The Suddath Companies Retirement Savings Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Suddath Companies Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Summary Plan Description:

The following description of The Suddath Companies Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1994, and is a defined contribution retirement plan covering all employees of The Suddath Companies and its subsidiaries (collectively the "Company"). The Retirement Savings Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective April 1, 2025, the Plan transitioned trustee and recordkeeping services from Principal Life Insurance Company to T. Rowe Price Retirement Plan Services, Inc. Concurrent with the transition, substantially all Plan assets were transferred to the new trustee. The Plan was also restated effective April 1, 2025 to reflect the change in service providers and to comply with applicable Internal Revenue Service ("IRS") requirements.

Eligibility

All employees of the Company are eligible to participate in the Plan except nonresident aliens, leased employees, employees covered by a collective bargaining agreement unless the collective bargaining agreement provides for participation in the Plan, and residents of Puerto Rico. Eligible employees may enroll on the first day of the month following the date the employee satisfies the eligibility requirements.

Contributions

The Plan has an automatic enrollment provision for a 3% salary deferral with an annual 1% increase on the first day of the Plan year until reaching a maximum of 10%), whereby employees must elect out of the Plan if they do not wish to participate. Each year participants may elect to contribute up to 75% of their annual compensation, as defined by the Plan, up to the maximum allowable under the Internal Revenue Code ("IRC"). In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions up to limits defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Each pay period, the Company matches 25% of participants' elective deferral contributions and may make additional discretionary matching contributions, not to exceed 6% of the participant's eligible compensation in aggregate. Additionally, the Company may make an annual discretionary contribution based on a profitability scale established by the Company's Board of Directors. For the year ended December 31, 2025, there was no additional discretionary matching or annual discretionary contributions made to the Plan.

1. Summary Plan Description (Continued):

Participant Accounts

Each participant's account is credited with the participant's contributions, allocation of Company contributions, and participant earnings. Participant earnings are based on an allocation of Plan earnings respective to each participant's account balances and investment selections. Any related administrative expenses based on participant earnings or account balances are deducted from the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are immediately vested in their own contributions, including elective deferrals, catch-up contributions, and rollover contributions from other plans, plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions plus earnings thereon is based on years of continuous service. A minimum of 1,000 hours of service during a Plan year is required to receive credit for a year of service. A participant is 100% vested after completing 3 years of continuous service. All employer contributions become fully vested in the event of death, disability, or reaching normal retirement age while under the Company's employment.

Forfeited Accounts

Forfeitures of non-vested participant balances may be used to reduce future employer contributions or pay Plan expenses. At December 31, 2025 and 2024, the balance of forfeited non-vested accounts was $1,597 and $23,258, respectively. During the year ended December 31, 2025, there were forfeited balances totaling $214,089 used to offset employer contributions and $39,326 used to pay Plan expenses.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds, common collective trust funds, and an investment in an insurance contract as investment options for participants.

Notes Receivable from Participants

Participants may borrow from their accounts at a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid in level payments at least quarterly through payroll deductions over a 5-year period or up to 15 years when used to purchase a primary residence. A participant may only have two loans outstanding at any time. Loans bear interest at the prime rate plus 2%.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a lump sum or installment payments up to the participants' vested account balance. The Plan allows for in-service distributions for participants who are 100% vested and have attained the age of 59½ or qualify for a hardship distribution. If the participant's vested balance does not exceed $7,000, the Plan will distribute the entire account balance automatically.

1. Summary Plan Description (Continued):

Administrative Expenses

In accordance with Plan provisions, the Company or the Plan may pay administrative expenses of the Plan. Recordkeeping and other administrative services expenses are paid by the Plan and allocated to participant accounts. Plan expenses charged for transactions that are participant specific are deducted from the respective participant account.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction in the investment return for such investments.

2. Summary of Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions

Participant contributions are recorded in the period in which amounts are withheld from participant compensation. Employer contributions are recorded in the period in which they become obligations of the Company under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are presented at fair value, except the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Contract value is the relative measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Realized gains and losses on the sales of securities are reported on the average cost method.

2. Summary of Accounting Policies (Continued):

Notes Receivable from Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributed based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in a combination of investment securities which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements:

The Financial Accounting Standards Board, Accounting Standards Certification Topic 820 (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Investments measured at fair value on a recurring basis are summarized as of December 31:

	Level	2025	2024
Mutual funds	1	$ 22,658,019	$ 36,283,950
Common collective trusts	*(a)*	63,766,428	44,629,917
		$ 86,424,447	$ 80,913,867

(a) In accordance with ASC 820, investments that were measured at net asset value ("NAV") have not been classified in the fair value hierarchy.

