REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

KPMG LLP Health Plans

Opinion

We have audited the financial statements of KPMG LLP Health Plans (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and changes in its plan benefit obligations for the years ended December 31, 2025 and 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedules required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025, and schedules of nonexempt transactions and reportable transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These

additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of the Plan

The following brief description of the KPMG LLP Health Plans (the "Plan") is provided for general information purposes only. Participants should refer to summary plan descriptions or agreements for a more complete description of the Plan's provisions.

(a) General

The Plan was established as a defined benefit health plan that provides medical and dental benefits to all enrolled partners and principals (collectively, referred to as "partners"), eligible employees, and eligible former partners and employees of KPMG LLP (the "Employer" or the "Firm"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Firm established a qualified Voluntary Employees' Beneficiary Association (the "KPMG VEBA Trust") under Section 501(c)(9) of the Internal Revenue Code ("IRC"), with the exclusive purpose of funding health and dental benefits for certain eligible individuals.

The Plan is funded through employer and active and retired employee (under age 65) and active and retired partner (under age 65) contributions. Employer contributions are based on the excess of actual claims and premiums incurred over active and retired employee and partner contributions. Each partner bears the full cost for his or her respective coverage. Employee and partner contribution rates are determined using historical trend rates and expected future costs.

The investments of the Plan are held in the KPMG VEBA Trust. State Street is the custodian of the KPMG VEBA Trust.

(b) Benefits

The Plan offers health, prescription and dental benefits to all active benefits-eligible employees and partners, their lawful spouse or domestic partner/civil union partner (spouse), eligible dependents (child(ren)), separated employees and partners enrolled in COBRA and eligible retired partners and employees who choose to participate.

Comprehensive medical and dental benefits are generally funded by the KPMG VEBA Trust, with self-insured benefits administered by Aetna (the Plan's third-party claims administrator) under an administrative services-only arrangement.

Certain medical and dental benefits are provided through insurance contracts with premiums paid by the KPMG VEBA Trust.

(c) Eligibility

Active partners and regular full-time employees scheduled to work 1,000 or more hours per year are eligible for benefits. In addition, part-time and/or temporary employees are eligible to elect coverage under the HDHP Silver medical program. Coverage for active partners and regular full-time employees starts 30 days after their date of hire or on their date of hire if they start on the first day of the month. Coverage for part-time employees starts on the first of the month following 60 days from the employee's hire date.

Retired partners and employees under age 65 may be eligible for similar health care benefits. Retirees must generally meet either of the following criteria to be eligible for benefits:

a. Retired partners or employees must have attained at least age 55 and have at least 10 years of service

b. Retired partner's or employee's age plus years of service is greater than or equal to 73

c. Retired partners have attained at least age 60 and have at least 5 years of service with coverage available until Medicare eligible

Upon death of the retiree, covered spouses are eligible for health care benefits.

(d) Administration

Partners, principals and employees of the Firm provide services to the Plan. Neither these employees nor partners and principals receive compensation for such services from the Plan.

The Plan is invested in a money market fund managed by the custodian of the KPMG VEBA Trust. In addition, the Plan pays trustee fees to the custodian of the KPMG VEBA Trust. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions provisions of ERISA and the IRC.

Certain administrative expenses, other than self-insurance costs and trustee fees, for the years ended December 31, 2025 and 2024, were paid by the Firm. Administrative expenses on the statements of changes in net assets available for benefits are primarily fees paid to Aetna.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, claims incurred but not reported ("IBNR"), claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Significant estimates included in the accompanying financial statements include estimates with respect to claims incurred but not reported ("IBNR") and changes therein, post-retirement benefit obligations and changes therein, and assumed health care cost trend rates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex- dividend date.

(d) Benefit Payments

Benefit payments are recorded in the statement of changes in net assets available for benefits when submitted by the third-party claims processor for reimbursement. Claims paid by the claims processor to participants and providers prior to year-end that are not reimbursed by the Plan as of year-end are recorded as claims payable in the statement of benefit obligations and are not recorded as claims until the Plan reimburses the claims processor.

