Independent Auditors' Report

To the Plan Administrator of the
Hi-Tech Electric, Inc. Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Hi-Tech Electric, Inc. Savings and Investment Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statement section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

General

The Hi-Tech Electric, Inc. Savings and Investment Plan (Plan) is a defined contribution plan that was established to provide retirement benefits to eligible employees of Hi-Tech Electric, Inc. (Company). The Plan was established September 1, 1991 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following descriptions provide only general information.

During the year ended December 31, 2025, the Plan operated under SECURE Act 2.0 provisions to conform with applicable rules and regulations. The Plan formally amended the SECURE Act 2.0 provisions and is required to formally amend the Plan by December 31, 2026. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Contributions

Participants may contribute a percentage of their pretax annual compensation not to exceed Internal Revenue Service (IRS) limitations. In addition, any participant, with the Plan administrator's written consent, may contribute to the trust other than as a voluntary contribution, if the contribution is a rollover contribution from another qualified plan. The Company makes matching contributions equal to 40% of the employees' contribution, up to 6% of compensation.

Eligibility and Participant Accounts

Qualified employees age 21 years of age or older are eligible to become participants in the Plan after one year of employment with the Company. Separate accounts are established for each participant. Participants' accounts are credited with the participants' contributions and allocations of (a) the Company's contribution, (b) Plan earnings, (c) forfeitures of terminated participants' nonvested accounts and (d) charged with an allocation of administrative expenses.

Administrative Expenses

The Company pays substantially all administrative costs for the Plan.

Vesting

Participants vest in the Company contributions at 20 percent per year until fully vested after 5 years.

Benefits Paid to Participants

A participant's account balance is paid to the participant or the participant's beneficiary in a lump sum payment, periodic payments or an annuity upon the participant's retirement, death or disability. The vested portion of a participant's account can be withdrawn by the participant upon termination of employment with the Company or upon withdrawal from the Plan. In-service withdrawals of after-tax accounts and hardship withdrawals of pre-tax accounts are also available.

Notes Receivable from Participants

Under the Plan, participants may obtain loans in amounts up to 50% of their vested account balance not to exceed $50,000. Repayment periods may not exceed five years unless used for the purchase of a residence. Loan interest rates are based on the highest prime rate published by The Wall Street Journal. Principal. and interest are paid ratably through automatic payroll deductions. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

Under the Plan, active and terminated participants may obtain loans through the MyPlanLoan (MPL) administration program in amounts up to 50% of their vested account balance not to exceed $50,000. Repayment periods may not exceed five years unless used for the purchase of a residence. Loan interest rates are based on the highest prime rate published by The Wall Street Journal. Principal and interest are paid ratably to MPL eliminating payroll deduction of loan repayments. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

Termination of the Plan

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, in compliance with the provisions of ERISA. In the event the Plan is terminated, the accounts of all participants would become fully vested. The Company, however, has no intentions to terminate the Plan.

Forfeitures

Forfeited non-vested amounts are used to offset administrative expenses and future Company contributions. At December 31, 2025 and 2024, there were no forfeitures available for future use. During the year ended December 31, 2025, $6,583 of forfeitures were used to reduce Company matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with GAAP. Those estimates and assumptions affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The Plan presents the net change in fair value of investments, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefits Paid to Participants

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

Level 1	Quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and model-derived valuations in which all significant inputs are observable in active markets.
Level 3	Valuations derived from valuation techniques in which one or more significant outputs are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value:

Mutual Funds

These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying asset owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Collective Investment Trusts

The Plan holds investments in collective investment trusts valued at NAV that invest in assets, typically U.S. securities or bond funds and may include derivative instruments such as futures contracts and swap agreements. The fair values of the units of these investments are based on the fair value of the underlying investments traded in active markets. Income is calculated daily and the amount of income is dependent on contract interest rates, contract maturities, and new investments in the funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Total
Mutual funds	$ 26,063,924	$ 26,063,924
Collective investment trusts measured at NAV*	-	12,028,888
	$ 26,063,924	$ 38,092,812

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Total
Mutual funds	$ 23,089,371	$ 23,089,371
Collective investment trust measured at NAV*	-	10,860,752
	$ 23,089,371	$ 33,950,123

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Investments measured using the NAV per share as a practical expedient

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments	Fair Value as of December 31, 2025	2024	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Collective investment trusts	$ 12,028,888	$ 10,860,752	n/a	Daily	n/a

5. Financial Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Hand Benefits & Trust Company, the trustee and a party-in-interest as defined by ERISA, as of December 31, 2025 and 2024 and for the year ended December 31, 2025, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2025	2024
Mutual funds	$ 26,063,924	$ 23,089,371
Collective investment trusts	12,028,888	10,860,752
Notes receivable from participants	417,607	557,153
	$ 38,510,419	$ 34,507,276
Interest and dividends	$ 886,189	
Interest income on notes receivable from participants	$ 32,208	
Net appreciation in fair value of investments	$ 4,125,593	

6. Tax Status of the Plan

The Plan uses a prototype plan document sponsored by Hand Benefits & Trust Company. The prototype plan sponsor has obtained an opinion letter from the IRS dated June 30, 2020, which states that the prototype plan document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan had no significant uncertain tax positions for the year ended December 31, 2025. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

7. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Hand Benefits & Trust Company. Hand Benefits & Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing rather than by direct payment.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 38,510,419	$ 34,507,276
Less: deemed distributions	(47,459)	(47,459)
Less: prefunded contributions	(7,011)	(8,498)
Net assets available for benefits per the Form 5500	$ 38,455,949	$ 34,451,319

The Form 5500 has certain income and expense items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon the net assets available for benefits as of December 31, 2025.

9. Subsequent Events

Plan management has evaluated subsequent events through September 30, 2026, the date the financial statements were available to be issued, and concluded that no additional disclosures are required.