3. Fair Value Measurements (Continued):

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges.

Common collective trusts: The value of common collective trust funds are based on the NAV of the units as a practical expedient to estimate fair value. NAV is determined by the security process of the underlying investments which are listed on national securities exchanges and valued on the basis of year-end closing prices. While the underlying security prices are quoted prices, the NAV of a collective investment fund is not publicly traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fully Benefit-Responsive Investment Contract:

During 2025 and 2024, the Plan held an interest in the New York Life Anchor Account ("Anchor Account") group annuity contract with New York Life Insurance Company ("New York Life"). The Anchor Account is a stable value fund held in a pooled separate account that invests primarily in a diversified and conservative array of fixed income securities and cash equivalent investments, which are owned and managed by New York Life. The Anchor Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. New York Life is contractually obligated to repay the principal and accumulated interest that is guaranteed to the Plan. The interest crediting rate is reset semi-annually and the minimum interest crediting rate is zero.

The group annuity contract is fully benefit-responsive and is reported at contract value. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value, as reported to the Plan by New York Life, represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. As described in Note 2, contract value is the relevant measurement attribute for this fund.

Certain events may limit the ability of the Plan to transact at contract value with the investment contract issuer. Such events include the following: (1) certain distributions resulting from employer-initiated events (including plan termination, bankruptcy and lay-offs); (2) termination by the contract holder if the contract holder fails to provide 12 months' advance written notice of termination; or (3) termination by issuer due to loss of the Plan's qualified status. The Plan does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

5. Information Certified by the Trustees:

The investments included in the statements of net assets available for benefits as of December 31, 2025 and 2024, the dividend and interest income, and the net appreciation in fair value of investments included in the statement of changes in net assets available for benefits for the year ended December 31, 2025, have been derived from information certified as complete and accurate by the Plan's trustees in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Principal Trust Company served as trustee and custodian of the Plan from January 1, 2025 through March 31, 2025, and as trustee and custodian of the Plan's investments as of December 31, 2024. T. Rowe Trust Company served as trustee and custodian of the Plan from April 1, 2025 through December 31, 2025, and as trustee and custodian of the Plan's investments as of December 31, 2025.

December 31,	2025	2024
Mutual funds	$ 22,658,019	$ 36,283,950
Common collective trusts	63,766,428	44,629,917
Pooled separate account	5,971,806	6,899,928
Notes receivable from participants	2,183,492	2,061,324

Year Ended December 31,	2025
Net appreciation in fair value of investments	$ 10,640,331
Dividend and interest income	1,978,911
Interest income on notes receivable from participants	198,475

6. Party-In-Interest Transactions:

Certain Plan investments were managed by Principal Life Insurance Company, the Plan trustee and recordkeeper during 2025. Therefore, transactions with Principal Life Insurance Company have been identified as party-in-interest transactions. During 2025, fees paid by the Plan to Principal Life Insurance Company for trustee and recordkeeping services totaled $52,209.

Certain Plan investments were managed by T. Rowe Price Retirement Plan Services, Inc. (T. Rowe"), the Plan trustee and recordkeeper during 2025. Therefore, transactions with T. Rowe have been identified as party-in-interest transactions. During 2025, fees paid by the Plan to T. Rowe for trustee and recordkeeping services totaled $114,408.

CapFinancial Partners, LLC ("CAPTRUST") provides investment advisory services to the Plan. Accordingly, transactions with CAPTRUST qualify as party-in-interest transactions. During 2025, the Plan paid CAPTRUST $35,805 for investment advisory services.

Kognitiv, Inc. ("Kognativ") provides consulting services to the Plan. Accordingly, transactions with Kognativ qualify as party-in-interest transactions. During 2025, the Plan paid Kognativ $10,000 for consulting services.

Included in the Plan assets are notes receivable from participants. At December 31, 2025 and 2024, notes receivable from participants amounted to $2,183,492 and $2,061,324, respectively. For the year ended December 31, 2025, interest income related to notes receivable from participants amounted to $198,475. These transactions qualify as party-in-interest transactions permitted under provisions of ERISA.

7. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants become 100% vested in their accounts.

8. Tax Status:

The IRS has determined and informed the Company by a letter dated August 19, 2020 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the letter; however the Plan administrator believes the Plan continues to be operated in compliance with applicable requirements of the IRC and the related trust continues to be tax exempt.

Management evaluated the Plan's tax positions and concluded that, as of December 31, 2025, the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2022.

9. Subsequent Events:

Management has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued and has determined that there are no subsequent events requiring recognition or disclosure in the financial statements.
