THE BOARD OF TRUSTEES
ZOOM COMMUNICATIONS, INC.
401(k) PROFIT SHARING PLAN TRUST
San Jose, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **ZOOM COMMUNICATIONS, INC. 401(k) PROFIT SHARING PLAN TRUST (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan:

The following description of the Zoom Communications, Inc. 401(k) Profit Sharing Plan Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 2012 by Zoom Communications, Inc., formerly Zoom Video Communications, Inc. (the Sponsor). Effective October 18, 2021, the Plan adopted a non-standardized pre-approved defined contribution plan sponsored by Fidelity Management & Research Company, an affiliate of Fidelity Management Trust Company (the Trustee). The Plan was designed to provide participants with a means to defer a portion of their compensation for retirement. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective June 30, 2022, the Plan was amended to include certain revisions related to vesting for nonelective employer contributions.

On December 29, 2022, the SECURE Act 2.0 was signed into law. The new law makes changes to include provisions intended to expand coverage, increase retirement savings, increase the age at which retirees must begin taking RMDs, change catch-up contributions, and simplify and clarify retirement plan rules. Most of the provisions in the SECURE Act 2.0 legislation are optional and many require regulatory guidance prior to implementation. The Plan continued to be operated based on required legislative and regulatory requirements. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance. In 2024, consistent with SECURE 2.0, the threshold for mandatory small account distributions increased from $5,000 to $7,000.

Effective January 1, 2023, the Plan was amended to add on call and sign on bonuses as excluded compensation.

Effective March 31, 2023, the Plan was amended to include certain revisions related to the payment of participant loans upon termination.

Effective January 1, 2024, the Plan was amended to allow non-deductible, after-tax employee contributions, subject to an annual limit of $10,000. On April 18, 2025, this limit was increased to $20,000. As of the reporting date, no formal written amendment has been executed to reflect the updated contribution limit.

Effective August 12, 2024, the Plan was amended to specify the sources available for in-service hardship withdrawals.

Effective December 31, 2024, the Plan was amended to change the Plan name to Zoom Communications, Inc. 401(k) Profit Sharing Plan Trust and Plan Sponsor name to Zoom Communications, Inc.

Effective March 1, 2026, the Plan was amended to reduce the maximum employee contribution rate from 100% to 85% of eligible compensation for Regular Deferral Contributions, Employee After-Tax Contributions, and the combined total of Regular Deferral and Bonus Contributions.

Eligibility

All employees with a minimum age of 18, except those covered by a collective bargaining agreement, nonresident aliens, and interns, are eligible to enroll in the Plan immediately after date of hire for employee deferrals. There is no service requirement for discretionary matching employer contributions or nonelective employer contributions. There is also no requirement for employees to be employed by the Sponsor on the last day of the Plan year to be eligible for employer contributions.

Contributions

Participants may elect to contribute annually up to the maximum under Internal Revenue Service (IRS) regulations of $23,500 for 2025. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also allowed to make Roth deferral contributions and rollover contributions from other tax-qualified, employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's directives and the Plan's provisions.

For all newly hired and rehired employees, the Sponsor automatically defers 3% of eligible compensation on a pre-tax basis.

The Sponsor may make discretionary matching employer contributions and nonelective employer contributions to employees that meet the eligibility requirements. Starting July 1, 2022, the discretionary matching employer contribution is equal to 50% of each participant's deferral contribution but not exceeding 3% of the participant's Plan compensation. The Plan Sponsor did not make any nonelective employer contributions during the 2025 Plan year.

Payment of Benefits

Upon termination of employment, retirement, total disability, death or reaching age 59 1/2, a participant may elect to receive an amount equal to his or her vested account interest in a lump sum or partial/installment payments. The Plan allows for automatic distributions of the terminated participants' entire vested account balances not exceeding $7,000. None of the terminated participants at December 31, 2025 and 2024 have requested to withdraw from the Plan as of those dates.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's qualified rollover contributions, allocation of the employer contributions, if any, an allocation of the Plan earnings or losses based on the ratio of the participant's balance to all participants' account balances and is charged with an allocation of administrative expenses.

Participant Investment Options

Upon enrollment in the Plan, participants are auto enrolled into a target retirement fund based on their age. Participants are allowed to change the allocation of their contributions to any of the investment options offered by the Plan once their account is set up. Participants may change their investment options any time throughout the year (subject to specific limitations placed by certain investment funds) via direct access to Fidelity Management Trust Company.

Vesting

Participants vest immediately in their employee contributions, including rollovers of funds from other qualified retirement plans and earnings thereon. Participants vest immediately in the discretionary matching employer contributions. The portion of the participants' accounts attributable to the nonelective employer contributions becomes 25% vested after one year of credited service and gradually increases to 100% after 4 years. Effective June 30, 2022, participants vest immediately in the nonelective employer contributions. Participants become fully vested upon the occurrence of death, disability, or plan termination in the nonelective employer contributions.

