INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Globus Medical, Inc.
Philadelphia, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Globus Medical, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Globus Medical, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Globus Medical, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.
In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Globus Medical, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Globus Medical, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year-end) is presented for purposes of additional analysis and is not a required part of the financial statements; however, it is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than information agreed to or derived from the certified investment information, was subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures. These procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and performing other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or was derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

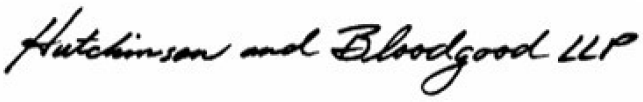

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by, and certified to by, a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of Globus Medical, Inc. 401(k) Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 20, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Globus Medical, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

General: The Plan is a defined contribution plan established on June 30, 2005, covering all eligible employees of Globus Medical Inc. (the "Company") and employees of related employers, Musculoskeletal Education and Research Center and, effective January 13, 2016, Globus Medical Inc. North America, Inc., who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974. ("ERISA").

The plan was amended and restated effective January 1, 2025 and again effective January 1, 2026. In January 2025, NuVasive Inc. 401 (k) Plan and the NuVasive PR Retirement Plan were merged with the Plan. Effective December 1, 2025, the Company adopted a resolution to transfer the Plan's assets and trusteeship from its custodian Voya Retirement Insurance to Annuity Company to Fidelity Management Trust Company. Additionally, in December 2025, Nevro Corporation 401(k) Plan was merged with the Plan.

Contributions: Each year, participants may contribute up to 75% of pretax annual compensation, as defined by the Plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants may also make contributions to the Plan on an after-tax basis by designating deferrals as Roth deferrals. The Plan provides for the automatic enrollment of eligible employees at a pretax contribution rate of 3% of eligible compensation, unless the participant affirmatively elects a different contribution rate or affirmatively elects not to participate. Participants direct the investment of their contributions into various investment options offered by the Plan. For the years ended December 31, 2025 and 2024, the Company made flexible discretionary matching contributions in an amount equal to 100% of the participant's contributions that are not in excess of 4% and 3%, respectively, of the eligible compensation up to $8,500 and $6,000, respectively.

The maximum employee deferral permitted by the IRS for calendar years 2025 and 2024 was $23,500 and $23,000, respectively. For the Plan year ended December 31, 2025, participants who were the age 50-59 and 64 and older by year end, could make catch-up contributions of $7,500 and participants who were the age 60-63 by year end, could make enhanced catch-up contributions of $11,250. For the Plan year ended December 31, 2024, participants who had attained age 50 by year end could also make catch-up contributions of $7,500.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts: Each participant's interest in the Plan is maintained in three sub-accounts within one main account. These sub-accounts are: the employee deferral, the Company's flexible discretionary contributions, and rollover contributions from an employee's previous plan(s). The sub-accounts are credited with the appropriate contributions and any earnings or losses resulting from the investment of those contributions is credited on the valuation date. Participants may select investment options in which contributions made by them or on their behalf by the Company will be invested.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's non-discretionary matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service. Flexible discretionary contributions are vested as follows: 25% vested after 2 years of service, 50% vested after 3 years, and 100% after 4 years. For plans merged into the Globus Medical, Inc. 401(k) Plan, existing participants of those plans continue to vest according to the original Plan's vesting schedules. Participants may be given credited service for service provided to entities acquired by the sponsor as defined in the Plan.

Forfeitures: Participants who are not 100% vested will forfeit the nonvested portion of the Company flexible discretionary contributions upon termination of employment. Forfeitures will be used to reduce plan administrative expenses, to offset the Company's flexible discretionary contributions, or used to reinstate previously forfeited account balances of former participants. Forfeitures used to reduce employer contributions during 2025 and 2024 were $1,053,257 and $1,329,803, respectively. Forfeitures used to pay plan expenses during 2025 and 2024 were $135,195 and $74,634, respectively. Forfeitures available to be used as of December 31, 2025 and 2024 were approximately $1,988,333 and $0, respectively.

Payments of Benefits: Distributions of a participant's account are made upon termination of service, death, disability, or retirement. Distributions are made in either a lump-sum payment, subtantially equal installments, or partial withdrawals as defined by the Plan. If the vested balance in the participant's individual account is greater than $5,000, the participant may elect to maintain the account in the Plan. However, if the account balance is $5,000 or less, the plan administrator will direct the trustee that any amount exceeding $1,000 be distributed to an Individual Retirement Account ("IRA") for the participant's benefit. If the account balance is $1,000 or less, the plan administrator will direct the trustee to distribute the vested account balance to the participant without prior notice. Prior to such distribution, the participant may request that the amount be distributed to them in the form of a lump-sum payment or that it be rolled-over to an IRA or another retirement plan eligible to receive rollover contributions.

