Independent Auditors' Report

To the Trustees of
Valley Food Service, Inc. 401(k) Plan
Twin Falls, Idaho

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Valley Food Service, Inc. 401(k) Plan (the "Plan"), an employee-benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section that:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The Supplemental Schedule H, Part IV, Line 4i –Schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that is agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of Valley Food Service, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2021, by Kyle, Inc. DBA Valley Food Service, Inc. The Plan is a single-employer plan with the following related employers participating in the Plan: Kyle, Inc. DBA Valley Food Service, Inc., Kyle Enterprises LLC, K3 Enterprises LLC, and R.W. Kyle LLC (collectively, the "Company"). The Plan is a qualified Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

The Plan covers all non-union, non-leased employees of the Company who have completed one (1) year of service during which 1,000 hours of service must be completed and are age twenty-one (21) or older.

Contributions

Employees may elect to make salary deferral contributions to the Plan under a 401(k) arrangement, subject to the limits imposed by the Internal Revenue Code (IRC). The Plan includes a qualified automatic contribution arrangement (QACA) safe-harbor matching contribution. The employer contributes 100% of a participant's elective deferrals on the first 1% of eligible compensation and 50% of elective deferrals exceeding 1% up to 6% of eligible compensation, determined for each payroll period. The maximum QACA safe-harbor match is 3.5% of eligible compensation.

Participants become 100% vested in Safe-Harbor Matching Contributions after completing two years of service, as outlined in the table below:

Years of Service	Percent Vested
1	0%
2	100%

After satisfying the Plan's eligibility requirements, participants who make elective deferrals receive the QACA safe harbor matching contribution. No additional hours-of-service or last-day-of-the-Plan-year employment condition applies to its allocation.

The Company may also make a discretionary employer matching contribution. If made, the match applies to elective deferrals up to 6% of a participant's compensation and may not exceed 4% of the participant's compensation for the Plan year. The Company did not make discretionary matching contributions for the years ended December 31, 2025 and 2024.

No additional hours-of-service or last-day-of-the-Plan-year employment condition applies to discretionary matching or employer nonelective contribution allocations, if any. The Plan does not permit nondeductible participant contributions. The Plan accepts qualified rollover contributions.

For 2025, participants age 50 and older may make additional catch-up contributions of up to $7,500. Under SECURE 2.0, eligible participants ages 60 through 63 may make increased catch-up contributions of up to $11,250, subject to applicable Plan provisions and IRS limitations.

Participant Accounts

Each participant's account is credited (charged) with the participant's contributions and allocation of Company matching contributions, if any, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings on those contributions. Vesting in the Company's safe-harbor matching contributions of participant accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in safe-harbor matching contributions after two (2) years. Vesting in the Company's profit-sharing portion is based on years of continuous service. A participant is 100% vested in profit-sharing contributions after six (6) years of credited service. Participants become vested immediately upon death or total and permanent disability.

Participants are vested in employer matching and employer discretionary contributions after six (6) years as outlined in the table below:

Years of Service	Percent Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited Accounts

Forfeitures result from the termination of employment before full vesting has occurred. Forfeitures are used to reduce administrative expenses of the Plan or to reduce discretionary Company matching contributions. Forfeitures for the year ended December 31, 2025, were $625. There were no forfeitures for the year ended December 31, 2024.

Notes Receivable from Participants

The Plan does not allow loans to participants.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination, a participant may elect to receive a lump-sum amount equal to the value of his or her vested benefit. Vested account balances under $5,000 will automatically be distributed upon termination. The Plan also provides for hardship distributions to participants who have not separated from service. Payment of benefits is recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to have its financial statements prepared using the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events were evaluated through October 09, 2026, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets, • quoted prices for identical or similar assets or liabilities in markets that are not active, • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at fair value based on the NAV of units held of the collective fund. The NAV is based on observable market prices of the underlying investment within the fund, less liabilities. The NAV for the underlying assets of the fund is readily determinable measure of their fair value and is the basis used by the fund for current transactions. The collective investment trust assets are made up of target date funds, also known as lifecycle funds. These funds shift their asset allocation to become increasingly conservative as the target retirement year approaches.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Fair Value Measurements at December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 365,948	$ -	$ -	$ 365,948
Total assets in the fair value hierarchy	$ 365,948	$ -	$ -	365,948
Pooled separate account investments measured at NAV practical expedient				1,650,385
Investments at fair value				$ 2,016,333

Fair Value Measurements at December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 364,829	$ -	$ -	$ 364,829
Total assets in the fair value hierarchy	$ 364,829	$ -	$ -	364,829
Pooled separate account investments measured at NAV practical expedient				1,163,797
Investments at fair value				$ 1,528,626

4. GUARANTEED INVESTMENT CONTRACT WITH AMERICAN UNITED LIFE INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive guaranteed investment contract with American United Life Insurance Company ("AUL"). AUL maintains the contributions in a general account. The account is credited (charged) with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by AUL, represents contributions made on the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct withdrawal or transfer of all of a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events included: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The estimated fair value of this investment contract was equal to the contract value for the years ended December 31, 2025 and 2024.

The average yield earned by the guaranteed investment contract was:

Average Yields	2025	2024
Based on interest rate credited to participants	1.50%	1.50%

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

6. TAX STATUS

The Plan relies on an IRS opinion letter dated June 30, 2020, issued to the sponsor of its volume submitter document, stating that the document and related trust satisfy applicable IRC requirements. Although the Plan has since been amended, the Plan Administrator and tax counsel believe that the Plan is designed and operated in compliance and that the related trust is tax-exempt.

GAAP requires management to evaluate tax positions taken by the Plan and recognize the effects of uncertain tax positions in accordance with the more-likely-than-not recognition threshold under applicable accounting standards. No tax audits are currently in progress. The Plan Administrator believes that years before 2023 are no longer subject to income tax examinations.

7. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan utilized Future Plan by Ascensus as a third-party administrator for the first three months of 2025. The Plan paid advising, recordkeeping and broker fees and held investments through an AUL group annuity contract. Transactions with Plan service providers may constitute party-in-interest transactions; management considers the transactions described above to be exempt under applicable ERISA provisions.

8. RISKS AND UNCERTAINTIES

The Plan’s investments are subject to interest rate, market and credit risks. Changes in their values in the near term could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by AUL (the trustee of the Plan).

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

As of December 31, 2025, the Plan held $1,650,384 in investment options provided through an AUL separate account under a group annuity contract. Because AUL did not file a Form 5500 as a direct filing entity for the separate account, the Plan’s allocable interest in the underlying registered investment companies is reported with the value of mutual funds on Schedule H, line 1c(13). This difference in classification does not affect total investments or net assets available for benefits.

There are no other reconciling items between the financial statements and Schedule H of Form 5500 as filed with the Department of Labor for either of the years ended December 31, 2025 and 2024.
