REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Intersection Parent Inc. 401(k) Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Intersection Parent Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA
The supplemental schedules of delinquent participant contributions for the year ended December 31, 2025 and assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Grant Thornton

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Intersection Parent Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time employees of Intersection Parent Inc. (the "Company") who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Effective February 1, 2016, the Plan was amended and eligible employees are now able to participate in the Plan immediately after hire. Prior to February 1, 2016, an employee was eligible to participate in the Plan after completing six months of service. Effective January 1, 2017, the Plan was amended to allow for automatic enrollment of eligible participants. Effective January 1, 2019, the Plan was amended to allow eligible employees who are members of the International Union Painters and Allied Trades, Painters District Council 14/ Sign Painters Local 830 Union to participate in the Plan.

The 401(k) Committee is responsible for oversight of the Plan. The Plan's investment advisor determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

The Company may contribute matching contributions at the option of the Company's Board of Directors. The Company contributes 25% of participant deferrals not exceeding 8% of eligible compensation. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors. During the year ended December 31, 2025, the Company made no profit-sharing contributions to the Plan. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Effective February 1, 2016, the Plan was amended to allow for 100% vesting after three years of credited service, as defined. Prior to February 1, 2016, a participant became 100% vested after four years of credited service, as defined.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their total vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate, as defined. As of both December 31, 2025 and 2024, interest rates ranged from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions. Fees to administer the loans are paid by the participant. Participants may have a maximum of two loans outstanding at a time.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant with a vested account balance of more than $5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or their investments will remain in the Plan. If a participant's vested balance is $5,000 or less, a lump-sum distribution equal to the value of the vested interest in his or her account will be made automatically within a reasonable amount of time after termination of service. The Plan also allows for in-service withdrawals due to hardship or upon attainment of age 59½. Required minimum distributions in accordance with the Internal Revenue Code also apply.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $120,944 and $18,944, respectively. These accounts will be used to reduce future employer contributions to the Plan or pay Plan expenses. In 2025, $15,992 of forfeitures were used to offset employer contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP" requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued. There are no subsequent events requiring recognition or disclosure in the financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Standards Accounting Board Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024:

Mutual Funds and Money Market Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There is no redemption notice period or unfunded commitments. The funds file U.S. Department of Labor Form 5500 as a direct filing entity. Therefore, disclosure of the investment strategy is not required.

Pooled Separate Account: Valued using the NAV, which is based on the fair value of the underlying assets of the account. The NAV is used as a practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,195,089	$ -	$ -	$ 17,195,089
Money market funds	120,963	-	-	120,963
Total assets in the fair value hierarchy	$ 17,316,052	$ -	$ -	17,316,052
Investments measured at NAV[(a)]				32,554,042
Total investments at fair value				$ 49,870,094

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,796,582	$ -	$ -	$ 17,796,582
Money market funds	33,113	-	-	33,113
Total assets in the fair value hierarchy	$ 17,829,695	$ -	$ -	17,829,695
Investments measured at NAV[(a)]				25,028,033
Total investments at fair value				$ 42,857,728

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the years ended December 31, 2025 and 2024, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Fair Value of Investments in Entities that use NAV

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2025			
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate account	$ 543,373	None	Daily	Daily
Collective trust funds	32,010,669	None	Daily	Daily
Total investments measured at NAV	$ 32,554,042			

	December 31, 2024			
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate account	$ 282,836	None	Daily	Daily
Collective trust funds	24,745,197	None	Daily	Daily
Total investments measured at NAV	$ 25,028,033			

NOTE 4 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock Trust Company, LLC, the Custodian as defined by the Plan, or New York Life Insurance Company, and, therefore, these transactions qualify as party-in-interest transactions.

John Hancock Retirement Plan Services, LLC (“JHRPS”) provides certain administrative services to the Plan pursuant to an agreement between the Company and JHRPS. JHRPS receives revenue from relevant investment contract service providers for services JHRPS provides to the funds. This revenue is used to offset certain amounts owed to JHRPS for its administrative services to the Plan.

If the revenue received by JHRPS from such investment contract service providers exceeds the amount under the agreement, JHRPS remits the excess to the Plan’s trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During

2025, there were no excess amounts. The Plan or Plan sponsor may make payment to JHRPS for administrative expenses not covered by revenue sharing. Notes receivable from participants also qualify as party-in-interest transactions and are also exempt from the prohibited transaction rules.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The Plan uses a volume submitter plan and received an opinion letter dated June 30, 2020, that the Plan is designed in accordance with the applicable sections of the Code. The Plan has been amended since receiving the letter. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - CERTIFIED INVESTMENT INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Trust Company, LLC and New York Life Insurance Company have certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE 9 - NONEXEMPT TRANSACTIONS

As reported on Schedule H, line 4a - supplemental schedule of delinquent participant contributions, certain Plan contributions were not remitted to the custodian within the time frame specified by the DOL's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company for the years ended December 31, 2025 and 2024 in the amount of $153,927 and $120,483, respectively. In 2025, the Company self-corrected delinquent participant contributions and loan repayments of $30,908 for the year ended December 31, 2024.