Forfeitures

Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and may first be used to pay Plan administrative expenses, with any remaining amounts used to reduce future Sponsor contributions. At December 31, 2025 and 2024, forfeited accounts totaled approximately $1,899 and $43,700, respectively. For the year ended December 31, 2025, forfeitures used to offset employer contributions amounted to $12,787.

Notes Receivable from Participants

A participant may borrow from the Plan to the extent that such a loan, when added to the outstanding balance of all other loans, would not exceed the lesser of $50,000 or 50% of the present value of the participant's vested interest in his/her account. The interest rate shall be fixed throughout the duration of the loan at a rate determined by the Administrator. The loans are secured by the remaining balance of the respective participant's account.

Plan Trustee

Fidelity Management Trust Company is the Trustee of the Plan. Substantially all of the Plan's assets are held by the Trustee.

Note 2 - Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that may affect certain reported amounts of disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are invested based solely upon instructions received from participants. The Plan's investments are reported at fair value as of the last day of the Plan year. Fair value is the price that would be received to sell assets or paid to transfer liabilities in an orderly transaction between market participants at the measurement date. The Plan's oversight committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits includes both the unrealized appreciation (depreciation) in the aggregate current value of investments and realized gains and losses on sale of investments bought and sold as well as held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is likely that the value of the Plan's investments; both in total and in individual participant accounts, has fluctuated since December 31, 2025.

Management fees and operating expenses charged to the Plan for investments are deducted from the participant's account as a reduction of income and are not separately reflected. Consequently, management fees and operating expenses are reflected as an adjustment to net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document. The balances as of December 31, 2025 and 2024 were $3,634,876 and $3,148,078, respectively. As of December 31, 2025, the rates of interest on outstanding notes ranged from 4.25% to 9.50% per annum.

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Benefits to Participants

Benefits to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Investment control expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan Administrator evaluated subsequent events from December 31, 2025 through October 8, 2026, the date these financial statements were available to be issued, and has determined that, except as disclosed in Note 1, there were no other material subsequent events that required recognition or additional disclosure in these financial statements.

Note 3 - Information Certified by Fidelity Management Trust Company (Trustee):

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee.

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodology used for assets measured at fair value and recognized in the accompanying Statement of Net Assets Available for Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds, common stocks, exchange traded funds, and interest-bearing cash that are valued on the basis of readily determinable market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2025	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 484,346,010	$ -	$ -	$ 484,346,010
Self-directed brokerage Accounts	13,343,520	-	-	13,343,520
Total investments in the fair value hierarchy	$ 497,689,530	$ -	$ -	497,689,530
Investments measured at net asset value (or its equivalent) using the practical expedient (a)				1,966,615
Investments at fair value				$ 499,656,145

December 31, 2024	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 366,647,409	$ -	$ -	$ 366,647,409
Self-directed brokerage Accounts	7,758,960	-	-	7,758,960
Total investments in the fair value hierarchy	$ 374,406,369	$ -	$ -	374,406,369
Investments measured at net asset value (or its equivalent) using the practical expedient (a)				1,452,789
Investments at fair value				$ 375,859,158

(a) Certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the Statement of Net Assets Available for Benefits. There were no unfunded commitments as of December 31, 2025 and 2024.

Note 5 - Plan Termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The participants become fully vested upon plan termination.

Note 6 - Tax Status:

The Plan adopted a non-standardized pre-approved profit sharing plan sponsored by Fidelity Management & Research Company, an affiliate of the Trustee. The non-standardized pre-approved profit sharing plan received a favorable opinion letter, dated June 30, 2020, from the IRS stating that the form of the plan is acceptable under Section 401 of the IRC. This opinion on the acceptability of the form of the plan is not a ruling or determination as to whether the Plan qualified under Code section 401(a). The Plan Administrator believes the Plan has been, and continues to be, designed and operated in compliance with the applicable requirements of the IRC.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 7 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of the investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rates, market fluctuations and credit risks. Due to the nature of risks associated with certain investment vehicles, it is at least reasonably possible that changes in the level of risk in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

The Vanguard Target Retirement 2050 Fund Investor Shares investment represented approximately 14% of Plan assets as of both December 31, 2025 and 2024.

The Vanguard Target Retirement 2055 Fund Investor Shares investment represented approximately 11% of Plan assets as of both December 31, 2025 and 2024.

The Vanguard Target Retirement 2045 Fund Investor Shares investment represented approximately 10% of Plan assets as of both December 31, 2025 and 2024.
