INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Niagara Falls Memorial Medical Center Sponsored 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Niagara Falls Memorial Medical Center Sponsored 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Additional Information

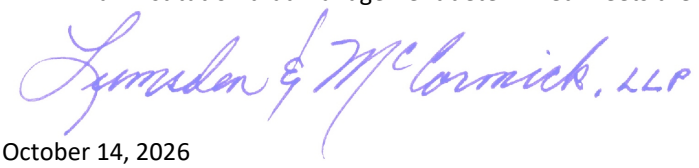

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan:

The following description of Niagara Falls Memorial Medical Center Sponsored 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering employees of Niagara Falls Memorial Medical Center (the Plan Sponsor) and its affiliated entities, Schoellkopf Health Center Inc and Niagara Falls Memorial Medical Center Foundation, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may voluntarily contribute a portion of pretax annual compensation, as defined in the Plan, provided total deferrals to the account of participating employees for any plan year shall not exceed the amount permitted by Internal Revenue Service regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan Sponsor contributes a fixed contribution of 2% of a participant's annual salary, as described in the Plan agreement. The Plan Sponsor also matches 0.35% of each percent of elective deferrals up to 5% for a maximum match of 1.75%.

Participant Accounts:

Each participant's account is credited with (a) contributions and, (b) an allocation of Plan earnings, less allowable expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts can be used to reduce future employer contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in all elective participant deferrals and participant rollover contributions. Participants are fully vested in employer contributions after completing three years of service.

Investment Options:

Participants direct contributions into a variety of investments offered by Transamerica Retirement Solutions, LLC (Transamerica).

Participant Loans:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to five years (except certain residence loans which can extend up to ten years). The loans are secured by the balance in the participant's account and bear interest at the prime rate at the time of the loan, plus 2%.

Payment of Benefits:

On termination of service for any reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments over a period of not more than the assumed life expectancy of the participant or beneficiary, or defer the commencement of benefits until normal retirement age. The Plan allows for in-service withdrawals for active employees that have reached normal retirement age, as defined by the Plan. Additionally, hardship withdrawals are permitted if certain criteria are met.

Forfeitures:

Forfeited non-vested accounts are used to reduce future employer contributions. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $62,592 and $45,591. No forfeitures were used in 2025.

2. Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Payment of Benefits:

Benefits are recorded when paid.

Investment Valuation and Income Recognition:

The Plan's mutual fund investments are stated at fair value based on quoted prices in active markets. The fully benefit-responsive variable annuity contract is reported at contract value.

The Plan maintains a fully benefit-responsive variable annuity investment contract, which is stated at contract value. Contract value, as reported to the Plan by Transamerica without further adjustment, represents contributions made, plus earnings, less participant withdrawals and administrative expenses. Participants may generally withdraw or transfer all or a portion of their investment at contract value unless Transamerica imposes a hold period at the contract level in the event of a full or partial contract discontinuance. There is no stated minimum or maximum interest rate for the variable annuity contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the Plan's failure to quality under Section 401(a) of the Internal Revenue Code, (2) complete or partial termination of the Plan, (3) any change in law, regulation, or administrative ruling applicable to the Plan that could have a material adverse effect on a portfolio's cash flow, (4) any communication given to participants not to invest in a portfolio or to transfer assets out of the portfolio, or (5) premature termination of the contract. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized appreciation or depreciation on investments is charged or credited to the net assets of the Plan.

Participant Loans:

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Subsequent Events:

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 14, 2026 (the date the financial statements were available to be issued).

Tax Status:

The Internal Revenue Service has issued a favorable opinion letter regarding the tax-exempt status of the Plan. Accordingly, no provision has been made for income taxes.

3. Investments (Unaudited):

The following information included in the accompanying financial statements and supplemental schedule as of December 31, 2025 and 2024 and for the year ended December 31, 2025 was obtained from data that has been prepared and certified to as complete and accurate by the custodian, State Street Bank and Trust Company:

Statements of Net Assets Available for Benefits – Investments and participant loans.

Statement of Changes in Net Assets Available for Benefits – Net appreciation in fair value of investments, dividends and interest, and participant loan interest.

Schedule of Assets (Held at End of Year) – all items.

4. Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Administrative Expenses:

At the discretion of the Plan Administrator, investment expenses have been borne by the Plan participants. The majority of administrative expenses have been borne by the Plan Sponsor.

6. Nonexempt Transactions:

During 2025, the Plan Sponsor failed to timely remit a participant contribution, in accordance with Department of Labor (DOL) regulations. This late remittance is considered a nonexempt transaction. Accordingly, it is reported as ERISA-required additional information in the Plan's supplementary schedules to the financial statements.

7. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
