INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Family Residences Retirement & 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Family Residences Retirement & 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually

or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other

than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Family Residences Retirement & 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution multiple employer plan ("MEP") established on January 1, 1997. The Plan was most recently restated effective May 1, 2022 and amended effective November 1, 2025 (the "Amendment Date"). The Plan covers all full-time employees of Family Residences & Essential Enterprises, Inc. ("FREE" or "Company") and The Rehabilitation Institute, Inc. ("TRI"), excluding collective bargaining (union) employees, leased employees, non-resident aliens, and employees who are residents of Puerto Rico.

As of the Amendment Date, FREE of Maryland, Inc. adopted the Plan as a related employer. FREE of Maryland, Inc. is affiliated with FREE through common board control and ownership and is therefore not a distinct employer for purposes of the MEP. Employees of FREE of Maryland, Inc. are not eligible to receive nonelective contributions. Highly compensated employees are excluded from making salary deferrals and receiving matching contributions but are eligible to receive nonelective contributions.

For elective deferrals, employees become eligible effective as of their date of hire. To receive employer matching contributions, an employee must be qualified as a participant and make elective deferrals into the Plan. For the employer discretionary nonelective contribution, employees become eligible as of the first day of the month coincident with or next following the employee's completion of one year of service, as defined by the Plan, and attainment of age 20. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Automatic Contribution Arrangement
A participant, except highly compensated employees, who fails to make an affirmative election of a specific deferral rate or fails to elect not to defer a portion of their compensation shall be automatically enrolled in the Plan following satisfying the eligibility requirements at a current pre-tax elective deferral rate of 5% (the "Default Percentage") of their compensation for the Plan Year. A participant's Default Percentage will increase by one percentage point each September 1st, beginning with September 1st of the Plan Year following the Plan Year in which the Default Percentage first applies to the participant, up to a current maximum elective deferral rate of 15% ("Maximum Default Percentage") of his or her compensation.

Contributions

Contributions to the Plan may be pre-tax or Roth salary deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions are subject to the terms of the Plan and are fully vested and non-forfeitable. The Company may also make discretionary matching contributions and a discretionary nonelective contribution to the Plan. For the year ended December 31, 2025, the Company made matching contributions to the Plan equal to 50% of a participant's contributions, capped at 10% of compensation, and made a nonelective contribution to the Plan of approximately $2,800,000, net of forfeitures. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, plus an allocation of the Company's matching and nonelective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their account balances into various investment options offered by the Plan. If no investment election is made by the participant, then the contributions are automatically invested in the Plan's Qualified Default Investment Alternative ("QDIA"). The Plan has selected an Age-appropriate Moderate GoalMaker portfolio as its QDIA.

Vesting

Participants are vested immediately in their contributions and discretionary matching contributions (for certain employees hired prior to April 24, 2014) plus actual earnings thereon.

Vesting in their employer discretionary nonelective contribution and discretionary matching contribution (for employees on or after April 24, 2014) account balance is based on years of service as follows:

Years of Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable from participants are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. The interest rate on outstanding loans ranged from 3.25% to 9.50% per annum. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, in installment payments over a period of time, or partial withdrawals. Normal retirement age is 65 under the Plan. Participants are entitled to receive in-service withdrawals from elective deferral and employer matching contribution portions of their account upon attainment of age 59½ and 60 months of participation, respectively.

Plan Expense Account

At December 31, 2025 and 2024, the plan expense account totaled approximately $161,000 and $82,000, respectively. The plan expense account includes revenue sharing allocations credited to the Plan to reduce plan expenses. During the year ended December 31, 2025, the Plan expense account received approximately $247,000 in revenue sharing and paid approximately $159,000 in administrative expenses.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately $830,000 and $585,000, respectively. These accounts will be allocated to participants in the same manner as employer contributions and administrative expenses. For the year ended December 31, 2025, the Plan allocated approximately $585,000 to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires

management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and employer matching contributions from the Company are recorded in the year in which the participant contributions are withheld from compensation. Employer nonelective contributions from the Company are based off compensation paid to the participants during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

3. CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at fair value, investments at contract value, and notes receivable from participants held at December 31, 2025 and 2024, and net change in fair value of investments, interest and dividends, and interest income from notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company ("EAIC") and Empower Trust Company, LLC, qualified institutions.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds
Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts
Pooled Separate Accounts are not publicly quoted and are priced at net asset value ("NAV"). ASC 820 allows NAV per share to serve as a practical expedient to estimate fair value.