Active participants may withdraw all or a portion of their account balances upon attaining age 59 1/2. In-service withdrawals of funds merged in from prior plans are allowed at any time.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Payments of Benefits (Continued): Hardship distributions are allowed upon experiencing a financial hardship as defined by the IRC. Such withdrawals are subject to applicable excise and income taxes, and may only be made with the approval of the plan administrator.

Administrative Expenses: Administrative expenses charged to the Plan include investment advisor fees, record-keeping fees, advisory fees, audit fees, distribution fees, and loan fees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts and disclosures at the date of the financial statements and reported amounts during the reporting period. Actual results could differ from the estimated amounts.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments consists of net realized gains or losses and the net unrealized appreciation or depreciation in the fair value of investments that were both purchased and sold during the period as well as investments held at year-end.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payments of Benefits: Benefits are recorded when paid.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Voya Retirement Insurance and Annuity Company and Fidelity Management Trust Company are the Custodians of the Plan (Custodians) and have certified certain information for the years ended December 31, 2025 and 2024, and that information was not audited in accordance with the Plan Administrator's instructions and as permitted by Section 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Information included in the accompanying financial statements and supplementary schedule, certified by the Custodians, consists of the following:

	2025	2024
Investments, at fair value	**$ 730,795,176**	$ 3,591,078
Notes receivable from participants	**$ 4,309,307**	$ --
Due from Custodian - notes receivable	**$ --**	$ 1,822,470
Net investment income	**$ 96,709,393**	$ 34,878,060
Interest income on notes receivable from participants	**$ 255,538**	$ 143,043

NOTE 4. INVESTMENTS

The Plan provides for various investment options in mutual funds and other securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in those factors in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 5. FAIR VALUE MEASUREMENTS

The fair value measurement topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1. Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 2. Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- **Mutual funds and participant-directed brokerage accounts:** Valued using quoted market prices in an active market for each share held by the Plan have been considered level 1 investments.

- **Common/collective trust:** Valued using observable market data on a U.S. registered exchange or publicly reported on the over the counter market.

- **Stable Value Fund:** Valued at the net asset value (“NAV”) of units of a stable value fund. The NAV, as provided by the trustee of the fund, is based on the fair value of the underlying investments held by the fund less its liabilities.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at fair value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 684,691,251	$ --	$ --	$ 684,691,251
Participant-directed brokerage account	4,578,668	--	--	4,578,668
Investments, measured at NAV				41,525,257
Total investments, at fair value	$ 689,269,919	$ --	$ --	$ 730,795,176

	Assets at fair value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Participant-directed brokerage account	$ 3,591,078	$ --	$ --	$ 3,591,078
Total investments, at fair value	$ 3,591,078	$ --	$ --	$ 3,591,078

In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for this investment; the redemption notice is applicable only to the Plan:

Instrument	Fair Value December 31, 2025	Fair Value December 31, 2024	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund-stable value	$ 10,792,907	$ --	None	Daily	12 months
Common collective trust fund-other	$ 30,732,350	$ --	None	Daily	60 days

NOTE 6. NOTES RECEIVABLE FROM PARTICIPANTS

A participant may borrow, from his or her account, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the same rate as the prevailing interest rates charged by lenders for loans under similar circumstances. The repayment term of the loan is not to exceed five years, except for loans used to purchase or improve the participant's primary residence, which has a repayment term not to exceed 30 years.

NOTE 7. FEDERAL INCOME TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020 stating that the Plan and related Trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authority. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audit by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 8. PARTICIPANT WITHDRAWALS AND DISTRIBUTIONS

At December 31, 2025 and 2024, there were no unpaid distributions included in accounts of participants who have elected to withdraw from participation in the Plan.

NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2025 and 2024, certain plan investments are invested in shares of mutual funds managed by Voya Retirement Insurance and Annuity Company and Fidelity Management Trust Company, the Custodians of the Plan. Therefore, these transactions qualify as party-in-interest transactions under ERISA.

NOTE 10. SUBSEQUENT EVENTS

Management has evaluated its December 31, 2025 and 2024 financial statements for subsequent events through October 14, 2026, the date the financial statements were available for issuance. The Company is not aware of any additional subsequent events that would require recognition or disclosure in the financial statements.
