Plan, contributions of $122,098 and $5,131 were not remitted within the required time period for the years ended December 31, 2025 and 2024. $119,728 of 2025 late remittances were deposited in 2025. $2,370 of late remittances were deposited in 2026. $2,736 of 2024 late remittances were deposited in 2024. $2,395 of 2023 late remittances were deposited in 2024.

Note 8. Subsequent Events

The Plan was amended in June 2025 to permit Roth contributions, effective January 1, 2026.

Subsequent events have been evaluated through October 9, 2026, which is the date the financial statements were available to be issued.