(e) Rebates

The Plan utilizes a pharmacy benefit manager ("PBM") to help control drug costs. The PBM pays rebates to the Plan based on the Plan's actual utilization pattern of specific drugs. Rebates due from the Plan's PBM are recorded when earned and estimable. Rebates due as of the financial statement date have been reported as pharmacy rebates receivable in the statements of net assets available for benefits, with the offset netted against claims paid, net in the accompanying statements of changes in net assets available for benefits.

The Plan earned rebates of $43,833,695 and $34,856,071 relating to the Plan years ended December 31, 2025 and 2024, respectively, and are recorded as a reduction of claims paid.

(3) Benefit Obligations

(a) Post-Retirement Benefits

The amount reported as the post-retirement benefit obligations represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employee and partners' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Post-retirement benefits include future benefits expected to be paid to or for: (1) currently retired or terminated partners and employees and their beneficiaries and dependents and (2) active partners and employees and their beneficiaries and dependents after retirement from service with the Firm.

The post-retirement benefit obligation represents the amount that is to be funded by contributions from retirees, the Firm and from existing Plan assets. The post-retirement benefit obligation is the portion of the expected post-retirement benefit obligation that is attributed to the service of that partner or employee rendered to the valuation dates.

The actuarial present value of the expected post-retirement benefit obligation is determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money and the probability of payment between the valuation date and the expected date of payment.

For measurement purposes, a 8.25% and 8.50%, annual rate of increase in the per capita cost of covered medical benefits was assumed for 2025 and 2024, respectively, gradually decreasing to an ultimate rate of 4.5% in 2041 and beyond. The actuarial assumptions include an assumption that deductibles, out-of-pocket maximums, retiree contributions and the Medicare offset each grow at the same trend rates. Active employees and partners currently declining medical coverage (opt outs) are assumed to decline medical coverage upon retirement.

The weighted-average health care cost trend-rate assumption, as detailed in the paragraph above, has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by 1 percentage point in each year, it would increase the post-retirement obligation as of December 31, 2025 and 2024, by approximately $11,691,100 and $14,783,800, respectively.

The following were other significant assumptions used in the valuations as of December 31, 2025 and 2024:

Discount rate	5.2% and 5.5% as of December 31, 2025 and 2024, respectively.
Average retirement age	For employees – two separate tables of rates between ages 47 and 70 depending on staff class of the employee
	For partners – a table of rates between ages 47 and 65
Mortality table	PRI-2012 Mortality Tables for employees, healthy retirees, and contingent annuitants with MP 2021 generational projection mortality scales
Inflation rate	3%

The change in actuarial assumptions are primarily related to the change in the discount rate. The change in the discount rate resulted in an increase in the liability of $4,135,200 and in a decrease in the liability of $10,851,900 as of December 31, 2025 and 2024, respectively. The other actuarial assumption change that significantly impacted the December 31, 2024 post-retirement benefit obligation was the change in the health care trend assumption, which caused a $15,715,800 increase in the liability. Other actuarial gains and losses reflect differences between actual and predicted mortality and claim costs, changes to other demographic and healthcare trends and changes to partner contribution rates.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the post-retirement benefit obligation.

(b) Benefit Obligation

The Plan's excess of benefit obligations over net assets at December 31, 2025 and 2024 relates primarily to postretirement health benefit obligations. It is expected that these obligations will be funded primarily through future participant, retiree and firm contributions.

The Medicare Prescription Drug Improvement and Modernization Act of 2003 provides federal subsidies for certain prescription drug programs. The accumulated post-retirement benefit obligation ("APBO") does not reflect any amount associated with the Medicare subsidy as the Plan is not directly entitled to such benefit.

(4) Estimated Liability for Self-Insured Claims Incurred but Not Reported

The estimated liability for self-insured claims incurred, but not reported (IBNR), represents medical plan and dental plan claims incurred prior to the contract anniversary dates (December 31, 2025 and 2024) but

paid subsequently. The estimated liability for self-insured claims incurred, but not reported, is estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrator. These amounts are paid by the Plan only if the claims are submitted and approved for payment. Such estimated amounts are reported in the accompanying statements of Plan benefit obligations.

