INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Community Service Society of New York 403(b) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Community Service Society of New York 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Community Service Society of New York 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Community Service Society of New York 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Service Society of New York 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Community Service Society of New York 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Service Society of New York 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental Schedule of Assets (Held at End of Year) (Schedule H, line 4(i)) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Community Service Society of New York 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was established on July 1, 1999. The Plan is a contributory defined contribution plan covering all employees of Community Service Society of New York (the Plan Sponsor). All employees (whether part or full time) are eligible to enter the Plan immediately. Only non-union employees are eligible to participate for purposes of matching contributions. The Plan is subject to the provisions of ERISA. The Plan Sponsor is responsible for oversight of the plan. The Plan Sponsor also determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective May 1, 2025, the Plan document was restated.

SECURE Act

The Plan has adopted certain provisions under the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE 2.0 Act). The Plan intends to formally execute the required Plan amendments for these provisions by December 31, 2026.

The following descriptions of the Plan below have been updated with the provisions of the SECURE 2.0 Act that impact the Plan.

Contributions

Each year, participants may contribute up to 100% of their annual compensation on a pretax basis, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Plan Sponsor will match 50% of an eligible participant's elective deferral up to 6% of the participant's eligible compensation after 12 months of continuous service. Salary deferrals in excess of $12,000 will not be eligible for the matching contribution. The participant will be entitled to this contribution even if not employed by the Sponsor on the last day of the Plan year. During the years ended December 31, 2025 and 2024, the Plan Sponsor made matching contributions totaling $267,558 and $232,849, respectively.

Effective May 1, 2025, the Plan permits increased amounts of catch-up contributions for eligible participants who will attain ages 60, 61, 62, or 63 as of the close of the taxable year. Catch-up contributions shall be indexed annually for inflation.

Effective June 21, 2024, the Plan was amended to allow participants to defer all or part of their bonus compensation, however, these deferrals are not included in the calculation of the Plan Sponsor match.

1. Description of Plan (continued)

Participant accounts

Each participant's account is credited with the participant's contributions and the Plan Sponsor's matching contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by this Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Plan Sponsor's matching contributions plus earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years in one-year increments but up to fifteen years for the purchase of the participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest determined by taking into account interest rates being charged at the time of the loan. Principal and interest are paid ratably through bi-weekly payroll deductions. If any payment of principal and interest, or any portion thereof, remains unpaid for more than 90 days after due, the loan shall be in default. The Participant shall then be treated as having received a deemed distribution regardless of whether or not a distributable event has occurred.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive payment of benefits as a lump sum amount equal to the value of the participant's vested interest in his or her account, direct rollover, installment payments, annuity options or defer payments until age 73. If the participant's total vested account balance is $5,000 up to April 30, 2025 or $7,000 as of May 1, 2025, the benefit payment will be made in a lump sum distribution or rolled to another retirement plan or IRA in the form of a direct rollover.

Benefit payments for participants with a vested account balance who are no longer working for the Plan Sponsor will begin on the normal retirement date. Normal retirement age is 65. Participants, who continue to be employed with the Plan Sponsor after their normal retirement date, will have their benefit payments begin on their late retirement date. Late retirement date is the first day of the month on or after the date, the participant stops working for Community Service Society of New York. The Plan also permits withdrawals of vested account balances upon the attainment of age 59½.

In the event of a participant's death, any death benefit will be distributed to the spouse or beneficiaries that were designated by the participant.

Effective May 1, 2025, hardship withdrawals and domestic abuse withdrawals are permitted. Participants may withdraw any part of their vested account, and earnings, resulting from elective deferral contributions, qualified matching contributions, and qualified nonelective contributions, in the event of undue financial hardship. The Plan permits the withdrawal of a Participant's vested account if the participant is a victim of domestic abuse ("domestic abuse withdrawal"). A domestic abuse withdrawal shall not exceed an amount equal to the lesser of (i) $10,000 in aggregate, or (ii) 50% of the Participant's vested account in the Plan.