Common Collective Trust
Common Collective Trusts are not publicly quoted and are priced at net asset value ("NAV"). ASC 820 allows NAV per share to serve as a practical expedient to estimate fair value.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 60,805,883	$ -	$ -	$ 60,805,883
Total assets in the fair value hierarchy	$ 60,805,883	$ -	$ -	$ 60,805,883
Investments measured at NAV[(a)]				17,070,148
Investments at fair value				$ 77,876,031

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 61,562,034	$ -	$ -	$ 61,562,034
Total assets in the fair value hierarchy	$ 61,562,034	$ -	$ -	$ 61,562,034
Investments measured at NAV[(a)]				6,363,736
Investments at fair value				$ 67,925,770

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Gains and losses included in the statement of changes in net assets available for benefits for the year ended December 31, 2025, are reported in net change in fair value of investments.

For the year ended December 31, 2025, there were no significant transfers between Level 1 and 2 and no transfers into or out of Level 3.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024, respectively.

	Fair Value at 12/31/25	Unfunded Commitments	Redemptions Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 13,728,260	N/A	Daily	None
Common Collective Trust	$ 3,341,888	N/A	Daily	None

5. GROUP ANNUITY CONTRACT WITH EAIC

Effective November 5, 2018, the Plan sponsor entered into a fully benefit-responsive evergreen group annuity contract with EAIC (formerly, Prudential Retirement Insurance and Annuity Company). The contract totaled $8,538,221 and $5,918,519 at December 31, 2025 and 2024, respectively. EAIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5%. The crediting rate is reviewed on a semiannual basis for resetting. The Plan sponsor may terminate this contract at any time. Under certain conditions, EAIC may terminate this contract with 30 days advance written notice to the Plan sponsor.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if

they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without consent of the issuer. The Plan administrator does not believe that any of the events described above that could limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Subsequent to year-end, effective March 3, 2026, the Plan sponsor entered into a fully benefit-responsive group annuity contract with New York Life Insurance Company. As part of this transaction, the contract value of all Plan assets invested in the EAIC contract's general account were transferred to a general account within the new contract. The transfer occurred at contract value and there were no surrender charges or market value adjustments associated with this transaction.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Empower Annuity Insurance Company of America ("Empower") is the recordkeeper of the Plan, therefore certain transactions with Empower qualify as exempt party-in-interest transactions. During the year ended December 31, 2025, administrative fees of approximately $220,700 were paid to Empower.

Participant contributions not transmitted by the Company within the time period set forth in the Department of Labor's regulation CFR 2510.3-102 are considered nonexempt prohibited transactions under ERISA. Participant contributions remitted during the year that constitute nonexempt prohibited transactions are reported by the Plan in the accompanying supplemental schedule as required.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

8. TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service ("IRS") dated September 16, 2022, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following schedule is a reconciliation of the financial statements at December 31, 2025 and December 31, 2024 to Schedule H Form 5500:

	December 31, 2025	December 31, 2024
Net assets available for benefits per the financial statements	$ 92,115,134	$ 78,288,276
Less: Deemed distributed participant loans	(316,794)	(239,846)
Net assets available for benefits per the Form 5500	$ 91,798,340	$ 78,048,430

The following schedule is a reconciliation of net change in net assets available for benefits per the financial statements for the year ended December 31, 2025, to Form 5500:

Net change in net assets available for benefits per the financial statements	$ 13,826,858
Less: Deemed distributed participant loan activity	(76,948)
Net income per the Form 5500	$ 13,749,910

The Form 5500 does not include defaulted loans from participants and related activity who have not incurred a distributable event. On the financial statements, these amounts are reported as Plan assets until a distributable event occurs.

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.