(5) Fair Value Measurements

Fair value is defined by US GAAP as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The determination of fair value is based on the principal or most advantageous market in which the Plan could commence transactions and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance. Also, determination of fair value under US GAAP assumes that market participants will consider the highest and best use of the asset.

US GAAP establishes a fair value hierarchy whereby the inputs contained in valuation techniques used to measure fair value are categorized into three broad levels as follows:

- Level 1: quoted market prices in active markets that the reporting entity has the ability to access at the date of the fair value measurement;
- Level 2: inputs other than quoted market prices described in Level 1 that are observable for the asset or liability, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities;
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The custodian has been granted discretionary authority over purchases and sales of investments in the Trust. The Plan's investment consisted of shares of State Street Institutional U.S. Government Money Market Fund - Premier Class (the "State Street Fund"). The State Street Fund is a short-term money market mutual fund with their strategy concentrated on investing in U.S. dollar-denominated money market securities of domestic and foreign issuers rated in the highest category to protect capital with low-risk investments. There are currently no redemption restrictions on the State Street Fund. The fair value of the investment has been estimated using the quoted price per share of $1 and is classified within Level 1 of the valuation hierarchy.

(6) Risks and Uncertainties

The actuarial present value of Plan benefit obligations and IBNR claims are reported based on certain assumptions pertaining to interest rates, health care inflation rates, employee demographics, and claims experience, all of which are subject to change. Due to uncertainties inherent in the estimations and

assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported in the financial statements.

(7) Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the KPMG VEBA Trust by a letter dated December 16, 2003, that the KPMG VEBA Trust is designed in accordance with applicable sections of the IRC and therefore, the KPMG VEBA Trust qualifies as tax-exempt under the IRC. Although the KPMG VEBA Trust has been amended since receiving the determination letter, the Plan's administrator and the Plan's legal counsel believe that the KPMG VEBA Trust, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Plan Termination

Although it has not expressed any intent to do so, the Firm has the right to discontinue the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscretionary manner toward the provision of benefits for or on behalf of the participants. No assets of the Plan may revert to the Firm or be used for purposes other than for the exclusive benefit of the Plan's participants.

(9) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,	
	2025	**2024**
Net assets available for benefits per the financial statements	$ 84,646,936	74,317,632
Amounts currently payable	(56,454,152)	(48,863,247)
Net assets available for benefits per the form 5500	$ 28,192,784	25,454,385

The following is a reconciliation of claims paid, net and insurance premiums per the financial statements to the Form 5500:

	For the year ended December 31, 2025	For the year ended December 31, 2024
Claims and insurance premiums paid per the financial statements	$ 465,517,447	420,546,625
Add: Current payable	56,454,152	48,863,247
Less: Prior year payable	(48,863,247)	(44,937,800)
Benefit payment and premiums per the form 5500	$ 473,108,352	424,472,072

(10) Nonexempt Transactions

During 2025, the VEBA Trust incorrectly paid non-medical benefits, resulting in payment of ineligible expenses. After discovering the error in June 2025, the VEBA Trust was reimbursed for those expenses and lost earnings which were calculated using the Department of Labor's lost earnings calculator.

(11) Subsequent Events

The Plan's management evaluated all subsequent events through October 14, 2026, the date on which the financial statements were available to be issued.

Effective January 1, 2026, pre-65 retiree healthcare benefits will be provided under a new plan funded from the Employer's general assets rather than the KPMG VEBA Trust. Accordingly, the Plan will no longer have a post-retirement benefit obligation.

* KPMG maintains a VEBA trust for the purpose of funding benefits related to certain of its medical programs. One of the medical program's third-party administrators also administers certain non-medical benefits that are funded out of KPMG general assets. The third-party administrator incorrectly billed the VEBA trust for both the medical and non-medical benefits, resulting in the VEBA trust's payment of ineligible expenses. Upon discovery in June 2025, KPMG remitted the amount, plus $980 interest determined using the Department of Labor's lost earnings calculator.