1. Description of Plan (continued)

Forfeited accounts

As of December 31, 2025, there were no forfeited nonvested accounts. As of December 31, 2024, forfeited nonvested accounts totaled $122. These accounts will be used to reduce future employer contributions or administrative expenses. During the year ended December 31, 2025, employer contributions were reduced by $124 from forfeited nonvested accounts, which included earnings of $2.

2. Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisers, custodians, and insurance company. See Note 8 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contribution from the Plan Sponsor are recorded in the year in which participant compensation is earned.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant notes are reclassified as distributed based upon the terms of the Plan document.

Payments of benefits

Benefits are recorded when paid.

2. Summary of accounting policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Tax status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The Plan Administrator believes that the terms of the Plan have been prepared to conform with the applicable requirements of the IRC, and is currently being operated in conformity with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified to maintain the tax-exempt status for Plan participants under Section 403(B).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. As of December 31, 2025, the Plan Administrator believes that based on evaluation of the Plan's tax positions that any liability as a result of uncertain tax positions would not be material. Management continually evaluates expiring statutes of limitations, changes in tax law, and new authoritative rulings to assist in evaluating the Plan's tax positions. Accrued interest and penalties associated with uncertain tax positions, if any, would be recognized as part of the income tax provision. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. The Plan maintains its investments with an investment manager. Exposure to credit risk is reduced by placing such investments in high quality financial institutions and by following an investment strategy which utilizes a wide range of diversified funds.

5. Certified investment information

Certain information in the accompanying financial statements and ERISA required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company D/B/A Principal Trust Company (Principal Trust Company), a qualified institution.

6. Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the entire account balance will be distributed to the participants.

7. Transactions with parties-in-interest

Certain Plan investments are managed by Principal Trust Company. Principal Trust Company is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for said services are included as a reduction in the net change in fair value of investments. Investment advisory and administrative expenses relating to the maintenance of the Plan are paid from the Plan assets. Direct fees paid by the Plan during the year ended December 31, 2025 were $60,167.

The Plan Administrator pays for professional fees relating to services provided to the Plan. Fees paid on behalf of the Plan during the year ended December 31, 2025 were $43,959. The Plan Sponsor also provides certain accounting and administrative services to the Plan for which no fees are charged.

8. Fair value measurement of investments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

8. Fair value measurement of investments (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in registered investment companies - mutual funds - valued at the daily closing price as reported by the fund and are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	December 31, 2025			
	Fair market value			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 16,155,202	$	$	$ 16,155,202
	$ 16,155,202	$	$	$ 16,155,202

	December 31, 2024			
	Fair market value			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 13,391,955	$	$	$ 13,391,955
	$ 13,391,955	$	$	$ 13,391,955

9. Investment contracts with insurance companies

The Principal Guaranteed Option (PGO) is a benefit-responsive single group annuity contract issued by Principal Trust Company. By definition, the PGO group annuity contract is an insurance contract. The account is credited with contributions and actual earnings and charged for participant withdrawals. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The PGO is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a Stable Value Fund. As a result, the average yield earned by the Plan is the yield (i.e. interest credited) on the group annuity contract.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Changes in future interests crediting rates will not affect the amount reported as an adjustment from fair value to contract value on the statement of net assets available for benefits for the portion of net assets attributable to fully benefit-responsive investment contracts. The contract does have a surrender charge if terminated by the contract holder or the plan terminates its interest in such contract within certain time periods.

Contract value, as reported to the Plan by Principal Trust Company, represents contributions made under the contract, plus earnings, less withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than zero. Under the terms of the existing contract, the crediting rate is currently reset on a semi-annual basis.

Certain events limit the Plan's ability to transact at contract value with Principal Trust Company. Such events include the following: (a) amendments to the Plan document (including complete or partial Plan termination or a merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan participants, is probable.

Investment contracts with insurance companies at December 31, 2025 and 2024 totaled $1,910,142 and $1,746,557, respectively.

10. Prohibited transactions

During the Plan year ended December 31, 2025, the Plan Sponsor failed to remit to the Plan: employer contributions in the amount of $2,042. The employer contributions were corrected on March 24, 2026.

11. Subsequent events

Subsequent events have been evaluated through October 5, 2026, which is the date the financial statements were available to be issued. The Plan is not aware of any material subsequent events.
